

SECURITIES AND EXCHANGE COMMISSION

SEC FORM 17-A, AS AMENDED

ANNUAL REPORT PURSUANT TO SECTION 17
OF THE SECURITIES REGULATION CODE AND SECTION 141
OF CORPORATION CODE OF THE PHILIPPINES

1. For the fiscal year ended : **31 December 2020**
2. SEC Identification Number : **163671** 3. BIR Tax Identification No.: **000-804-342-000**
4. Exact name of registrant : **AYALALAND LOGISTICS HOLDINGS CORP.**
5. **Metro Manila, Philippines**
Province, Country or other jurisdiction of
incorporation or organization
6. (SEC Use Only)
Industry Classification Code:
7. **3RD Floor Glorietta 5, Ayala Center, Makati City** **1223**
Address of principal office Postal Code
8. **(632) 8884-1106**
Registrant's telephone number, including area code
9. **N/A**
Former name, former address, and former fiscal year, if changed since last report.
10. Securities registered pursuant to Sections 8 and 12 of the SRC, or Sec. 4 and 8 of the RSA
(As of 31 March 2021)

Title of Each Class	Number of Shares of Common Stock Outstanding and Amount of Debt Outstanding
Common	6,301,591,987 shares
Consolidated Loans Payable	-0-

11. Are any or all of these securities listed on a Stock Exchange.

Yes [] No []

If yes, state the name of such stock exchange and the classes of securities listed therein:

Name of Stock Exchange : **Philippine Stock Exchange**
Number and Class of Securities Listed : **4,890,453,098 Common Shares**
(as of 31 March 2021)

12. Check whether the registrant:

(a) has filed all reports required to be filed by Section 17 of the SRC and SRC Rule 17.1 thereunder or Section 11 of the RSA and RSA Rule 11(a)-1 thereunder and Sections 26 and 141 of The Corporation Code of the Philippines during the preceding 12 months (or for such shorter period that the registrant was required to file such reports);

Yes [] No []

(b) has been subject to such filing requirements for the past 90 days.

Yes [] No []

13. Aggregate market value of the voting stock held by non-affiliates: **P5,238,150,160.68**
(as of 31 March 2021)

**APPLICABLE ONLY TO ISSUERS INVOLVED IN
INSOLVENCY/SUSPENSION OF PAYMENTS PROCEEDINGS
DURING THE PRECEDING FIVE YEARS**

14. Check whether the issuer has filed all documents and reports required to be filed by Section 17 of the Code subsequent to the distribution of securities under a plan confirmed by the court or the Commission.

Yes No **Not Applicable**

DOCUMENTS INCORPORATED BY REFERENCE

15. Briefly describe documents incorporated by reference and identify the part of the SEC Form 17-A into which the documents are incorporated:

Not Applicable

PART I - BUSINESS AND GENERAL INFORMATION

Item 1. Business

A. Business Development

AyalaLand Logistics Holdings Corp. (ALLHC/Company/Issuer), a 70.90%-owned subsidiary of ALI, is into the development of world-class industrial parks, commercial centers, warehouses, and providing logistics facilities to make doing business easier and more convenient, through the following subsidiaries:

- (i) Laguna Technopark, Inc.
- (ii) Unity Realty & Development Corp.
- (iii) LCI Commercial Ventures, Inc.
- (iv) Ecozone Power Management, Inc.
- (v) Orion Land Inc.
- (vi) Tutuban Properties, Inc.
- (vii) Orion Property Development, Inc.

With the focus on real estate logistics, the Company's other subsidiaries whose operations are not related to real estate logistics namely, Orion Maxis Inc., Orion Solutions, Inc., Orion I Holdings Philippines, Inc., Orion Beverage, Inc., Luck Hock Venture Holdings, Inc., TPI Holdings Corporation and FLT Prime Insurance Corporation, have been rationalized.

B. Business of Issuer

(i) Principal Products and Services

Orion Land Inc. (OLI)

- OLI was organized in 1996 as a holding company. On 29 November 2017, OLI expanded its activities into property development and leasing by acquiring the 5-storey mall and the 6-storey BPO office (collectively, South Park Center) located in Muntinlupa. Currently, it has converted certain areas of the mall to a mixed-use development to include office spaces for lease and other uses such as office for government agencies, worship centers, clinics and training centers.
 - Tutuban Properties, Inc. (TPI), a wholly-owned subsidiary of OLI, organized in 1990, holds the lease and development rights over a 20-hectare market district in downtown Divisoria, the country's oldest and biggest trading district. On the property sits the Tutuban Center (the "Center"), an integrated wholesale and retail complex, recognized as the premier shoppers' bargain district in the Philippines.
 - TPI Holdings Corporation (THC), a wholly-owned subsidiary of TPI, was organized in 2005 and holds titles to certain parcels of land in Batangas. The dissolution of the company through shortening of its corporate term to until 31 December 2017 has been approved by its Board of Directors but THC has yet to file its application for dissolution with the SEC.
- Orion Property Development, Inc. (OPDI), a wholly-owned subsidiary of OLI, organized in 1993, handles property development. Its present landholdings include properties in Batangas and San Vicente, Palawan.
 - LCI Commercial Ventures, Inc. (LCVI), a wholly-owned subsidiary of OPDI, organized in 1990, is into warehouse leasing.

Laguna Technopark, Inc. (LTI)

- On 30 April 2018, ALLHC entered into a Deed of Exchange with ALI whereby ALI agreed to subscribe to 1,225,370,620 additional shares in ALLHC in exchange for ALI's 30,186 shares in LTI, with a fair market value of P3,030,750,000.00. On 6 March 2019, ALLHC obtained the certificate of approval of confirmation of valuation from SEC, thus effecting the consolidation of LTI's results of operations for the period from 1 May 2018 to 31 December 2018 in the Company's financial reports.

LTI was organized in 1990 to engage in the business of real estate development. LTI started the development of Laguna Technopark with an initial land area of 224 hectares in Biñan and Sta. Rosa, Laguna. To-date, the industrial estate now has eight (8) phases which covers 470-hectare development that caters to light and medium, non-polluting enterprises, from both global and local markets. In 2015, LTI developed Cavite

Technopark, a 118-hectare property located in Naic, Cavite, which are also intended for light to medium, non-polluting enterprises. Subsequently, additional 48 hectares were acquired for the expansion of Cavite Technopark. In 2019, LTI acquired from Ayala Corp. a 62-hectare property in Habini Bay, Misamis Oriental for development of the Laguindingan Technopark.

- *Ecozone Power Management, Inc. (EPMI)* is a wholly-owned subsidiary of LTI, organized in 2010, with primary business engaged in retail electricity supply to locators within the industrial parks in the Laguna and Batangas as well as other commercial establishments.

Unity Realty & Development Corp. (URDC)

In July 2019, the Company acquired 100% of the shares of URDC. URDC, organized in 1997, is a real estate holding company. It owns the 192-hectare property in Mabalacat, Pampanga, which is being developed as Pampanga Technopark.

FLT Prime Insurance Corporation (FPIC)

- FPIC, a 78.77%-owned subsidiary of ALLHC, was incorporated in 1977, and operates as a non-life insurance company. With the shift in focus to real estate as the core business of the ALLHC Group, FPIC did not comply with the paid-up capital requirement for non-life insurance companies, and has applied for, and was granted in April 2017, a servicing license by the Insurance Commission (IC). As a servicing company, its authority is limited to: (i) accepting contract price payment from the policyholders; (ii) paying or settling claims under its non-life coverage; and/or (iii) such other related services. In September 2020, the company requested the IC for termination of the servicing license and termination of the appointment of an overseer, and reiterated its request for the release of its security deposit, after having complied with requirements of the IC and the publication of a notice of withdrawal on 9 February 2020. The IC, in a letter dated 4 January 2021, approved the termination of the servicing license and reconsidered the appointment of the overseer. Considering that the required one-year period from publication of the notice of withdrawal will end on February 9, 2021, the IC agreed to release the security deposit less the amount to cover any outstanding liabilities of the company to its policyholders and creditors, and subject to submission of certain requirements. On March 03, 2021 and April 7, 2021, FLTIC has completely submitted to the Commission all the requirements needed for the release of the security deposit.

Based on the Company's Consolidated Statement of Income (Loss) for the past year, the contributions of the above subsidiaries (on a per type of business basis) to the Company's consolidated Net Income are as follows:

Parent Company (holding company)	-	-4.75 %
Real estate and development	-	98.07 %
Retail electricity supply	-	5.97 %
Others	-	0.71 %

Total		100.00 %

(ii) Percentage of Sales Contributed by Foreign Sales

The Company and its subsidiaries offer their products to the domestic and foreign market. In 2020, sales of industrial lots and lease of warehouses were mainly to the domestic market, given the restrictions on travel of foreign investors.

(iii) Distribution Methods

ALLHC companies doing real estate and logistics-related business market their products either through direct selling to individual or corporate buyers, or through brokers.

(iv) New Products or Services

To address restrictions on mobility resulting from the community quarantine, online shopping was made available through the *TutuBuy* and South Park ANA Personal Shopper websites.

(v) Competition

The Company competes with other investment holding companies in the Philippines in terms of investment prospects. The Company's core businesses continue to compete in their respective industries. However, competition is kept mainly on a domestic level. The competition of Company's core businesses are as follows:

1. OLI operates mall and offices in South Park Center faces competition from other mall and office lessors.
2. TPI operates in Tutuban Center in Manila and competes with retail operators in Divisoria and Manila area.
3. LTI and URDC compete with other industrial park and warehouse developers.
4. LCVI faces competition from other warehouse lessors.
5. OPDI faces competition with other real estate developers.
6. EPMI faces competition with other retail electricity suppliers.

(vi) Purchases of Raw Materials and Supplies

The Company's supplies are purchased on a competitive basis from different sources and are readily available locally.

(vii) Customers

ALLHC has a broad market base for its numerous product lines and is not dependent on a single customer or group of customers.

For malls leasing, customers include wholesalers, retailers, and mall shoppers. For office leasing, a number of locators occupy available spaces to date. For industrial parks and standard factory buildings, customers are both domestic and foreign locators. OPDI's customers include middle income lot buyers as well as real estate investors and developers.

FPIC has not renewed its servicing license and has ended remaining contracts with clients.

(viii) Transactions with and/or Dependence on Related Parties

The Company has limited transactions and/or dependence on its shareholders and/or related parties in view of existing laws on disclosure and/or requirement for prior approval of appropriate government agencies. Transactions with related parties are usually intercompany loans.

(ix) Franchise

The Company's products are not covered by any franchise.

(x) Government Approvals for Principal Services

EPMI, a retail electricity supplier, is registered with the Philippine Economic Zone Authority (PEZA) and licensed to operate until March 2022.

In September 2020, FPIC, a 78.77%-owned subsidiary, filed request for termination of its servicing license with the Insurance Commission (IC). The IC has agreed in January 2021 not to renew the servicing license of FPIC.

(xi) Effect of Existing or Probable Governmental Regulations

Governmental regulations which affected or were expected to affect the operations or business of ALLHC and certain of its subsidiaries are as follows:

- a) During the government-imposed community quarantine, most businesses had to close, and only those providing essential goods and services such as supermarkets, drugstores and banks were allowed to operate. The disruption in businesses resulted in reduction in revenues from leasing operations.
- b) Government approval of any increase in the prices of electricity and water may have a material adverse impact on the operations as it will directly increase utilities and overhead expenses (including common usage service area expenses). However, the improvements in the facilities of these malls are expected to temper the adverse impact of such increase in prices of electricity and water. In 2020, utilities expenses in the malls decreased as many businesses were closed during the quarantine.
- c) The PEZA Accreditation and other tax incentives may attract potential locators in the industrial park and standard factory buildings of the Group.

(xii) Research and Development Activities

Development activities of the industrial parks in Pampanga and Laguindingan, Misamis Oriental were delayed due to the community quarantine.

(xiii) Costs and Effects of Compliance with Environmental Laws

Operations may be affected by the implementation of R.A. 8749 and other environmental laws. Compliance with such environmental laws will entail additional investments and/or upgrades in facilities being undertaken as part of the sustainability efforts of the Group. The development of industrial parks and standard factory buildings comply with the requirements of the Department of Environment and Natural Resources and related agencies

(xiv) Employees

As of 31 December 2020, the employees of ALLHC were as follows:

Executives*	-	0
Managers	-	7
Staff	-	11

Total		18

* The executives of ALLHC are employees of ALI.

The Company has no workers' union.

There was no change in the number of employees as of 31 March 2021.

(xv) Risks

The COVID-19 pandemic was registered as the top risk faced by the Company in 2020. The community quarantine (CQ) which began in mid-March of 2020 extended to the end of 2020 and continues into 2021. The government-issued community quarantine affected all business segments of the Company. The Company took initiatives, and continues to take measures, to protect the safety and well-being of its employees, workers, tenants and customers.

The top 3 identified significant risks faced by the Company and its subsidiaries were as follows:

- Government/ Political Risks
- Risk of Marginalization by Competitors
- Financial Risk

Government/political risks include changes in political landscape and regulatory requirements. The Company recognizes that the country's economic and political situation drives the growth of the real estate industry. Political developments may cause volatilities in the market which may affect operations or forward plans. To mitigate such risk, the Company ensures compliance with relevant laws, policies and regulations, and actively monitored changes in pertinent policies and amendments.

Marginalization is due to the rapid growth in the real estate logistics sector which results in oversupply. As a counter measure, the Company continuously monitors the price competitiveness of its products and reviews the merchant mix in the malls and leasing formats and traditional concepts.

Financial risks relate to the financial capacity of the Group to support its business operations and project launches. It is necessary to ensure efficient management of spend and cash flows to fund its growth in the short term and long term.

To mitigate the risk and impact on its operations during the early months of the COVID-19 pandemic, the Company activated its Business Continuity Plan (BCP). The BCP focused on protecting the business and its continuity and support to public health and safety by following the guidelines set by the national and local government agencies to stop the spread of the virus.

The government-issued CQ affected all business segments of the Company. With the implementation of CQs which started mid-March 2020, the Company's priority was to ensure the safety and well-being of its employees, workers, merchants, locators, and customers.

The Company expects additional risks due to changes in the health, economic and political conditions arising from this health crisis.

Item 2. Properties

The Company shares a portion of leased office space with its subsidiaries at 3rd Floor Glorietta 5, Ayala Center, Makati City.

OLI's commercial buildings composed of a 5-storey shopping center and a 6-storey business processes outsourcing office are located along National Road, Alabang, Muntinlupa City.

TPI is the lessor of several retail spaces in Tutuban Center (comprised of Prime Block Building, Main Station Building, Parking Tower, Robinsons' Supermarket, and Fiesta Market), with gross leasable area of about 33,000 square meters, excluding leasehold spaces. The Tutuban Center sits on about 8.5 hectares (has.) out of about 20 hectares of real property owned by the PNR and covered by the lease of TPI. TPI holds office at the 2nd Floor of Main Station Building of the Tutuban Center at C.M. Recto Ave., Manila.

The lease of TPI with the PNR was renewed last 22 December 2009 for another 25 years (from 5 September 2014 to 4 September 2039). The Renewal of Contract of Lease covers: (a) Phase I- existing 8.5 has.; (b) Phase IIA- approximately 5.8 has.(land use); and (c) Phase IIB- approximately 5.8 has. (air rights). In 2016, PNR turned over to TPI the following additional areas: (1) about 3.8 has. of Phase IIA, and (2) about 5.7 has. of Phase IIB.

LTI's main office is at 2nd Floor Administration Building 1, North Main Avenue, Laguna Technopark, Biñan, Laguna. LTI develops industrial parks and lease out standard factory buildings (SFBs). LTI has warehouses for lease in Porac, Pampanga, Naic, Cavite and Biñan, Laguna. It has a 166-hectare on-going development, Cavite Technopark located in Naic, Cavite. It also has a 62-hectare property in Habini Bay, Misamis Oriental which is being developed as Laguindingan Technopark.

LCVI's warehouses are located in its 14-hectare property in Calamba, Laguna. Renovation of the parking area and warehouses are on-going.

The Group's total warehouse gross leasable area is 207,000 sqm. as of December 2020.

URDC owns the 192-hectare property in Mabalacat, Pampanga, which is being developed into Pampanga Technopark.

OPDI, which handles property acquisition and horizontal development, has the following properties/projects: (a) about 31 hectares raw land in Kay-Anlog, Laguna (including those with pending Contracts to Sell); (b) ridge area near Homelands Subdivision, with an area of 21,148 sqm.; (c) 7,418-sqm. property known as the MARFA area at the back of The Homelands; (d) a 31,087-sqm. industrial lot at Phase III of The Homelands; and (e) a 58,800-sqm. beach property in San Vicente, Palawan. In 2020, OPDI sold the Trellis Pocket Centre, a 747-sqm. commercial project located along National Highway, Calamba, and 12 lots in the Homelands Subdivision in Calamba.

In August 2015, OPDI and THC sold its 33-hectare property in Sto. Tomas, Batangas (including the portion subject of previous agreement with a third party). The transfer of the titles of the real properties to buyer is still in process. THC's remaining property in Sto. Tomas, Batangas is a 1,095-sqm. property.

Item 3. Legal Proceedings

- a. *"Lavine Loungewear vs. First Lepanto-Taisho Insurance Corp. (now FPIC), et. al."*
Civil Case No. 68287
G.R. Nos. 197219, 197227, 197244, 197867 and 198481 / CA GR CV No. 90499
For: Sum of Money

Status: Case remanded to trial court to resolve Motion to Consign Amount and Motion to Fix Amount to be Consigned by FPIC

A complaint for sum of money (representing insurance proceeds) with issuance of Temporary Restraining Order (TRO) and Injunction was filed on 24 January 2001 with the Pasig Regional Trial Court (RTC)-Branch 71, against the Company's subsidiary, FPIC, by its insured, Lavine Loungewear Mfg. Inc. (Lavine). Prior to the filing of the suit, there was an intra-corporate dispute between two groups of stockholders of Lavine, each group claiming to be the owner of Lavine and therefore entitled to receive the insurance proceeds. Since FPIC could not determine which group of Lavine stockholders to pay, FPIC only made partial payment on the claim.

On 2 April 2001, the RTC rendered a Decision finding FPIC liable to pay Lavine the amount of P18,250,000 with 29% interest per annum from October 1998 until full payment. A Special Order for Execution Pending Appeal was also issued by the Court. As a result, certain assets of FPIC were garnished/attached. FPIC then filed a Petition with prayers for TRO and Injunction with the Court of Appeals (CA)-10th Division, which reliefs were granted by the court.

On 29 May 2003, the CA-10th Division, in its Consolidated Decision, ruled to set aside the RTC Decision dated 2 April 2001 and declared null and void the Special Order dated 17 May 2002 and the Writ of Execution dated 20 May 2002, and remanded the case to the lower court for pre-trial conference on the Second Amended Answer-in-Intervention; and payment of proceeds to Lavine (if adjudged entitled to said proceeds) be withheld until a decision on the rightful members of the Board of Directors of Lavine is issued by the intra-corporate court. The Intervenor Harish Ramnani (a party to the intra-corporate dispute) filed a Motion for Reconsideration (MR) with the CA-10th Division, to which FPIC filed its Opposition dated 15 July 2003 together with a Motion for Immediate Lifting of Garnishment.

On 20 April 2004, the CA resolved to lift the order of levy and notices of garnishment on the real and personal properties and bank deposits of FPIC which were made pursuant to the Special Order dated 17 May 2002 and Writ of Execution dated 20 May 2003 which were declared null and void by the CA.

A Petition for Review (PR) was filed by Intervenor with the Supreme Court (SC) to set aside the CA Decision of 29 May 2003. The SC, in its Decision dated 25 August 2005, affirmed the CA Decision dated 29 May 2003. Said SC Decision became final and executory.

Separately, FPIC filed an appeal with the CA of the RTC Decision dated 2 April 2001. The CA issued a Decision dated 30 September 2010 which affirmed the RTC Decision dated 2 April 2001 in all respects and ruled relative to FPIC that FPIC is liable for P18,250,000.00 and liable to pay 29% interest (i.e., twice the interest ceiling of 14.5%) as provided under Section 243 of the Insurance Code of 1978; and attorney's fees as it compelled plaintiff-appellee, through intervenors, to file the instant suit to collect money due from it.

On 5 November 2010, FPIC filed an MR of the CA Decision dated 30 September 2010. The CA issued a Resolution dated 9 June 2011 which modified the CA Decision insofar as it held FPIC is liable for the sum of P10,145,760.11 with 6% interest p.a. from 26 November 2001 and 12% p.a. from finality of resolution until fully paid; and deleted the award of 10% attorney's fees.

FPIC filed its PR on Certiorari with the SC on 29 July 2011. The SC-First Division, in its Resolution dated 1 October 2019, denied the PR and affirmed the CA Resolution of 9 June 2011, with modification that the legal interest imposed on the respective balance of the insurance proceeds shall be 6% per annum from 26 November 2001 and another 6% per annum from finality of the resolution until fully paid, and remanded the case to the RTC Br. 71, Pasig City for the computation of the amount of the loan to BDO.

On 12 December 2019, FPIC filed with the SC a Motion for Leave to be Allowed to Consign and/or Deposit the Judgment Amount plus Interests, and a Motion to Fix the Amount to be Consigned at P21,154,589.73, inclusive of interests.

The SC issued a resolution dated 29 July 2020 directing the RTC Pasig Br. 71 to resolve the Motion to Consign and Motion to Fix the Amount to be Consigned. On 7 December 2020, the SC made an Entry of Judgment certifying that the SC Resolution is final and executory and recorded in the Book of Entries of Judgment.

FPIC filed a with the trial court a Motion to Resolve dated 20 December 2020 which is pending resolution.

b. *FLT Prime Insurance Corporation vs. Solid Guaranty, Inc.*
Civil Case No. 14-381
(Makati RTC Branch 59)
CA G.R. CV No. 110458
For: Recovery of Sum of Money and Damages

Status: Solid Guaranty held liable to pay FPIC. Petition for Review filed by Solid Guaranty and pending with the SC.

On 2 April 2014, a complaint for recovery of sum of money and damages was filed by FPIC against its reinsurer, Solid Guaranty, Inc. (SGI), in view of the latter's refusal to pay the amount of P10,721,938.50 representing SGI's 45% share in the final settlement amount paid by FPIC to its assured Top Forest Developers, Inc.

Defendant SGI filed its Answer with Counterclaim dated 21 May 2014, and a Motion to Set Case for Preliminary Hearing Based on Affirmative Defenses dated 21 May 2014, to which FPIC filed its Comment. The Court, in its Resolution dated 24 September 2014, denied the said motion for utter lack of merit.

Subsequently, Defendant filed a Motion to Dismiss (MTD) which was denied by the court in its Resolution dated 8 September 2014. Defendant filed an MR of the Resolution dated 24 September 2014, which was denied by the court.

The case was referred to Judicial Dispute Resolution (JDR) hearing on 28 September 2015 and mid-trial JDR on 4 May 2016. As the parties failed to reach a settlement, the case proceeded. Case was re-raffed to RTC 59.

Defendant filed a MTD while FPIC filed a Motion for Summary Judgment. On 26 July 2017, the court issued a Resolution which denied Defendant's MTD and granted FPIC's Motion, and judgment was rendered in favor of plaintiff FPIC and ordered defendant to pay the amount of P10,721,938.50 with interest for the delay at the rate of 13.71% per annum commencing on 7 January 2011 or thirty days after the Advance Facultative Cash Call was made on the defendant on 8 December 2013 until fully paid, attorney's fees in the amount of P500,000.00, and costs of suit.

With the denial by the RTC of Defendant's Motion for Recusal and Motion for Partial Reconsideration (MPR) (Grant of Plaintiff's Motion for Summary Judgment), Defendant filed a Notice of Appeal which was given due course.

The CA-Special Third Division issued a Resolution dated 3 July 2019 which denied the MR for lack of merit. Defendant-appellant filed a PR to the SC questioning the CA resolution.

On October 16, 2019, the First Division of the Supreme Court has issued a Resolution, without giving due course to the PR, resolved to require the respondent FPIC to Comment thereon (not to file a motion to dismiss) with ten (10) days from notice. On February 3, 2020, FPIC filed its Comment to the defendant's PR. The PR is pending with the SC.

Item 4. Submission of Matters to a Vote of Security Holders

The following items will be submitted for approval of the stockholders:

- (a) Approval of the minutes of Annual Stockholders' Meeting (ASM) held on 13 April 2020 covering the following matters:
 - i. Approval of minutes of the 2019 annual stockholders' meeting
 - ii. Annual Report for calendar year 2019 (including consolidated audited financial statements (FS) for the calendar year ended 31 December 2019)
 - iii. Ratification of all acts and resolutions of the Board of Directors, Board Committees and Management beginning 12 April 2019 until 13 April 2020
 - iv. Election of directors (including the Independent Directors)
 - v. Appointment of external auditor and fixing of its remuneration
 - vi. Other matters which include update on the impact of Covid-19 and the initiatives undertaken by the Corporation to ensure the safety of its employees, workers, tenants and customers.

Copy of the 2020 ASM minutes may be accessed at <https://www.ayalalandlogistics.com/wp-content/uploads/2020/04/ALLHC-minutes-of-13Apr2020-Final.pdf>

- (b) Approval of the annual report of Management for the year ended 31 December 2020, including the Company's 2020 audited consolidated financial statements and supplementary schedules.

Except for above matters taken up during the annual stockholders' meeting, there was no other matter submitted to a vote of the security holders of the Company during the period covered by this report.

PART II - OPERATIONAL AND FINANCIAL INFORMATION

Item 5. Market for Issuer's Common Equity and Related Stockholder Matters

A. Market Information

The Company's Common Shares are listed and principally traded in the PSE. The high and low sales prices* of the Company's securities for each quarter are indicated in the table below:

	High	Low
<u>Calendar Year 2021</u>		
1 st Quarter (Jan.- Mar. 2021)	₱3.80	₱2.55
<u>Calendar Year 2020</u>		
1 st Quarter (Jan. – Mar. 2020)	₱3.03	₱1.10

2 nd Quarter	(Apr. - June 2020)	1.98	1.49
3 rd Quarter	(Jul. - Sept. 2020)	2.65	1.60
4 th Quarter	(Oct. - Dec. 2020)	3.75	2.35
Calendar Year 2019			
1 st Quarter	(Jan. - Mar. 2019)	P3.24	P2.36

C. Dividends

There were no dividend declarations for the years 2018 to 2020.

Dividend Policy

As provided in the By-laws, dividends shall be declared only from surplus profit and shall be payable at such times and in such amounts as the Board of Directors may determine. The dividends shall be payable in cash or in shares of stock from the unissued stock of the Company, or both as the Board may determine. No dividend shall be declared that will impair the capital of the Company.

Cash dividends are subject to the approval of the Board of Directors but no stockholder approval is required. For stock dividends, approval of the Board and the stockholders holding two-thirds of the capital stock of the Company are required.

D. Recent Sales of Unregistered Securities

The Company has not sold any unregistered securities within the past three fiscal years.

The Company issued common shares under its Employees Stock Ownership Plan (Tranche 2) in 2018 as stated in Item 6 (d) of the DIS. The corresponding request for exemption from the registration requirement of the ESOWN Plan shares was filed with, and approved by, the SEC in October 2017. The SEC approved the exemption under Sec. 10.2 of the Securities Regulation Code (SRC) as the issuance of the shares was of limited character and limited only to the qualified employees of the issuer and registration was not necessary for interest of the public and protection of the investors.

In June 2019, the Company issued 1,225,370,620 shares to ALI pursuant to the Deed of Exchange executed in April 2018. The exchange of shares was with a stockholder exclusively.

In September 2019, the Company issued 49,444,216 shares from its unissued and unsubscribed shares to its subsidiary, Orion Land, Inc. The sale was an exempt transaction under Sec. 10.1 (e) of the SRC as it was a sale of capital stock to its own stockholders exclusively, where no commission other remuneration is paid or given directly in connection with the sale of capital stock. The Company has applied for the listing of said shares with the PSE.

In 2019, the Company issued a call for payment of unpaid subscriptions (excluding ESOWN shares). In 2020, the Company held a public auction of the delinquent shares.

Item 6. Management's Discussion and Analysis or Plan of Operation

Review of 2020 Consolidated Results of Operations versus 2019

For the year ended 31 December 2020, AyalaLand Logistics Holdings Corp. ("ALLHC" or the "Group") registered P3.72 billion in revenues versus P5.35 billion the year prior, experiencing a 30% drop. However, net income grew by 10% to P703 million from P641 million in 2019. The performance is driven by sale of industrial lots, stable warehouse and office leasing operations, and sale of none-core assets.

Earnings per share for the year ended 31 December 2020 was P0.11 which was 10% higher than P0.10 last year.

Business Segments

Challenged by the COVID-19 crisis, the Group's performance was driven by industrial lots sales and steady warehouse and office leasing. The breakdown of the revenues are as follows:

Segment	Amount – P' million			
	2020	2019	2020 vs. 2019	Change
Real estate sales	1,275.5	1,809.1	(533.6)	(29%)
Rental	872.8	1,140.9	(268.1)	(23%)
Sale of electricity	1,568.4	2,396.0	(827.6)	(35%)
Total	3,716.7	5,346.0	(1,629.3)	(30%)

Real estate sales. This segment pertains to sale of industrial lots. Industrial lot sales revenues stood at P1.28 billion, 29% lower compared to 2019's post of P1.81 billion, with sales coming from the domestic market. In 2020, the Group sold industrial lots in Pampanga, Cavite, and Laguindingan.

Rental. This segment covers operations of warehouse and commercial leasing.

Commercial leasing. The combined revenues of Tutuban Center and South Park Center amounted to P519.6 million which was 39% less than P854.2 million revenue last year due to rent reprieve but tempered by steady office leasing revenues. The Group ended with 90K sqm total commercial leasing GLA and lease-out rate of 80% versus 92% last year.

Warehouse leasing. Growth in GLA drove revenues to increase by 23% to P353.2 million from P286.7 million in 2019. ALogis Alviera, ALogis Biñan and ALogis Naic were operational in 2020 since its deliveries in Q1 2019. The lease-out rate for all warehouses was at 81%.

Sale of electricity. This pertains to retail electricity supply service to industrial park locators and external commercial customers. EBITDA margin registered at 3%. Revenue from power was 35% down to P1,568 million due to the lower demand from customers as many businesses slowed down or closed as a result of the government-mandated community quarantine (CQ) for most part of 2020.

Expenses

Consolidated costs of real estate and services costs from rental and sale of electricity amounted to P2,732.0 million in 2020 compared to P3,974.8 million in 2019 or 31% lower due to lower sales of industrial land sold and power sale, management fees, and depreciation, as a consequence of the series of CQs.

Operating expenses of P205.6 million incurred in 2020 which was lower than last year of P292.4 million mainly driven by set up of provisions for impairment losses and lower taxes and licenses.

Project and Capital Expenditures

The Group spent P1 billion in capital expenditures to support the completion of new projects and aggressive expansion, of which P42 million was spent for land development cost, P750 million for building improvements, and P208 million for land acquisition.

Operations during the COVID-19 Pandemic

With the implementation of CQs which started mid-March 2020, the Company's priority was to ensure the safety and well-being of its employees, workers, merchants, locators, and customers.

Initiatives taken by the Company include:

- For employees: work-from-home arrangement, regular staff meetings to monitor staff needs and conditions, and online training courses for its employees
- For workers: financial assistance and basic needs and amenities to front-liners on-duty.
- For mall merchants: rent reprieve and discounts for common area charges during the CQ period
- For medical front-liners: employees helped fund three (3) hospitals designated as COVID centers through ALL's fundraising campaign, *Ayala Land Pays It Forward*, and assisted in the procurement of much needed medical equipment and supplies for these hospitals.
- For customers: to ensure health and safety, the Company's properties and premises were regularly disinfected and sanitized.

Towards the end of 2020, as businesses slowly re-open, the Company has adopted a work schedule for the re-integration of its employees in its offices and ensured that the government-imposed health protocols in its establishments are observed for the safety and well-being of its customers and tenants.

Financial Condition

The COVID-19 pandemic resulted to a slowdown of operations but ALLHC's balance sheet remained healthy with enough capacity to undertake its growth plan and meet existing obligations.

Total Assets of the Group stood at P19.35 billion as of 31 December 2020, slightly lower than P19.37 billion last year.

Total liabilities decreased to P7.51 billion versus P8.19 billion last year due to the settlement of installment due to the purchase of URDC.

The impact of adoption of new accounting standard for leases in 2020 resulted to the recognition of P1.27 billion right-of-use asset and P1.75 billion lease liabilities.

Total Equity registered at P11.84 billion was 6% higher than the equity of P11.18 billion last year due to impact of net income during the year negated by the decline in market value of financial asset at fair value through other comprehensive income.

Financing Through Loans

As of 31 December 2020, the Group had no outstanding loans from any financial institution.

Prospects for the future

The Group will continue to pursue its vision of energizing and supporting communities in key areas across the country. Tutuban will continue to work on new mall offerings and bazaars, and full operations while observing the safety protocols for COVID-19. South Park will continue with its transformation into a mixed-use development, conversion of retail spaces to storage areas and launching of new mall merchants.

As part of its short-term plans, the Group will continue to increase in gross leasable area in warehousing with expansion and look into possible new businesses or potential partnerships.

Key Variable and Other Qualitative and Quantitative Factors

Ratio	Formula	31-Dec-2020	31-Dec-2019
Current Ratio	$\frac{\text{Current Assets}}{\text{Current Liabilities}}$	1.35: 1 6,664,248 / 4,921,888	1.09: 1 6,038,158 / 5,554,888
Debt to Equity Ratio	$\frac{\text{Total Liabilities}}{\text{Equity}}$	0.63: 1 7,513,456 / 11,840,774	0.73: 1 8,192,312 / 11,176,197
Capital Adequacy Ratio	$\frac{\text{Equity}}{\text{Total Assets}}$	0.61 11,840,774 / 19,354,230	0.58: 1 11,176,197 / 19,368,509
Book Value per Share	$\frac{\text{Equity}}{\text{Total \# of Shares}}$	1.88 11,840,774 / 6,301,592	1.77 11,176,197 / 6,301,592
Income per Share	$\frac{\text{Net Income}}{\text{Total \# of Shares}}$	0.11 681,962 / 6,252,148	0.10 595,838 / 6,226,225

Current ratio shows the Group's ability to meet its short-term financial obligation. As of 31 December 2020, the Group has P1.35 worth of current assets for every peso of current liabilities as compared to P1.09 as of 31 December 2019. The Group has sufficient current assets to support its current liabilities as of the period, slightly higher than last year.

Debt to Equity ratio indicates the extent of the Group's debt which is covered by shareholders' fund. It reflects the relative position of the equity holders. The higher the ratio, the greater the risk being assumed by the creditors. A lower ratio generally indicates greater long-term financial safety. Compared to 31 December 2019, debt-to-equity ratio was lower.

Capital Adequacy Ratio is computed by dividing the Total Stockholders' Equity over Total Assets. It measures the financial strength of the Company. As of 31 December 2020, the Group's Capital Adequacy Ratio was slightly higher at 0.61 compared to same period last year's 0.58.

Book value per share measures the recoverable amount in the event of liquidation if assets are realized at book value. As of 31 December 2020, the Group's book value per share of P1.88 was 6.2% higher than as of 31 December 2019.

Income per share is calculated by dividing net income by the weighted average number of shares issued and outstanding. As of 31 December 2020, the Group reported a P0.11 income per share which was 10%, higher than last year.

(i) Any known trends, demands, commitments, events or uncertainties that will have a material impact on issuer's liability.

There are no known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Company and its subsidiaries' liquidity increasing or decreasing in any material way.

(ii) Events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation

There are no known events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation.

(iii) Material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships with unconsolidated entities or other persons created during the reporting period.

There are no known off-balance sheet transactions, arrangements, obligations (including contingent obligations), during the period.

(iv) Any material commitments for capital expenditures, the general purpose of such commitments, and the expected sources of funds for such expenditures.

For 2020, the Group's budgeted total capital expenditures was P2.16 billion for projects and spent P 1 billion as of 31 December 2020 for land development, building improvements, and land acquisition. This was financed through internally generated funds and advances.

(v) Any known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable impact on net sales or revenues or income from continuing operations should be described.

The COVID-19 crisis and government-mandated CQ are expected to have an impact on net sales or revenues from continuing operations especially for commercial leasing and power segments. With the development and availability of vaccines for COVID-19 in the country, it is hoped that businesses will gradually return to pre-COVID levels.

(vi) Any significant elements of income or loss that did not arise from the registrant's continuing operations.

The Group did not recognize income or loss during the period that did not arise from continuing operations.

(vii) Causes of Any Material Changes from Period to Period of FS which shall include vertical and horizontal analyses of any material item (5%).

- a. Financial Assets at fair value through other comprehensive income stood at P606.4 million, 5.9% lower than the P644.7 million as of 31 December 2019.
- b. FVPL Investments posted a 5.8% increase mainly due to market value adjustment as of year-end.
- c. Amounts owed by related parties posted at P921.8 million or 16.9% increase from P788.5 million as of 31 December 2019 due to intercompany loans granted to affiliates.
- d. Receivables-net of current portion increased to P728.5 million or 51.7% higher due to installment receivables from lot sales.
- e. Property & equipment – at cost decreased to P27.2 million or 28.3% due to depreciation and amortization during the year.
- f. Software costs decreased by 69.8% to P0.43 million due to depreciation during the year.
- g. Deferred tax assets increased from P24.3 million to P58.2 million due mainly on additional provision for impairment of accounts receivables and lease liability.
- h. Accounts Payable & Accrued Expenses decreased by 38.1% to P1,653.1 million from P2,672.7 million due mainly due to installment obligation to the sellers of URDC shares.
- i. Current portion of deferred rent income increased to P15.60 million due to advance payment of rent by tenants.
- j. Amounts owed to related parties principally consisting of interest-bearing advances and intercompany charges, increased by 15.4% to P2,674.4 million from P2,317.2 million as of 31 December 2019 which was used to fund land acquisitions and development costs.
- k. Slight increase in Total Lease liabilities by 1.0% from P1,733.45 million to P1,751.37 million.
- l. Rental and other deposits-net of current portion and current portion registered at P210.4 million and P492.53 million, lower by 10.3% and 4.9%, respectively due to refund made to tenants.

- m. Deferred income tax liability – net decreased by 11.1% from P125.2 million to P111.3 million due to the impact of adjustment on the recognition of PFRS 16.
- n. Unrealized valuation loss on AFS increased to negative P626.7 million or 6.6% due to the decline in value of the Cyber Bay shares.
- o. Retained Earnings increased to P1,737.7 million or 63.0% increase due to net income during the year.

(viii) Any seasonal aspects that had a material effect on the financial condition or results of operations.

There are no known seasonal aspects that had a material effect on the financial condition or results of operations.

2019 Consolidated Results of Operations versus 2018

For the year ended 31 December 2019, AyalaLand Logistics Holdings Corp. (“ALLHC” or “the Group”), formerly Prime Orion Philippines, Inc., registered a robust growth with consolidated revenues and net income of P5,345.98 million and P641.4 million, which were 58% and 15% higher versus last year.

Earnings before interest, taxes, depreciation and amortization (EBITDA) margin improved by 4% points to 29% versus last year.

Business Segments

The strong performance was driven by higher industrial lots sold and supported by growth in retail electricity supply and leasing businesses with revenues as follow:

Segment	Amount – P' million			Change
	2019	2018	2019 vs 2018	
Real estate sales	1,809.1	785.8	1,023.3	130%
Rental	1,140.9	843.2	297.7	35%
Sale of electricity	2,396.0	1,735.0	661.0	38%
Others	0.0	6.0	(6.0)	(100%)
Total	5,346.0	3,370.0	1,976.0	58%

Real estate sales. This segment pertains to sale of industrial lots. In 2019, the Group secured Laguindingan Technopark (62 hectares) and Pampanga Technopark (192 hectares). Driven by the strong demand, revenues significantly increased with lots sold in Laguna, Pampanga and Cavite Technoparks.

Rental. This segment covers operations of warehouse, retail and office leasing.

Retail and office leasing. The combined revenues of Tutuban Center and South Park amounted to P854.2 million which grew by 25% versus P683.5 million revenue last year. The Group ended with 84K total retail and commercial leasing GLA and maintained its % lease-out at 92%.

Warehouse leasing. Total revenues of warehouse grew by 79% to P286.7 million from P159.7 million in 2018. Additional GLA in Laguna and Alviaera help boost the topline. 2019 ended with 97% lease-out rate or 8% points increase from last year.

During the year, the Group launched portion of redeveloped Lepanto warehouse with 11K GLA and Alviaera Warehouse with 12K GLA. It also opened an expansion in Alviaera for 19K GLA and in Laguna for 14K GLA.

Sale of electricity. This pertains to retail electricity supply service to industrial park locators and external commercial customers. EBITDA margin is maintained at 3%.

Expenses

Consolidated costs of real estate and services costs from rental and sale of electricity amounted to P3,974.8 million in 2019 and P2,625.3 million in 2018 or 50% higher driven by costs for additional industrial land sold and power sale, management fees, and depreciation.

Operating expenses of P292.4 million incurred in 2019 which is higher than last year of P158.4 million mainly driven by set up of provisions in relation to the requirements of the accounting standards.

Project and Capital Expenditures

The Group spent P4.6 billion in capital expenditures to support the completion of new projects and aggressive expansion, of which P2.6 million was spent for land acquisition, P1.0 billion for development costs and P800 million for equity purchase.

Financial Condition

ALLHC's balance sheet remained healthy with enough capacity to undertake its growth plan and meet existing obligations.

Total assets of the Group stood at P19,368.5 million as of 31 December 2019 versus P12,974.4 million last year which mainly increased due to acquisitions of Pampanga Technopark, Laguindingan Technopark and South Park land.

Total liabilities amounted to P8,192.3 million versus P3,100.1 million last year which increased due to obligations and advances made in relation to the Group's investments in land, development and equity purchase.

The impact of adoption of new accounting standard for leases in 2019 resulted to P1,327.0 million right of use asset and P1,733.4 million lease liabilities.

Total Equity registered at P11,176.2 million was 13% higher than the equity of P9,874.2 million last year due to impact of net income, disposal of shares held by a subsidiary, and issuance of shares recognized during the year.

Financing Through Loans

As of 31 December 2019, the Group had no outstanding loans from any financial institution.

Prospects for the future

The Group will continue to reinforce and solidify its vision of energizing and supporting communities and jumpstart development in more non-urban areas. With the addition of new industrial estates in key areas -- Pampanga and Misamis Oriental, it is aligned towards this goal. Furthermore, Tutuban will continue having new mall offerings while South Park is maximizing value of the mall through its transformation into a mixed-use development.

The short-term plan involves increasing gross leasable area in warehousing with expansion in Laguna, Cavite and Porac, Pampanga.

Key Variable and Other Qualitative and Quantitative Factors

Ratio	Formula	31-Dec-2019	31 Dec- 2018
Current Ratio	$\frac{\text{Current Assets}}{\text{Current Liabilities}}$	1.18: 1 6,682,904/5,641,246	2.38: 1 5,320,576/2,240,072
Debt to Equity Ratio	$\frac{\text{Total Liabilities}}{\text{Equity}}$	0.73: 1 8,192,312/ 11,176,197	0.31: 1 3,100,143/9,874,250
Capital Adequacy Ratio	$\frac{\text{Equity}}{\text{Total Assets}}$	0.58: 1 11,176,197/ 19,368,509	0.76: 1 9,874,250/12,974,393
Book Value per Share	$\frac{\text{Equity}}{\text{Total \# of Shares}}$	1.77 11,176,197/ 6,301,592	1.61 9,874,250/6,148,456
Income per Share	$\frac{\text{Net Income}}{\text{Total \# of Shares}}$	0.10 595,838/6,226,225	0.08 441,908/5,350,484

Current ratio shows the Group's ability to meet its short-term financial obligation. As of 31 December 2019, the Group has P1.18 worth of current assets for every peso of current liabilities as compared to P2.38 as of 31 December 2018. The Group has sufficient current assets to support its current liabilities as of the period, although the ratio is lower than last year.

Debt to Equity ratio indicates the extent of the Group's debt which is covered by shareholders' fund. It reflects the relative position of the equity holders. The higher the ratio, the greater the risk being assumed by the creditors. A lower

ratio generally indicates greater long-term financial safety. Compared to 31 December 2018, debt-to-equity ratio was higher.

Capital Adequacy Ratio is computed by dividing the Total Stockholders' Equity over Total Assets. It measures the financial strength of the Company. As of 31 December 2019, the Group's Capital Adequacy Ratio was lower at 0.58 compared to same period last year's 0.76.

Book value per share measures the recoverable amount in the event of liquidation if assets are realized at book value. As of 31 December 2019, the Group's book value per share of P1.77 was 10.4% higher than as of 31 December 2018.

Income per share is calculated by dividing net income by the weighted average number of shares issued and outstanding. As of 31 December 2019, the Group reported a P0.10 income per share which was 15.9%, higher than same period of last year.

(i) Any known trends, demands, commitments, events or uncertainties that will have a material impact on issuer's liability.

There are no known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Company and its subsidiaries' liquidity increasing or decreasing in any material way.

(ii) Events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation

There are no known events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation.

(iii) Material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships with unconsolidated entities or other persons created during the reporting period.

There are no known off-balance sheet transactions, arrangements, obligations (including contingent obligations), during the period.

(iv) Any material commitments for capital expenditures, the general purpose of such commitments, and the expected sources of funds for such expenditures.

For 2019, the Group budgeted total capital expenditures of P4.6 billion million for projects and spent P3.7 billion as of 31 December 2019. This was financed through internally generated funds and advances.

(v) Any known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable impact on net sales or revenues or income from continuing operations should be described.

There are no known trends, events or uncertainties that have material impact on net sale/revenues/income from continuing operation.

(vi) Any significant elements of income or loss that did not arise from the registrant's continuing operations.

The Group did not recognize income or loss during the period that did not arise from continuing operations.

(vii) Causes of Any Material Changes from Period to Period of FS which shall include vertical and horizontal analyses of any material item (5%).

- a. Cash and cash equivalents stood at P177.6 million, 19.3% lower than the P220.1 million as of 31 December 2018. Cash were used to fund for capital expenditures.
- b. Receivables posted a 27% increase mainly due from receivables from Mabalacat industrial lot sales and LTI leasing.

- c. Real estate inventories registered at P2,085.0 million, 61% higher than the P1,289.2 million as of 31 December 2018 driven mainly by more areas for sale in Pampanga and Laguindingan Technopark.
- d. Amounts owed by related parties posted at P788.5 million or 16% decrease from P936.5 million as of 31 December 2018 due to collection to fund for the acquisition of land and development.
- e. Other current assets posted at P977.7 million, 63% higher due to input vat on the acquisition of land and development costs.
- f. Receivables-net of current portion increased to P480.3 million or 968% higher due to installment payments of customers that bought industrial lots in Pampanga Technopark.
- g. Right of use asset amounting to P1,327.0 million was recognized in 2019 to adopt the new accounting standard for leases.
- h. Investment Property increased by 51% to P10,254.5 million due to acquisition of land in Pampanga and Laguindingan Technopark and South Park land.
- i. Plant, property & equipment – at cost decreased to P37.9 million or 10% due to depreciation and amortization during the year.
- j. Software costs decreased by 51% to P1.4 million due to depreciation during the year.
- k. Deferred tax assets increased from P14.2 million to P24.29 million due mainly to adoption of new accounting standards on leases and provision on impairment of accounts receivables.
- l. Other non-current assets decreased by 21% to P548.5 million as of 31 December 2019 from P699.1 million due to reclassification of deferred input vat to current and decrease on advances to suppliers and contractors.
- m. Accounts payable and accrued expenses increased by 87% to P2,773.2 million mainly due to installment obligation to the sellers of land in Pampanga Technopark.
- n. Current portion of deferred rent income decreased by 78% due to realization during the year.
- o. Amounts owed to related parties principally consisting of interest-bearing advances and intercompany charges, increased to P2,317.2 million from P234.3 million as of 31 December 2018 which is used to fund land acquisitions, development costs, and equity purchase.
- p. Rental and other deposits-net of current portion registered at P234.8 million, 54% higher due to increase in rental, security, customer deposits and construction bonds paid by tenants to the Group on leased properties.
- q. Deferred rent income decreased by 33% to P6.9 million due to reclass to realized income.
- r. Deferred tax liability – net decreased by 42% from P215.3 million to P125.2 million due to the impact of PFRS 16 adoption.
- s. Equity reserves increased by 18% to P1,598.2 million due to the acquisition of 20% equity in LTI.
- t. Shares held by a subsidiary was reduced by 89% from P1,279.0 million to P144.4 million due to the sale of shares held by OLI.
- u. Revaluation increment on PPE decreased by 6% due to realized portion of LCI revaluation increment.

There are no known seasonal aspects that had a material effect on the financial condition or results of operations.

Calendar Year ended 31 December 2018

Review of 2018 Consolidated Results of Operations versus 2017

For the year ended 31 December 2018, Prime Orion Philippines, Inc. (“POPI” or “the Group”) generated consolidated revenues and net income of P3,370.0 million and P554.7 million, which were higher than last year’s consolidated revenue and net income by 452% and 2,890%, respectively. The significant growth was largely attributed to the industrial lot sales of (LTI, revenue from retail electricity supply and improved leasing income from commercial properties.

Total Cost and Expenses for the year increased by 300% on account of cost of sales and services of LTI, cost of retail electricity supply and operating expenses of Tutuban and Southpark.

Business Segments

The strong performance was driven by industrial lot sold and revenue from retail electricity supply with the support of growth in leasing business as follow:

Segment	Amount – P’ million			Change
	2018	2017	2018 vs 2017	
Real estate sales	785.8	-	785.8	100%
Rental	843.2	501.8	341.4	68%
Sale of electricity	1,735.0	-	1,735.0	100%
Others	6.0	108.7	(102.7)	(94%)
Total	3,370.0	610.5	2,759.5	452%

Real estate sales. This segment pertains to sale of industrial lots. In 2018, the Group sold industrial lots in Laguna and Cavite.

Rental. This segment covers operations of warehouse, retail and commercial leasing.

Sale of electricity. This pertains to retail electricity supply service to industrial park locators and external commercial customers. EBITDA margin is at 3%.

Expenses

Consolidated costs of real estate and services costs from rental and sale of electricity amounted to P2,625.3 million in 2018 and P351.7 million in 2017 or 646% higher driven by costs for industrial land sold and power sale.

Operating expenses of P158.41 million incurred in 2018 is lower than last year of P341.5 million mainly due to provisions set up in 2017.

Financial Condition

Total Assets of the Group registered at P12,974.4 million as of 31 December 2018, or a 45% improvement compared to P8,923.5 million as of 31 December 2017 due to the addition of the assets of LTI. Total Liabilities was P3,100.1 million, 86% higher than the P1,666.7 million liabilities as of 31 December 2017.

Total Equity registered at P9,874.3 million was 36% higher than the equity of P7,256.9 million as of 31 December 2017 due to the additional ALI subscription under the share exchange.

Financing Through Loans

As of 31 December 2018, the Group had no outstanding loans from any financial institution.

Prospects for the future

The Group envisions to become the leading real estate logistics and industrial estate developer and operator in the Philippines through LTI with plans to expand in Cavite and Misamis Oriental. Increase leasing business in Tutuban and Southpark by maximizing value through the transformation into a mixed-use development.

The short term plan involves increasing gross leasable area in warehousing with expansion in Laguna and Porac, Pampanga.

Key Variable and Other Qualitative and Quantitative Factors

Ratio	Formula	31 Dec- 2018	31-Dec-2017
Current Ratio	$\frac{\text{Current Assets}}{\text{Current Liabilities}}$	2.37: 1 5,320,576/ 2,240,072	2.91: 1 2,373,733/ 816,981
Debt to Equity Ratio	$\frac{\text{Total Liabilities}}{\text{Equity}}$	0.31: 1 3,100,143/ 9,874,250	0.23: 1 1,666,689/ 7,256,856
Capital Adequacy Ratio	$\frac{\text{Equity}}{\text{Total Assets}}$	0.76: 1 9,874,250/ 12,974,393	0.81: 1 7,256,856/ 8,923,545
Book Value per Share	$\frac{\text{Equity}}{\text{Total \# of Shares**}}$	1.61 9,874,250/ 6,148,456	1.48 7,256,856/ 4,896,455
Income per Share	$\frac{\text{Net Income}}{\text{Total \# of Shares}}$	0.08 441,908/ 5,350,484	0.01 33,143/ 4,155,983

**includes the 1,225,370,620 additional subscription of ALI under the Deed of Exchange dated 30 April 2018; POPI obtained certificate of approval of confirmation of valuation on 6 March 2019.

Current ratio shows the Group's ability to meet its short-term financial obligation. As of 31 December 2018, the Group has P2.37 worth of current assets for every peso of current liabilities as compared to P2.91 as of 31 December 2017. The Group has sufficient current assets to support its current liabilities as of the period.

Debt to Equity ratio indicates the extent of the Group's debt which is covered by shareholders' fund. It reflects the relative position of the equity holders. The higher the ratio, the greater the risk being assumed by the creditors. A lower ratio generally indicates greater long-term financial safety. Compared to 31 December 2017, debt-to-equity ratio was higher.

Capital Adequacy Ratio is computed by dividing the Total Stockholders' Equity (excluding non-controlling interests) over Total Assets. It measures the financial strength of the Company. As of 31 December 2018, the Group's Capital Adequacy Ratio is lower at 0.76 compared to same period last year's 0.81.

Book value per share measures the recoverable amount in the event of liquidation if assets are realized at book value. As of 31 December 2018, the Group's book value per share of P1.61 was 8% higher than as of 31 December 2017.

Income per share is calculated by dividing net income by the weighted average number of shares issued and outstanding. As of 31 December 2018, the Group reported a P0.08 income per share which was 936%, higher than same period of last year.

(i) Any known trends, demands, commitments, events or uncertainties that will have a material impact on issuer's liability.

There are no known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Company and its subsidiaries' liquidity increasing or decreasing in any material way.

(ii) Events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation

There are no known events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation.

(iii) Material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships with unconsolidated entities or other persons created during the reporting period.

There are no known off-balance sheet transactions, arrangements, obligations (including contingent obligations), during the period.

(iv) Any material commitments for capital expenditures, the general purpose of such commitments, and the expected sources of funds for such expenditures.

For 2018, the Group budgeted total capital expenditures of P717.0 million for projects. This will be financed through internally generated funds and bank loans. A total of P279.2 million was already spent as of 31 December 2018.

- (v) **Any known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable impact on net sales or revenues or income from continuing operations should be described.**

There are no known trends, events or uncertainties that have material impact on net sale/revenues/income from continuing operation.

- (vi) **Any significant elements of income or loss that did not arise from the registrant's continuing operations.**

The Group did not recognize income or loss during the period that did not arise from continuing operations.

- (vii) **Causes of Any Material Changes from Period to Period of FS which shall include vertical and horizontal analyses of any material item (5%).**

Significant changes mainly from consolidation of LTI and EPMI financials, unless otherwise stated are as follows:

- a. Cash and cash equivalents stood at P220.1 million, 14% lower than the P255.0 million as of 31 December 2017.
- b. Increase in Short term investments was due to additional placements made during varying periods to maximize cash management.
- c. Receivables posted a 313% increase mainly due from receivables from industrial lot sales, LTI leasing and retail electricity customers.
- d. Real estate inventories registered at P1.3 billion, 387% higher than the P264.5 million as of 31 December 2017.
- e. Available for Sale (AFS) financial assets decreased by 100% as of 31 December 2018 due to the reclassification requirements based on the accounting standards to financial assets at fair value through other comprehensive income.
- f. Accounts owed by related parties increased to P936.5 million or 139% increase from P392.3 million as of 31 December 2017 due to increase in intercompany advances made to certain ALI subsidiaries made by the Company's subsidiaries.
- g. FVPL Investments posted a P4.5 million increase due to unit investment trust fund in OLI and LTI.
- h. Other current assets posted at P534.9 million, 49% higher due to consolidation of LTI other current assets.
- i. Investment properties increased by 14% as an impact of facility upgrades in TPI and consolidating LTI warehouses.
- j. Property and equipment posted a 13% increase due to capital expenditures in TPI and LCI net of depreciation and amortization.
- k. Software costs was reduced by 41% to P2.9 million due to depreciation during the year.
- l. Other non-current assets also increased by 55% from P488.7 million as of 31 December 2017 to P756.7 million due to deposits, advances to suppliers and deferred input vat.
- m. Accounts payable and accrued expenses increased by 150% or P891.2 million.
- n. Amounts owed to related parties principally consisting of interest bearing and non-interest bearing advances, increased to P234.3 million from P19.4 million as of 31 December 2017.

- o. Rental and other deposits registered at P664.9 million, 105% higher due to increase in rental, security, customer deposits and construction bonds paid by tenants to the Group on leased properties.
- p. Capital stock and additional paid-in capital significantly increased as a result of additional equity stake by ALI in the Company.
- q. Equity reserves decreased mainly as an effect of LTI shares swap.
- r. Unrealized gain (loss) on AFS financial assets decreased due to reclassification requirements from retained earnings to other comprehensive income based on the new accounting standards amounting to P527 million loss.
- s. Non-controlling Interests increased due to consolidation of LTI.

(viii) Any seasonal aspects that had a material effect on the financial condition or results of operations.

There are no known seasonal aspects that had a material effect on the financial condition or results of operations.

Item 7. Financial Statements

The 2020 audited consolidated financial statements and schedules are filed with this report as indicated in the Index to Exhibits.

Item 8. Information on Independent Accountants and Other Related Matters

1) *External Audit Fees and Services*

(a) *Audit and Audit-Related Fees*

- (i) The aggregate fees billed by the auditors for CY 2020 amounted to P2.18 million (inclusive of Value Added Tax) while the auditor's fee for CY 2019 amounted to P2.15 million.
- (ii) There are no known assurance and related services rendered by the external auditor aside from the services stated below for CY 2020 and 2019.

(b) *Tax Fees*

There were no tax advisory services rendered by the auditor or any other entity to the Corporation in 2020.

(c) *All Other Fees*

Except for the service fees for validation of votes during the 2020 annual stockholders' meeting, there were no Other Services rendered by SGV for CY 2020.

The Company paid or accrued the following audit and non-audit fees for the past two years:

Audit and Audit-Related Fees:

	CY 2020	CY 2019
Professional Fees (SGV)	P1,950,000.00	P1,923,857.00

Attendance of Directors in Board meetings

The attendance of directors in the meetings of the Board of Directors for 2020 is as follows:

Directors	No. of Board Meetings Attended/Held (in 2020 and during the incumbency of the director)	Percent Present
Bernard Vincent O. Dy	6/6	100%
Felipe U. Yap	6/6	100%
Jose Emmanuel H. Jalandoni	6/6	100%
Maria Rowena M. Tomeldan	6/6	100%
Jaime Alfonso E. Zobel de Ayala	3/3	100%
Nathanael C. Go	6/6	100%
Rex Ma. A. Mendoza	6/6	100%
Renato O. Marzan	6/6	100%
Cassandra Lianne S. Yap	5/5	100%
Augusto D. Bengzon*	3/3	100%
Victor C. Say**	0/1	0%

* Resigned as director and replaced by Mr. Jaime Alfonso E. Zobel de Ayala on 14 May 2020

** Term ended on 13 April 2020

b) Significant Employees

The Company's entire work force is considered as significant employees. The entire work force is expected to work as a team to attain the Company's objectives. There is no employee who is expected to make individually on his own a significant contribution to the business of the Company.

c) Family Relationships

The independent director, Ms. Cassandra Lianne S. Yap, is the niece of a director, Mr. Felipe U. Yap. Ms. Yap is qualified to be an independent director under Sec. 1.9, Art. III of the Company's Manual on Corporate Governance (revised as of 11 November 2020).

There are no other family relationships (up to fourth civil degree) either by consanguinity or affinity among the abovenamed directors and executive officers.

d) Involvement in Certain Legal Proceedings

The abovementioned directors and executive officers have not been involved in any of the following events or legal proceedings that occurred during the past five (5) years up to this time which are material to an evaluation of the ability and integrity of the said directors and executive officers:

- a. Any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two (2) years prior to that time;
- b. Any conviction by final judgment in a criminal proceeding, domestic or foreign, or being subject to a pending criminal proceeding, domestic or foreign, excluding traffic violations and other minor offenses;
- c. Being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities, commodities or banking activities; and
- d. Being found by a domestic or foreign court of competent jurisdiction (in a civil action), the Commission or comparable foreign body, or a domestic or foreign exchange or electronic marketplace or self-regulatory organization, to have violated a securities or commodities law, and the judgment has not been reversed, suspended, or vacated.

The details of material pending legal proceedings for the past five (5) years to which the Company or any of its subsidiaries or affiliates is a party are discussed in Part 1, Item 3 above.

Item 10. Executive Compensation

A. General

Directors. Article III Section 11 of the Company's Amended By-laws¹ provide:

11. Compensation of Directors – Directors shall be entitled to receive from the Corporation, pursuant to a resolution of the Board of Directors, fees and other compensation for their services. In no case shall the total yearly compensation of Directors exceed ten percent (10%) of the net income before income tax of the Corporation during the preceding year.

The Personnel and Compensation Committee of the Board of Directors shall have the responsibility of recommending to the Board of Directors the fees and other compensation for directors. In discharging this duty, the committee shall be guided by the objective of ensuring that the level of compensation should fairly pay directors for work required in a company of the Corporation's size and scope. No director shall be involved in deciding his own remuneration during his incumbent term.

No director has been contracted and compensated by the Company for services other than as director.

Officers. Article IV Section 1 of the Company's Amended By-laws provide:

1. Officers, xxx The Board of Directors shall fix the compensation of the officers of the Corporation.

Below is the summary of the aggregate compensation paid or accrued during the last two (2) years and the ensuing fiscal year to the Company's Chief Executive Officer and four (4) other most highly compensated executive officers.

¹ Amendments to By-laws approved by the Board of Directors on 11 November 2020; approved by the SEC on 4 March 2021

* Elected as President of the Company on 19 February 2018 to present

** Elected as Chief Finance Officer/Compliance Officer effective 15 December 2018 and as Treasurer effective 1 January 2019; resigned as Treasurer on 14 May 2020; appointed Chief Risk Officer on 11 November 2020

*** Vice President and up; excludes managers and staff

[∞] Compensation consists of per diems; excludes ESOWN Plan shares

Starting in 2019, the management fees accrued/paid by the Company to ALI cover part of the compensation of executive officers of ALLHC (i.e., President/CEO, CFO/Treasurer, Group heads). In 2019 and 2020, the per diems of the ALI nominee-directors including that of the President, were paid to the nominating company, ALI or Ayala Corporation. For 2021, the directors will receive per diems as compensation, the amounts of which were approved by the stockholders in 2017.

The total annual compensation of all directors and senior personnel from managers and up was paid in cash.

(a) **Compensation of Directors**

Section 11 of Article II of the Amended By-laws provides that directors shall be entitled to receive from the Corporation, pursuant to a resolution of the Board of Directors, fees and other compensation for their services. In no case shall the total yearly compensation of Directors exceed ten percent (10%) of the net income before income tax of the Corporation during the preceding year.

The Personnel and Compensation Committee of the Board of Directors shall have the responsibility of recommending to the Board of Directors the fees and other compensation for directors. In discharging this duty, the committee shall be guided by the objective of ensuring that the level of compensation should fairly pay directors for work required in a company of the Corporation's size and scope.

i. **Standard Arrangement**

Members of the Board of Directors receive no compensation except reasonable director's fee or per diems as fixed by the Board of Directors at the end of the year, subject to approval of the stockholders. During the annual stockholders' meeting on 13 January 2017, the stockholders approved the resolution fixing the director's per diem of directors starting 2017 as follows:

Board meeting fee per meeting attended	P40,000.00
Committee meeting fee per meeting attended	P30,000.00

The total compensation, consisting of per diems, received by/accrued to each director in 2020 are as follows:

Director	Total Remuneration/Per Diem
Jose Emmanuel H. Jalandoni*	P330,000.00
Felipe U. Yap	330,000.00
Bernard Vincent O. Dy*	240,000.00
Maria Rowena M. Tomeldan*	570,000.00
Jaime Alfonso E. Zobel de Ayala*	120,000.00
Nathanael C. Go	240,000.00
Rex Ma. A. Mendoza	690,000.00
Renato O. Marzan	630,000.00
Cassandra Lianne S. Yap	410,000.00
Augusto D. Bengzon	180,000.00
Victor C. Say**	0

*Per diems were paid to their nominating company, ALI and Ayala Corporation

** term ended on 13 April 2020

ii. Other Arrangement

None of the non-executive directors has been contracted and compensated by the Company for services other than those provided as a director. The Company has no arrangement with regard to the compensation of its non-executive directors other than the compensation received as herein stated.

In 2020, the members of the Board who are officers of ALI or are executive officers of the Company were paid, through their nominating company, ALI or Ayala Corporation, per diems for Board and committee meetings attended. One of the Company's non-executive directors availed of the stock grant in 2018 under the ESOWN Plan of the Company. The details of the ESOWN Plan are discussed in Item 10 B – Warrants and Options Outstanding below. There were no stock grants after 2018.

(b) **Employment Contracts/Termination of Employment/Change-in Control Arrangements**

The present executive officers of the Company are regular employees of ALI and are covered by their respective engagement/employment contracts with ALI which provide for their functions corresponding to their position/rank.

There are no special terms or compensatory plans or arrangements relative to the resignation, termination of employment of such executive officers. No incumbent executive officer has been granted an ESOWN benefit by the Company.

The Company has no change-in-control arrangements with its executive officers.

B. Options Outstanding

In August 2015, the Board of Directors of the Company approved the Terms and Conditions of its ESOWN Plan covering 250 million common shares of the Company for its directors and employees as of June 30, 2015. The ESOWN Shares were issued in two (2) tranches: (i) Tranche 1 – covering 32 million shares; and (ii) Tranche 2 – covering 218 million shares (First Availment - 43 million shares, and Second Availment- 175 million shares).

Total number of shares subscribed under the ESOWN Plan are as follows: Tranche 1- 29,161,115 shares (excluding 144,485 shares returned to the Plan Pool); Tranche 2- First Availment- 26,629,700 shares; Tranche 2- Second Availment – 103,692,268 shares. Exercise price was P1.00 per share for Tranche 1 and P1.68 per share for Tranche 2. Except for Mr. Felipe U. Yap, no other incumbent director or executive officer of the Company was granted any ESOWN Plan shares.

There was no ESOWN availment after 31 December 2018.

Item 11. Security Ownership of Certain Beneficial Owners and Management

i. Security Ownership of Record and Beneficial Owners of more than 5% as of 31 March 2021:

* Includes share subscriptions under the Employees Stock Ownership (ESOWN) Plan

iii. Voting Trust Holders of 5% or More

The Company knows of no persons holding more than 5% of common shares under a voting trust or similar agreement.

iv. Change in Control of Registrant

No change in control in the Company has occurred since the beginning of its last fiscal year.

² Ayala Land, Inc. (ALI) is the parent of the Company

³ Under the By-laws and the Corporation Code, the ALI Board has the power to decide how ALI's shares are to be voted.

⁴ Each beneficial owner of shares through a PCD participant is the beneficial owner to the extent of the number of shares in his account with the PCD Participant. There is no PCD Participant who owns more than 5% of the shares of the Company.

Item 12. Certain Relationships and Related Transactions

- (1) The Company and its subsidiaries in their normal course of business, have entered into transactions with related parties principally consisting of noninterest-bearing advances, reimbursement of expenses, purchase of real estate property and purchase and sale of shares of stock, construction contracts, marketing, leasing, management and administrative service agreements. As disclosed in Note 17 of the Notes to Consolidated Financial Statements, the Company and the related parties have common stockholders.

The Company negotiates transactions with related parties on an arm's length basis, with due consideration of current market prices at the time of the transactions.

The Company's employees are required to disclose any business or family-related transactions with the Company to ensure that potential conflicts of interest situations are brought to the attention of Management.

There was no transaction during the last two (2) years, without proper disclosure, to which the Company was a party, in which any of the following persons had or is to have a direct or indirect material interest:

- a. Any director or executive officer of the Company;
- b. Any nominee for election as a director;
- c. Any security holder named in Item 4 (d) (i) and (ii) above; and
- d. Any member of the immediate family (including spouse, parents, children, siblings and in-laws) of any of the persons named in the immediately preceding subparagraphs (a) (b) and (c) hereof.

(2) Ownership Structure and Parent Company

As of 31 March 2021, ALI owns 70.90% of the total outstanding shares of the Company.

PART IV- CORPORATE GOVERNANCE

Item 13. Corporate Governance

Compliance with Corporate Governance

In 2017, the Corporation adopted a Manual on Corporate Governance (the "Manual") in compliance with the SEC directive. The Manual was updated in 2019 and 2020.

In 2020, the Company approved the amendment of certain provisions of the Manual which include, among others,

- (i) Requirement for three independent directors or 1/3 of the Board, whichever is higher;
- (ii) Quorum requirement for Board meetings is two-thirds (2/3) of the entire Board;
- (iii) Setting a Board diversity policy with respect to gender, such that the Corporation shall strive to have two (2) female directors by 2025;
- (iv) Non-executive directors and independent directors shall hold no more than five (5) directorships in any group of listed companies;
- (v) The Board allowed to meet by remote communication and other alternative modes of communications allowed by the Securities and Exchange Commission;
- (vi) Required minimum number of hours of continuing annual training of directors and key officers;
- (vii) Requiring a director to inform the Chairman and Corporate Governance and Nomination Committee before accepting a new directorship;
- (viii) The total compensation of directors shall not exceed ten percent (10%) of the income before tax of the Corporation during the preceding year;
- (ix) The Corporation has the option to hold stockholders' meeting virtually or by remote communication except upon request for a physical meeting by stockholder owning at least ten percent (10%) of its outstanding capital stock;
- (x) Notice of stockholders' meetings may be sent by electronic transmission or personal delivery or such other manner allowed by the SEC;
- (xi) Updated provision on the voting right of stockholders to include voting by remote communication or *in absentia*, electronically or otherwise and procedure for nomination of directors;
- (xii) Updated provision on right of minority shareholders to propose agenda items subject to reasonable advance notice and other guidelines provided by the Board consistent with applicable laws, rules and regulations of the SEC;
- (xiii) A Corporate Governance and Nomination Committee shall be composed of three (3) independent directors;
- (xiv) A Related Party Transactions Review Committee shall be composed of three (3) independent directors;
- (xv) The Chief Risk Officer (CRO) to report to the Board Risk Oversight Committee instead of Audit Committee;

- (xvi) Deletion of provision that the Chief Audit Executive shall be concurrent CRO;
- (xvii) The Chairman and Vice Chairman are not considered officers of the Corporation and updated functions of the Chairman;
- (xviii) The Compliance Officer was included in list of officers of the Corporation;
- (xix) Commitment of the Board to full disclosure of material information dealings, including non-financial information, with emphasis on the management of material economic, environment, social and governance issues of the business, which underpin sustainability, in line with the guiding principles and content elements of the Integrated Reporting framework and the Global Reporting Initiative Standards 2016;
- (xx) Inclusion and holding of analyst's briefings as channels of dissemination of public, material and relevant information; and
- (xxi) Setting arbitration as the alternative mode of intra-corporate dispute settlement, except those (i) involving claims of more than P1 million; (ii) those involving valuation of shares in appraisal proceedings; and (iii) those involving criminal offenses and interests of third persons.

The Board, together with top Management, approved the Corporation's updated vision and mission and core values. The Board sets the strategic objectives of the Company and ensures that the implementation of the strategies are in accordance with good governance practices and that internal control mechanism and procedures are in place. To evaluate performance, the Board and the committees conduct an annual self-assessment. The self-assessment forms are collated by the Compliance Officer and the results are reported to the Board and the respective committees. Every three (3) years, the Company will engage an external facilitator for the assessment of the Board's performance as provided in the Manual starting in 2019.

The Company's website, www.ayalalandlogistics.com, is updated regularly and contains the corporate information on the business and management of the Group, company policies, corporate governance reports and disclosures of the Company for the investors, stakeholders and public in general.

There was no material deviation from the Company's Manual. Mr. Felipe U. Yap, 83 years of age, was nominated and elected during the 2020 stockholders' meeting despite a provision in the Manual setting 80 years old as the retirement age for directors. The Corporate Governance and Nomination Committee and the Board approved his nomination in consideration of his relevant qualifications, competence and invaluable contribution to the Company. The Company has complied with the provisions of the Code of Corporate Governance for Publicly-Listed Companies (the "Code") (SEC Memorandum Circular No. 19, Series of 2016).

For the ensuing year, the Company will continue to improve its systems and procedures, and consider holding media briefings depending on the requirements of the Corporation.

PART V - EXHIBITS AND SCHEDULES

Item 14. Exhibits and Reports on SEC Form 17-C

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY
 FOR FINANCIAL STATEMENTS**

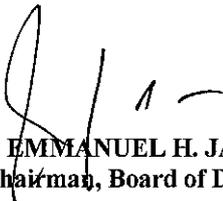

The management of AyalaLand Logistics Holdings Corp. (the Company) is responsible for the preparation and fair presentation of the consolidated financial statements including the schedules attached therein for the years ended December 31, 2020, 2019 and 2018, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the consolidated financial statements including the schedules attached therein, and submits the same to the stockholders.

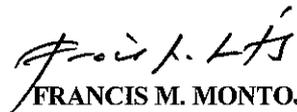

SyCip Gorres Velayo & Co., the independent auditor appointed by the stockholders, has audited the consolidated financial statements of the Company and its subsidiary in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

The Stockholders and the Board of Directors
AyalaLand Logistics Holdings Corp.

Opinion

We have audited the consolidated financial statements of AyalaLand Logistics Holdings Corp. (the Parent Company) and its subsidiaries (collectively referred to as "the Group"), which comprise the consolidated statements of financial position as at December 31, 2020 and 2019, and the consolidated statements of income, consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2020, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Group as at December 31, 2020 and 2019, and its financial performance and its cash flows for each of the three years in the period ended December 31, 2020, in accordance with Philippine Financial Reporting Standards (PFRSs).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Provisions and Contingencies

The Group is involved in certain disputes for which the Group has recognized provisions for probable expenses, which may be incurred, and disclosed relevant information about such contingencies. This matter is important to our audit because the assessment of the potential outcome or liability involves significant management judgment and estimation.

The Group's disclosures about provisions and contingencies are included in Note 28 to the consolidated financial statements.

Audit Response

We reviewed management's assessment on whether any provisions should be recognized, and the estimation of such amounts and performed inspection of relevant supporting documents. We discussed with management the status of the disputes. We also reviewed the disclosures on provisions in the Group's consolidated financial statements.

PFRS 16, Leases – Rent concessions and effects of COVID-19

In 2020, the Group granted various lease concessions such as lease payment holidays or lease reduction to the lessees of its commercial spaces as a response to the laws and regulations issued by the government mandating the granting of certain lease concession during the coronavirus pandemic. The Group evaluated that the lease concessions do not qualify as lease modification and accounted for these in the form of negative variable rent which the Group recorded when the "event or condition" that triggers it occurs (e.g., when the concession is given) regardless of the period to which the concession pertains. The Group's accounting of lease concession under PFRS 16 is significant to our audit because the Group has high volume of lease concessions granted during the period; the recorded amounts are material to the consolidated financial statements; and accounting for lease concession involves application of significant judgment and estimation in determining whether the lease concession will be accounted for as lease modification.

Audit Response

We obtained an understanding of the type, extent and periods covered of the various lease concessions granted by the Group, including the determination of the population of the lease contracts covered by the lease concession granted by the Group during the period. We tested the population of lease agreements by comparing the number of locations per operations report against lease contract database (or master list or other schedule/report used by the Group. On a test basis, we inspected the communications of the Group in connection with the lease concessions granted to the lessees and traced these contractual terms and conditions to the calculation of the financial impact of lease concession prepared by the management. We test computed the lease concession impact prepared by management on a sample basis. We obtained management assessment, and a legal opinion from the Group's external legal counsel supporting the assessment that the lease concession granted does not qualify as a lease modification. We involved our internal specialist in evaluating the legal basis supporting the management assessment and legal position.

Other Information

Management is responsible for Other Information. The Other Information comprises the information included in SEC Form 20 IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2020 but does not include the consolidated financial statements and our auditor's report thereon. The SEC Form 20 IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2020 are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover Other Information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read Other Information identified above when it becomes available and, in doing so, consider whether such information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

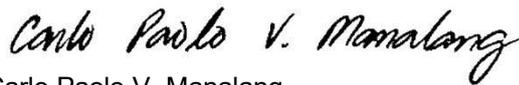

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

AYALALAND LOGISTICS HOLDINGS CORP. AND SUBSIDIARIES
(Formerly Prime Orion Philippines, Inc.)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Corporate and Group Information

Corporate Information

AyalaLand Logistics Holdings Corp. (ALLHC; the Parent Company) was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on May 19, 1989. The Parent Company's registered office address is 3rd Floor Glorietta 5, Ayala Center, Makati City. The Parent Company is a subsidiary of Ayala Land, Inc. (ALI). ALI's parent company is Ayala Corporation (AC). AC is 47.28% owned by Mermac, Inc. and the rest by the public as at December 31, 2020. Both ALI and AC are publicly-listed companies incorporated in the Philippines. The Parent Company is listed in the Philippine Stock Exchange.

ALLHC and its subsidiaries, collectively referred to as "the Group", have principal business interests in holding companies, commercial leasing, industrial lot sales and development, and retail electricity supply (see Note 26).

The accompanying consolidated financial statements of the Group as of December 31, 2020 and 2019, and for the years ended December 31, 2020, 2019 and 2018 were approved by the Board of Directors (BOD) in a meeting dated February 23, 2021.

Group Information

The consolidated financial statements include the accounts of the Parent Company and the following subsidiaries of the Group:

Subsidiaries	Nature of Business	Percentage of Ownership		
		2020	2019	2018
Laguna Technopark, Inc. (LTI)	Real Estate Development	95%	95%	75%
Ecozone Power Management, Inc. (EPMI)	Purchase, Supply and Delivery of Electricity	95%	95%	75%
Unity Realty Development Corporation (URDC)	Real Estate Development	100%	100%	–%

Orion Solutions, Inc. (OSI)*	Management Information Technology Consultancy Services	100%	100%	100%

* Inactive companies approved by their respective BOD for liquidation

All of the entities in the Group are incorporated in the Philippines.

The voting rights held by the Parent Company in its investments in subsidiaries are in proportion to its ownership interest.

LTI

LTI was incorporated on November 15, 1990 and is based in Laguna. LTI develops industrial parks and leases ready-built factory units and sells industrial lots to local and company locators.

On June 7, 2010, the BOD of LTI approved the setting up of a wholly owned subsidiary, EPMI, primarily to engage in the purchase, supply and delivery of electricity. EPMI was registered with the SEC on August 20, 2010.

URDC

URDC owns a property in Pampanga, a prime location for the new industrial park of ALLHC, which caters to light and medium, non-polluting enterprises, from both global and local markets. The development will complement the overall plans of the Group as it envisions Pampanga Technopark to be a world-class industrial township.

OLI

OLI operates commercial building composed of a 5-storey shopping center and a 6-storey business processing outsourcing office with a gross leasable area of 60,000 square meters located along National Road, Alabang, Muntinlupa City.

TPI

TPI operates the Tutuban Center, a commercial complex located in Manila City. The Tutuban Center, which sits on a 20-hectare property, will be the location of the North-South Railway Project (NSRP) Transfer Station which will interconnect with the LRT 2 West Station (see Note 10).

On April 1, 2015, TPI signed a Memorandum of Understanding (MOU) with the Department of Transportation and Communication (DOTC) (now the Department of Transportation or DOTr) and Philippine National Railways (PNR) to formalize the agreement to cooperate in the finalization and implementation of plans of the North-South Railway Project (NSRP).

LCVI

LCVI was a top manufacturer of ceramic floor and wall tiles in the Philippines and has a manufacturing plant in Laguna. In 2012, LCVI suspended its manufacturing operations and started renting out its warehouses in July 2014.

FPIC

In March 2017, FPIC surrendered its Certificate of Authority as it was no longer compliant with the net worth requirement of ₱550.00 million of the Insurance Commission (IC) as of December 31, 2016.

On April 20, 2017, the IC issued a Servicing License to FPIC, with authority limited to the following:

- a. accepting contract price payments from the policyholders;
- b. paying or settling claims arising under its non-life coverage; and/or,
- c. such other related services.

On September 7, 2018, the IC approved the Servicing Plan of FPIC. Based on the approved plan, FPIC has until April 19, 2019 to service policies expiring in 2019 and 2020 and to settle outstanding liabilities and obligations of FPIC.

On July 11, 2019, FPIC has submitted to the IC its request for the release of the security deposit. Based on IC Circular Letter No. 2013-35 (Guidelines on the Release of Security Deposit), the following applicability conditions have to be met before such request can be made:

1. The Company has no license to do insurance business; and
2. The Company is not under conservatorship, receivership or liquidation of the IC.

The above two (2) conditions have been met by FPIC.

On November 22, 2019, FPIC has applied for the renewal of its Servicing License with the IC for one year or until December 31, 2020. The said renewal of license was made to conform with one year 'waiting period' for the claimants to file, submit or report to the IC any claim against FPIC. The waiting period will commence from the last publication date of the 'Notice to the Public' regarding FPIC's request for the release of its security deposit.

On January 04, 2021, the Insurance Commission has approved FPIC's request for the termination of the servicing proceedings and withdrawal of the security deposit, subject to the following conditions,

1. The Company, through its President, shall submit to the Commission a duly Notarized Undertaking and Quit Claim;
2. With respect to FPIC's request for the withdrawal of security deposit, it is worth stressing that though the said fund is exclusively earmarked for the payment of the company's liabilities to its policyholders, as distinguished from its corporate liabilities, the Commission has opined that the same may be applied to the latter, since any excess in the security deposit will in effect convert the same to its corporate assets.
3. The Commission has approved FPIC's withdrawal of security deposit, which shall be less by the value of the company's outstanding liabilities to its policyholders and other creditors, subject to the company's submission of the original or certified true copy of the notarized list of all outstanding liabilities.

FPIC's full compliance to the above conditions will trigger the Commission to proceed in the processing of the said request by publishing the required Notice of Withdrawal, as well as its issuance of the Certificate of Withdrawal, declaring FPIC's insurance business in the Philippines as officially withdrawn.

Inactive Companies

On September 2, 2016, the BOD of OMI and OSI approved and authorized the dissolution and liquidation of OMI and OSI by shortening their corporate term up to December 31, 2016.

On October 20, 2017, the BOD of OIHPI, OBI, LHVHI and TPIHC approved and authorized the dissolution and liquidation of these companies by shortening their corporate term up to December 31, 2017.

Business Combination

LTI

On April 30, 2018, ALLHC entered into a Deed of Exchange with ALI whereby ALI agreed to subscribe to 1,225,370,620 additional shares in ALLHC in exchange for ALI's 30,186 shares in LTI, with a fair market value of ₱3,030.75 million. Accordingly, the Group paid documentary stamp tax amounting to ₱12.25 million on the original issuance of shares offset against additional paid-in capital.

The acquisition resulted to LTI becoming a subsidiary of ALLHC. Both ALLHC and LTI are under the common control of ALI. The acquisition was accounted for using the pooling of interests method.

Acquisition of URDC

On July 19, 2019, the Parent Company acquired from previous individual stockholders their entire outstanding shares of URDC representing 100% ownership.

The Parent Company partially paid the previous individual stockholders amounting to ₱1,184.70 million representing 50% of the total value of the shares. In September 2020, the Parent Company paid the first installment amounting to ₱716.84 million. The Parent Company will settle the remaining balance amounting to ₱477.89 million on September 16, 2021, this is lodged in Accounts payable and accrued expenses (see Note 14). This is accounted for as acquisition of an asset that

does not constitute a business because the Group did not acquire a substantive process that significantly contribute to the ability to create outputs in order to be classified as a business. The Group allocated the acquisition cost to inventory and investment property based on relative fair values (see Notes 6 and 10).

Acquisition of Non-controlling Interest

On June 10, 2019, ALLHC purchased additional 8,051 LTI shares from ALI for a total consideration of ₱800.00 million, resulting to an increase in ownership in LTI from 75% to 95%. Accordingly, non-controlling interest decreased by ₱553.74 million and equity reserve increased by ₱246.26 million.

Material Partly-Owned Subsidiaries with Material Economic Ownership Interest

Information of the subsidiary that have material non-controlling economic interests follows:

LTI

	2020	2019	2018
	<i>(In Thousands, except for %)</i>		
Proportion of equity interests held by non-controlling interest	1.21%	1.09%	6.34%
Voting rights held by non-controlling interest	5%	5%	25%

Effect of exchange rates changes	-	-	711
Net increase (decrease) in cash and cash equivalents	₱15,420	(₱87,544)	₱23,393

2. Summary of Significant Accounting and Financial Reporting Policies

Basis of Preparation

The consolidated financial statements have been prepared on a historical cost basis, except for the debt and equity financial assets measured at fair value. The consolidated financial statements are presented in Philippine Peso, which is the Parent Company's functional currency. All amounts are rounded off to the nearest thousand (₱1,000), except when otherwise indicated.

The consolidated financial statements provide comparative information in respect of the previous period.

Statement of Compliance

The consolidated financial statements of the Group have been prepared in compliance with Philippine Financial Reporting Standards (PFRSs), which include the availment of the relief granted by the SEC under Memorandum Circular Nos. 14-2018 and 3-2019, that deferred the implementation of the following accounting pronouncements until December 31, 2020. These accounting pronouncements address the issues of PFRS 15, *Revenue from Contracts with Customers affecting the real estate industry*.

- a. Deferral of the following provisions of the Philippine Interpretations Committee (PIC) Q&A 2018-12, PFRS 15 Implementation Issues Affecting Real Estate Industry
 - Treatment of land in the determination of the percentage-of-completion (POC);
 - Assessing if the transaction price includes a significant financing component (as amended by PIC Q&A 2020-04);
 - Treatment of uninstalled materials in the determination of the POC (as amended by PIC Q&A 2020-02); and
 - Accounting to Common Usage Service Area (CUSA) Charges
- b. Deferral of the adoption of PIC Q&A 2018-14: Accounting for Cancellation of Real Estate Sales (as amended by PIC Q&A 2020-05)

In December 2020, the SEC issued MC No. 34-2020, allowing the further deferral of the adoption of provisions (a) and (b) of PIC Q&A 2018-12 and the IFRIC Agenda Decision on Borrowing Cost, for another (three) 3 years or until December 31, 2023.

PFRSs include Philippine Financial Reporting Standards, Philippine Accounting Standards and Interpretations issued by the Philippine Interpretations Committee (PIC).

Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Group as of December 31, 2020 and 2019 and for each of the three years in the period ended December 31, 2020.

Subsidiaries are consolidated from the date on which control is transferred to the Group and cease to be consolidated from the date on which control is transferred out of the Group. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the group ceases control over a subsidiary.

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- a. power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee);
- b. exposure, or rights, to variable returns from its involvement with the investee; and
- c. the ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- a. the contractual arrangement with the other vote holders of the investee;
- b. rights arising from other contractual arrangements; and
- c. the Group's voting rights and potential voting rights.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

The financial statements of the subsidiaries are prepared for the same accounting period as the Parent Company using uniform accounting policies. All significant intercompany transactions and balances between and among the Group, including intercompany profits and unrealized profits, are eliminated in the consolidation.

Non-controlling interests represent the portion of profit or loss and net assets in the subsidiaries not held by the Group and are presented separately in the consolidated statement of income, consolidated statement of comprehensive income and within equity in the consolidated statement of financial position, separately from the equity holders of the parent.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity as "Equity reserve" and attributed to the owners of the Parent Company.

If the Group loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, non-controlling interests and other components of equity, while the resultant gain or loss is recognized in profit or loss. Any investment retained is recognized at fair value.

Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of new standards effective as at January 1, 2020. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Unless otherwise indicated, adoption of these new standards did not have an impact on the consolidated financial statements of the Group.

- Adoption of PIC Q&A 2020-03, Q&A No. 2018-12-D: STEP 3- On the accounting of the difference when the percentage of completion is ahead of the buyer's payment

PIC Q&A 2020-03 was issued by the PIC on September 30, 2020. The latter aims to provide an additional option to the preparers of financial statements to present as receivables, the difference between the POC and the buyer's payment, with the POC being ahead. This PIC Q&A is consistent with the PIC guidance issued to the real estate industry in September 2019.

- Amendments to PFRS 3, *Business Combinations, Definition of a Business*
The amendments to PFRS 3 clarifies that to be considered a business, an integrated set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output. Furthermore, it clarifies that a business can exist without including all of the inputs and processes needed to create outputs. These amendments may impact future periods should the Group enter into any business combinations.

- Amendments to PFRS 7, *Financial Instruments: Disclosures* and PFRS 9, *Financial Instruments, Interest Rate Benchmark Reform*

The amendments to PFRS 9 provide a number of reliefs, which apply to all hedging relationships that are directly affected by the interest rate benchmark reform. A hedging relationship is affected if the reform gives rise to uncertainties about the timing and or amount of benchmark-based cash flows of the hedged item or the hedging instrument.

- Amendments to PAS 1, *Presentation of Financial Statements*, and PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors, Definition of Material*

The amendments provide a new definition of material that states “information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.”

The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users.

- Conceptual Framework for Financial Reporting issued on March 29, 2018

The Conceptual Framework is not a standard, and none of the concepts contained therein override the concepts or requirements in any standard. The purpose of the Conceptual Framework is to assist the standard-setters in developing standards, to help preparers develop consistent accounting policies where there is no applicable standard in place and to assist all parties to understand and interpret the standards.

The revised Conceptual Framework includes new concepts, provides updated definitions and recognition criteria for assets and liabilities and clarifies some important concepts.

- Amendments to PFRS 16, *COVID-19-related Rent Concessions*

The amendments provide relief to lessees from applying the PFRS 16 requirement on lease modifications to rent concessions arising as a direct consequence of the COVID-19 pandemic. A lessee may elect not to assess whether a rent concession from a lessor is a lease modification if it meets all of the following criteria:

- The rent concession is a direct consequence of COVID-19;
- The change in lease payments results in a revised lease consideration that is substantially the same as, or less than, the lease consideration immediately preceding the change;
- Any reduction in lease payments affects only payments originally due on or before June 30, 2021; and
- There is no substantive change to other terms and conditions of the lease.

A lessee that applies this practical expedient will account for any change in lease payments resulting from the COVID-19 related rent concession in the same way it would account for a change that is not a lease modification, i.e., as a variable lease payment.

The amendments are effective for annual reporting periods beginning on or after June 1, 2020. Early adoption is permitted.

The Group adopted the amendments beginning January 1, 2020. The rent concessions did not have a material impact on the Group as lessees.

Future Changes in Accounting Policies

Pronouncements issued but not yet effective are listed below. Unless otherwise indicated, the Group does not expect that the future adoption of the said pronouncements will have a significant impact on its consolidated financial statements. The Group intends to adopt the following pronouncements when they become effective.

Effective beginning on or after January 1, 2021

- Amendments to PFRS 9, PFRS 7, PFRS 4 and PFRS 16, *Interest Rate Benchmark Reform – Phase 2*

The amendments provide the following temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR):

- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform
- Relief from discontinuing hedging relationships
- Relief from the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component

The Group shall also disclose information about:

- The about the nature and extent of risks to which the entity is exposed arising from financial instruments subject to IBOR reform, and how the entity manages those risks; and
- Their progress in completing the transition to alternative benchmark rates, and how the entity is managing that transition

The amendments are effective for annual reporting periods beginning on or after January 1, 2021 and apply retrospectively, however, the Group is not required to restate prior periods.

Effective beginning on or after January 1, 2022

- Amendments to PFRS 3, *Reference to the Conceptual Framework*

The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements. The amendments added an exception to the recognition principle of PFRS 3, *Business Combinations* to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of PAS 37, *Provisions, Contingent Liabilities and Contingent Assets* or Philippine-IFRIC 21, *Levies*, if incurred separately.

At the same time, the amendments add a new paragraph to PFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

The amendments are effective for annual reporting periods beginning on or after 1 January 2022 and apply prospectively.

- Amendments to PAS 16, *Plant and Equipment: Proceeds before Intended Use*

The amendments prohibit entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 and must be applied retrospectively to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity first applies the amendment.

The amendments are not expected to have a material impact on the Group.

- *Amendments to PAS 37, Onerous Contracts – Costs of Fulfilling a Contract*

The amendments specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022. The Group will apply these amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments.

- *Annual Improvements to PFRSs 2018-2020 Cycle*

- *Amendments to PFRS 1, First-time Adoption of Philippines Financial Reporting Standards, Subsidiary as a first-time adopter*

The amendment permits a subsidiary that elects to apply paragraph D16(a) of PFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent’s date of transition to PFRS. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of PFRS 1.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact on the Group.

- *Amendments to PFRS 9, Financial Instruments, Fees in the ‘10 per cent’ test for derecognition of financial liabilities*

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other’s behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 with earlier adoption permitted. The Group will apply the amendments to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment. The amendments are not expected to have a material impact on the Group.

- *Amendments to PAS 41, Agriculture, Taxation in fair value measurements*

The amendment removes the requirement in paragraph 22 of PAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of PAS 41.

An entity applies the amendment prospectively to fair value measurements on or after the beginning of the first annual reporting period beginning on or after January 1, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact on the Group.

Effective beginning on or after January 1, 2023

- Amendments to PAS 1, *Classification of Liabilities as Current or Non-current*

The amendments clarify paragraphs 69 to 76 of PAS 1, *Presentation of Financial Statements*, to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

The amendments are effective for annual reporting periods beginning on or after January 1, 2023 and must be applied retrospectively.

- PFRS 17, *Insurance Contracts*

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, *Insurance Contracts*. This new standard on insurance contracts applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

PFRS 17 is effective for reporting periods beginning on or after January 1, 2023, with comparative figures required. Early application is permitted.

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial Reporting Standards Council deferred the original effective date of January 1, 2016 of the said amendments until the International Accounting Standards Board (IASB) completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

- *Deferral of Certain Provisions of PIC Q&A 2018-12, PFRS 15 Implementation Issues Affecting the Real Estate Industry (as amended by PIC Q&As 2020-02 and 2020-04)*

On February 14, 2018, the PIC issued PIC Q&A 2018-12 which provides guidance on some PFRS 15 implementation issues affecting the real estate industry. On October 25, 2018 and February 08, 2019, the SEC issued SEC MC No. 14-2018 and SEC MC No. 3-2019, respectively, providing relief to the real estate industry by deferring the application of certain provisions of this PIC Q&A for a period of three years until December 31, 2020.

On December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020 which further extended the deferral of certain provisions of this PIC Q&A until December 31, 2023. A summary of the PIC Q&A provisions covered by the SEC deferral and the related deferral period follows:

	Deferral Period
a. Assessing if the transaction price includes a significant financing component as discussed in PIC Q&A 2018-12-D (as amended by PIC Q&A 2020-04)	Until December 31, 2023
b. Treatment of land in the determination of the POC discussed in PIC Q&A 2018-12-E	Until December 31, 2023
c. Treatment of uninstalled materials in the determination of the POC discussed in PIC Q&A 2018-12-E (as amended by PIC Q&A 2020-02)	Until December 31, 2020
d. Accounting for CUSA Charges discussed in PIC Q&A No. 2018-12-H	Until December 31, 2020

The SEC Memorandum Circulars also provided the mandatory disclosure requirements should an entity decide to avail of any relief. Disclosures should include:

- The accounting policies applied.
- Discussion of the deferral of the subject implementation issues in the PIC Q&A.
- Qualitative discussion of the impact on the financial statements had the concerned application guidelines in the PIC Q&A been adopted.
- Should any of the deferral options result into a change in accounting policy (e.g., when an entity excludes land and/or uninstalled materials in the POC calculation under the previous standard but opted to include such components under the relief provided by the circular), such accounting change will have to be accounted for under PAS 8, i.e., retrospectively, together with the corresponding required quantitative disclosures.

In November 2020, the PIC issued the following Q&As which provide additional guidance on the real estate industry issues covered by the above SEC deferrals:

- PIC Q&A 2020-04, which provides additional guidance on determining whether the transaction price includes a significant financing component
- PIC Q&A 2020-02, which provides additional guidance on determining which uninstalled materials should not be included in calculating the POC

After the deferral period, real estate companies would have to adopt PIC Q&A No. 2018-12 and any subsequent amendments thereto retrospectively or as the SEC will later prescribe.

The Group availed of the SEC reliefs to defer the above specific provisions of PIC Q&A No. 2018-12. Had these provisions been adopted, the Group assessed that the impact would have been as follows:

- a. The mismatch between the POC of the real estate projects and right to an amount of consideration based on the schedule of payments provided for in the contract to sell might constitute a significant financing component. The Group has yet to assess if the mismatch constitutes a significant financing component for its contracts to sell but does not expect the provision to have a material impact on the consolidated financial statements.
 - b. The exclusion of land and uninstalled materials in the determination of POC would have the percentage of completion of real estate projects. The Group does not expect this provision to have any impact on the consolidated financial statements.
 - c. Had the Group accounted for the revenue from air-conditioning services, CUSA and handling services as principal, this would have resulted in the gross presentation of the related revenue, costs and expenses. Currently, the related revenue is presented net of costs and expenses. There is no impact on opening retained earnings, income and expense and the related balance sheet accounts.
- *IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23, Borrowing Cost)*

In March 2019, IFRIC published an Agenda Decision on whether borrowing costs can be capitalized on real estate inventories that are under construction and for which the related revenue is/will be recognized over time under paragraph 35(c) of IFRS 15 (PFRS 15). IFRIC concluded that borrowing costs cannot be capitalized for such real estate inventories as they do not meet the definition of a qualifying asset under Philippine Accounting Standards (PAS) 23, *Borrowing Costs*, considering that these inventories are ready for their intended sale in their current condition.

The Group does not expect the IFRIC Agenda Decision to have a material impact on the consolidation financial statements as the Group does not have pre-selling activities.

On February 11, 2020, the Philippine SEC issued Memorandum Circular No. 4-2020, providing relief to the Real Estate Industry by deferring the mandatory implementation of the above IFRIC Agenda Decision until December 31, 2020. Further, on December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020, which extends the relief on the application of the IFRIC Agenda Decision provided to the Real Estate Industry until December 31, 2023. Effective January 1, 2024, the Real Estate Industry will adopt the IFRIC agenda decision and any subsequent amendments thereto retrospectively or as the SEC will later prescribe. A real estate company may opt not to avail of the deferral and instead comply in full with the requirements of the IFRIC Agenda Decision.

- *Deferral of PIC Q&A 2018-14, Accounting for Cancellation of Real Estate Sales (as amended by PIC Q&A 2020-05)*

On June 27, 2018, PIC Q&A 2018-14 was issued providing guidance on accounting for cancellation of real estate sales. Under SEC MC No. 3-2019, the adoption of PIC Q&A No. 2018-14 was deferred until December 31, 2020. After the deferral period, real estate companies will adopt PIC Q&A No. 2018-14 and any subsequent amendments thereto retrospectively or as the SEC will later prescribe.

On November 11, 2020, PIC Q&A 2020-05 was issued which supersedes PIC Q&A 2018-14. This PIC Q&A adds a new approach where the cancellation is accounted for as a modification of the contract (i.e., from non-cancellable to being cancellable). Under this approach, revenues and related costs previously recognized shall be reversed in the period of cancellation and the inventory shall be reinstated at cost. PIC Q&A 2020-05 will have to be applied prospectively from approval date of the Financial Reporting Standards Council which was November 11, 2020.

The Group is still evaluating the approach to be availed among the existing options.

As prescribed by SEC MC No. 34-2020, for financial reporting periods beginning on or after January 1, 2021, the availment of the above deferral will impact the Group's financial reporting during the period of deferral as follows:

- a. The financial statements are not considered to be in accordance with PFRS and should specify in the "*Basis of Preparation of the Financial Statements*" section of the financial statements that the accounting framework is:

PFRS, as modified by the application of the following financial reporting reliefs issued and approved by the Securities and Exchange Commission in response to the COVID-19 pandemic

- b. The Auditor's report will:
- reflect in the Opinion paragraph that the financial statements are prepared in accordance with the compliance framework described in the notes to the financial statements; and
 - include an Emphasis of Matter paragraph to draw attention to the basis of accounting that has been used in the preparation of the financial statements.

Upon full adoption of the above deferred guidance, the accounting policies will have to be applied using full retrospective approach following the guidance under PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors*.

Current versus Noncurrent Classification

The Group presents assets and liabilities in its statement of financial position based on a current and noncurrent classification.

An asset is current when it is:

- a. Expected to be realized or intended to be sold or consumed in normal operating cycle;
- b. Held primarily for the purpose of trading;
- c. Expected to be realized within twelve months after the reporting period; or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- a. It is expected to be settled in normal operating cycle;
- b. It is held primarily for the purpose of trading;
- c. It is due to be settled within twelve months after the reporting period; or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as noncurrent.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

Reclassifications

In 2020, the Group assessed that it expects to realize investments in FVOCI more than one year from reporting date, which would require non-current classification. Management believes that the presentation of the consolidated statement of financial position as at the beginning of the earliest period presented is not necessary as the reclassifications have no significant impact on the Group's total assets as of January 1, 2019. Reclassification of FVOCI from current to noncurrent as of December 31, 2019 is presented as follows:

	December 31, 2019 As previously reported	Reclassification	December 31, 2019 As adjusted
Current Assets			
Current portion of FVOCI	P644,746	(P644,746)	P-
Noncurrent Assets			
Noncurrent portion of FVOCI	-	644,746	644,746
	P644,746	P-	P644,746

The reclassifications did not impact the consolidated statement of cash flows for the year ended December 31, 2019.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: (i) in the principal market for the asset or liability, or (ii) in the absence of a principal market, the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For financial assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at each end of the reporting period.

The fair value of financial instruments that are actively traded in organized financial markets is determined by reference to quoted market close prices at the close of business at the end of the reporting period. Financial instruments for which the fair value cannot be reasonably determined are carried at cost less any impairment in value.

For financial instruments where there is no active market, fair value is determined using valuation techniques. Such techniques include comparison to similar investments for which market observable prices exist and discounted cash flow analysis or other valuation models.

For the purpose of fair value disclosures, the Group has determined the classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

Cash and Cash Equivalents

Cash includes cash on hand and in banks. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash with original maturities of three (3) months or less from dates of placement and that are subject to an insignificant risk of change in value.

Financial Instruments

Date of recognition

The Group recognizes a financial asset or a financial liability in the consolidated statement of financial position when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the settlement date.

a. Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. The Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

Financial assets at amortized cost

This category is the most relevant to the Group. The Group measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Group's financial assets at amortized cost includes cash and cash equivalents, short-term investments, receivables and amounts owed to related parties.

Disposal of financial assets at amortized cost

When financial assets at amortized cost are disposed, these are assessed whether the Group is consistent with its objective of collecting contractual cash flows until maturity. In the event that disposals have been concluded as infrequent and insignificant, the financial assets continue to be accounted at amortized cost (see Note 5).

Financial assets at fair value through OCI (debt instruments)

The Group measures debt instruments at fair value through OCI if both of the following conditions are met:

- (a) The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and;
- (b) Selling and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognized in profit or loss and computed in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI. Upon derecognition, the cumulative fair value change recognized in OCI is recycled to profit or loss.

The Group's debt instruments at fair value through OCI includes government securities owned by the Group.

Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under PAS 32, *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognized as other income in profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Group's financial assets at fair value through OCI includes investments in quoted and unquoted equity instruments.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the consolidated statement of financial position at fair value with net changes in fair value recognized in profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the consolidated statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or,
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Group also recognized an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

The Group recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from other credit enhancements (e.g. lessee's deposit) that are integral to the contractual terms.

For trade receivables except real estate receivable, the Group applies a simplified approach in calculating ECLs. The Group does not track changes in credit risk, instead, recognizes a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Vintage approach accounts for expected credit losses by calculating the cumulative loss rates of a given real estate receivable pool. It derives the probability of default from the historical data of a homogenous portfolio that share the same origination period. The information on the number of defaults during fixed time intervals of the accounts is utilized to create the probability of default model. It allows the evaluation of the loan activity from its origination period until the end of the contract period. In addition to primary drivers like macroeconomic indicators of qualitative factors such as, but not limited to, forward-looking data on inflation rate was added to the expected loss calculation to reach a forecast supported by both quantitative and qualitative data points.

The probability of default is applied to the estimate of the loss arising on default which is based on the difference between the contractual cash flows due and those that the Group would expect to receive, including from the repossession of the subject real estate property, net of cash outflows. For purposes of calculating loss given default, accounts are segmented based on the type of facility. In calculating the recovery rates, the Group considered collections of cash and/or cash from resale of real estate properties after foreclosure, net of direct costs of obtaining and selling the real estate properties after the default event such as commission and refurbishment. As these are future cash

flows, these are discounted back to the time of default using the appropriate effective interest rate, usually being the original effective interest rate (EIR) or an approximation thereof.

The Group considers a financial asset in default generally when contractual payments are 30 days past due for commercial leasing and 90 days past due for real estate and property development or when sales are cancelled supported by a notarized cancellation letter executed by the Group and customer. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group.

For other financial assets such as nontrade receivables, insurance receivables, amounts owed by related parties, refundable deposits and other receivables, ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For cash and cash equivalents and short-term investments, the Group applies the low credit risk simplification. The Group uses the ratings from Standard and Poor's (S&P), Moody's and Fitch to determine whether the debt instrument has significantly increased in credit risk (i.e., no longer low credit risk). The probability of default and loss given defaults are publicly available and are used by the Group to estimate ECLs. It is the Group's policy to measure ECLs on such instruments on a 12-month basis. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL.

The Group's debt instruments at fair value through OCI comprise solely of government securities. The Group considers a debt investment security to have low credit risk when its credit risk rating is equivalent to the globally understood definition of 'investment grade'.

b. Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include "Accounts payable and accrued expenses" (other than "Taxes payable" which is covered by other accounting standard), "Amounts owed to related parties", "Subscriptions payable", "Rental and other deposits" and "Lease liabilities".

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by PFRS 9. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in PFRS 9 are satisfied. The Group has not designated any financial liability as at fair value through profit or loss.

Other Financial Liabilities

This is the category most relevant to the Group and includes liabilities arising from operations.

Other financial liabilities are recognized initially at fair value and are subsequently carried at amortized cost, taking into account the impact of applying the effective interest method of amortization (or accretion) for any related premium, discount and any directly attributable transaction costs. Gains and losses on other financial liabilities are recognized in the consolidated statement of income when the liabilities are derecognized, as well as through the amortization process.

The Group's accounts payable and accrued expenses and rental and others deposits are classified in this category.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in profit or loss.

c. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Real Estate Held for Sale and Development

Real estate held for sale and development is carried at the lower of cost and NRV. NRV is the selling price in the ordinary course of business, less the costs of completion, marketing and distribution. Cost includes acquisition cost of the land plus development and improvement costs. Borrowing costs incurred on loans obtained to finance the improvements and developments of real estate held for sale and development are capitalized while development is in progress.

Other Current Assets

Other current assets are resources that the Group expects to consume or realize within its operating cycle. These are carried at cost, less any impairment in value. Included under these are creditable withholding taxes (CWTs), input value added tax (VAT), and prepayments.

CWTs

CWTs represent taxes withheld by the Group's customer on sale of goods and services which are claimed against income tax due. The excess over the income tax payable is either carried over in the succeeding period for the same purpose or claimed for refund.

VAT

Revenues, expenses, and assets are recognized net of the amount of VAT, if applicable.

When VAT from sales of goods and/or services (output VAT) exceeds VAT passed on from purchases of goods or services (input VAT), the excess is recognized as payable in the consolidated statement of financial position. When VAT passed on from purchases of goods or services (input VAT) exceeds VAT from sales of goods and/or services (output VAT), the excess is recognized as an asset in the consolidated statement of financial position to the extent of the recoverable amount.

The net amount of VAT recoverable from the taxation authority is included as part of "Other current assets" and Other noncurrent assets" in the consolidated statement of financial position.

Prepayments

Prepayments are expenses paid in advance and recorded as asset before they are utilized. Prepaid expenses are apportioned to expense over the period covered by the payment and charged to the appropriate expense accounts when incurred.

Investment Properties

The Group's investment properties include properties utilized in its mall operations, commercial building and certain land and land improvements which are held for rentals while the rest of the land is held for capital appreciation.

Investment properties are stated at cost less accumulated depreciation and any accumulated impairment losses. Land is stated at cost less any impairment in value.

Expenditures incurred after the investment property has been put in operation, such as repairs and maintenance costs, are normally charged against income in the period in which the costs are incurred.

Depreciation and amortization of investment properties are computed using the straight-line method over the estimated useful lives of the investment properties as follows:

	<u>Useful life in years</u>
Land improvements	30
Buildings and improvements	7-40
Machineries and equipment	9-25

Leasehold improvements are amortized on a straight-line basis over the estimated useful lives or the term of the lease, whichever is shorter.

The estimated useful lives and the depreciation and amortization method are reviewed periodically to ensure that the period and method of depreciation and amortization are consistent with the expected pattern of economic benefits from items of investment properties.

Investment properties are derecognized when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

Transfers are made to or from investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the deemed cost for subsequent accounting is the fair value at the date of change in use. If owner-occupied property becomes an investment property, the Group accounts for such property in accordance with the policy stated under property and equipment up to the date of change in use.

The Group classifies its buildings and improvements and land and improvements either as investment property or owner-occupied property based on its current intentions where it will be used. When buildings and improvements as well as land and improvements are held for capital appreciation or when management is still undecided as to its future use, it is classified as investment property. Buildings and improvements and land and improvements which are held for rent are classified as investment properties.

Constructions-in-progress

The Group's constructions-in-progress are carried at cost and transferred to the related investment property account when the construction and related activities to prepare the property for its intended use are complete, and the property is ready for occupation.

Property and Equipment

Property and equipment are carried at cost, less accumulated depreciation, amortization and any impairment in value. The initial cost of property and equipment consists of its purchase price, including import duties, taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after the property and equipment have been put into operation, such as repairs and maintenance and overhaul costs, are normally charged to operations in the year in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefit expected to be obtained from the use of an item of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as an additional cost of property and equipment.

Depreciation and amortization are calculated on a straight-line basis over the estimated useful life of the property and equipment as follows:

	<u>Useful life in years</u>
Leasehold improvements	3-5
Machinery and equipment	5-10
Transportation equipment	5
Furniture, fixtures and equipment	3-5

Leasehold improvements are amortized on a straight-line basis over three (3) to five (5) years or the term of the lease, whichever is shorter.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year the asset is derecognized.

The residual values, useful lives and depreciation and amortization method are reviewed and adjusted if appropriate, at each end of the reporting period.

Fully depreciated assets are retained in the accounts until these are no longer in use. When assets are sold or retired, the cost and the related accumulated depreciation and amortization and any impairment in value are derecognized and any gain or loss resulting from their disposal is included in profit or loss.

Software Costs

Acquired software license is capitalized on the basis of costs incurred to acquire and bring to use the specific software. Software license is amortized on a straight-line basis over its estimated useful life of three (3) to four (4) years. Costs associated with the development or maintenance of computer software programs are recognized as expense when incurred in profit or loss.

An item of software license is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on de-recognition of the asset is included in profit or loss in the year the items is derecognized.

The Group's capitalized software costs includes purchase price payments for new software and other directly related costs necessary to bring the asset to its intended use.

Other Noncurrent Assets

Other noncurrent assets consist of advance rental, deferred acquisition cost, refundable deposits, deferred input VAT, spare parts and supplies and other prepayments that will be consumed twelve (12) months after each end of the reporting period.

Deferred Acquisition Costs

Costs incurred in relation to the acquisition of insurance contracts such as commissions are deferred and charged to commission expense in proportion to premium revenue recognized.

Subsequent to initial recognition, these costs are amortized using the 24th method where the deferred acquisition cost pertains to the commissions for the last two months of the year. Amortization is charged to profit or loss. The unamortized acquisition costs are shown as “Deferred acquisition cost” under “Other noncurrent assets”.

Advances to suppliers and contractors

These are carried at cost less impairment losses, if any.

Impairment of Nonfinancial Assets

Inventories and Real Estate Held for Sale and Development

The Group recognizes provision for inventory losses when the net realizable values of inventory items become lower than the costs due to obsolescence or other causes. Obsolescence is based on the physical and internal condition of inventory items. Obsolescence is also established when inventory items are no longer marketable. Obsolete goods, when identified, are written down to their net realizable values.

Investment Properties, Property and Equipment, Software Costs and Right-of-use Assets

The Group assesses at each end of the reporting period whether there is an indication that investment properties, property and equipment and software costs may be impaired. If any such indication exists and where the carrying values exceed the estimated recoverable amounts, the assets or cash-generating units (CGU) are written down to their estimated recoverable amounts. The estimated recoverable amount of an asset is the greater of fair value less cost to sell and value in use. The fair value less cost to sell is the amount obtainable from the sale of an asset in an arm's-length transaction less the costs of disposal while value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For an asset that does not generate largely independent cash inflows, the estimated recoverable amount is determined for the CGU to which the asset belongs. Impairment losses of continuing operations are recognized in profit or loss in those expense categories consistent with the function of the impaired asset.

Recovery of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the asset no longer exist or have decreased. The recovery is recorded in the consolidated statement of income. However, the increased carrying amount of an asset due to a recovery of an impairment loss is recognized to the extent that it does not exceed the carrying amount that would have been determined had no impairment loss been recognized for that asset in prior years.

Nonfinancial Other Current and Noncurrent Assets

The Group first assesses whether there are indications of impairment on nonfinancial other current and noncurrent assets. When indicators exist, the Group estimates the recoverable amount of the asset and recognizes impairment loss in profit or loss to reduce the carrying amount to the recoverable value.

Insurance contracts

Insurance contracts are defined as those containing significant insurance risk at the inception of the contract, or those where at the inception of the contract, there is a scenario with commercial substance where the level of insurance risk may be significant over time. The significance of insurance risk is dependent on both the probability of an insured event and the magnitude of its potential effect. As a general guideline, the Group defines significant insurance risk by comparing

benefits paid with benefits payable if the insured event did not occur. Once a contract has been classified as an insurance contract, it remains an insurance contract for the remainder of its lifetime, even if the insurance risk reduces significantly during this period, unless all rights and obligations are extinguished or has expired. Investment contracts can, however, be reclassified as insurance contracts after inception if the insurance risk becomes significant.

Recognition and Measurement

a) Premium Revenue

Premiums from short-duration insurance contracts are recognized as revenue over the period of the contracts using the 24th method where the provision for unearned premiums pertains to the premiums for the last two months of the year. The portion of the premiums written that relates to the unexpired periods of the policies at financial reporting dates is accounted for as "Reserve for unearned premiums" and shown as part of "Accounts payable and accrued expenses" in the statement of financial position. The related reinsurance premiums ceded that pertain to the unexpired periods at financial reporting dates are accounted for as "Deferred reinsurance premiums" and shown under "Other noncurrent assets" in the consolidated statement of financial position. The net changes in these accounts between financial reporting dates are charged to or credited against profit or loss.

b) Insurance Contract Liabilities

Insurance contract liabilities are recognized when contracts are entered into and premiums are charged.

Reserve for Unearned Premiums

The proportion of written premiums, gross of commissions payable to intermediaries, attributable to subsequent periods is deferred as reserve for unearned premiums using the 24th method. The change in the reserve for unearned premiums is taken to profit or loss in the order that revenue is recognized over the period of risk.

Claims Provision and Incurred but not Reported (IBNR) losses

Outstanding claims provision are based on the estimated ultimate cost of all claims incurred but not settled at the financial reporting date, whether reported or not, together with related claims handling costs and reduction for the expected value of salvage and other recoveries. Delays can be experienced in the notification and settlement of certain types of claims, therefore the ultimate cost of which cannot be known with certainty at the reporting date. Provision for IBNR losses is calculated based on standard actuarial projection techniques.

The liability is not discounted for the time value of money and includes IBNR losses. The liability is derecognized when the contract expires, is discharged or is cancelled.

Liability Adequacy Test

At each financial reporting date, liability adequacy tests are performed to ensure the adequacy of insurance contract liabilities. In performing the test, current best estimates of future cash flows, claims handling and policy administration expenses are used. Any inadequacy is immediately charged to profit or loss by establishing an unexpired risk provision for losses arising from the liability adequacy tests.

c) Reinsurance Assets

The Group cedes insurance risk in the normal course of business. Reinsurance assets represent balances due from reinsurance companies for ceded insurance liabilities. Recoverable amounts are estimated in a manner consistent with the outstanding claims provisions and are in accordance with the reinsurance contract.

An impairment review is performed on all reinsurance assets when an indication of impairment arises during the financial reporting year.

Impairment occurs when objective evidence exists that the Group may not recover outstanding amounts under the terms of the contract and when the impact on the amounts that the Group will receive from the reinsurer can be measured reliably. The impairment loss is recorded in the statement of income.

Ceded reinsurance arrangements do not relieve the Group from its obligations to policyholders.

The Group also assumes reinsurance risk in the normal course of business for insurance contracts when applicable. Premiums and claims on assumed reinsurance are recognized as income and expense in the same manner as they would be if the reinsurance were considered direct business, taking into account the product classification of the reinsured business. Reinsurance liabilities represent balances due to reinsurance companies. Amounts payable are estimated in a manner consistent with the associated reinsurance contract.

Premiums and claims are presented on a gross basis for both ceded and assumed reinsurance.

Reinsurance commissions are deferred and subject to the same amortization method as the related acquisition costs; unamortized reinsurance commissions are shown as "Due to reinsurers and ceding companies" and shown as part of "Accounts payable and accrued expenses" in the statement of financial position.

Reinsurance assets or liabilities are derecognized when the contractual rights are extinguished or have expired or when the contract is transferred to another party.

Short-term Insurance Contracts

These contracts include the following:

- Fire insurance contracts cover loss or damage to the insured's properties caused by fire and/or natural calamities like typhoon, lightning, flood and earthquake.
- Motor insurance contracts provide financial protection to vehicle owners against physical loss of or damage to their vehicles and legal liability to third parties and/or passengers due to accident.
- Personal accident insurance contracts provide financial aid to either the insured or his beneficiaries in case of accidental death or disability.
- Marine insurance contracts indemnify the owner and/or assignee of a vessel, plane, goods and/or other transportable properties against sustained loss or damage on land, marine and aerial transit.
- Engineering insurance contracts provide complete protection against loss of or damage to plant, mechanical, electronic and other types of equipment used in construction and/or business operations.
- Extended perils or optional coverages are also available.
- Bonds/suretyship insurance contracts cover undertake to provide the needed guarantee to complete a contractual or civil engineering project.
- Liability insurance contracts indemnify the insured against the financial consequences of accidents to third parties for which he is legally responsible or liable.

Rental and Other Deposits

Customer rental and other deposits represent payments from tenants on leased properties which are refundable at the end of the lease contract. These are initially measured at fair value and subsequently measured at amortized cost.

Subscriptions Payable

Subscriptions payable pertains to the Group's unpaid subscription of shares of stock of other entities. These are recognized and carried in the books at the original subscription price in which shares of stock will be issued upon payment.

Combinations of Entities Under Common Control

Business combinations of entities under common control are accounted for using the pooling of interests method. The pooling of interests method is generally considered to involve the following:

- The assets and liabilities of the combining entities are reflected in the consolidated financial statements at their carrying amounts as of date of acquisition. No adjustments are made to reflect fair values, or recognize any new assets or liabilities, at the date of the combination. The only adjustments that are made are those adjustments to harmonize accounting policies.
- No new goodwill is recognized as a result of the combination. The only goodwill that is recognized is any existing goodwill relating to either of the combining entities. Any difference between the consideration paid or transferred and the equity acquired is reflected within equity.

The financial information in the consolidated financial statements are not restated for periods prior to the combination of the entities under common control as allowed by the Philippine Interpretations Committee (PIC) Q&A No. 2012-01.

Asset Acquisitions

If the assets acquired and liabilities assumed in an acquisition transaction do not constitute a business as defined under PFRS 3, the transaction is accounted for as an asset acquisition. The Group identifies and recognizes the individual identifiable assets acquired (including those assets that meet the definition of, and recognition criteria for, intangible assets) and liabilities assumed. The acquisition cost is allocated to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such transaction or event does not give rise to goodwill. Where the Group acquires a controlling interest in an entity that is not a business, but obtains less than 100% of the entity, after it has allocated the cost to the individual assets acquired, it notionally grosses up those assets and recognizes the difference as non-controlling interests.

Capital Stock

Common shares are classified as equity.

Incremental costs directly attributable to the issuance of new shares are shown in equity as a deduction, net of tax, from the proceeds. The excess of proceeds from issuance of shares over the par value of shares are credited to "Additional paid-in capital". Subscription receivables pertains to the uncollected portion of the subscribed shares and is presented net against capital stock.

Retained Earnings

Retained earnings represent accumulated earnings of the Group.

Equity Reserves

Equity reserves pertain to the excess of the cost of business combinations over the net carrying amounts of the assets and liabilities of the acquired companies.

Treasury Shares and Shares Held by a Subsidiary

Treasury shares are own shares (ALLHC and subsidiaries) acquired by the Group. These are measured at acquisition cost and presented as deduction against equity. No gain or loss is recognized in profit or loss on the purchase, sale, issuance or cancellation of the Parent Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in additional paid-in capital.

The Parent Company's shares acquired by a subsidiary is presented as "Shares held by a subsidiary" under the equity section.

Share-based Payments

The Group has equity-settled, share-based compensation plan with its employees. The Group has an employee stock ownership plan (ESOWN) which allows the grantees to purchase the Group's shares at a discounted price. The Group recognizes stock compensation expense over the holding period. These are accounted for as limited-recourse loan-type share plans. Dividends paid on the awards are treated as installment payment against the exercise price of the options. The cost of

equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognized, together with a corresponding increase in "Equity reserves" in equity, in "Personnel expense" account

Other Comprehensive Income (Loss)

Other comprehensive income (loss) comprises items of income and expense that are not recognized in the consolidated statement of income for the year in accordance with PFRS.

Revenue Recognition

Revenue from Contract with Customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements, except for the provisioning of water, electricity, air-conditioning and common use service area in its mall retail spaces, wherein it is acting as agent.

The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 3.

Sale of Electricity Revenue

The Group recognizes revenue from electricity services over time using the output method as the customer receives and consumes the benefit from the performance of the related utility service. As a practical expedient allowed under PFRS 15, the Group recognizes revenue in the amount to which the Group has a right to invoice since the Group bills a fixed amount for every kilowatt hour of electricity delivered. Electricity is billed every month according to the billing cycles of the customer.

Rental

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms.

Rent Concessions

Rental concessions are treated as reductions to the rental income granted to lessees and accounted for as variable rent.

Real estate sales

The Group derives its real estate revenue from sale of industrial lots. Revenue from sale of industrial lots are recognized over time during the development period (or percentage of completion) since based on the terms and conditions of its contract with the customers, the Group's performance does not create an asset with an alternative use and the Group has an enforceable right to payment for performance completed to date.

In measuring the progress of its performance obligation over time, the Group uses the output method. The Group recognizes revenue based on direct measurements of the value to customers of the goods or services transferred to date, relative to the remaining goods or services promised under the contract. Progress is measured using survey of performance completed to date. This is based on the monthly project accomplishment report prepared by the third-party surveyor as approved by the construction manager which integrates the surveys of performance to date of the construction activities for both sub-contracted and those that are fulfilled by the developer itself.

As of December 31, 2020 and 2019, the Group's industrial lots being sold are 100% completed.

Contract costs include all direct materials and labor costs and those indirect costs related to contract performance. Expected losses on contracts are recognized immediately when it is probable that the total contract costs will exceed total contract revenue. Changes in contract performance, contract conditions and estimated profitability are recognized in the year in which the changes are determined.

Insurance Premiums and Commissions - net

Premiums from short-duration insurance contracts are recognized as revenue over the period of the contracts using the 24th method, except for premiums arising from marine cargo where the provision for unearned premiums pertains to the premiums for the last two months of the year. The portion of the premiums written that relates to the unexpired periods of the policies at financial reporting dates is accounted for as "Reserve for unearned premiums" and shown as part of "Accounts payable and accrued expenses" in the consolidated statement of financial position. The related reinsurance premiums ceded that pertain to the unexpired periods at financial reporting dates are accounted for as "Deferred reinsurance premiums" and shown under "Other noncurrent assets" in the consolidated statement of financial position. The net changes in these accounts between financial reporting dates are charged to or credited against income for the period.

Reinsurance commissions are recognized as revenue over the period of the contracts using the 24th method, except for marine cargo where the deferred reinsurance commission pertains to the premiums for the last two months of the year.

The portion of the commissions that relates to the unexpired periods of the policies at the financial reporting date is accounted for as "Due to reinsurers and ceding companies" and shown as part of "Accounts payable and accrued expenses" in the consolidated statement of financial position.

Interest Income

For all financial instruments measured at amortized cost and interest-bearing financial assets classified as financial assets at FVOCI and AFS financial assets, interest income is recorded using the EIR, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

Dividend Income

Dividend income is recognized when the Group's right to receive the payment is established.

Cost and Expenses

Cost recognition for real estate sales

The Group recognizes costs relating to satisfied performance obligations as these are incurred. These include costs of land, land development, professional fees, depreciation, permits and licenses. These costs are allocated to the saleable area, with the portion allocable to the sold area being recognized as costs of sales while the portion allocable to the unsold area being recognized as part of real estate inventories.

Cost of purchased power and services

Purchased power represents the cost of electricity supplied to contestable customers. This includes generation charges, transmission line fees, capacity fees and systems losses which are recognized in profit or loss when the electricity purchased is consumed.

Cost of rental services

Cost of rental services are direct costs incurred in the normal course of the business, are recognized when incurred and generally measured in the amount paid or payable. These comprise cost of rent, utilities, depreciation and others.

Operating Expenses

Operating expenses consist of all expenses associated with the development and execution of marketing and promotional activities and expenses incurred in the direction and general administration of day-to-day operations of the Group. These are generally recognized when the service is incurred, or the expense arises.

Costs to obtain contract

The incremental costs of obtaining a contract with a customer are recognized as an asset if the Company expects to recover them. The Company has determined that commissions paid to brokers on the sale of completed real estate units are deferred when recovery is reasonably expected and are charged to expense in the period in which the related revenue is recognized as earned. Commission expense is included in the "Cost of real estate sold" account in the statement of income.

Costs incurred prior to obtaining contract with customer are not capitalized but are expensed as incurred.

Underwriting Expenses

Underwriting expenses pertain to the Company's share in the underwriting expenses incurred by insurance pools in which the Company is a member. An insurance pool is a collective pool of assets from multiple insurance companies and used as a way of providing high risk insurance. Underwriting expenses are recognized by the Company as incurred.

Earnings Per Share

Basic earnings per share amounts are calculated by dividing net profit for the year attributable to ordinary equity holders of the Parent Company by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the net profit attributable to ordinary equity holders of the Parent Company (after adjusting for interest on any convertible preference shares) by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

Income Tax

Current Income Tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The income tax rates and income tax laws used to compute the amount are those that are enacted or substantively enacted as at the end of the reporting period.

Current income tax relating to items recognized directly in equity is recognized in equity and not in profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Income Tax

Deferred income tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the end of the reporting period.

Deferred income tax liabilities are recognized for all taxable temporary differences, except:

- when the deferred income tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward benefits of unused net operating loss carryover (NOLCO) and unused tax credits from excess minimum corporate income tax (MCIT), to the extent that it is probable that sufficient future taxable profits will be available against which the deductible temporary differences, and the carry forward of unused NOLCO and MCIT can be utilized, and except if it arises from initial recognition and those associated with the investments in subsidiaries, associates and joint ventures as discussed above.

The carrying amount of deferred income tax assets is reviewed at each end of the reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred income tax assets are reassessed at each end of the reporting period and are recognized to the extent that it has become probable that sufficient future taxable profits will allow the deferred income tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the income tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on income tax rates (and income tax laws) that have been enacted or substantively enacted at each end of the reporting period.

Deferred income tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred income tax items are recognized in correlation to the underlying transaction either in the profit or loss or directly in equity.

Deferred income tax assets and deferred income tax liabilities are offset if, and only if, a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend to either settle current tax liabilities and assets on a net basis, or to realize the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax assets or liabilities are expected to be settled or recovered. Subsidiaries operating in the Philippines file income tax returns on an individual basis. Thus, the deferred tax assets and deferred tax liabilities are offset on a per entity basis.

Retirement Benefits Costs

The Group has a funded, non-contributory defined benefit retirement plan.

The net defined benefit liability or asset is the aggregate of the present value of the defined benefit obligation at the end of the reporting period reduced by the fair value of plan assets (if any), adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The cost of providing benefits under the defined benefit plans is actuarially determined using the projected unit credit method. This method reflects service rendered by employees to the date of valuation and incorporates assumptions concerning the employees' projected salaries.

Defined benefit costs comprise the following:

- Service cost
- Net interest on the net defined benefit liability or asset
- Remeasurements of net defined benefit liability or asset

Service costs which include current service costs, past service costs and gains or losses on non-routine settlements are recognized as retirement benefits costs under "Personnel expenses" in the consolidated statement of income. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuaries.

Net interest on the net defined benefit liability or asset is the change during the period in the net defined benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net defined benefit liability or asset. Net interest on the net defined benefit liability or asset is recognized as "Interest income (expense)" in the consolidated statement of income.

Remeasurements comprising actuarial gains and losses and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the Group, nor can they be paid directly to the Group. Fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations). If the fair value of the plan assets is higher than the present value of the defined benefit obligation, the measurement of the resulting defined benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The Group's right to be reimbursed of some or all of the expenditure required to settle a defined benefit obligation is recognized as a separate asset at fair value when and only when reimbursement is virtually certain.

Employee Leave Entitlement

Employee entitlements to annual leave are recognized as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly before twelve (12) months after the end of the reporting period is recognized for services rendered by employees up to the end of the reporting period.

Leases effective January 1, 2019

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

a) Right-of-use assets

The Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received and estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognized right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term of 20 to 40 years.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in impairment of non-financial assets.

b) Lease liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Leases prior to January 1, 2019

Determination of Whether an Arrangement Contains a Lease

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement. A reassessment is made after the inception of the lease only if one of the following applies:

- a. There is a change in contractual terms, other than a renewal or extension of the arrangement;
- b. A renewal option is exercised or extension granted, unless the term of the renewal or extension was initially included in the lease term;
- c. There is a change in the determination of whether fulfillment is dependent on a specified asset; or
- d. There is a substantial change to the asset.

Where a reassessment is made, lease accounting shall commence or cease from the date when the change in circumstances give rise to the reassessment for scenarios (a), (c) or (d) and at the date of renewal or extension period for scenario (b).

Operating Lease Commitments - Group as a Lessor

Leases in which the Group does not transfer substantially all the risks and benefits of ownership of an asset are classified as operating leases. Rent income from operating leases are recognized as income on a straight-line basis over the lease term or based on the terms of the lease, as applicable. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the

leased asset and recognized over the lease term on the basis as rental income. Variable are recognized as revenue in the period in which they are earned.

Operating Lease Commitments - Group as a Lessee

Leases where the lessor retains substantially all the risks and benefits of ownership of the asset are classified as operating leases. Lease payments under non-cancellable operating leases are recognized as an expense in the consolidated statement of income on a straight-line basis over the lease term.

Foreign Currency Translation

Transactions in foreign currencies are initially recorded in Philippine Peso based on the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency exchange rate at the end of the reporting period. All differences arising on settlement or translation of monetary items are taken to the consolidated statement of income. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

Claims

The liabilities for unpaid claim costs (including incurred but not reported losses) and claim adjustment expenses relating to insurance contracts are accrued when insured events occur. The liabilities for unpaid claims are based on the estimated ultimate cost of settling the claims. The method of determining such estimates and establishing reserves is continually reviewed and updated. Changes in estimates of claim costs resulting from the continuous review process and differences between estimates and payments for claims are recognized as income or expense for the period in which the estimates are changed or payments are made. Estimated recoveries on settled and unsettled claims are evaluated in terms of the estimated realizable values of the salvaged recoverables and deducted from the liability for unpaid claims. The unpaid claim costs are accounted as "Claims payable" under "Accounts payable and accrued expenses" account in the consolidated statement of financial position.

Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the consolidated statement of income, net of any reimbursement.

Contingencies

Contingent liabilities are not recognized in the consolidated financial statements. These are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but are disclosed when an inflow of economic benefit is probable.

Segment Reporting

The Group's operating businesses are recognized and managed according to the nature of the products or services offered, with each segment representing a strategic business unit that serves different markets. The BOD is the chief operating decision maker of the Group. Segment assets and liabilities reported are those assets and liabilities included in measures that are used by the BOD.

Segment revenue, expenses and performance include transfers between business segments. The transfers are accounted for at competitive market prices charged to unaffiliated customers for similar products. Such transfers are eliminated in consolidation.

Events After the End of the Reporting Period

Post year-end events that provide additional information about the Group's financial position at the end of the reporting period (adjusting events) are reflected in the consolidated financial statements. Post year-end events that are not adjusting events are disclosed in the consolidated financial statements when material.

3. Significant Accounting Judgments, Estimates and Assumptions

The preparation of the consolidated financial statements in accordance with PFRS requires the Group to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues and expenses and disclosures, at the end of the reporting period. Future events may occur which will cause the assumptions used in arriving at the estimates to change. The effects of any change in judgments and estimates are reflected in the consolidated financial statements as they become reasonably determinable.

Judgments, estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcome can differ from these estimates.

Judgments

In the process of applying the Group's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognized in the consolidated financial statements:

Determining the lease term of contracts with renewal and termination options – Group as lessee (effective January 1, 2019)

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The renewal periods for leases of land with longer non-cancellable periods (i.e., 10 to 15 years) are not included as part of the lease term since it is reasonably certain that the Group will exercise the option to renew or not exercise the option to terminate. Renewal or termination of lease is subject to mutual agreement with the lessors.

Assessing Operating Lease Commitments - Group as Lessor

The Group has entered into commercial property leases on its investment properties portfolio. The Group has determined that it retains all the significant risks and rewards of ownership of these properties which are leased out under operating lease arrangements.

Assessment Whether Rental Concessions fall under Lease Modification

In line with the rental relief framework implemented by the government to support businesses and the broader economy due to the impact of COVID-19, the Group waived its right to collect rent and other charges as part of various rent concessions it granted to lessees such as rent payment holiday or rent payment reductions.

The Group applies judgment when assessing whether the rent concessions granted is considered a lease modification under PFRS 16.

In making the judgment, the Group determines whether the rent concessions granted has changed the scope of the lease, or the consideration thereof, that was not part of the original terms and conditions of the lease. The Group assessed that the rent concessions it granted to lessees do not qualify as lease modifications since the term and conditions under the corresponding lease contracts have not been modified by the waiver and therefore, is not a lease modification under PFRS 16.

The rent concession granted by the Group for the year ended December 31, 2020 amounted to ₱298.90 million (see Note 10).

Definition of default and credit-impaired financial assets

The Group defines a financial instrument as in default, which is fully aligned with the definition of credit-impaired, when it meets one or more of the following criteria:

Quantitative criteria – for trade receivables from real estate sales, the customer receives a notice of cancellation and does not continue the payments. For rental receivables, the customers receive letter of collection.

Qualitative criteria

The customer meets unlikelihood to pay criteria, which indicates the customer is in significant financial difficulty. These are instances where:

- a. The customer is experiencing financial difficulty or is insolvent
- b. The customer is in breach of financial covenant(s)
- c. An active market for that financial assets has disappeared because of financial difficulties
- d. Concessions have been granted by the Group, for economic or contractual reasons relating to the customer's financial difficulty
- e. It is becoming probable that the customer will enter bankruptcy or other financial reorganization

The criteria above have been applied to the financial instruments held by the Group and are consistent with the definition of default used for internal credit risk management purposes. The default definition has been applied consistently throughout the Group's expected loss calculation.

Sale of real estate receivables

The Group entered into arrangements with banks wherein it discounted its real estate receivables without recourse. The Group believes that the sales transactions are not more than infrequent. Accordingly, the Group continues to present trade receivables at amortized cost as it remains to hold trade receivables with the objective of collecting contractual cash flows until maturity.

Estimates and Assumptions

The key estimates and assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes in circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Leases - Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group 'would have to pay', which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when they need to be adjusted to reflect the terms and conditions of the lease. The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates.

The Group's lease liabilities amounted to ₱1,751.37 million and ₱1,733.45 million as at December 31, 2020 and 2019, respectively (see Note 27).

Provision for expected credit losses of trade and other receivables

The Group uses a provision matrix to calculate ECLs for trade receivables except for receivables from real estate. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information such as Gross Domestic Product growth rate and inflation rate. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

The Group uses vintage analysis approach to calculate ECLs for real estate receivable. The vintage analysis accounts for expected losses by calculating the cumulative loss rates of a given loan pool. It derives the probability of default from the historical data of a homogenous portfolio that share the same origination period. The information on the number of defaults during fixed time intervals of the accounts is utilized to create the PD model. It allows the evaluation of the loan activity from its origination period until the end of the contract period.

The assessment of the correlation between historical observed default rates, forecast economic conditions (gross domestic product and inflation rate) and ECLs is also significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables is disclosed in Notes 5 and 19.

Estimating Useful Lives of Depreciable Investment Properties and Property and Equipment

The estimated useful lives used as bases for depreciating and amortizing the Group's investment properties and property and equipment were determined on the basis of management's assessment of the period within which the benefits of these asset items are expected to be realized taking into account actual historical information on the use of such assets as well as industry standards and averages applicable to the Group's assets. The Group estimates the useful lives of its investment properties and property and equipment based on the period over which the assets are expected to be available for use. The estimated useful lives of investment properties and property and equipment are reviewed, at least, annually and are updated if expectations differ from previous estimates due to physical wear and tear and technical or commercial obsolescence on the use of these assets. It is possible that future results of operations could be materially affected by changes in these estimates brought about by changes in the factors mentioned above. A reduction in the estimated useful lives of these assets increases depreciation and amortization and decreases the carrying value of investment properties and property and equipment.

The carrying value of property and equipment amounted to ₱27.18 million and ₱37.91 million as at December 31, 2020 and 2019, respectively, net of accumulated depreciation, amortization and impairment amounting to ₱84.02 million and ₱67.46 million as at December 31, 2020 and 2019, respectively (see Note 11).

The carrying value of investment properties amounted to ₱9,563.42 million and ₱10,254.51 million as at December 31, 2020 and 2019, respectively (see Note 10).

Information on the estimated useful life of investment properties and property and equipment is included in Note 2.

Determining Retirement Benefits Liability

The cost of defined retirement obligation as well as the present value of the defined benefit obligation is determined using actuarial valuations. The actuarial valuation involves making various assumptions. These include the determination of the discount rates, future salary increases, mortality rates and future retirement increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, defined benefit obligation are highly sensitive to changes in these assumptions. The assumptions are reviewed at each end of the reporting period.

Current service costs amounted to ₱1.37 million, ₱0.98 million and ₱1.10 million for the years ended December 31, 2020, 2019 and 2018, respectively. As at December 31, 2020 and 2019, net pension assets of the Group amounted to ₱9.69 million and ₱11.77 million, respectively (see Note 23).

In determining the appropriate discount rate, management considers the interest rates of government bonds that are denominated in the currency in which the benefits will be paid, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation. Further details about the assumptions used are provided in Note 23.

Assessing Realizability of Deferred Income Tax Assets

The Group reviews the carrying amounts of deferred income tax assets at each end of the reporting period and reduces it to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred income tax assets to be utilized. Judgments and estimation are required to determine the amount of deferred income tax assets that can be recognized based upon the likely timing and level of future taxable income together with future tax planning strategies. However, there is no assurance that the Group will generate sufficient future taxable profits to allow all or part of its deferred income tax assets to be utilized.

Deferred income tax assets recognized in the books amounted to ₱58.23 million and ₱24.29 million as at December 31, 2020 and 2019, respectively (see Note 24).

The temporary differences, NOLCO and MCIT for which no deferred income tax assets were recognized, as the management has assessed that it is not probable that sufficient future taxable income will be available for which the benefit of the deferred income tax assets can be utilized, are disclosed in Note 24.

Assessing and Estimating Contingencies and Provisions

The Group is involved in certain disputes for which the Group has recognized provisions for probable expenses, which may be incurred, and disclosed relevant information about such contingencies. Total provision for probable losses amounted to ₱5.00 million, ₱240.65 million and nil for the year ended December 31, 2020, 2019 and 2018, respectively. Total reversal of provision for probable losses amounted to ₱21.00 million, ₱32.28 million and ₱59.07 million for the years ended December 31, 2020, 2019 and 2018, respectively (see Note 28).

4. Cash and Cash Equivalents

This account consists of:

	2020	2019
	<i>(In Thousands)</i>	
Cash on hand and in banks	₱177,370	₱144,644
Cash equivalents	-	32,948
	₱177,370	₱177,592

Cash in banks earn interest at the respective bank deposit rates. Cash equivalents are short-term investments that are made for varying periods of up to three (3) months, depending on the immediate cash requirements of the Group, and earn interest at the respective short-term investment rates.

For the years ended December 31, 2020, 2019 and 2018, the interest earned from cash and cash equivalents and short-term investments amounted to ₱3.73 million, ₱3.55 million, and ₱2.04 million, respectively (see Note 22).

5. Receivables

This account consists of:

	2020	2019
	<i>(In Thousands)</i>	
Trade debtors		
Land sales	₱1,302,611	₱1,577,403
Receivables from tenants	593,682	593,052
Retail electricity	153,995	329,125
Nontrade receivables	120,017	95,301
Insurance receivables	29,305	27,371
Others	198,739	160,600
	2,398,349	2,782,852
Less allowance for expected credit losses	321,268	297,750
	2,077,081	2,485,102
Less noncurrent portion	728,538	480,274
	₱1,348,543	₱2,004,828

Receivables from land sales represent amounts arising from sale of industrial lots, which are collectible in monthly installments within two to four years from the date of sale. During the year, the Group sold trade receivables from land sales amounting to ₱718.30 million with a resulting discount on sale amounting to ₱29.55 million.

Receivables from tenants represent the outstanding receivables arising from the lease of warehouse units, retail mall and office spaces and are collectible within 30 days from billing date. This includes both the fixed and contingent portion of lease.

Receivables from retail electricity consist of uncollected and unbilled electricity to customers which are consumed after meter reading cut-off dates. The credit term of these receivables is from 9 to 15 days from the date of billing. This account also consists of electricity sales made by the Group to customers traded through Wholesale Electricity Spot Market (WESM).

Nontrade receivables consist mainly of receivables from the government related to expropriation against certain properties of the Group in Laguna. Nontrade receivables are noninterest-bearing and are due and demandable.

Insurance receivables consist of premium receivables from policyholders, insurance agents and reinsurance companies and reinsurance recoverable on paid and unpaid losses from facultative and treaty reinsurers. These accounts are generally on 90 days term.

Other receivables include noninterest-bearing receivables of OLI from Cosco Land Corporation (CLC) which are due and demandable amounting to ₱160.45 million as at December 31, 2020 and 2019. These receivables are collateralized by the shares of stock of Cyber Bay owned by CLC. The receivables from CLC are fully provided with allowance.

The Group sold receivables on a without recourse basis to partner mortgage bank, BPI Family Bank, Inc. a related party, amounting to ₱718.30 million in 2020. These were sold at a discount of ₱29.55 million with total net proceeds ₱688.93 million.

On March 25, 2020, Republic Act No. 11469, otherwise known as the Bayanihan to Heal as One Act ("Bayanihan 1 Act") was enacted. Bayanihan 1 Act provides that all covered institutions shall implement a 30-day grace period for all loans with principal and/or interest and lease amortization falling due within the ECQ period without incurring interest on interest, penalties, fees and other charges. Subsequently, on September 11, 2020, Republic Act No. 11494, otherwise known as the Bayanihan to Recover as One Act ("Bayanihan 2 Act"), was enacted. Under the Bayanihan 2 Act, the one-time sixty (60)-day grace period is granted for the payment of all existing, current and

The rollforward analysis of real estate held for sale and development follows:

	2020	2019
	<i>(In Thousands)</i>	
Balance at the beginning of the year	₱2,124,899	₱1,316,812
Acquisition	207,620	1,129,516
Development costs incurred	356,672	593,259
Transfers from (to) investment property (Note 10)	1,149,721	(22,905)
Cost of real estate sales (Note 21)	(561,803)	(891,783)
	3,277,109	2,124,899
Less allowance for impairment loss	39,848	39,848
	₱3,237,261	₱2,085,051

Movements in the allowance for impairment losses follow:

	2020	2019
	<i>(In Thousands)</i>	
Beginning balances	₱39,848	₱27,567
Provision (Note 19)	-	12,281
	₱39,848	₱39,848

Lot sales recognized for the years ended December 31, 2020 and 2019 amounted to ₱1,275.51 million and ₱1,809.12 million, respectively (₱785.83 million for the year ended December 31, 2018).

Lot inventories recognized as cost of real estate sales amounted to ₱666.76 million and ₱1,103.64 million for the years ended December 31, 2020 and 2019, respectively (₱320.22 million for the year ended December 31, 2018).

In the third quarter of 2020, approximately 40.76 hectares was made available to the market to encourage more industrial companies to invest, develop and facilitate the economic growth in the region. The change in use resulted to the transfer from investment property to inventory amounting to ₱1,147.26 million.

There are no real estate inventories held as collateral as at December 31, 2020 and 2019.

7. Financial Assets at FVOCI

The details of this account follow:

	2020	2019
	<i>(In Thousands)</i>	
Listed equity securities (Note 18)	₱505,912	₱556,939
Quoted debt securities	100,518	87,807
	₱606,430	₱644,746

Financial assets at FVOCI pertain to investments in equity securities and debt instruments which are not held for trading and which the Group has irrevocably designated at FVOCI, as the Group considers these investments to be strategic in nature.

Listed equity securities include 1,388,101,405 shares of Cyber Bay valued at ₱458.07 million and ₱527.48 million in 2020 and 2019, respectively (see Note 18).

Quoted debt securities pertain to government securities owned by the Group. These are reserved investments in accordance with the provisions of the Insurance Commission as security for the benefit of policy holders and creditors of FPIC.

Movements of unrealized valuation gain (losses) on financial assets at FVOCI follows:

	Equity Holders	Non-controlling Interests	Total
	<i>(In Thousands)</i>		
At December 31, 2018	(P579,379)	(P991)	(P580,370)
Fair value changes	(8,325)	831	(7,494)
At December 31, 2019	(587,704)	(160)	(587,864)
Fair value changes	(38,097)	2,891	(35,206)
Realized valuation gain transferred from equity to retained earnings	(850)	-	(850)
At December 31, 2020	(P626,651)	P2,731	(P623,920)

Proceeds from the sale of financial assets at FVOCI amounted to P4.20 million, nil and P2.02 million for the years ended December 31, 2020, 2019 and 2018, respectively.

The Group made additional investments in equity instruments amounting to P1.52 million, P1.11 million and P6.39 million for the years ended December 31, 2020, 2019 and 2018, respectively.

Interest earned from financial assets at FVOCI amounted to P0.11 million, P1.96 million and P3.41 million for the years ended December 31, 2020, 2019 and 2018, respectively.

Dividend income on financial assets at FVOCI amounted to nil for the years ended December 31, 2020 and 2019 (P0.04 million for the year ended December 31, 2018).

8. Financial Assets at FVPL

This account pertains to investments in redeemable preferred shares and Unit Investment Trust Fund (UITF) designated as financial assets at FVPL.

Fair value of financial assets at FVPL as at December 31, 2020 and 2019 amounted to P4.74 million and P4.48 million, respectively, resulting to an unrealized (gain) loss of (P0.26 million), P0.04 million and P0.11 million for the years ended December 31, 2020, 2019 and 2018, respectively.

Dividend income earned from these shares amounted to P0.13 million for the years ended December 31, 2020, 2019 and 2018.

9. Other Current Assets

This account consists of:

	2020	2019
	<i>(In Thousands)</i>	
Input VAT	P561,689	P580,904
CWTs	293,336	238,054
Refundable deposits	62,844	67,793
Prepayments	54,882	67,789
Ice and beverages	2,593	486
Advances to suppliers and contractors	1,943	25,422
	977,287	980,448
Less allowance for impairment losses	2,747	2,747
	P974,540	P977,701

Input VAT pertains to VAT passed on from purchases of goods or services which is applied against output VAT. In 2019, the Group wrote-off unutilized input VAT amounting to ₱1.31 million presented as "Write off and other charges" in the consolidated statement of income.

Creditable withholding taxes (CWTs) are available for offset against income tax payable in the future periods. In 2019, the Group wrote-off unutilized CWT amounting to ₱9.71 million presented as "Write off and other charges" in the consolidated statement of income.

Refundable deposits pertain to EPMI's utility deposit for the initial set-up of electricity supply by public utility companies and interest earned from these deposits accrue to the customers of the Company. These deposits earn interest equivalent to the Peso Savings Account Interest rate of Land Bank of the Philippines on the first working day of the year, or other government banks subject to approval of ERC and may be refunded or applied to outstanding bill balance or differential billing upon termination of contract. The said deposits are equivalent to one (1) month estimated monthly billing and shall be adjusted annually to reflect the average billing during a one year period; or to replace any deposit previously applied; or to reflect the increase or decrease in load, or the number of the customers.

Prepayments pertain to prepaid insurance, taxes and licenses and other prepaid expenses that are to be amortized over a period of one (1) year.

Advances to contractors and suppliers pertain to advance payment to service contractors for construction services of the Group's real estate held for sale and development.

Movements in the allowance for impairment losses follow:

	2020	2019
	<i>(In Thousands)</i>	
Balances at beginning of year	₱2,747	₱1,439
Provisions (Note 19)	-	1,502
Write-off	-	(194)
Balances at end of year	₱2,747	₱2,747

As at December 31, 2019, finished goods inventories were written off amounting to ₱7.07 million presented as "Write off and other charges" in the consolidated statement of income.

TPI

In 2019, TPI demolished a portion of its buildings and leasehold improvements amounting to ₱44.95 million with remaining book value amounting to ₱18.52 million. Loss on retirement was recognized amounting to ₱13.69 million, net of ₱4.83 million allowance for impairment loss (see Note 21).

Investment properties of TPI substantially represent buildings and leasehold improvements on the land leased from PNR which are utilized in the TPI's mall operations and held for rentals.

In accordance with PFRS 1, the Group closed out the "Revaluation increment" on TPI's investment properties amounting to ₱236.08 million to retained earnings which pertains to the remaining balance of the deemed cost adjustment on investment properties account which arose when it transitioned to PFRS.

LCI

In 2019, LCI demolished two (2) buildings amounting to ₱54.91 million with remaining book value amounting to ₱13.29 million. Loss on retirement was recognized amounting to ₱11.84 million, net of ₱1.45 million allowance for impairment loss (see Note 21).

On July 1, 2014, LCI transferred land and improvements and buildings and improvements from property and equipment to investment properties. Prior to the transfer, the land and improvements and building and improvements are stated at their revalued amounts. Upon transfer to investment property, the revalued amounts of the properties at the date of transfer were considered as its deemed costs in accordance with PAS 40, *Investment Property*.

The excess of appraised values over the acquisition costs of the properties is shown under the "Revaluation increment" account in the consolidated statement of financial position and in the consolidated statement of changes in equity. An amount corresponding to the difference between the depreciation based on the revalued carrying amount of the asset and depreciation based on the original cost is transferred annually from "Revaluation increment" to "Retained earnings" account in the consolidated statement of financial position.

Fair Value of Investment Properties

The aggregate fair value of the Group's investment properties amounted to ₱17,734.59 million and ₱11,160.64 million as of December 31, 2020 and 2019, respectively. The fair values of the buildings, land and improvements of the Group determined using income approach method considers rental escalation rate for the minimum rental guaranteed for the remaining life of the buildings and building improvements using the discount rate and terminal capitalization rate ranging from 10% to 11% and 5% to 10%, respectively.

The fair values of the investment properties were determined by independent professionally qualified appraisers. The following table provides the fair value hierarchy of the Group's investment properties as of December 31, 2020 and 2019:

2020

				Fair value measurement using			
Observable Inputs	Valuation Technique	Date of Valuation	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	
<i>(In Thousands)</i>

LCVI	Comparable selling price	Sales comparison approach	February 11, 2020	P833,684	P-	P-	P833,684
LTI	Comparable selling price	Sales Comparison approach	October 15, 2019	1,628,520	-	-	1,628,520
URDC	Comparable selling price	Sales Comparison approach	July 19, 2019	1,857,426	-	-	1,857,426
Land improvements							
LCVI	Expected rents and expenses	Income approach	February 11, 2020	833,684	-	-	833,684
Building							
OLI	Expected rents and expenses	Income approach	October 15, 2019	4,994,786	-	-	4,994,786
TPI	Expected rents and expenses	Income approach	October 15, 2019	1,455,578	-	-	1,455,578
LCVI	Expected rents and expenses	Income approach	February 11, 2020	833,684			833,684
LTI	Expected rents and expenses	Income approach	March 20, 2018	1,998,600	-	-	1,998,600

As of December 31, 2019, the fair value of land acquired from the previous stockholders of URDC was determined to be equivalent with the recent acquisition cost paid.

The appraised value was estimated using the following approach:

Income Approach - the fair value of all investment properties derived through converting anticipated future benefits into current property value.

Sales Comparison Approach - the value of the property that considers the sale of similar or substitute properties and related market data and establishes a value estimate by processes involving comparison. Listings and offerings may also be considered.

Revaluation Increment

Movement of revaluation increment follows:

	2020	2019
	<i>(In Thousands)</i>	
Beginning balance	₱203,836	₱217,986
Transfer of realized valuation increment	(7,028)	(14,150)
Balances at end of year	₱196,808	₱203,836

Revaluation increment realized through depreciation and transferred to deficit (net of related tax) amounted to ₱7.03 million and ₱14.15 million in 2020 and 2019, respectively.

Consolidated rental revenue from investment properties amounted to ₱851.98 million (net of rent concession amounting to ₱298.90 million), ₱1,085.93 million and ₱843.15 million for the years ended December 31, 2020, 2018, and 2019, respectively. Direct operating expenses incurred for investment properties amounted to ₱555.09 million, ₱568.14 million and ₱615.84 million for the years ended December 31, 2020, 2019 and 2018, respectively (see Note 21).

Gain on sale on investment properties recognized amounted to ₱94.06 million, nil and ₱0.72 million for the years ended December 31, 2020, 2019 and 2018, respectively.

Construction in progress pertain to buildings under construction to be leased as retail and warehouse spaces upon completion. The construction period normally ranges from within one year to two years depending on the size of the asset.

In 2020, LTI transferred construction cost of completed projects in Naic, Cavite to buildings and improvements amounting to ₱776.17 million.

For 2020, the Group's budgeted total capital expenditures was ₱2.16 billion for projects and spent ₱1 billion as of 31 December 2020 for land development, building improvements, and land acquisition. This was financed through internally generated funds and advances.

The Group's management believes that there were no conditions present in 2020 and 2019 that would significantly reduce the fair value of the investment properties from that determined as stated in table above.

The Group has no restriction on the realizability of its investment properties and no obligation to either purchase, construct or develop or for repairs, maintenance and enhancements.

COVID-19 affected the rental revenue from malls due to the temporary closures during the implementation of the community quarantine. The malls have gradually reopened since the lifting of the enhanced community quarantine (ECQ) on May 16, 2020, subject to safety and protocol standards of the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF). The Group's management is continuously assessing the situation given the pandemic's fluid and evolving nature. Except for the significant impact of COVID-19 pandemic to the Group's mall operations starting March 2020, there were no other trends, events or uncertainties that have had or that are reasonably expected to have a material impact on net sales or revenues or income from continuing operations.

11. Property and Equipment

The details of this account follow:

2020

Net Book Values	₱791	₱21,983	₱1,706	₱2,698	₱27,178

2019

	Leasehold Improvements	Machinery and Equipment	Transportation Equipment	Furniture, Fixtures and Equipment	Total
<i>(In Thousands)</i>					
Cost					
At beginning of year	₱2,479	₱50,911	₱9,738	₱29,120	₱92,248
Additions	-	-	1,230	11,894	13,124
At end of year	2,479	50,911	10,968	41,014	105,372
Accumulated Depreciation and Amortization					
At beginning of year	892	15,410	7,132	26,565	49,999
Depreciation and amortization (Notes 19 and 21)	674	11,364	1,414	4,012	17,464
At end of year	1,566	26,774	8,546	30,577	67,463
Net Book Values	₱913	₱24,137	₱2,422	₱10,437	₱37,909

Gain on sale of property and equipment recognized for the years ended December 31, 2020, 2019 and 2018 amounted to nil, nil and ₱0.003 million, respectively.

12. Software Costs

The details of this account follow:

	2020	2019
<i>(In Thousands)</i>		
Cost:		
Beginning balances	₱13,270	₱15,470
Additions	-	35
Retirements	-	(2,235)
Ending balances	13,270	13,270
Accumulated amortization:		
Beginning balances	11,853	12,597
Amortization (Note 19)	989	1,491
Retirements	-	(2,235)
Ending balances	12,842	11,853
Net book values	₱428	₱1,417

13. Other Noncurrent Assets

This account consists of:

	2020	2019
	<i>(In Thousands)</i>	
Deferred input VAT	₱349,160	₱388,216
Advances to suppliers and contractors	57,862	124,401
Refundable deposits	13,391	31,067
Others	8,277	4,791
	₱428,690	₱548,475

Deferred input VAT arises from the purchase of capital goods by the Group for amortization for a period of 5 years.

Advances to contractors and suppliers pertain to advance payment to service contractors for various renovation and rehabilitation services of the Group's buildings.

Refundable deposits pertain to deposits made to utility companies, other suppliers and various miscellaneous deposits.

In 2019, the Group wrote-off miscellaneous deposits amounting to ₱0.08 million presented as "Write off and other charges" in the consolidated statement of income.

14. Accounts Payable and Accrued Expenses

The details of this account follow:

	2020	2019
	<i>(In Thousands)</i>	
Accrued expenses		
Light and water	₱121,508	₱384,233
Professional and management fees	61,423	66,857
Commissions	47,597	45,528
Contracted services	19,564	15,528
Repairs and maintenance	13,017	1,308
Taxes and licenses	11,096	22,685
Rent (Note 27)	3,107	3,882
Subcontractor cost	723	2,612
Salaries and benefits	230	5,900
Others	7,108	9,321
	285,373	557,854
Trade payables	1,030,603	1,567,961
Nontrade payables	203,707	258,465
Provisions (Note 28)	50,332	254,196
Retention payables	32,011	-
Claims payables	24,178	15,853
Dividend payable	17,500	-
Others	9,417	18,324
	₱1,653,121	₱2,672,653

Nontrade payables are generally taxes and other payables settled within one (1) year.

Retention payable pertain to retentions from the contractors' progress billings which will be released after the expiration of the project's warranty period. The retention serves as security from the contractor should there be defects in the project.

Claims payables pertain to the estimated ultimate cost of incurred but not settled claims as at the reporting period.

The terms and conditions of the above payables are as follows:

- Trade payables are noninterest-bearing and are normally settled on thirty (30) days' term.
- Accrued payables are noninterest-bearing and are normally settled on sixty (60) days' term or due and demandable.
- All other payables are noninterest-bearing and have an average term of one (1) year.

Dividend payable pertains to the unpaid portion of dividend declared attributable to the non-controlling interest of Laguna Technopark, Inc.

15. Rental and Other Deposits

The details of this account follow:

	December 31, 2020			December 31, 2019		
	Due within One Year	Beyond One Year	Total	Due within One Year	Beyond One Year	Total
	<i>(In Thousands)</i>					
Security deposits	₱363,325	₱107,795	₱471,120	₱373,456	₱153,341	₱526,797

	₱492,532	₱210,423	₱702,955	₱517,864	₱234,821	₱752,685

Tenants are required to post security deposits, which shall be refunded, without interest, within sixty (60) days after the expiration of the lease period, deducting the amount of damages to the leased premises, if any. Interest expense from accretion of security deposits amounted to ₱2.10 million, ₱1.65 million and ₱1.21 million for the years ended December 31, 2020, 2019 and 2018, respectively.

Security deposits also include deposits that may be refunded or applied to any outstanding account of the customers at the end of the retail electricity supply term. The duration of these deposits ranges from six months to three years.

Rental deposits are equivalent to tenant's three month's current rent and shall be increased annually or as is when the rental rate increases. These are paid upon signing of the contract of lease or possession of leased premises, whichever comes first and can be applied as payment for rent due for the last three months of the lease.

Construction bond is tenants' payments as security for repairs or any damaged caused to the Group's property arising out of or in connection to any loss, damage, or destruction to the leased premises as a result of the renovation or construction. The construction bond shall be equivalent to tenant's one month's minimum rent and can be applied as payment for outstanding accounts provided that they are in compliance with the construction guidelines and requirements imposed by the Group.

Customer deposits pertain to reservation deposits of the tenants which will form part of the payment of rent upon commencement of lease.

16. **Equity**

The details of the common shares of the Parent Company follows:

2020

	Number of Shares	Amount
Authorized, ₱1 par value	7,500,000,000	₱7,500,000,000
Issued	6,153,452,772	₱6,153,452,772
Subscribed	148,139,215	148,139,215
Less subscription receivables		116,757,453
Issued and outstanding		₱6,184,834,534

2019

	Number of Shares	Amount
Authorized, ₱1 par value	7,500,000,000	₱7,500,000,000
Issued	6,148,081,534	₱6,148,081,534

Additional issuance	819,200	₱1.68/share	November 10, 2015	
December 31, 2019	6,148,081,534			785
Add:				
Additional issuance	3,072,000	₱1.00/share	November 10, 2015	
Additional issuance	29,038	₱1.68/share	November 10, 2015	
Additional issuance	2,270,200	₱1.00/share	May 19, 1989	
December 31, 2020	6,153,452,772			784

Retained Earnings

Retained earnings also include undistributed net earnings amounting to ₱3,751.00 million and ₱3,683.40 million as of December 31, 2020 and 2019, respectively, representing accumulated equity in the net earnings of subsidiaries. These are not available for dividend distribution unless declared by the subsidiaries.

In 2020, Laguna Technopark, Inc., the Parent Company's subsidiary, declared cash dividends for a total amount of ₱350.00 million of which ₱17.50 million is attributable to non-controlling interest.

Shares held by a subsidiary

On September 5, 2019, OLI subscribed to 49,444,216 unissued shares of ALLHC for a total consideration of ₱144.38 million. This is presented as "Shares held by a subsidiary" in the consolidated statement of financial position.

Capital Management

The primary objective of the Group's capital management is to optimize the use and earnings potential of the Group's resources and considering changes in economic conditions and the risk characteristics of the Group's activities.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes as at December 31, 2020 and 2019.

As at December 31, 2020 and 2019, the Group considers the following accounts as capital:

	2020	2019
	<i>(In Thousands)</i>	
Capital stock	₱6,184,835	₱6,173,305
Additional paid-in capital	6,007,133	5,999,868
	₱12,191,968	₱12,173,173

The Group is not subject to externally imposed capital requirements.

17. Related Party Transactions

Related party relationship exists when one party has the ability to control, directly or indirectly through one or more intermediaries, the other party or exercise significant influence over the other party in making financial and operating decisions. Such relationship also exists between and/or among entities, which are under common control with the reporting enterprises and its key management personnel, directors or its stockholders. In considering each related party relationship, attention is directed to the substance of the relationship, and not merely the legal form. The Group has an approval requirement and limits on the amount and extent on any related party transactions.

The Parent Company and its subsidiaries, in their normal course of business, have entered into transactions with related parties principally consisting of interest and noninterest-bearing advances with no fixed repayment terms and are due and demandable. These transactions are normally settled in cash

Account balances with related parties, other than intra-group balances which were eliminated in consolidation, follows:

The following describes the nature of the material transactions of the Group with related parties as of December 31, 2020 and 2019:

- Amounts owed by ALI pertains to rental revenue collected by ALI on behalf of OLI.
- Amounts owed by related parties are short-term advances made by the Group with interest rate at 2.57% to 3.05 % per annum. Interest income attributable to intercompany loans amounted to ₱32.27 million and ₱46.62 million in 2020 and 2019, respectively.

- c. The Group entered into operating lease agreements with entities under common control or significant influence of the Ultimate Parent, on its investment property portfolio.
- d. The Group has entered into transactions with related parties consisting of advances and reimbursements of expenses. Services rendered to and received from related parties are made at normal market prices and normally settled in cash.
- e. The Group engaged the services of a third-party agency to provide security and maintenance within the Technopark which will be billed to IMI. As of December 31, 2020 and 2019, the total receivable from IMI amounted to nil and ₱0.52 million, respectively.
- f. The Group has cash advances to AG Counselors Corp. for the due diligence of a property in Cavite. As of December 31, 2020 and 2019, there was no unliquidated cash advances.
- g. The Group has engaged the services of MDC for the technical due diligence, land development of the property in Cavite, Pampanga and Laguindingan and construction of a facility in Laguna. As of December 31, 2020 and 2019, the total payable to MDC amounted to ₱261.02 million and ₱325.68 million, respectively.
- h. MDC Build Plus is the contractor of the Group's Standard Factory Building 2 in Phase 7, Laguna Technopark. As of December 31, 2020 and 2019, the retention payable of the Group amounted to nil and ₱14.48 million, respectively.
- i. Payable to ALI pertains to management fees. This is due and demandable and noninterest bearing.
- j. On August 2, 2019, the Group, through LTI, executed a Deed of Absolute Sale with AC for the purchase of the 624,382 sqm lot located in Laguindingan, Misamis Oriental intended for the currently being developed Laguindingan Technopark project amounting to ₱299.08 million. The 50% of the total purchase price has already been paid during the year resulting to a ₱149.54 million payable to AC as of December 31, 2019.

This assessment is undertaken at each financial year-end by examining the financial position of the related parties and the market in which the related parties operate.

Other transactions with related parties include the following:

- OLI's acquisition of land from Avida (see Note 27).
- On September 5, 2019, OLI subscribed to 49,444,216 unissued shares of ALLHC for a total consideration of ₱144.38 million. This is presented as "Shares held by a subsidiary" in the consolidated statement of financial position (see Note 16).
- On September 9, 2019, OLI sold 215,090,031 issued shares of ALLHC to Avida for a total consideration of ₱628.08 million. This is presented as a reduction to "Shares held by a subsidiary" in the consolidated statement of financial position and the resulting difference between the consideration and the carrying amount is lodged under additional paid-in capital (see Note 16).
- The Parent Company entered into a service agreement with Ayalaland Malls, Inc., and Ayalaland Malls Northeast, Inc. to provide specialized jobs/services/work to the Group. The term of the agreement shall be 3 years starting November 1, 2016 until October 31, 2019 and January 1, 2017 until December 31, 2018, respectively. The service fees arising from these agreements amounted to ₱0.59 million, ₱4.05 million and ₱4.78 million, for the years ended December 31, 2020, 2019 and 2018, respectively.
- The Parent Company, TPI and OLI entered into a master service agreement with Aprisa Business Process Solutions, Inc. to provide data processing services. The agreement is effective from January 1, 2020 until December 31, 2020. The total service fees arising from these agreements amounted to ₱1.96 million and ₱1.75 million, for the years ended December 31, 2020 and 2019, respectively.
- In 2020 and 2019, EPMI recognized sale of electricity to related parties amounting to ₱413.58 million and ₱547.18 million, respectively (see Note 26).

In 2019, the Group wrote-off amounts owed by related parties amounting to ₱0.33 million presented as “Write off and other charges” in the consolidated statement of income.

In 2018, the Group reversed allowance for impairment loss on amounts owed by related parties amounting to ₱1.63 million.

Compensation of key management personnel

The key management personnel of the Group are employees of ALI. As such, the compensation of the said employees is paid by ALI, the necessary disclosures required by PAS 24, *Related Party Disclosure* are included in the financial statements of ALI. Compensation for said employees are billed to the Group and form part of systems cost. Systems cost billed to the Group amounted to ₱47.88 million, ₱53.28 million and ₱45.80 million in 2020, 2019 and 2018, respectively.

Shares Held by a Subsidiary

On June 27, 2017, OLI acquired 512,480,671 shares of the Parent Company with a cost of ₱1,255.58 million.

On September 9, 2019, OLI sold 215,090,031 shares of the Parent Company to Avida Land Corp. (“Avida”), a related party, with a cost of ₱484.54 million for a total consideration of ₱628.08 million. The realized gain on sale was recorded as additional paid-in capital.

On June 3, 2019, OLI sold 323,886,640 shares of the Parent Company to ALI, a related party with a cost of ₱794.49 million for a total consideration of ₱800.00 million. The realized gain on sale was recorded as additional paid-in capital.

On September 5, 2019, OLI subscribed to 49,444,216 shares of the Parent Company in cash amounting to ₱144.38 million. As of December 31, 2020, the listing of these shares are still pending with the Philippine Stock Exchange.

These are presented as Shares held by a subsidiary in the consolidated statements of financial position and statements of changes in equity as at December 31, 2020.

18. Subscription Payable

As at December 31, 2020 and 2019, the Parent Company has unpaid subscription in Cyber Bay amounting to ₱481.68 million, which is presented as “Subscriptions Payable” in the consolidated statements of financial position. The movement in investment in Cyber Bay under “Financial assets at fair value through other comprehensive income” follows:

	2020	2019
	<i>(In Thousands)</i>	
Beginning balance	₱527,479	₱548,300
Changes in fair value	(69,405)	(20,821)
	₱458,074	₱527,479

On April 25, 1995, Central Bay, a wholly-owned subsidiary of Cyber Bay, entered into a Joint Venture Agreement with the Philippine Reclamation Authority (PRA; formerly Public Estates Authority) for the complete and entire reclamation and horizontal development of a portion of the Manila-Cavite Coastal Road and Reclamation Project (the Project) consisting of three partially reclaimed and substantially eroded islands (the Three Islands) along Emilio Aguinaldo Boulevard in Parañaque and Las Piñas, Metro Manila, with a combined total area of 157.8 hectares, another area of 242.2 hectares contiguous to the Three Islands and, at Central Bay’s option as approved by the PRA, an additional 350 hectares, more or less, to regularize the configuration of the reclaimed area.

On March 30, 1999, the PRA and Central Bay executed an Amended Joint Venture Agreement (AJVA) to enhance the Philippine Government's share and benefits from the Project which was approved by the Office of the President of the Philippines on May 28, 1999.

On July 9, 2002, the Supreme Court (SC) (in the case entitled "Francisco Chavez vs. Amari Coastal Bay and Reclamation Corp.") issued a ruling declaring the AJVA null and void.

Accordingly, PRA and Central Bay were permanently enjoined from implementing the AJVA. On July 26, 2002, Central Bay filed a Motion for Reconsideration (MR) of said SC decision. On May 6, 2003, the SC En Banc denied with finality Central Bay's MR. On May 15, 2003, Central Bay filed a Motion for Leave to Admit Second MR. In an En Banc Resolution of the SC dated July 8, 2003, the SC resolved to admit the Second MR of Central Bay.

On November 11, 2003, the SC rendered a 7-7 split decision on Central Bay's Second MR. Because of the new issues raised in the SC's latest resolution that were never tried or heard in the case, Central Bay was constrained to file on December 5, 2003 a Motion for Re-deliberation of the SC's latest resolution which motion was denied with finality by the SC. With the nullification of the AJVA, Central Bay has suspended all Project operations.

On August 10, 2007, in view of the failure by the PRA to comply with its obligations and representations under the AJVA, Cyber Bay and Central Bay have filed their claims for reimbursement of Project expenses in the amount of ₱10.2 billion with the PRA. Cyber Bay and Central Bay provided the PRA with the summary and details of their claims on September 5, 2007.

On July 15, 2008, Cyber Bay sent a follow-up letter to the PRA.

On November 20, 2009, the Cyber Bay sent a letter to the PRA for the payment of approximately ₱13.4 billion. This amount represents all costs, losses, liabilities, and expenses incurred by Central Bay computed as of September 2009 pursuant to the Amended JVA.

In a letter dated February 8, 2010, the PRA, through its former General Manager and CEO, Andrea D. Domingo, acknowledged that of the claims for reimbursement made by Central Bay, PRA was able to verify the total amount of ₱1,004.44 million as the amount due for reimbursement and PRA did not, at that time, find any sufficient basis for the payment of Central Bay's other claims including cost of money, reimbursement of professional and legal fees, interest and bank charges on loan, foreign exchange losses on loans, pre-operating and operating expenses, input tax, and documentary stamp tax. Central Bay then conducted a more thorough internal review of pertinent documents and re-computation of its claims vis-a-vis the findings of PRA.

Thus, on December 13, 2010, Central Bay filed a Petition with the COA to claim for reimbursement with the revised amount due totaling ₱11,528.57 million (down from the initial claim of ₱13,386.97 million) and not merely ₱1,004.44 million as initially determined by the PRA. Considering that PRA has already validated and acknowledged Central Bay's claim for reimbursement in the amount of ₱1,004.44 million, the only issue submitted to the COA is whether or not the other claims of Central Bay which were initially found by PRA to be without sufficient basis are likewise rightful items for reimbursement in light of recognized government accounting standards.

The money claim of ₱1,027.00 million shall be settled through a conveyance of a portion of the PRA reclaimed land to Central Bay's qualified assignee, as previously approved by the stockholders of the Company during its annual stockholders' meeting held on December 22, 2015.

Central Bay and the PRA, as assisted by the Office of the Government Corporate Counsel (OGCC), entered into a Compromise Agreement with the PRA dated October 14, 2016. The Compromise Agreement shall take force and effect upon approval by the Commission on Audit (COA) and the issuance of the COA of an Order of Judgment to dismiss the money claim of Central Bay in the case docketed as COA CP Case No. 2010-350 and shall bar any future claims arising from or in connection with the Amended Joint Venture Agreement dated 30 March 1999.

On November 11, 2016, Central Bay and PRA filed a Joint Motion for Judgment based on the Compromise Agreement before the COA to seek its approval.

On May 23, 2019, the COA rendered a decision rendering the Compromise Agreement as null and void, and partially granting Central Bay's money claims in the total amount of ₱714.94 million (Decision). A Motion for Reconsideration on the Decision was filed with the COA on 25 July 2019.

On July 30, 2020, Central Bay, the wholly owned subsidiary of Cyber Bay, received a notice dated June 8, 2020, that the COA En Banc issued a resolution on January 21, 2020 to deny its Motion for Reconsideration (MR). The MR was filed by Central Bay on July 25, 2019 on the decision declaring the Compromise Agreement with the Philippine Reclamation Authority invalid, and partially granted Central Bay's money claim in the total amount of ₱714.94 million.

On August 19, 2020, Central Bay filed a Petition for Certiorari with G.R No. 252940 to the Supreme Court of the Philippines praying that the COA En Banc resolution be reversed and set aside and that the Compromise Agreement dated October 14, 2016 be approved and adopted.

On September 8, 2020, the Supreme Court En Banc required COA and PRA to comment to the Petition for Certiorari. As at February 23, 2021, Central Bay has yet to receive any submission from COA and PRA.

19. Operating Expenses

The details of this account follow:

	2020	2019	2018
		<i>(In Thousands)</i>	
Personnel expenses (Notes 20)	₱51,970	₱41,199	₱29,788

22. Interest Income (expense) and Bank Charges - net and Other Income - net

Interest income and bank charges

The details of this account follow:

	2020	2019	2018
	<i>(In Thousands)</i>		
Interest income:			
Cash and cash equivalents and short-term investments (Note 4)	₱3,731	₱3,551	₱2,036
Amounts owed by related parties (Note 17)	32,273	46,618	29,315
Retirement benefits liability - net (Note 23)	654	1,370	960
Interest income on financial assets at FVOCI (Note 7)	107	1,961	3,405
	36,765	53,500	35,716
Interest expense and bank charges:			
Interest expense	100,662	49,318	726
Bank charges	4,093	918	13
	104,755	50,236	739
	(₱67,990)	₱3,264	₱34,977

Other income

Other income, net of other charges, includes collection of forfeited deposits and penalty charges, proceeds from disposal of property and equipment and FVOCI, scraps, reversal of accruals and impairment losses and excess CUSA recoveries.

23. Retirement Benefits Liability

The Group has a funded, noncontributory retirement plan covering all its regular employees. The plan provides for retirement, separation, disability and death benefits to its members. The normal retirement benefit is based on a percentage of the employees' final monthly salary for every year of credited service.

The latest independent actuarial valuation dated February 11, 2021 was determined using the projected unit credit method in accordance with PAS 19 (R).

The following tables summarize the funded status and amounts recognized in the consolidated statements of financial position, and the components of the net retirement benefit costs recognized in the consolidated statements of income for the retirement plan:

	2020	2019
	<i>(In Thousands)</i>	
Retirement benefits asset:		
Present value of obligation (PVO)	₱13,014	₱8,620
Fair value of plan assets	(22,708)	(20,387)
Overfunded obligation	(₱9,694)	(₱11,767)

	2020	2019	2018
	<i>(In Thousands)</i>		
Retirement benefits costs:			
Current service cost (Note 20)	₱1,367	₱979	₱1,096
Interest cost (income) - net (Note 22)	(654)	(1,370)	(960)
	₱713	(₱391)	₱136

Movements in the retirement benefits asset follow:

	2020	2019
	<i>(In Thousands)</i>	
Balances at beginning of year	(₱11,767)	(₱17,390)
Retirement benefits costs	713	(391)
Actuarial loss	1,360	4,256
Contribution	-	(934)
Transfer from affiliates	-	2,692
Balances at end of year	(₱9,694)	(₱11,767)

Changes in the PVO follows:

	2020	2019
	<i>(In Thousands)</i>	
Balances at beginning of year	₱8,620	₱1,622
Current service cost	1,367	979
Interest cost	293	125
Actuarial loss	2,734	3,202
Transfer from affiliates	-	2,692
Balances at end of year	₱13,014	₱8,620

Changes in fair value of plan assets follows:

	2020	2019
	<i>(In Thousands)</i>	
Balances at beginning of year	₱20,386	₱19,012
Interest income	947	1,495
Actuarial gain (loss) on plan assets	1,375	(1,055)
Contribution	-	934
Balances at end of year	₱22,708	₱20,386

Changes in remeasurement of retirement benefit plan under other comprehensive income follows:

	2020	2019
	<i>(In Thousands)</i>	
Balances at beginning of year	₱50,507	₱44,313
Actuarial loss (gain) on plan assets		
Return loss (gain) on plan assets	(963)	1,055
Remeasurement loss due to liability experience	183	714
Remeasurement loss (gain) due to liability assumption changes—demographic	802	(445)
Remeasurement loss due to liability assumption changes – economic	929	4,870
Balances at end of year	₱51,458	₱50,507

The categories of plan assets as a percentage of fair value of the total plan assets follows:

	2020	2019
Cash	2.05%	8.32%
Fixed income	97.94%	91.60%
Others	0.01%	0.08%
	100.00%	100.00%

The plan assets are invested in different financial instruments and do not have any concentration risk. The asset allocation of the plan is set and reviewed from time to time by the Trustee taking into account the membership profile and the liquidity requirements of the plan. This also considers the expected benefit cash flows to be matched with asset durations.

As at December 31, 2020 and 2019, the plan assets do not include any debt or equity instruments nor any property occupied, or other assets of the Group's related parties.

The Group does not expect to contribute to the retirement plan in 2021.

The principal assumptions used to determine pension for the Group are as follows:

	2020	2019	2018
Discount rates	3.79% to 3.99%	5.15% to 7.40%	7.40% to 8.16%
Salary increase rate	5.00 to 6.00%	5.00% to 7.00%	5.00% to 7.00%

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the defined benefit obligation as of the end of the reporting period, assuming if all other assumptions were held constant:

	Increase (decrease) in significant assumptions	Increase (decrease) in defined benefit obligation
December 31, 2020		
Discount rate	+1% (1%)	₱9,193 11,907
Future salary increases	+1% (1%)	11,933 9,120
December 31, 2019		
Discount rate	+1% (1%)	(₱1,328) 1,673
Future salary increases	+1% (1%)	1,655 (1,346)

It should be noted that the changes assumed to be reasonably possible at the valuation date are open to subjectivity, and do not consider more complex scenarios in which change other than those assumed may be deemed to be more reasonable.

The following table shows the maturity profile of the Group's defined benefit obligation based on undiscounted benefit payments:

	2020	2019
	<i>(In Thousands)</i>	
Less than 1 year	₱194	₱277
More than 1 year to 5 years	1,163	5,782
More than 5 years to 10 years	11,366	7,413
More than 10 years to 15 years	8,011	9,412
More than 15 years to 20 years	16,338	8,307
More than 20 years	40,329	24,126

The average duration of the defined benefit obligation is 20.48 to 24.00 years and 17.08 to 24.00 years in 2020 and 2019, respectively.

24. Income Tax

The details of provision for income tax follow:

	2020	2019	2018
	<i>(In Thousands)</i>		
Current	₱169,623	₱183,462	₱160,080
Final	736	993	855
Deferred	(39,335)	(64,582)	(8,740)
	₱131,024	₱119,873	₱152,195

Registration with the Philippine Economic Zone Authority (PEZA) and Board of Investments (BOI) Incentives

LTI

On October 17, 1991, PEZA approved the registration of LTI as a non-pioneer "ecozone developer/operator" of Laguna Technopark Special Economic Zone in Biñan, Laguna. On July 13, 2016, PEZA approved the registration of the LTI as an "ecozone developer/operator" of Cavite Technopark Special Economic Zone in Naic, Cavite.

As a registered ecozone enterprise, LTI is entitled to establish, develop, construct, administer, manage and operate a special export processing zone in accordance with the terms and conditions in the Registration Agreement with PEZA.

LTI pays income tax at the special tax rate of 5% on its gross income earned from sources with the PEZA economic zone in lieu of paying all national and local income taxes. Gross income earned refers to gross sales or gross revenues derived from any business activity, net of returns, and allowances, less cost of sales or direct costs but before any deduction is made for administrative expenses or incidental losses. Income generated from sources outside of the PEZA economic zone shall be subject to regular internal revenue taxes.

URDC

The Board of Investments issued a certificate of registration dated December 6, 2019 to URDC in accordance with the existing Omnibus Investment Code. The project located in Mabalacat, Pampanga has been granted an Income Tax Holiday (ITH) for a period of four (4) years from the date of commercial operations.

The reconciliation of the statutory income tax rates to the effective income tax rates follows:

	2020	2019	2018
At statutory tax rates	30.0%	30.0%	30.0%
Additions to (reductions in) income taxes resulting from:			
Movements in unrecognized deferred income tax assets	(6.2)	5.4	(0.1)
Income subject to lower tax rate	(4.3)	(7.6)	(9.3)
Expired NOLCO	(0.8)	0.2	(0.1)
Interest income already subjected to final taxes	-	0.2	0.2
Nondeductible expenses	3.1	2.3	0.4
Provision for impairment losses	1.3	-	-
Other nontaxable income	(0.2)	-	(1.4)
At effective tax rates	22.9%	30.5%	19.7%

Recognized deferred taxes of the Group relate to the tax effects of the following:

	2020	2019
	<i>(In Thousands)</i>	
Deferred income tax asset on:		
Lease liabilities	₱526,114	₱514,698
Allowance for impairment losses on receivables	39,220	27,743
Remeasurement loss on retirement benefits liability	380	2,925
Deferred rent	-	2,978
Others	30,626	19,089
	596,340	567,433
Deferred income tax liability on:		
Right-of-use asset	(₱378,571)	(₱398,089)
Revaluation reserve on investment properties	(134,563)	(140,784)
Recovery on insurance	(98,382)	(98,382)
Accrued rent income	(24,749)	(18,366)
Undepreciated capitalized interest	(6,466)	(6,466)
Remeasurement gain on retirement	(3,306)	(5,070)
Pension assets	(2,290)	-
Unrealized gain on foreign exchange	(1,137)	(1,204)
	(649,464)	(668,361)
	(₱53,124)	(₱100,928)

Deferred tax assets and deferred tax liabilities are offset on per entity level and the net amount is reported in consolidated statement of financial position as follows:

Deferred income tax assets - net

	2020	2019
	<i>(In Thousands)</i>	
Deferred income tax asset on:		
Lease liabilities	₱526,114	₱79,720
Allowance for impairment losses on receivables	39,220	16,792

	(111,352)	(594,808)
	(₱111,352)	(₱125,220)

Deferred income tax assets are recognized only to the extent that taxable income will be available against which the deferred income tax assets can be used. The Group reassesses the unrecognized deferred income tax assets on the following deductible temporary differences, NOLCO and MCIT and recognizes the previously unrecognized deferred income tax assets to the extent that it has become probable that future taxable income would allow the deferred income tax assets to be recovered.

	2020	2019
	<i>(In Thousands)</i>	
NOLCO	₱91,607	₱60,776
Allowance for impairment losses on receivables, other current assets, inventories and others	228,491	228,491
MCIT	1,894	6,812

As of December 31, 2020, the Company has incurred NOLCO before taxable year 2020 which can be claimed as deduction from the regular taxable income for the next three (3) consecutive taxable years, as follows:

Year Incurred	Availment Period	Amount	NOLCO Applied Previous Year/s	NOLCO Expired	NOLCO Applied Current Year	NOLCO Unapplied
2018	2019-2021	₱34,611	₱-	₱-	₱-	₱34,611
2019	2020-2022	7,839	-	-	-	7,839
		₱42,450	₱-	₱-	₱-	₱42,450

As of December 31, 2020, the Company has incurred NOLCO in taxable year 2020 which can be claimed as deduction from the regular taxable income for the next five (5) consecutive taxable years pursuant to the Bayanihan to Recover As One Act, as follows:

Year Incurred	Availment Period	Amount	NOLCO Applied Previous Year/s	NOLCO Expired	NOLCO Applied Current Year	NOLCO Unapplied
2020	2021-2025	₱49,157	₱-	₱-	₱-	₱49,157

As at December 31, 2020, the Group has MCIT that can be claimed as deduction from future taxable income and tax due, respectively:

Year Incurred	Expiration Date	MCIT
2018	2021	₱477
2019	2022	-
2020	2023	1,417
		₱1,894

The following are the movements in NOLCO as at December 31, 2020 and 2019:

	2020	2019
	<i>(In Thousands)</i>	
Balances at beginning of year	₱60,776	₱209,386
Additions	49,157	7,839
Expirations/Application	(18,326)	(156,449)
	₱91,607	₱60,776

The following are the movements in MCIT as at December 31, 2020 and 2019:

	2020	2019
	<i>(In Thousands)</i>	
Balances at beginning of year	P6,812	P7,133
Additions	1,417	3,154
Expirations/Application	(6,335)	(3,475)
	P1,894	P6,812

25. Earnings Per Share

The following table presents information necessary to calculate basic earnings per share:

	2020	2019	2018
	<i>(In Thousands)</i>		
a. Net income attributable to equity holders of the Parent	P681,962	P595,838	P441,908
b. Weighted average number of shares	6,252,148	6,226,225	5,350,484
Basic/diluted earnings per share (a/b)	P0.11	P0.10	P0.08

There are no potentially dilutive common shares as of December 31, 2020, 2019 and 2018.

26. Segment Information

Revenue from Contracts with Customers

This account consists of:

	2020	2019
	<i>(In Thousands)</i>	
Sale of electricity	P1,568,434	P2,395,977
Lot sales	1,275,511	1,809,120
	P2,843,945	P4,205,097

The Group derives revenue from the transfer of goods and services over time. The Group's disaggregation of each sources of revenue from contracts with customers are presented below:

Sale of electricity

	2020	2019
	<i>(In Thousands)</i>	
Sales to external customers	P1,154,851	P1,848,801
Sales to related parties	413,583	547,176
	P1,568,434	P2,395,977

Lot sales

	2020	2019
	<i>(In Thousands)</i>	
Pampanga	₱783,650	₱1,020,019
Cavite	320,921	501,657
Laguindingan	162,872	-
Laguna	8,068	287,444
	₱1,275,511	₱1,809,120

Business Segments

The Group's operating businesses are organized and managed separately according to the nature of services provided and the different markets served, with each segment representing a strategic business unit.

The industry segments where the Parent Company and its subsidiaries operate are as follows:

- Holding Company
- Real estate - commercial leasing and industrial lot sales and development
- Retail electricity supply

The amount of segment assets and liabilities are based on measurement principles that are similar with those used in measuring assets and liabilities in the consolidated statements of financial position which is in accordance with PFRS.

December 31, 2018

	Holding Company	Real Estate and Property Development	Retail and Electricity Supply	Others	Total	Elimination	Total
				<i>(In Thousands)</i>

*Includes real estate sales amounting to P785.83 million and rental revenue amounting to P843.15 million.

Geographical Segments

The Group does not have geographical segments.

27. Leases

The Group has lease contracts for land used in its operations. Leases of land generally have lease terms between 25 and 30 years. The lease contracts are further discussed below.

Set out below are the carrying amounts of right-of-use assets (land) recognized and the movements as of and for the year December 31, 2020 and 2019:

	2020	2019
	<i>(In Thousands)</i>	
Balance at January 1	P1,326,964	P1,353,872
Additions	5,600	37,846
Depreciation expense (Note 21)	(65,192)	(64,754)
Balance at December 31	P1,267,372	P1,326,964

Set out below are the carrying amounts of lease liabilities and the movements as of and for the year December 31, 2020 and 2019:

	2020	2019
	<i>(In Thousands)</i>	
Balance at January 1	P1,733,450	P1,694,120
Additions	5,600	37,846
Accretion of interest	150,240	151,188
Payments	(137,918)	(149,704)
Balance at December 31	P1,751,372	P1,733,450

As of December 31, 2020 and 2019, the maturity analysis of undiscounted lease payments follows:

	2020	2019
	<i>(In Thousands)</i>	
Within one (1) year	P156,469	P139,655
More than one (1) year but not more than five (5) years	845,526	835,867
More than five (5) years	2,756,212	2,916,619
	P3,758,207	P3,892,141

As of December 31, 2020 and 2019, the following are the amounts recognized in profit or loss:

	2020	2019
	<i>(In Thousands)</i>	
Depreciation expense for right-of-use assets (Notes 19 and 21)	P65,192	P64,754
Interest expense on lease liabilities	150,240	151,188
Rent expense relating to short-term leases (Note 19)	386	5,213
Variable lease payments (Note 21)	8,571	19,253
	P224,389	P240,408

Group as Lessee

TPI

On August 28, 1990, TPI, through a Deed of Assignment, acquired all the rights, titles, interests and obligations of Gotesco Investment, Inc. on a contract of lease of the land owned by PNR for the Tutuban Terminal and where TPI's mall is located. The contract provided for a payment of a guaranteed minimum annual rental, 12% escalation rate every two (2) years, additional P10 million every two (2) years, plus a certain percentage of gross sales. The lease covers a period of twenty-five (25) years until 2014 and is automatically renewable for another twenty-five (25) years, subject to compliance with the terms and conditions of the lease agreement.

On December 22, 2009, TPI renewed its lease contract with PNR for another twenty-five (25) years beginning September 5, 2014, the end of the original lease agreement.

LTI

On August 7, 2017, LTI entered into a Contract of Lease with ALI to lease a parcel of land located in Brgy. Loma, Biñan, Laguna with an area of approximately 54,190 square meters (sqm) primarily for the construction, development and operation of Standard Factory Buildings (SFBs).

The contract provided for a payment of a guaranteed minimum monthly rental with a 10% escalation rate every five (5) years. The lease covers a period of twenty-five (25) years until December 31, 2041 and is renewable, subject to the mutual agreement of the parties and to compliance with the terms and conditions of the lease agreement.

On September 22, 2017, LTI entered into a Contract of Lease with Nuevocentro, Inc., a related party, to lease parcels of land located at the Alviera Industrial Park, Barangay Dolores and Banaba, Porac, Pampanga, with an area of approximately 27,469 sqm primarily for the construction, development and operation of SFBs.

The contract provided for a payment of a guaranteed minimum monthly rental with a 10% escalation rate every five (5) years. The lease covers a period of thirty (30) years until October 31, 2047 and is renewable for another ten (10) years, subject to the mutual agreement of the parties and to compliance with the terms and conditions of the lease agreement.

On November 7, 2017, LTI entered into a Contract of Lease with Alveo Land, Corp., a related party, to lease a parcel of land located in Biñan, Laguna with an area of approximately 82,690 sqm primarily for the construction, development and operation of SFBs.

The contract provided for a payment of a guaranteed minimum monthly rental with a 10% escalation rate every five (5) years. The lease covers a period of twenty-five (25) years until December 31, 2041 and is renewable, subject to the mutual agreement of the parties and to compliance with the terms and conditions of the lease agreement.

On August 1, 2019, LTI entered into a Contract of Lease with Nuevocentro, Inc. to lease a parcel of land located at the Alviera Industrial Park, Barangay Dolores and Banaba, Porac, Pampanga, with an area of approximately 14,163 sqm primarily for the construction, development and operation of SFBs.

The contract provided for a payment of a guaranteed minimum monthly rental with a 10% escalation rate every five (5) years. The lease covers a period of twenty-nine (29) years until October 31, 2047 and is renewable for another ten (10) years, subject to the mutual agreement of the parties and to compliance with the terms and conditions of the lease agreement.

OLI

OLI, by Assignment of Lease executed between ALI and Avida Land Corporation on November 29, 2017, assumed a lease agreement with Avida to lease a land located along National Road, Muntinlupa City with an area of approximately 19,311 square meters (sqm) for the construction, development and operation thereon of a commercial retail development for a period of 50 years.

The lease agreement provides for a rental fee equivalent to 1.50% and 1.00% of gross rental income which will be paid on a monthly basis for the first three years for the retail mall portion and office portion. The rates will increase to 8.60% and 4.50% on the fourth year which will be applicable onwards.

On July 5, 2019, Avida Land, Corp. sold to Orion Land, Inc. (OLI) the parcel of land, previously being leased by OLI where the South Park Mall is located in Muntinlupa City, with a purchase price of ₱772.44 million of which ₱10.00 million was paid during the execution date and the remaining ₱607.95 million and ₱154.49 million after six and twelve months, respectively.

Parent Company

On July 1, 2020, the Parent Company entered into a Contract of Lease with ALI Commercial Logistics Holdings Corporation to lease a building space located at Glorietta 5 Ayala Avenue, Makati with an area of approximately 317.85 sqm primarily for administrative use of the Company. The contract provided for a payment of a guaranteed fixed monthly rental of ₱500 per sqm. The lease covers period covers from July 1, 2020 to December 31, 2023.

Group as a Lessor

The Group has entered into commercial property leases on its buildings. These leases have remaining terms of one (1) year to less than five (5) years except for one (1) tenant with lease term of fifteen (15) years. Renewals are subject to the mutual consent of the lessor and the lessee.

Tenants are required to post security deposits, which shall be refunded, without interest, within sixty (60) days after the expiration of the lease period, deducting the amount of damages to the leased premises, if any. The discounted amount of noncurrent security deposits amounted to ₱107.80 million and ₱153.34 million as at December 31, 2020 and 2019, respectively (See Note 15).

Accretion of interest amounted to ₱2.10 million, ₱1.65 million and ₱1.21 million for the years ended December 31, 2020, 2019 and 2018, respectively. The net present value of the Group's security deposits were determined using discount rate ranging from 3.99% to 7.22%.

The Group recognized deferred rent income amounting to ₱22.13 million and ₱8.90 million as of December 31, 2020 and 2019, respectively, of which the current portion amounted to ₱15.60 million and ₱2.02 million as of December 31, 2020 and 2019, respectively, and noncurrent portion amounted ₱6.54 million and ₱6.87 million as at December 31, 2020 and 2019.

As of December 31, 2020 and 2019, future minimum rentals receivable under non-cancellable operating leases of the Group follows (amounts in thousands):

	2020	2019
Less than one (1) year	₱718,899	₱380,668
More than one (1) year but not more than five (5) years	3,276,534	981,328
More than five (5) years	975,498	76,596
	₱4,970,931	₱1,438,592

28. Provisions and Contingencies

The Group, in the ordinary course of business, is involved in various legal proceedings and assessments that are either pending decision by the courts or under negotiation. Management and its legal counsels believe that the eventual outcome of these lawsuits or claims will not have a material effect on the consolidated financial statements. It is possible, however, that future results of operations could be materially affected by changes in the estimates or in the effectiveness of the strategies relating to these proceedings.

The rollforward of the provisions follows:

	2020	2019
	<i>(In Thousands)</i>	
Beginning balance	₱254,196	₱111,443
Provisions	5,000	240,647
Reversals	(21,000)	(32,280)
Settlement	(187,864)	(65,614)
	₱50,332	₱254,196

The information normally required under PAS 37, *Provisions, Contingent Liabilities and Contingent Assets*, is not disclosed as it may prejudice the outcome of the proceedings.

29. Share-based Payments

In 2015, the Group introduced the ESOWN Plan (the Plan) wherein grantees (employees within ALLHC Group) may subscribe in whole or in part to the shares awarded to them based on a discounted market price, but in no case lower than the par value, that was determined at grant date. The grantees will pay for the shares subscribed through installments over a maximum period of ten (10) years. To subscribe, the grantee must be an employee, officer or director of the Group as of June 30, 2015. In case the grantee resigns, unsubscribed shares are cancelled and returned to the plan pool, while the subscription payments may be converted into the equivalent number of shares. In case the grantee is separated, not for cause, but through retrenchment and redundancy, subscribed shares may be paid in full, unsubscribed shares may be subscribed, or payments may be converted into the equivalent number of shares. In case the grantee retires, the grantee may subscribe to the unsubscribed shares anytime within the ten (10)-year period. The plan does not allow sale or assignment of the shares.

The BOD of ALLHC approved the allocation of 32 million shares (first tranche) for ESOWN plan which will be taken from the remaining unissued shares (with grant date in 2016) and the increase in authorized of stock of ALLHC, which was approved by the SEC in July 2016 as discussed in Note 16.

In 2017, notice of grant for the 218 million shares (second tranche of ESOWN plan) was issued to employees for the right to subscribe to the common shares of ALLHC at ₱1.68 per share.

The availment period for the first tranche and for the second tranche of ESOWN plan is within 30 days from employees' receipt of notice of grant and within 30 days after one year from employees' receipt of notice of grant, respectively.

The fair values of these options are estimated on the date of grant using the Cox-Ross-Rubenstein option pricing model.

The assumptions used to determine the fair value of the stock options are as follows:

	December 31, 2017
Share price at date of grant	₱2.12
Risk free interest rate	5.6818%
Annualized volatility	49.68%
Annual dividend yield	0%
Exit rates	
Termination for cause	0%
Voluntary Resignation	0%
Involuntary Separation	7.29%

ESOWN availment in 2018 resulted in increase in capital stock and additional paid-in capital of ₱6.91 million and ₱25.17 million, respectively.

30. Financial Instruments

Fair Value Information

The following tables set forth the carrying values and estimated fair values of the Group's financial assets and liabilities recognized as of December 31, 2020 and 2019:

	December 31, 2020		December 31, 2019	
	Carrying Value	Fair Value	Carrying Value	Fair Value
	<i>(In Thousands)</i>			
Financial Assets at FVPL	₱4,741	₱4,741	₱4,479	₱4,479
Financial Assets at FVOCI				
Quoted equity securities	505,912	505,912	556,939	556,939
Quoted debt securities	100,518	100,518	87,807	87,807
Refundable Deposits	76,134	76,134	98,860	96,591
Receivables – net of current portion	728,538	672,388	480,274	447,997
	₱1,415,843	₱1,359,693	₱1,228,359	₱1,193,813
Other Financial Liabilities				
Rental and other deposits	₱702,955	₱686,262	₱752,685	₱746,734
Subscription payable	481,675	481,675	481,675	481,675
	₱1,184,630	₱1,167,937	₱1,234,360	₱1,228,409

The following method and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate such values at December 31, 2020 and 2019 are set out below:

Cash and Cash Equivalents

The carrying amount of cash and cash equivalents approximates its fair values due to the short-term maturity of this financial instrument.

Receivables - current, Accounts Payable and Accrued Expenses and Amounts owed to and by Related Parties

The carrying amounts of the current portion of receivables, accounts payable and accrued expenses and amounts owed by related parties approximate their fair values due to their short-term nature.

Refundable Deposits under Other noncurrent assets and Rental and Other Deposits

The carrying amounts of current portion of rental and other deposits approximates its fair value due to the short-term maturity of this financial instrument. The fair values of noncurrent security deposit recorded under 'Rental and other deposits' and refundable deposits recorded under 'Other noncurrent assets' are determined by discounting future cash flows using the applicable rates of similar types of instruments.

Financial Assets at FVOCI

Equity financial assets that are listed are based on their quoted prices published in markets as at December 31, 2020 and 2019. Debt financial assets that are quoted are based on published market prices as at December 31, 2020 and 2019.

Financial Assets at FVPL

Listed equity securities designated as financial assets at FVPL are based on their quoted prices as at December 31, 2020 and 2019. The fair value of the UITF has been determined based on the net asset values as of reporting date, based on the nature and level of adjustments needed to be made to the NAV and the level of trading in the money market UITF.

Fair Value Hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation technique:

Quoted FVOCI financial assets amounting to ₱606.43 million and ₱644.75 million as of December 31, 2020 and 2019, respectively, were classified under Level 1.

FVPL amounting to ₱4.74 million and ₱4.48 million as of December 31, 2020, and 2019, respectively were classified under Level 1.

The fair value disclosure of rental and other deposits and refundable deposits as of December 31, 2020, and 2019, were classified under Level 3.

There have been no reclassifications from Level 1 to Level 2 categories in 2020 and 2019.

Financial Risk Management Objectives, Policies and Capital Management

The Group has various financial instruments such as cash and cash equivalents, receivables, amounts owed by/to related parties, financial assets at FVOCI, FVPL investments, deposits under other noncurrent assets, accounts payable and accrued expenses, rental and other deposits and subscriptions payable. The main purpose of these financial instruments is to raise funds and maintain continuity of funding and financial flexibility for the Group. The Group has other financial liabilities such as accounts payable and accrued expenses and rental and other deposits, which arise directly from its operations.

The main risks from the use of financial instruments are liquidity risk, credit risk and equity price risk. The Group's BOD reviews and approves policies for managing these risks as summarized below.

Liquidity Risk

Liquidity risk arises when there is a shortage of funds and the Group as a consequence could not meet its maturing obligations.

In the management of liquidity, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The tables below summarize the maturity profile of the Group's financial liabilities as at December 31, 2020 and 2019 based on contractual undiscounted payments:

December 31, 2020

	On demand	Less than 3 months	3 to 6 months	6 to 12 months	Over 1 year	Total
<i>(In Thousands)</i>						
Accounts payable and accrued expenses	₱1,412,705	₱100,658	₱-	₱144,092	₱112,081	₱1,769,536
Lease liabilities	-	-	-	81,872	1,653,014	1,734,886
Subscription payable	481,675	-	-	-	-	481,675
Rental and other deposits	373,917	25,490	29,401	63,724	210,423	702,955
Amounts owed to related parties	2,674,433	-	-	-	-	2,674,433
	₱4,942,730	₱126,148	₱29,401	₱289,688	₱1,975,518	₱7,363,485

December 31, 2019

	On demand	Less than 3 months	3 to 6 months	6 to 12 months	Over 1 year	Total
<i>(In Thousands)</i>						
Accounts payable and accrued expenses	₱1,373,081	₱205,393	₱-	₱716,840	₱477,893	₱2,773,207
Lease liabilities	-	-	-	30,973	1,702,477	1,733,450
Subscription payable	481,675	-	-	-	-	481,675
Rental and other deposits	603,526	16,429	6,910	65,094	60,726	752,685
Amounts owed to related parties	2,317,179	-	-	-	-	2,317,179
	₱4,775,461	₱221,822	₱6,910	₱812,907	₱2,241,096	₱8,058,196

As at December 31, 2020, the COVID-19 outbreak has no significant impact to the Group's liquidity risk.

Credit Risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments.

Trade debtors – real estate receivables

For real estate receivables, exposure to credit risk is not significant given that title of the real estate property is only transferred to the customer if the consideration had been fully paid. In case of default, after enforcement activities, the Group has the right to cancel the sale and enter into another contract to sell to another customer after certain proceedings (e.g. grace period, referral to legal, cancellation process, reimbursement of previous payments) had been completed. Applying the expected credit risk model did not result in the recognition of an impairment loss for real estate receivables in 2020 and 2019.

Trade debtors - retail electricity

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss pattern. The calculation reflects the probability-weighted outcome and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

To mitigate risk for retail electricity, the Group will collect deposits equivalent to ₱151.45 million to secure credit. Also, as a policy after application of collected deposits, disconnection notices are sent 5 days after the bill due date and disconnections are carried out beginning on the 24 hours after receipt of disconnection notice.

Applying the expected credit risk model did not result in the recognition of an impairment loss for trade debtors – retail electricity in 2020 and 2019.

Trade debtors – receivable from tenants

Credit risk arising from receivables from tenants of leasing properties is primarily managed through a tenant selection process. Prospective tenants are evaluated on the basis of payment track record and other credit information. In accordance with the provisions of the lease contracts, the lessees are required to deposit with the Group security deposits and advance rentals which helps reduce the Group's credit risk exposure in case of defaults by the tenants. The security deposits are considered in the calculation of impairment as recoveries. For existing tenants, the Group has put in place a monitoring and follow-up system. These are aged and analyzed on a continuous basis to minimize credit risk associated with these receivables. Regular meetings with tenants are also undertaken for further assessment of paying capacity.

Set out below is the information about the credit risk exposure of the Group's trade debtors - receivables from tenants using a provision matrix excluding rental accruals:

	2020				Total
	Current	More than 30 days	More than 60 days	More than 90 days	
	<i>(In Thousands, except for %)</i>				
Expected credit loss rate	5.22%	6.90%	8.71%	35.50%	56.34%
Total gross carrying amount	₱80,327	₱39,092	₱49,513	₱217,780	₱386,712
Expected credit losses	5,842	7,723	9,751	39,727	63,043
	2019				
	Current	More than 30 days	More than 60 days	More than 90 days	Total
	<i>(In Thousands, except for %)</i>				
Expected credit loss rate	0.07%	22.16%	34.03%	62.48%	39.56%
Total gross carrying amount	₱429,110	₱33,033	₱22,684	₱108,225	₱593,052
Expected credit losses	286	2,845	1,971	32,922	38,024

Generally, "Trade debtors" under "Receivables" receivables are written-off if past due for more than one year and are not subject to enforcement activity.

Cash in banks and cash equivalents

Credit risk from balances with banks and financial institutions and related parties is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Group's Board of Directors on an annual basis and may be updated throughout the year subject to approval of the Group's Finance Committee. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments.

Financial assets at FVOCI – quoted debt securities

The Group's debt instruments at fair value through OCI comprise solely of government securities. The Group considers a debt investment security to have low credit risk when its credit risk rating is equivalent to the globally understood definition of 'investment grade' and, therefore, are considered to be low credit risk investments. It is the Group's policy to measure ECLs on such instruments on a 12-month basis. Applying the expected credit risk model did not result in the recognition of an impairment loss in 2020 and 2019.

Insurance receivables, non-trade and other receivables

Credit risk exposure in respect of all other counterparties is managed by setting standard business terms that are required to be met by all counterparties. An impairment analysis is performed at each reporting date to consider when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full. These receivables are written off when there is no reasonable expectation of recovering the contractual cash flows. Applying the expected credit risk model resulted in the recognition of an impairment loss amounting to ₱39.95 million and ₱91.60 million in 2020 and 2019, respectively. Total write offs amounted to ₱5.87 million and ₱92.90 million in 2020 and 2019, respectively (see Note 5).

The Group's maximum exposure to credit risk as of December 31, 2020 and 2019 is equal to the carrying values of its financial assets, except for "Trade debtors" under "Receivables" in the statements of financial position. The details follow:

2020				
	Gross maximum exposure	Fair value of collateral or credit enhancement	Net exposure	Financial effect of collateral or credit enhancement
<i>(In Thousands)</i>				
Cash in banks	P177,270	P10,046	P167,324	P10,046
Trade debtors				
Land sales	1,302,611	1,275,511	-	1,275,511
Retail electricity	153,995	151,453	2,542	151,453
Receivables from tenants	387,481	155,580	231,901	155,580
Insurance receivables	29,305	-	29,305	-
Nontrade receivables	280,834	-	97,419	-
Others	244,892	-	244,892	-
Financial assets at FVOCI – quoted debt securities	100,518	-	100,518	-
	P2,676,906	P1,592,590	P873,901	P1,592,590
2019				
	Gross maximum exposure	Fair value of collateral or credit enhancement	Net exposure	Financial effect of collateral or credit enhancement
<i>(In Thousands)</i>				
Cash in banks	P144,644	P-	P144,644	P-
Cash equivalents	32,948	-	32,948	-
Trade debtors				
Land sales	1,577,403	1,809,120	-	1,577,403
Retail electricity	329,125	182,118	147,007	182,118
Receivables from tenants	593,052	558,164	28,937	564,115
Insurance receivables	27,371	-	27,371	-
Nontrade receivables	95,301	-	95,301	-
Others	160,600	3,811	150	156,639
Financial assets at FVOCI – quoted debt securities	87,807	-	87,807	-
	P3,048,251	P2,553,213	P564,165	P2,480,275

As at December 31, 2020, the COVID-19 outbreak has no significant impact to the Group's credit risk.

Equity Price Risk

Equity price risk is the risk that the fair values of equities decrease as the result of change in the levels of equity indices and the value of individual stock. The equity price risk exposure arises from the Group's investment in stocks. Equity investment of the Group is categorized as financial assets at FVOCI.

The Group measures the sensitivity to its equity securities by using Philippine Stock Exchange index fluctuations and its effect to respective share prices.

The Group's policy is to maintain the risk to an acceptable level. Movement of share price is monitored regularly to determine impact on its financial position.

The basic sensitivity analysis assumes that the stock's standard deviation on its historical yield for the past one year provides the basis for reasonably possible change in prices of the stock investment. The Group establishes the relative range of stock investment yields based on historical standard deviation for one year.

The following table demonstrates the sensitivity to reasonable possible change in equity prices, with all other variables held constant:

Change in PSEi index	Effect on equity Increase (decrease)	
	2020	2019
	<i>(In Thousands)</i>	
+5.00%	P25,083	P32,253
(5.00%)	(25,083)	(32,253)

The impact on the Group's equity already excludes the impact on transactions affecting the consolidated statements of income.

31. Notes to Statements of Cash Flows

Changes in the Group's liabilities arising from financing activities follow:

	January 1, 2020	Cash Flows	Non-cash Changes	December 31, 2020
	<i>(In Thousands)</i>			
Amounts owed to related parties	P2,317,179	(P34,976)	P392,230	P2,674,433
Lease liabilities	1,733,450	(137,918)	155,840	1,751,372
Total liabilities from financing activities	P4,050,629	(P172,894)	P548,070	P4,425,805
	January 1, 2019	Cash Flows	Non-cash Changes	December 31, 2019
	<i>(In Thousands)</i>			
Amounts owed to related parties	P234,268	P1,927	P2,080,984	P2,317,179
Lease liabilities	1,694,120	(149,704)	189,034	1,733,450
Total liabilities from financing activities	P1,928,388	(P147,777)	P2,270,018	P4,050,629
	January 1, 2018	Cash Flows	Non-cash Changes	December 31, 2018
	<i>(In Thousands)</i>			
Amounts owed to related parties	P19,427	P23	P214,818	P234,268

In 2020, significant non-cash transactions of the Group and the Parent Company pertain to:

- The Group recognized interest expense from accretions of security deposits amounting to P2.10 (see Notes 27 and 15).
- The Group recognized interest expense lodged under "interest expense" (see Note 22) from accretion of discount of long-term payable amounting to P20.22 million.
- The Group has an interest payable amounting to P43.41 million related to short term loans included in "Amounts owed to related parties" (see Note 17).
- The Group recognized interest income lodged under interest income (expense) and bank charges - net (see Note 22) from accretion of discount of long-term receivable amounting to P2.04 million.
- The Group recognized unrealized loss amounting to P38.10 million of which P2.89 million is attributable to non-controlling interest (see Note 7).
- The Group transferred from equity to retained earnings realized valuation gain from sale of FVOCI amounting to P0.85 million (see Note 7).
- The Group transferred from equity reserve to additional paid-in capital amounting to P3.37 million for the fully paid portion of ESOP receivables.
- The Group transferred from investment property to inventory amounting to P1,147.26 million due to change in use (see Notes 6 and 10).

- The Group realized revaluation increment through depreciation and transferred to retained earnings amounting to ₱7.03 million (see Note 10).
- The Group has unpaid income tax amounting to ₱4.33 million lodged under “Trade Payables” (see Note 14).
- The Group recognized ₱0.95 million from remeasurement of pension (see Note 23).
- The Group has unpaid construction in progress lodged under “Trade Payables” amounting to ₱92.18 million (see Note 14).

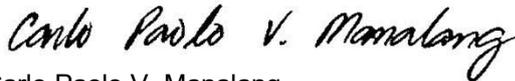

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY SCHEDULES

The Stockholders and the Board of Directors
AyalaLand Logistics Holdings Corp.
3rd Floor Glorietta 5,
Ayala Center, Makati City

We have audited in accordance with Philippine Standards on Auditing, the consolidated financial statements of AyalaLand Logistics Holdings Corp. and its subsidiaries (the Group) as at December 31, 2020 and 2019 and for each of the three years in the period ended December 31, 2020, and have issued our report thereon dated February 23, 2021. Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The schedules listed in the Index to Consolidated Financial Statements and Supplementary Schedules are the responsibility of the Group's management. These schedules are presented for purposes of complying with the Revised Securities Regulation Code Rule 68 and are not part of the basic consolidated financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in our opinion, fairly state in all material respects, the financial data required to be set forth therein in relation to the basic consolidated financial statements taken as a whole.

Materiality Process

Explain how you applied the materiality principle (or the materiality process) in identifying your material topics.
<p>A materiality assessment questionnaire was distributed by the Sustainability team to key managers and employees of the organization to rate the materiality of all sustainability topics. Our materiality questionnaire was designed to measure the organization’s impact in terms of financial and non-financial aspects such as environmental, brand/reputation, employment, customer health & safety, etc. The questionnaires were then compiled to collectively assess each topic. The list of material topics was approved by the Sustainability Committee.</p> <p>The Management and the Sustainability Committee believe that there are no significant changes in the material topics directly and indirectly applicable to the organization.</p>

ECONOMIC

Economic Performance

Direct Economic Value Generated and Distributed

Disclosure	Amount (in thousands)	Units
Direct economic value generated (revenue)	3,716,687	PhP
Direct economic value distributed:		
a. Operating costs	2,937,534	PhP
b. Employee wages and benefits	Included in (a) operating costs	PhP
c. Payments to suppliers, other operating costs	Included in (a) operating costs	PhP
d. Dividends given to stockholders and interest payments to loan providers	Dividends: No dividends were given to stockholders in 2020. Interest payments: 218,123	PhP
e. Taxes given to government	263,986	PhP
f. Investments to community (e.g. donations, CSR)	4,524	PhP

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
1. Market downturn (i.e., recession) due to COVID-19 pandemic 2. Increase in shareholder's value due to overall growth of the businesses 3. Community engagement programs undertaken by the organization	1. Shareholders, Customers, Merchants, Locators, Employees 2. Shareholders 3. Community	1. Diversified business lines mitigated the impacts of the pandemic. 2. Performance was driven by sale of industrial lots and non-core assets, and stable operations of warehouses and offices. 3. Worked with LGU's and NGO's for various initiatives for the community (i.e. <i>Kartilya ng Katipunan</i> Park public convenience facilities in Manila, Missionaries of Charity in Tondo)
What are the Risk/s Identified	Which stakeholders are affected?	Management Approach
1. Future market downturn (i.e., new outbreaks / pandemics,	Shareholders, Customers, Merchants, Locators, Employees	1. Strengthen each business line to better weather market risks and volatilities

<p>recessions, natural and climate disasters)</p> <p>2. Difficulty in attracting merchants and locators</p>		<p>2. Develop and maintain strong ties with the relevant local government agencies (i.e., DTI, BOI, PEZA)</p> <p>3. Increase our affiliation with domestic and foreign business groups and investors</p>
What are the Opportunity/ies Identified	Which stakeholders are affected?	Management Approach
<p>1. Growing demand for industrial spaces due to the rising manufacturing and logistics sectors</p> <p>2. Collaboration with Industry peers</p> <p>3. Strengthen ALLHC brand as the industrial and real estate logistics platform of Ayala Land</p>	<p>Shareholders, Customers, Merchants, Locators, Employees</p>	<p>1. Assess new locations as potential sites for expansion</p> <p>2. Increased local and international market audience by active participation and involvement with local agencies (e.g. DTI, BOI, PEZA), and explore potential partnerships to expand business</p> <p>3. Continuous training and development for employees to ensure proper brand execution with superior customer service, and thus, creating strong relationships with partner locators and merchants</p>

Climate-related risks and opportunities

A resilience strategy is in place through emergency and disaster readiness plans at the property level.</p> <p>Technical due diligence studies are conducted prior construction or</p>	<p>The company has identified performance indicators and corresponding limits for climate change mitigation such as energy consumption, water consumption and greenhouse gas emissions.</p>

the Sustainability Committee.	<p><u>Opportunities and Potential Impacts:</u> Use of lower-emission sources of energy / adoption of energy efficiency measures to enhance resilience:</p> <ul style="list-style-type: none"> - Increased market valuation - Increased revenue through new products and services 	land developments in prospective properties to ensure that the land is developable given possible climate risks.	
-------------------------------	---	--	--

Procurement Practices

Proportion of spending on local suppliers

Disclosure	Quantity	Units
Percentage of procurement budget used for significant locations of operations that is spent on local suppliers	99.99%	%

What is the impact and where does it occur? What is the organization’s involvement in the impact?	Which stakeholders are affected?	Management Approach
<ol style="list-style-type: none"> 1. Strengthened policies in sourcing local suppliers and vendors 2. Increased business opportunities to local suppliers 3. Supported local suppliers which indirectly attract investments to the economy and maintain community relations. 	Suppliers	<ol style="list-style-type: none"> 1. Instituted Vendor’s Code of Ethics which identifies the values, principles, and guidelines which ALLHC’s vendors adhere to 2. Systematic and procedural approach in screening, evaluating and awarding projects to prospective suppliers thru a bidding committee
What are the Risk/s Identified	Which stakeholders are affected?	Management Approach
<ol style="list-style-type: none"> 1. Unavailability of local products and services suited for the business operations 	Customers, Merchants, Locators	<ol style="list-style-type: none"> 1. Carefully planned and designed project plans considering availability and supply of materials

What are the Opportunity/ies Identified	Which stakeholders are affected?	Management Approach
1. Source suppliers who are environmentally responsible	Suppliers, Customers, Merchants, Locators, Community	1. Ensure vendor compliance to the Vendor's Code of Ethics

Anti-corruption

Training on Anti-corruption Policies and Procedures

Disclosure	Quantity	Units
Percentage of employees to whom the organization's anti-corruption policies and procedures have been communicated to	100	%
Percentage of business partners to whom the organization's anti-corruption policies and procedures have been communicated to	100	%
Percentage of directors and management that have received anti-corruption training	100	%
Percentage of employees that have received anti-corruption training	95%	%

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
Zero tolerance for corruption, fraud, and bribery in any form, and other unethical practices, and compliance to relevant laws and standards.	Directors, officers, employees, vendors	<ol style="list-style-type: none"> 1. Strict adherence and implementation to the company's anti-corruption programs and policies (i.e., Trading Blackout Policy, Related Party Transactions Policy, Whistleblowing Policy, Business Gifts and Gratuities Policy) 2. Directors attend annual corporate governance seminars / training so they may effectively perform their functions.

What are the Risk/s Identified	Which stakeholders are affected?	Management Approach
Dealings with vendors and contractors may expose directors and employees to incidents of fraud	Directors, offices, employees, vendors	Human Resources to conduct refresher training session/s and send reminders to employees to reiterate anti-corruption programs and procedures, and to promote transparency within the company. Directors also attend annual corporate governance seminars.
What are the Opportunity/ies Identified	Which stakeholders are affected?	Management Approach
Reinforcement of the programs and policies to ensure all stakeholders are aware of the company's anti-corruption measures	Directors, officers, employees, vendors	<ol style="list-style-type: none"> 1. Continuous assessment and enhancement of existing policy 2. Strengthen stakeholder awareness of existing business integrity channels (i.e., to vendors, contractors, etc.)

Incidents of Corruption

Disclosure	Quantity	Units
Number of incidents in which directors were removed or disciplined for corruption	Zero (0)	#
Number of incidents in which employees were dismissed or disciplined for corruption	Zero (0)	#
Number of incidents when contracts with business partners were terminated due to incidents of corruption	Zero (0)	#

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
The organization has not identified or is not aware of any instances related to corruption.	Directors, officers, employees, vendors	Strict adherence and implementation of the company's anti-corruption programs and policies
What are the Risk/s Identified	Which stakeholders are affected?	Management Approach

Dealings with vendors and contractors may expose personnel to incidents of fraud	Employees, vendors	Human Resources to conduct refresher training session/s and send reminders to employees to reiterate anti-corruption programs and procedures, and to promote transparency within the company. Directors also attend annual corporate governance seminars.
What are the Opportunity/ies Identified	Which stakeholders are affected?	Management Approach
Reinforcement of the programs and policies to ensure all stakeholders are aware of the company's anti-corruption measures	Directors, officers, employees, vendors	<ol style="list-style-type: none"> 1. Continuous assessment and enhancement of existing policy 2. Strengthen stakeholder awareness of existing business integrity channels (i.e., to vendors, contractors, etc.)

ENVIRONMENT

Resource Management

Energy consumption within the organization

Disclosure	Quantity	Units
Energy consumption (renewable sources)	Zero (0)	GJ
Energy consumption (gasoline)	61	GJ
Energy consumption (LPG)	Zero (0)	GJ
Energy consumption (diesel)	592	GJ
Energy consumption (electricity)	15,996,200	kWh

Reduction of energy consumption

Disclosure	Quantity	Units
Energy reduction (renewable sources)	N/A	GJ
Energy reduction (LPG)	N/A	GJ
Energy reduction (diesel)	N/A	GJ
Energy reduction (electricity)	8,508,782	kWh
Energy reduction (gasoline)	57	GJ

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
1. Decrease in energy consumption (kWh) mainly attributable to slowdown of business operations due to pandemic restrictions. 2020 consumption in our commercial properties declined by 35% with energy intensity based on occupancy at 88.91 kWh/sqm versus 135.92 kWh/sqm in 2019 (restated to factor occupancy).	Employees, customers, merchants and locators	<ol style="list-style-type: none"> 1. Effective time of use of power and electricity during operations 2. Use of energy efficient equipment (e.g. LED lights, LVSG)
What are the Risk/s Identified	Which stakeholders are affected?	Management Approach
<ol style="list-style-type: none"> 1. Increase in capital expenditures 2. Weakened customer satisfaction due to inefficient implementation of energy-saving measures 	Employees, customers, merchants and locators	<ol style="list-style-type: none"> 1. Balance cost-benefit and consider safety and maintenance requirements of implementing energy-saving initiatives

What are the Opportunity/ies Identified	Which stakeholders are affected?	Management Approach
Increase energy-saving initiatives by strict monitoring of consumption	Employees, customers, merchants and locators	Development of energy-saving policies

Water consumption within the organization

Disclosure	Quantity	Units
Water withdrawal	Zero (0)	Cubic meters
Water consumption	260,379.13	Cubic meters
Water recycled and reused	Zero (0)	Cubic meters

What is the impact and where does it occur? What is the organization’s involvement in the impact?	Which stakeholders are affected?	Management Approach
Decrease in water consumption (m ³) mainly attributable to slowdown of business operations due to pandemic restrictions. 2020 consumption in our commercial properties declined by 40% with water intensity at 1.16 m ³ /sqm versus 1.94 m ³ /sqm in 2019 (restated to factor occupancy).	Employees, customers, merchants and locators	Strict adherence to national law (PH water code) and local policies regulating water consumption and withdrawal
What are the Risk/s Identified	Which stakeholders are affected?	Management Approach
<ol style="list-style-type: none"> Sourcing of locators from deep well water and illegal tapping of ground water Inconsistent monitoring and maintenance of water system of managed properties 	Employees, customers, merchants and locators	<ol style="list-style-type: none"> Source water only from direct water suppliers (e.g. Maynilad, Manila Water) Established efficient property management and maintenance team to identify and address water consumption concerns
What are the Opportunity/ies Identified	Which stakeholders are affected?	Management Approach
Responsible consumption of water	Employees, customers, merchants and locators	Improved water consumption performance and implementation of conservation efforts such as efficient use of water fixtures and promotion of responsible use of water through public advisories.

Not material	Not material	Not material

Ecosystems and biodiversity (whether in upland/watershed or coastal/marine)

Disclosure	Quantity	Units
Operational sites owned, leased, managed in, or adjacent to, protected areas and areas of high biodiversity value outside protected areas	Zero (0)	
Habitats protected or restored	Zero (0)	ha
IUCN ¹⁷ Red List species and national conservation list species with habitats in areas affected by operations	Zero (0)	

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
Despite not being located in sites that are of high diversity value, the company allocates green spaces and plants native trees in our sites to enhance resilience.	Employees, locators, merchants, customers	Allocation of green spaces and common areas (20%-30% of our gross land area) in sites and planting of native trees in open spaces and as part of streetscape

Percentage of Land Occupancy are based in compliance with the HLURB requirement for subdivided developments.		
--	--	--

Environmental impact management

Air Emissions

GHG

Disclosure	Quantity	Units
Direct (Scope 1) GHG Emissions	45	Tonnes CO ₂ e
Energy indirect (Scope 2) GHG Emissions	12,940	Tonnes CO ₂ e
Emissions of ozone-depleting substances (ODS)	Zero (0)	Tonnes

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
Emissions are a by-product of our business operations.	Employees, customers, merchants and locators, community	Management and conservation efforts in place to efficiently monitor emissions.
What are the Risk/s Identified	Which stakeholders are affected?	Management Approach
<ol style="list-style-type: none"> Higher greenhouse gas emissions due to expansion of operations Regulatory fines and penalties 	Employees, merchants, locators, customers, community	<ol style="list-style-type: none"> Offset increase in emissions through reduction initiatives and investment in clean energy sources. Monitor emissions and keep within allowed regulatory limits
What are the Opportunity/ies Identified	Which stakeholders are affected?	Management Approach
Carbon offsetting as a GHG mitigation effort	Merchants and locators, community	<ol style="list-style-type: none"> Creation of carbon sinks Shifting to renewable energy sources (i.e., use of solar panels)

Air pollutants

Disclosure	Quantity	Units
NO ₂	Information currently unavailable	kg
SO ₂	Information currently unavailable	kg

Persistent organic pollutants (POPs)	Information currently unavailable	kg
Volatile organic compounds (VOCs)	Information currently unavailable	kg
Hazardous air pollutants (HAPs)	Information currently unavailable	kg
Particulate matter (PM)	Information currently unavailable	kg

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
Emission tests and air ambient monitoring procedures are conducted where applicable to ensure results were within set limits by the Department of Environment and Natural Resources (DENR) and the National Pollution Control Commission (NPCC).	Locators, merchants, customers, community	For our industrial parks, we comply with the parameters for air quality and noise level standards set by the DENR and NPCC.

Solid and Hazardous Wastes

Solid Waste

Disclosure	Quantity	Units
Total solid waste generated		
Reusable	Zero (0)	kg
Recyclable	162,667	kg
Composted	Zero (0)	kg
Incinerated	Zero (0)	kg
Residuals/Landfilled	65,036	kg
Food Waste	411,498	kg

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
Waste management program tackling disposal and storage continuously being implemented. Industrial park locators directly employ their own service providers for garbage collection and disposal.	Employees, merchants, service providers, community	<ol style="list-style-type: none"> 1. Material Recovery Facilities (MRF) are present within managed properties 2. Strict implementation of waste segregation program and proper garbage collection on mall merchants

What are the Risk/s Identified	Which stakeholders are affected?	Management Approach
Non-compliance on proper waste segregation and disposal resulting to possible contamination or other hazards	Employees, merchants, service providers	1. Stricter policies for compliance of merchants 2. Stricter requirements for service providers
What are the Opportunity/ies Identified	Which stakeholders are affected?	Management Approach
Customer and merchant involvement in waste reduction efforts.	Employees, merchants, customers	1. Selection of more competent service provider for housekeeping and garbage collection 2. Implementation of clean and dry plastics collection program for plastic discards to be repurposed for other materials

Hazardous Waste

Disclosure	Quantity	Units
Total weight of hazardous waste generated	1,180 1,280	kg L
Total weight of hazardous waste transported	Zero (0) Zero (0)	kg L

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
Monitoring of generated hazardous wastes generated and ensuring its safe and proper disposal	Employees, merchants	Engagement with third-party DENR-accredited service provider in the collection and disposal of hazardous wastes
What are the Risk/s Identified	Which stakeholders are affected?	Management Approach
Exposure to harmful chemicals (i.e., lead, chromium, cadmium, etc.) and contamination of said chemicals in food, water, and soil	Employees, merchants, service providers	Ensure safe and proper segregation, disposal and storage of hazardous waste
What are the Opportunity/ies Identified	Which stakeholders are affected?	Management Approach
Safe and regular disposal of e-wastes	Employees, merchants, service providers, customers	Organize e-waste collection drives to faster accumulate and transport discarded e-waste products

Effluents

Disclosure	Quantity	Units
Total volume of water discharges	No discharges from results of industrial processes as locator-companies are responsible for their safe water discharges. For commercial properties, all discharges are collected rainwater and domestic discharges only.	
Percent of wastewater recycled	0%	%

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
We treat and recycle wastewater for safe discharging.	Community	We ensure the presence of sewerage treatment plant (STP) in our developments and avail third-party services (i.e., Maynilad) for wastewater treatment.
What are the Risk/s Identified	Which stakeholders are affected?	Management Approach
Non-compliance to environmental laws/regulations	Shareholders, Employees, Community	Ensure strict compliance to regulatory offices to avoid sanctions that may adversely affect business operations
What are the Opportunity/ies Identified	Which stakeholders are affected?	Management Approach
Usage of recycled/treated non-potable water for business operations	Community	Creation of own storage facility for recycled non-potable water for various uses such as groundskeeping and toilet flushing.

Environmental compliance

Non-compliance with Environmental Laws and Regulations

Disclosure	Quantity	Units
Total amount of monetary fines for non-compliance with environmental laws and/or regulations	Zero (0)	Php
No. of non-monetary sanctions for non-compliance with	Zero (0)	#

environmental laws and/or regulations		
No. of cases resolved through dispute resolution mechanism	Zero (0)	#

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
No violations of environmental regulations and their corresponding fines have been imposed on ALLHC.	Locators, merchants, customers	Compliance to applicable codes implemented by national and local government units.
