

SECURITIES AND EXCHANGE COMMISSION

SEC FORM 17-A, AS AMENDED

ANNUAL REPORT PURSUANT TO SECTION 17  
OF THE SECURITIES REGULATION CODE AND SECTION 141  
OF CORPORATION CODE OF THE PHILIPPINES

1. For the fiscal year ended : **31 December 2021**  
2. SEC Identification Number : **163671** 3. BIR Tax Identification No.: **000-804-342-000**

4. Exact name of registrant : **AYALALAND LOGISTICS HOLDINGS CORP.**

5. **Metro Manila, Philippines** Province, Country or other jurisdiction of  
incorporation or organization  
6.  (SEC Use Only)  
Industry Classification Code:

7. **3<sup>RD</sup> Floor Glorietta 5, Ayala Center, Makati City** **1224**  
Address of principal office Postal Code

8. **(632) 8884-1106**  
Registrant's telephone number, including area code

9. **N/A**  
Former name, former address, and former fiscal year, if changed since last report.

10. Securities registered pursuant to Sections 8 and 12 of the SRC, or Sec. 4 and 8 of the RSA  
(As of 31 March 2022)

Title of Each Class	Number of Shares of Common Stock Outstanding and Amount of Debt Outstanding
<b>Common</b>	<b>6,301,591,987 shares</b>
<b>Consolidated Loans Payable</b> (rounded off)	<b>P1.97 billion</b>

11. Are any or all of these securities listed on a Stock Exchange.

Yes [  ] No [  ]

If yes, state the name of such stock exchange and the classes of securities listed therein:

Name of Stock Exchange : **Philippine Stock Exchange**  
Number and Class of Securities Listed : **4,898,273,923 Common Shares**  
(as of 31 March 2022)

12. Check whether the registrant:

- (a) has filed all reports required to be filed by Section 17 of the SRC and SRC Rule 17.1 thereunder or Section 11 of the RSA and RSA Rule 11(a)-1 thereunder and Sections 26 and 141 of The Corporation Code of the Philippines during the preceding 12 months (or for such shorter period that the registrant was required to file such reports);

Yes [  ] No [  ]

- (b) has been subject to such filing requirements for the past 90 days.

Yes [  ] No [  ]

13. Aggregate market value of the voting stock held by non-affiliates: **P8,710,370,805.02**  
(as of 31 March 2022)

**APPLICABLE ONLY TO ISSUERS INVOLVED IN  
INSOLVENCY/SUSPENSION OF PAYMENTS PROCEEDINGS  
DURING THE PRECEDING FIVE YEARS**

14. Check whether the issuer has filed all documents and reports required to be filed by Section 17 of the Code subsequent to the distribution of securities under a plan confirmed by the court or the Commission.

Yes [  ]      No [  ]      **Not Applicable**

**DOCUMENTS INCORPORATED BY REFERENCE**

15. Briefly describe documents incorporated by reference and identify the part of the SEC Form 17-A into which the documents are incorporated:

**Not Applicable**

## PART I - BUSINESS AND GENERAL INFORMATION

### Item 1. Business

#### A. *Business Development*

**AyalaLand Logistics Holdings Corp.** (ALLHC/Company/Issuer), a 70.90%-owned subsidiary of ALL, is a developer and operator of industrial parks, real estate logistics facilities and commercial centers. The Company has the following operating subsidiaries:

- (i) Laguna Technopark, Inc.
- (ii) Unity Realty & Development Corporation
- (iii) LCI Commercial Ventures, Inc.
- (iv) Ecozone Power Management, Inc.
- (v) Orion Land Inc.
- (vi) Tutuban Properties, Inc.
- (vii) Orion Property Development, Inc.

#### B. *Business of Issuer*

##### (i) Principal Products and Services

###### *Laguna Technopark, Inc. (LTI)*

- LTI, a wholly-owned subsidiary of ALLHC, was organized in 1990 to engage in the business of real estate development. LTI started the development of Laguna Technopark with an initial land area of 224 hectares. To date, the industrial estate in Biñan and Sta. Rosa, Laguna has eight (8) phases which covers a 470-hectare development that caters to light and medium, non-polluting enterprises, from both global and local markets.

In 2015, LTI developed Cavite Technopark, a 118-hectare property located in Naic, Cavite, which is also intended for light to medium, non-polluting enterprises. Subsequently, expansion areas were acquired, increasing the total gross land area of Cavite Technopark to 166 hectares to date.

In 2019, LTI acquired from Ayala Corp. a 62-hectare property in Habini Bay, Misamis Oriental, for the development of the Laguindingan Technopark, which is underway.

LTI is likewise into the construction and operation of standard factory buildings located in multiple sites such as Laguna, Cavite, and Pampanga, spanning approximately 147,000 square meters (sqm.) of warehouse gross leasable area (GLA).

###### *Unity Realty & Development Corporation (URDC)*

- In July 2019, the Company acquired 100% of the shares of URDC. URDC, organized in 1997, is a real estate holding company. It owns the 192-hectare property in Mabalacat, Pampanga, which is being developed as Pampanga Technopark. In December 2021, expansion areas were acquired with total gross land area of 25 hectares.

###### *LCI Commercial Ventures, Inc. (LCVI)*

- LCVI, a wholly-owned subsidiary of Orion Property Development, Inc. (OPDI), organized in 1990, owns and manages warehouse facilities. The GLA at full redevelopment will be 104k sqm within its 14-hectare property in Calamba, Laguna (Lepanto Industrial Complex). There are ongoing improvements and conversion of non-leasable areas that will yield better returns.

###### *Ecozone Power Management, Inc. (EMPI)*

- EMPI is a wholly-owned subsidiary of LTI, organized in 2010, engaged in retail electricity supply to locators within the industrial parks in Laguna as well as other commercial establishments. In 2021, it acquired two cold storage facilities with a total of 7,300 pallet positions to operate under the ALogis Artico brand. In December 2021, the company approved the assignment of contracts from its retail electricity supply business to focus on growing its real estate logistics facilities business.

*Orion Land Inc. (OLI)*

- OLI was organized in 1996 as a holding company. In November 2017, OLI expanded its activities into property development and leasing by acquiring the 5-storey mall and the 6-storey BPO office (collectively, South Park Center) located in Muntinlupa. Currently, certain areas of the mall have been converted into a mixed-use development to include office spaces for lease and other uses such as office for government agencies, worship centers, clinics and training centers.

*Tutuban Properties, Inc. (TPI)*

- TPI, a wholly-owned subsidiary of OLI, organized in 1990, holds the lease and development rights over a 20-hectare property in Divisoria, the country's oldest and biggest trading district. On the property sits the Tutuban Center (the "Center"), an integrated wholesale and retail complex, known as the premier shoppers' bargain market in the Philippines.

*Orion Property Development, Inc. (OPDI)*

- OPDI, a wholly-owned subsidiary of OLI, organized in 1993, handles property development. Its present landholdings include properties in Batangas and San Vicente, Palawan.

*FLT Prime Insurance Corporation (FPIC)*

- FPIC, a 78.77%-owned subsidiary of ALLHC, was incorporated in 1977, and operates as a non-life insurance company. With the shift to real estate as the core business of the ALLHC Group, FPIC did not comply with the paid-up capital requirement for non-life insurance companies, and applied for, and was granted in April 2017, a servicing license by the Insurance Commission (IC). In September 2020, the company requested the IC for termination of its servicing license and termination of the appointment of an overseer, which was approved by the IC on January 4, 2021. The IC also agreed to release the security deposit less the amount to cover any outstanding liabilities of the company to its policyholders and creditors, and subject to submission of certain requirements. On March 03, 2021 and April 7, 2021, FLTIC submitted to the Commission all the requirements needed for the release of the security deposit. The IC, in a letter dated 27 May 2021, approved the release of the security deposit.

Based on the Company's Consolidated Statement of Income (Loss) for the past year, the contributions of the above subsidiaries (on a per type of business basis) to the Company's consolidated Net Income are as follows:

Parent Company (holding company)	-	(3 %)
Real estate and development	-	103 %
Retail electricity supply	-	2 %
Storage Service	-	2 %
Others	-	(4 %)
		-----
Total		100 %

(ii) Percentage of Sales Contributed by Foreign Sales

The Company and its subsidiaries offer their products to the domestic and foreign market. In 2021, sales of industrial lots and lease of warehouses were mainly to the domestic market, given the restrictions on travel and businesses brought about by the COVID-19 pandemic.

(iii) Distribution Methods

ALLHC companies doing real estate and logistics-related business (including cold logistics) market their products either through direct selling to individual or corporate buyers, or through brokers.

To address restrictions on mobility resulting from the government-imposed community quarantines and lockdowns, online shopping was made available through the *TutuBuy* and South Park ANA Personal Shopper websites.

(iv) New Products or Services

In 2021, the Group expanded its logistics operations with the acquisition of cold storage facilities in Laguna Technopark.

(v) Competition

The Company competes with other investment holding companies in the Philippines in terms of investment prospects. The Company's core businesses continue to compete in their respective industries. However, competition is kept mainly on a domestic level. The competition of Company's core businesses are as follows:

1. OLI which operates mall and offices in South Park Center faces competition from other mall and office lessors.
2. TPI operates Tutuban Center in Manila and competes with retail operators in Divisoria and Manila area.
3. LTI and URDC compete with other industrial park and warehouse developers.
4. LCVI faces competition from other warehouse lessors.
5. OPDI faces competition with other real estate developers.
6. EPMI faced competition with other retail electricity suppliers. However with the shift in its focus, the competition is with cold storage facilities operators.

(vi) Purchases of Raw Materials and Supplies

The Company's supplies are purchased on a competitive basis from accredited local suppliers.

(vii) Customers

ALLHC has a broad market base for its numerous product lines and is not dependent on a single customer or group of customers.

For malls leasing, customers include wholesalers, retailers, and mall shoppers. For office leasing, a number of locators occupy available spaces to date. For industrial parks, standard factory buildings and cold storage facilities, customers are both domestic and foreign locators. OPDI's customers include middle income lot buyers.

(viii) Transactions with and/or Dependence on Related Parties

The Company has limited transactions and/or dependence on its shareholders and/or related parties in view of existing laws on disclosure and/or requirement for prior approval of appropriate government agencies. Transactions with related parties are usually in the form of intercompany loans.

(ix) Franchise

The Company's products are not covered by any franchise.

(x) Government Approvals for Principal Services

EPMI, a retail electricity supplier, is registered with the Philippine Economic Zone Authority (PEZA) and licensed to operate until March 2022.

Upon FPIC's request, the Insurance Commission has agreed not to renew the servicing license of FPIC in January 2021.

(xi) Effect of Existing or Probable Governmental Regulations

Governmental regulations which affected or were expected to affect the operations or business of ALLHC and certain of its subsidiaries are as follows:

- a) During the government-imposed community lockdowns, most businesses were not allowed to operate except those providing essential goods and services such as supermarkets, drugstores and banks. As alert levels eased up, businesses were allowed to operate but under limited capacity. The disruption in businesses resulted in reduction in revenues from leasing operations.
- b) Government approval of any increase in the prices of electricity and water may have a material adverse impact on the operations as it will directly increase utilities and overhead expenses (including common usage service area expenses). However, the improvements in the facilities of these malls are expected to temper the adverse impact of such increase in prices of electricity and water. In 2021, utilities expenses in the malls were low compared to 2019 and prior years as many businesses have not resumed operations or had limited operations.

- c) The PEZA Accreditation and other tax incentives may attract potential locators in the industrial park and standard factory buildings of the Group.

(xii) Research and Development Activities

Development activities of the industrial parks in Pampanga and Laguindingan, Misamis Oriental are underway despite some delay due to the government-imposed lockdowns.

(xiii) Costs and Effects of Compliance with Environmental Laws

Operations may be affected by the implementation of R.A. 8749 (Philippine Clean Air Act of 1999) and other environmental laws. The Group ensures that the development of industrial parks and standard factory buildings comply with the requirements of the Department of Environment and Natural Resources and related agencies. As part of the sustainability efforts, the Group has undertaken investments and/or upgrades of its facilities. The Group has started to shift to the use of renewable sources of energy for its operations.

(xiv) Employees

As of 31 December 2021, the employees of ALLHC were as follows:

Executives*	-	0
Managers	-	9
Staff	-	19
		-----
Total		28

\* The executives of ALLHC are employees of ALI.

The Company has no workers' union.

The total number of ALLHC employees as of 31 March 2022 is 31.

(xv) Risks

In 2021, the identified top 3 significant risks faced by the Company and its subsidiaries, with COVID-19 amplifying said risks, were as follows:

- Government/ Political Risks
- Risk of Marginalization by Competitors
- Financial Risk

Government/political risks include changes in political landscape and regulatory requirements. The Company recognizes that the country's economic and political situation drives the growth of the real estate industry. Political developments may cause volatilities in the market which may affect operations or forward plans. To mitigate such risk, the Company ensures compliance with relevant laws, policies and regulations, and actively monitored changes in pertinent policies and amendments.

Marginalization is due to the growth in the real estate logistics sector which results in oversupply. As a counter measure, the Company continuously monitors the price competitiveness of its products and reviews the merchant mix in the malls and leasing formats and traditional concepts.

Financial risks relate to the financial capacity of the Group to support its business operations and project launches. It is necessary to ensure efficient management of spend and cash flows to fund its growth in the short term and long term.

The government-declared lockdowns in 2021 affected business segments of the Company. The Company continued to prioritize the safety and well-being of its employees, and conducted vaccination drive for its employees and their families and household dependents. In coordination with the local government units, Tutuban Center in Manila and South Park in Muntinlupa were designated as vaccination centers and sites for RT-PCR testing for the residents, merchants, locators, customers, government workers and communities in these areas.

The Company will continue to follow the IATF health guidelines to protect its employees and the public and monitor changes in the health, economic and political conditions arising from this health crisis.

## Item 2. Properties

The Company shares a portion of leased office space with its subsidiaries at 3<sup>rd</sup> Floor Glorietta 5, Ayala Center, Makati City.

OLI's commercial buildings composed of a 5-storey shopping center and a 6-storey business processes outsourcing office are located along National Road, Alabang, Muntinlupa City.

TPI is the lessor of several retail spaces in Tutuban Center (comprised of Prime Block Building, Main Station Building, Parking Tower, Robinsons' Supermarket, and Fiesta Market), with gross leasable area of about 33,000 square meters, excluding leasehold spaces. The Tutuban Center sits on about 8.5 hectares (has.) out of about 20 hectares of real property owned by the PNR and covered by the lease of TPI. TPI holds office at the 2nd Floor of Main Station Building of the Tutuban Center at C.M. Recto Ave., Manila.

The lease of TPI with the PNR was renewed on 22 December 2009 for another 25 years (from 5 September 2014 to 4 September 2039). The Renewal of Contract of Lease covers: (a) Phase I- existing 8.5 has.; (b) Phase IIA- approximately 5.8 has. (land use); and (c) Phase IIB- approximately 5.8 has. (air rights). Additional areas turned over by PNR in 2016 are: (1) about 3.8 has. in Phase IIA, and (2) about 5.7 has. in Phase IIB.

LTI's main office is at 2<sup>nd</sup> Floor Administration Building 1, North Main Avenue, Laguna Technopark, Biñan, Laguna. LTI has standard factory buildings (SFBs) for lease in Porac, Pampanga, Naic, Cavite and Biñan, Laguna. It has a 166-hectare on-going development, Cavite Technopark located in Naic, Cavite. It also has a 62-hectare property in Habini Bay, Misamis Oriental which is being developed as Laguindingan Technopark. EPMI owns two (2) cold storage facilities in Binan, Laguna- ALogis Artico Biñan I and ALogis Artico Biñan 2, ALogis I sits on a 11,800 sqm. property, while ALogis 2, is on a 7,527 sqm. property.

LCVI's warehouses are located in its 14-hectare property in Calamba, Laguna. Renovation of the parking area and warehouses are on-going.

The Group's total warehouse gross leasable area is 224,000 sqm. as of December 2021.

URDC owns the 192-hectare property in Mabalacat, Pampanga, which is being developed into Pampanga Technopark.

OPDI has the following properties/projects: (a) about 31 hectares raw land in Kay-Anlog, Laguna (including those with pending Contracts to Sell); (b) ridge area near Homelands Subdivision, with an area of 21,148 sqm.; (c) 7,418-sqm. property known as the MARFA area at the back of The Homelands; (d) a 31,087-sqm. industrial lot at Phase III of The Homelands; and (e) a 58,800-sqm. beach property in San Vicente, Palawan

In August 2015, OPDI and THC sold its 33-hectare property in Sto. Tomas, Batangas (including the portion subject of previous agreement with a third party). The transfer of the titles of the real properties to buyer is still in process. THC's remaining property in Sto. Tomas, Batangas is a 1,095-sqm. lot.

## Item 3. Legal Proceedings

- a. *"Lavine Loungewear vs. First Lepanto-Taisho Insurance Corp. (now FPIC), et. al."*  
Civil Case No. 68287  
G.R. Nos. 197219, 197227, 197244, 197867 and 198481 / CA GR CV No. 90499  
For: Sum of Money

-----  
Status: FPIC consigned amounts it was ordered to pay. Case terminated as far as FPIC is concerned.  
FPIC deemed released from any and all responsibility from its obligations under the cases.

A complaint for sum of money (representing insurance proceeds) with issuance of Temporary Restraining Order (TRO) and Injunction was filed on 24 January 2001 with the Pasig Regional Trial Court (RTC)-Branch 71, against the Company's subsidiary, FPIC, by its insured, Lavine Loungewear Mfg. Inc. (Lavine). Prior to the filing of the suit, there was an intra-corporate dispute between two groups of stockholders of Lavine, each group claiming to be the owner of Lavine and therefore entitled to receive the insurance proceeds. Since FPIC could not determine which group of Lavine stockholders to pay, FPIC only made partial payment on the claim.

On 2 April 2001, the RTC rendered a Decision finding FPIC liable to pay Lavine the amount of P18,250,000 with 29% interest per annum from October 1998 until full payment. A Special Order for Execution Pending Appeal was also issued by the Court. As a result, certain assets of FPIC were garnished/attached. FPIC then filed a Petition with prayers

for TRO and Injunction with the Court of Appeals (CA)-10<sup>th</sup> Division.

On 29 May 2003, the CA-10<sup>th</sup> Division, in its Consolidated Decision, ruled to set aside the RTC Decision dated 2 April 2001 and declared null and void the Special Order dated 17 May 2002 and the Writ of Execution dated 20 May 2002, and remanded the case to the lower court for pre-trial conference and payment of proceeds to Lavine (if adjudged entitled to said proceeds) be withheld until a decision on the rightful members of the Board of Directors of Lavine is issued by the intra-corporate court.

On 20 April 2004, the CA resolved to lift the order of levy and notices of garnishment on the real and personal properties and bank deposits of FPIC.

Separately, FPIC filed an appeal with the CA of the RTC Decision dated 2 April 2001. The CA issued a Decision dated 30 September 2010 which affirmed the RTC Decision dated 2 April 2001.

On 5 November 2010, FPIC filed an MR of the CA Decision dated 30 September 2010. The CA issued a Resolution dated 9 June 2011 which modified the CA Decision insofar as it held FPIC is liable for the sum of P10,145,760.11 with 6% interest p.a. from 26 November 2001 and 12% p.a. from finality of resolution until fully paid, and deleted the award of 10% attorney's fees.

FPIC filed a PR on Certiorari with the SC on 29 July 2011. The SC-First Division affirmed the CA Resolution of 9 June 2011, with modification that the legal interest imposed on the respective balance of the insurance proceeds shall be 6% per annum from 26 November 2001 and another 6% per annum from finality of the resolution until fully paid, and remanded the case to the RTC Br. 71, Pasig City.

On 12 December 2019, to stop the continuous running of the interest on the judgment against FPIC due to matters which have not been resolved, FPIC filed with the SC a Motion for Leave to be Allowed to Consign and/or Deposit the Judgment Amount plus Interests, and a Motion to Fix the Amount to be Consigned at P21,154,589.73, inclusive of interests.

The SC issued a resolution dated 29 July 2020 directing the RTC Pasig Br. 71 to resolve the Motion to Consign and Motion to Fix the Amount to be Consigned.

The RTC Pasig Br. 71 issued an Order dated 18 March 2021 which allowed FPIC to consign to the court the amount of P21,940,414.72, broken down as follows:

1. P10,145,760.11 which is the balance of the insurance proceeds due to Lavine through the Intervenors;
2. P11,794,654.60), the total amount of legal interest computed from November 26, 2001, until March 18, 2021.

FPIC was directed to deposit the manager's check amounting to P21,940,414.71 to the Office of the Clerk of Court, Regional Trial Court of Pasig City, with RTC-PASIG-FIDUCIARY as the payee thereof.

For the payment of legal fees, FPIC was ordered to issue a manager's check amounting to P164,653.11 to SAJ-RTC-PASIG CITY as payee, and another check with the same amount to JDF-RTC-PASIG CITY as payee.

As directed, in June 2021, FPIC delivered three (3) manager's checks to the court and was issued the official receipts therefor.

After the implementation of the said consignment in the amounts as so determined by the court, FPIC was be deemed to have been released from any and all responsibility from its obligations under the SC cases (as per SC resolution dated January 20, 2021) and said obligations be deemed to have been satisfied insofar as FPIC is concerned.

- b. *FLT Prime Insurance Corporation vs. Solid Guaranty, Inc.*  
Civil Case No. 14-381  
(Makati RTC Branch 59)  
CA G.R. CV No. 110458  
For: Recovery of Sum of Money and Damages

-----  
Status: Solid Guaranty held liable to pay FPIC. Petition for Review filed by Solid Guaranty submitted for decision of the SC.

On 2 April 2014, a complaint for recovery of sum of money and damages was filed by FPIC against its reinsurer, Solid Guaranty, Inc. (SGI), in view of the latter's refusal to pay the amount of P10,721,938.50 representing SGI's 45% share in the final settlement amount paid by FPIC to its assured Top Forest Developers, Inc..

Defendant SGI filed its Answer with Counterclaim dated 21 May 2014, and a Motion to Set Case for Preliminary Hearing Based on Affirmative Defenses dated 21 May 2014 which motion was denied for utter lack of merit.

Subsequently, Defendant filed a Motion to Dismiss (MTD) which was denied by the court. The case was referred to Judicial Dispute Resolution (JDR) hearing. Since the parties failed to reach a settlement, the case proceeded and was re-raffled to RTC 59.

Defendant filed a MTD while FPIC filed a Motion for Summary Judgment. On 26 July 2017, the court issued a Resolution which denied Defendant's MTD and granted FPIC's Motion, and judgment was rendered in favor of plaintiff FPIC and ordered defendant to pay the amount of P10,721,938.50 with interest for the delay at the rate of 13.71% per annum commencing on 7 January 2011 until fully paid, attorney's fees in the amount of P500,000.00, and costs of suit.

Defendant filed a Motion for Partial Reconsideration (MPR) (which was denied by the court. Defendant filed an appeal with the CA. The CA-Special Third Division issued a Resolution dated 3 July 2019 which denied the MR for lack of merit. Defendant-appellant filed a PR to the SC questioning the CA resolution.

On October 16, 2019, the First Division of the Supreme Court has issued a Resolution, without giving due course to the PR, resolved to require the respondent FPIC to Comment thereon. FPIC filed its Comment to the defendant's PR. The PR was submitted for decision and is pending resolution with the SC.

#### **Item 4. Submission of Matters to a Vote of Security Holders**

The following items will be submitted for approval of the stockholders:

- (a) Approval of the minutes of Annual Stockholders' Meeting (ASM) held on 21 April 2021 covering the following matters:
  - i. Approval of minutes of the 2020 annual stockholders' meeting
  - ii. Annual Report for calendar year 2020 (including consolidated audited financial statements (FS) for the calendar year ended 31 December 2020)
  - iii. Ratification of all acts and resolutions of the Board of Directors and Management beginning 13 April 2020 until 21 April 2021
  - iv. Election of directors (including the Independent Directors)
  - v. Appointment of external auditor and fixing of its remuneration
  - vi. Other Matters which include update on the impact of Covid-19 and the initiatives undertaken by the Corporation to ensure the safety of its employees, workers, tenants and customers.

Copy of the 2021 ASM minutes was posted on the Company's website within five (5) business days from ASM date and may be accessed at <https://www.ayalalandlogistics.com/wp-content/uploads/2021/04/ALLHC-Minutes-ASM-21-April-2021.pdf>

The minutes contain the following information:

1. A description of the voting and vote tabulation procedures used in the meeting;
  2. A description of the opportunity given to stockholders or members to ask questions and a record of the questions asked and answers given;
  3. The matters discussed and resolutions reached;
  4. A record of the voting results for each agenda item; and
  5. A list of the directors, officers and the percentage of outstanding and voting shares of stockholders who attended and participated in the meeting.
- (b) Approval of the annual report of Management for the year ended 31 December 2021, including the Company's 2021 audited consolidated financial statements and supplementary schedules.

Except for above matters taken up during the annual stockholders' meeting, there was no other matter submitted to a vote of the security holders of the Company during the period covered by this report.

**PART II - OPERATIONAL AND FINANCIAL INFORMATION**

**Item 5. Market for Issuer's Common Equity and Related Stockholder Matters**

A. Market Information

The Company's Common Shares are listed and principally traded in the PSE. The high and low sales prices\* of the Company's securities for each quarter are indicated in the table below:

	<u>High</u>	<u>Low</u>
<u>Calendar Year 2022</u>		
1 <sup>st</sup> Quarter (Jan.-Mar. 2022)	P6.81	P3.80
<u>Calendar Year 2021</u>		
1 <sup>st</sup> Quarter (Jan.- Mar. 2021)	P3.80	P2.55
2 <sup>nd</sup> Quarter (Apr.-June 2021)	4.15	2.90
3 <sup>rd</sup> Quarter (Jul- Sept 2021)	5.86	3.73
4 <sup>th</sup> Quarter (Oct.- Dec. 2021)	6.73	5.06
<u>Calendar Year 2020</u>		
1 <sup>st</sup> Quarter (Jan. – Mar. 2020)	P3.03	P1.10
2 <sup>nd</sup> Quarter (Apr.- June 2020)	1.98	1.49
3 <sup>rd</sup> Quarter (Jul. – Sept. 2020)	2.65	1.60

19	Kristine Chai Gaisano	3,900,000	0.062
20	Felipe Yap	3,010,000	0.048

C. Dividends

There were no dividend declarations for the years 2019 to 2021.

*Dividend Policy*

As provided in the By-laws, dividends shall be declared only from surplus profit and shall be payable at such times and in such amounts as the Board of Directors may determine. The dividends shall be payable in cash or in shares of stock from the unissued stock of the Company, or both as the Board may determine. No dividend shall be declared that will impair the capital of the Company.

Cash dividends are subject to the approval of the Board of Directors but no stockholder approval is required. For stock dividends, approval of the Board and the stockholders holding two-thirds of the capital stock of the Company are required.

D. Recent Sales of Unregistered Securities

The Company has not sold any unregistered securities within the past three fiscal years.

The Company issued common shares under its Employees Stock Ownership Plan (Tranche 2) in 2018 as stated in Item 6 (d) of the Preliminary Information Statement. The corresponding request for exemption from the registration requirement of the ESOWN Plan shares was filed with, and approved by, the SEC in October 2017. The SEC approved the exemption under Sec. 10.2 of the Securities Regulation Code (SRC) as the issuance of the shares was of limited character and limited only to the qualified employees of the issuer and registration was not necessary for interest of the public and protection of the investors.

In June 2019, the Company issued 1,225,370,620 shares to ALI pursuant to the Deed of Exchange executed in April 2018. The exchange of shares was with a stockholder exclusively.

In September 2019, the Company issued 49,444,216 shares from its unissued and unsubscribed shares to its subsidiary, Orion Land, Inc. The sale was an exempt transaction under Sec. 10.1 (e) of the SRC as it was a sale of capital stock to its own stockholders exclusively, where no commission other remuneration is paid or given directly in connection with the sale of capital stock. The Company has applied for the listing of said shares with the PSE.

In 2019, the Company issued a call for payment of unpaid subscriptions (excluding ESOWN shares). In 2020, the Company held a public auction of the delinquent shares. Another auction of delinquent shares was scheduled in September 2021 but was cancelled due to health restrictions imposed by the government.

**Item 6. Management's Discussion and Analysis or Plan of Operation**

**Review of 2021 Consolidated Results of Operations versus 2020**

For the year ended 31 December 2021, AyalaLand Logistics Holdings Corp. ("ALLHC" or the "Group") registered P4.30 billion in revenues versus P3.72 billion the year prior, or a 16% increase. Net income grew by 11% to P780 million from P703 million in 2020. The overall performance was driven by steady demand for industrial lots and increase in the company's leasable areas.

Earnings per share for the year ended 31 December 2021 was P 0.12 which was 18% higher than P0.11 last year.

**Business Segments**

Challenged by the COVID-19 crisis, the Group's performance was driven by industrial lot sales and steady warehouse and office leasing. The breakdown of the revenues are as follows:

Segment	Amount – P' million			
	2021	2020	2021 vs. 2020	Change
Real estate sales	2,052.9	1,275.5	777.4	61%
Rental and Storage services	1,177.5	872.8	304.7	35%
Sale of electricity	1,066.2	1,568.4	(502.20)	(32%)
Total	4,296.6	3,716.7	579.9	16%

**Real estate sales.** This segment pertains to sale of industrial lots. Industrial lot sales revenues stood at P2.05 billion, 61% higher compared to 2020's post of P1.28 billion, with sales coming from the domestic market. In 2021, the Group sold industrial lots in Pampanga, Cavite, and Laguindingan Technoparks.

**Rental and storage services.** This segment covers operations of warehouse and commercial leasing.

**Commercial leasing.** The combined revenues of Tutuban Center and South Park Center amounted to P425.3 million which was 18% less than P519.6 million revenues last year due to continuing effects of the pandemic but tempered by steady office leasing revenues. Recoveries amounting to P251.1 million was also recognized as part of revenue in 2021. The Group ended with 93K square meters (sqm.) total commercial leasing gross leasable area (GLA).

**Warehouse leasing.** Growth in GLA drove revenues to increase by 28% to P451.7 million from P353.2 million in 2020. All ALogis sites were operational in 2021. The lease-out rate at yearend was at 100%.

**Cold Storage.** In 2021, the Group entered the cold storage market and acquired two existing cold storage facilities. By end of 2021, the revenues from cold storage contributed P49.4 million.

**Sale of electricity.** This pertains to retail electricity supply service to industrial park locators and external commercial customers. Revenue from power was 32% down to P1.07 billion attributable to the lower demand from customers due to the slowdown of their business operations as a result of the government-mandated quarantine and directives during declared alert levels in 2021.

### **Expenses**

Consolidated costs of real estate and services costs from rental and sale of electricity amounted to P3,151.7 million in 2021 compared to P2,732.0 million in 2020 or 15% higher due to higher sales of industrial land sold, management fees, and depreciation.

Operating expenses of P199.8 million incurred in 2021 which was 3% lower than last year's P205.6 million, mainly driven by decrease in professional fees.

### **Project and Capital Expenditures**

The Group spent P2.5 billion in capital expenditures to support the completion of new projects and aggressive expansion, of which P329 million was spent for land development cost, P987 million for building improvements, and P1,161 million for land acquisition.

### **Operations during the COVID-19 Pandemic**

The country continued to experience surges in COVID-19 cases and had to grapple with the emergence of new variants of the virus in 2021. The government imposed lockdowns and declared alert levels in various affected areas all over the country to control the spread of the infection. Mindful that the safety and well-being of its employees, workers, merchants, locators, and customers is its primary concern, the Company has taken several measures to protect its employees, suppliers, and tenants and also serve the communities where it operates:

- For employees: continued work-from-home arrangement, regular health monitoring of employees' needs and conditions through virtual meetings, conduct of meetings online, provided online training courses and webinars for its employees, on health, finance and investments, and sustainability;
- For employees and their household members: implemented a vaccination program for its employees, their dependents and/or household members; arranged for a vaccination booster program for its employees
- For mall merchants: rent reprieve and discounts for common area charges during the quarantine period
- For tenants and customers: the Company ensured that its properties and premises were regularly disinfected and sanitized to protect the health and safety of the tenants and customers;
- For the community: in coordination with local government units, set up Tutuban Center and South Park Center as vaccination sites and RT-PCR testing site, to serve the residents, customers, tenants and government workers in these localities; in partnership with Ayala Land's *Alagang AyalaLand* program, supplied food and necessities to community pantries and distribution drives in Cavite, Laguna, Pampanga and Laguindingan.

Towards the last quarter of 2021, the Company has adopted a work schedule that allows employees to report to the office on alternate days but ensured that all government-imposed health protocols are observed for the safety and well-being of its employees.

### **Financial Condition**

The COVID-19 pandemic resulted to a slowdown of operations but ALLHC's balance sheet remained healthy with enough capacity to undertake its growth plan and meet existing obligations.

Total Assets of the Group stood at P20.39 billion as of 31 December 2021, slightly higher than P19.35 billion as of 31 December 2020.

Total liabilities increased to P8.42 billion compared to P7.51 billion last year due to the bank loan availment.

Total Equity registered at P11.97 billion was 1% higher than the equity of P11.84 billion last year due to impact of net income during the year negated by the decline in market value of financial asset at fair value through other comprehensive income.

### **Financing Through Loans**

As of 31 December 2021, the Group had outstanding loans from financial institution amounting to P1.97 billion.

### **Prospects for the future**

The Group will continue to expand in key areas in the country. As part of its short-term plans, the group targets to grow its warehouse leasable area, diversify its products, explore new business such as cold storage, and look into possible partnerships.

Tutuban Center and South Park Center will continue to work on new mall offerings and bazaars, and resume full operations while observing the safety protocols for COVID-19.

### **Key Variable and Other Qualitative and Quantitative Factors**

<b>Ratio</b>	<b>Formula</b>	<b>31-Dec-2021</b>	<b>31-Dec-2020</b>
Current Ratio	$\frac{\text{Current Assets}}{\text{Current Liabilities}}$	1.91: 1 6,944,971 / 3,636,640	1.35: 1 6,664,248 / 4,921,888
Debt to Equity Ratio	$\frac{\text{Total Liabilities}}{\text{Equity}}$	0.70: 1 8,417,691 / 11,967,645	0.63: 1 7,513,456 / 11,840,774
Net Debt to Equity Ratio	$\frac{\text{Net Liabilities}}{\text{Equity}}$	0.54: 1 6,457,949 / 11,967,645	0.46: 1 5,451,229 / 11,840,774
Capital Adequacy Ratio	$\frac{\text{Equity}}{\text{Total Assets}}$	0.59 11,967,645 / 20,385,336	0.61 11,840,774 / 19,354,230
Book Value per Share	$\frac{\text{Equity}}{\text{Total \# of Shares}}$	1.90 11,967,645 / 6,301,592	1.88 11,840,774 / 6,301,592
Income per Share	$\frac{\text{Net Income}}{\text{Total \# of Shares}}$	0.12 779,966 / 6,252,148	0.11 702,808 / 6,252,148

**Current ratio** shows the Group's ability to meet its short-term financial obligation. As of 31 December 2021, the Group has P1.91 worth of current assets for every peso of current liabilities as compared to P1.35 as of 31 December 2020. The Group has sufficient current assets to support its current liabilities as of the period, higher than last year.

**Debt to Equity ratio** indicates the extent of the Group's debt which is covered by shareholders' fund. It reflects the relative position of the equity holders. The higher the ratio, the greater the risk being assumed by the creditors. A lower ratio generally indicates greater long-term financial safety. Compared to 31 December 2020, debt-to-equity ratio was higher due to availment of bank loan.

**Net Debt to Equity Ratio** is a measure of the Group's financial leverage. It is calculated by dividing net liabilities over Equity. Net liabilities is the difference of Total Liabilities less deferred payables, lease liabilities and cash and cash equivalents. Compared to 31 December 2020, net debt-to-equity ratio was higher due to long term loans.

**Capital Adequacy Ratio** is computed by dividing the Total Stockholders' Equity over Total Assets. It measures the financial strength of the Company. As of 31 December 2021, the Group's Capital Adequacy Ratio was slightly lower at 0.59 compared to same period last year's 0.61.

**Book value per share** measures the recoverable amount in the event of liquidation if assets are realized at book value. As of 31 December 2021, the Group's book value per share of P1.90 was slightly higher than as of 31 December 2020.

**Income per share** is calculated by dividing net income by the weighted average number of shares issued and outstanding. As of 31 December 2021, the Group reported a P0.12 income per share which was 11%, higher than last year.

(i) ***Any known trends, demands, commitments, events or uncertainties that will have a material impact on issuer's liability.***

There are no known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Company and its subsidiaries' liquidity increasing or decreasing in any material way.

(ii) ***Events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation***

There are no known events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation.

(iii) ***Material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships with unconsolidated entities or other persons created during the reporting period.***

There are no known off-balance sheet transactions, arrangements, obligations (including contingent obligations), during the period.

(iv) ***Any material commitments for capital expenditures, the general purpose of such commitments, and the expected sources of funds for such expenditures.***

For 2021, the Group's budgeted total capital expenditures was P3.8 billion for projects and spent P2.5 billion as of 31 December 2021 for land development, building improvements, and land acquisition. This was financed through internally generated funds, bank loan and advances.

(v) ***Any known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable impact on net sales or revenues or income from continuing operations should be described.***

The continuing COVID-19 crisis will continue to impact on net sales or revenues from continuing operations especially for commercial leasing and power segments. With the development and availability of vaccines for COVID-19 in the country, it is expected that businesses will gradually return to pre-COVID levels.

(vi) ***Any significant elements of income or loss that did not arise from the registrant's continuing operations.***

The Group did not recognize income or loss during the period that did not arise from continuing operations.

(vii) ***Causes of Any Material Changes from Period to Period of FS which shall include vertical and horizontal analyses of any material item (5%).***

- a. Cash and cash equivalents stood at P81.3 million, 54% lower than the P177.4 million as of 31 December 2020. Net decrease in cash was mainly driven by spend for capital expenditures and payment of obligations.
- b. Receivables- current decreased by 14% to P1,154.6 million due to collection of receivables from lot sales and tenants.

- c. Real estate held for sale and development increased by 5% mainly due to Pampanga Technopark land acquisitions and expansion.
- d. Amounts owed by related parties posted at P1,244.9 million or 35% increase from P921.8 million due to intercompany loans granted to affiliates.
- e. Other current assets – net increased by 9% due to increase in the advances to suppliers and contractors.
- f. Right of use asset decreased by 5% to P1,200.7 million in 2021 compared to P1,267.4 million in 2020 due to recognition of depreciation.
- g. Receivables-net of current portion increased to P1,128.0 million or 55% higher due to installment receivables from lot sales and tenants.
- h. Deferred income tax assets increased by 20% from P58.23 million to P69.8 million due mainly to provision on NOLCO.
- i. Financial Assets at fair value through other comprehensive income stood at P144.3 million, 76% lower than the P606.43 million as of 31 December 2020 due to impairment provision of Cyber Bay shares as the trading of said shares was suspended.
- j. Property & equipment – net increased by P696.3 million to P723.46 million higher due to purchase of cold facilities during the year, treated as business combinations (see Note 13 of the Notes to FS).
- k. Net pension assets increased by 22% to P11.8 million due to additional contribution to the plan.
- l. Other non-current assets posted at P451.7 million, 5% higher due to deferred input VAT on the acquisition of land and development costs.
- m. Accounts payable & accrued Expenses decreased by 15% to P1,411.2 million from P1,653.1 million due mainly due to settlement of obligation to the sellers of URDC shares and insurance claims.
- n. Current portion of deferred rent income decreased by 32% to P10.6 million due to realization to income.
- o. Income tax payable increased by 576% to P29.3 million mainly due to recognition of income tax from lot sales.
- p. Amounts owed to related parties principally consisting of interest-bearing advances and intercompany charges, decreased by 40% to P1,594.4 million from P2,674.4 million as of 31 December 2020, due to repayment.
- q. Rental and other deposits-net of current portion registered at P351.9 million, 67% higher due to reclassification from current portion of rental and other deposits
- r. Nontrade payable non-current was recognized in 2021 amounting to P260.4 million due to acquisition of land and buildings on installment.
- s. Long-term debt increased to P1,965.3 million due to availment of bank loan.
- t. Retention payable reduced by 33% due to repayments.
- u. Equity reserve increased by 6% to negative P1,693.3 million due to acquisition of remaining 5% LTI shares.
- v. Unrealized valuation loss on AFS increased by 74% to negative P1,089.7 million due to the decline in value of the Cyber Bay shares.
- w. Retained Earnings increased by 45% to P2,525.7 million due to net income during the year.
- x. Non-controlling interest decreased by 86% to P20.0 million from P138.3 million in 2020 due to acquisition of remaining 5% LTI shares.

**(viii) Any seasonal aspects that had a material effect on the financial condition or results of operations.**

There are no known seasonal aspects that had a material effect on the financial condition or results of operations.

**Latest Developments**

In February 2022, the Group acquired a 64,000-square meter ready-built facility and the land on which it stands located in the Light Industry & Science Park III in Sto. Tomas, Batangas. This brought the Group's total gross leasable area from 224,000 sqm. to 288,000- sqm.

**Review of 2020 Consolidated Results of Operations versus 2019**

For the year ended 31 December 2020, AyalaLand Logistics Holdings Corp. ("ALLHC" or the "Group") registered P3.72 billion in revenues versus P5.35 billion the year prior, experiencing a 30% drop. However, net income grew by 10% to P703 million from P641 million in 2019. The performance is driven by sale of industrial lots, stable warehouse and office leasing operations, and sale of none-core assets.

Earnings per share for the year ended 31 December 2020 was P0.11 which was 10% higher than P0.10 last year.

**Business Segments**

Challenged by the COVID-19 crisis, the Group's performance was driven by industrial lots sales and steady warehouse and office leasing. The breakdown of the revenues are as follows:

Segment	Amount – P' million			
	2020	2019	2020 vs. 2019	Change
Real estate sales	1,275.5	1,809.1	(533.6)	(29%)
Rental	872.8	1,140.9	(268.1)	(23%)
Sale of electricity	1,568.4	2,396.0	(827.6)	(35%)
Total	3,716.7	5,346.0	(1,629.3)	(30%)

**Real estate sales.** This segment pertains to sale of industrial lots. Industrial lot sales revenues stood at P1.28 billion, 29% lower compared to 2019's post of P1.81 billion, with sales coming from the domestic market. In 2020, the Group sold industrial lots in Pampanga, Cavite, and Laguindingan.

**Rental.** This segment covers operations of warehouse and commercial leasing.

**Commercial leasing.** The combined revenues of Tutuban Center and South Park Center amounted to P519.6 million which was 39% less than P854.2 million revenue last year due to rent reprieve but tempered by steady office leasing revenues. The Group ended with 90K sqm total commercial leasing GLA and lease-out rate of 80% versus 92% last year.

**Warehouse leasing.** Growth in GLA drove revenues to increase by 23% to P353.2 million from P286.7 million in 2019. ALogis Alviera, ALogis Biñan and ALogis Naic were operational in 2020 since its deliveries in Q1 2019. The lease-out rate for all warehouses was at 81%.

**Sale of electricity.** This pertains to retail electricity supply service to industrial park locators and external commercial customers. EBITDA margin registered at 3%. Revenue from power was 35% down to P1,568 million due to the lower demand from customers as many businesses slowed down or closed as a result of the government-mandated community quarantine (CQ) for most part of 2020.

**Expenses**

Consolidated costs of real estate and services costs from rental and sale of electricity amounted to P2,732.0 million in 2020 compared to P3,974.8 million in 2019 or 31% lower due to lower sales of industrial land sold and power sale, management fees, and depreciation, as a consequence of the series of CQs.

Operating expenses of P205.6 million incurred in 2020 which was lower than last year of P292.4 million mainly driven by set up of provisions for impairment losses and lower taxes and licenses.

### **Project and Capital Expenditures**

The Group spent P1 billion in capital expenditures to support the completion of new projects and aggressive expansion, of which P42 million was spent for land development cost, P750 million for building improvements, and P208 million for land acquisition.

### **Operations during the COVID-19 Pandemic**

With the implementation of CQs which started mid-March 2020, the Company's priority was to ensure the safety and well-being of its employees, workers, merchants, locators, and customers.

Initiatives taken by the Company include:

- For employees: work-from-home arrangement, regular staff meetings to monitor staff needs and conditions, and online training courses for its employees
- For workers: financial assistance and basic needs and amenities to front-liners on-duty.
- For mall merchants: rent reprieve and discounts for common area charges during the CQ period
- For medical front-liners: employees helped fund three (3) hospitals designated as COVID centers through ALL's fundraising campaign, *Ayala Land Pays It Forward*, and assisted in the procurement of much needed medical equipment and supplies for these hospitals.
- For customers: to ensure health and safety, the Company's properties and premises were regularly disinfected and sanitized.

Towards the end of 2020, as businesses slowly re-open, the Company has adopted a work schedule for the re-integration of its employees in its offices and ensured that the government-imposed health protocols in its establishments are observed for the safety and well-being of its customers and tenants.

### **Financial Condition**

The COVID-19 pandemic resulted to a slowdown of operations but ALLHC's balance sheet remained healthy with enough capacity to undertake its growth plan and meet existing obligations.

Total Assets of the Group stood at P19.35 billion as of 31 December 2020, slightly lower than P19.37 billion last year.

Total liabilities decreased to P7.51 billion versus P8.19 billion last year due to the settlement of installment due to the purchase of URDC.

The impact of adoption of new accounting standard for leases in 2020 resulted to the recognition of P1.27 billion right-of-use asset and P1.75 billion lease liabilities.

Total Equity registered at P11.84 billion was 6% higher than the equity of P11.18 billion last year due to impact of net income during the year negated by the decline in market value of financial asset at fair value through other comprehensive income.

### **Financing Through Loans**

As of 31 December 2020, the Group had no outstanding loans from any financial institution.

### **Prospects for the future**

The Group will continue to pursue its vision of energizing and supporting communities in key areas across the country. Tutuban will continue to work on new mall offerings and bazaars, and full operations while observing the safety protocols for COVID-19. South Park will continue with its transformation into a mixed-use development, conversion of retail spaces to storage areas and launching of new mall merchants.

As part of its short-term plans, the Group will continue to increase in gross leasable area in warehousing with expansion and look into possible new businesses or potential partnerships.

**Key Variable and Other Qualitative and Quantitative Factors**

Ratio	Formula	31-Dec-2020	31-Dec-2019
Current Ratio	Current Assets Current Liabilities	1.35: 1 6,664,248 / 4,921,888	1.09: 1 6,038,158 / 5,554,888
Debt to Equity Ratio	<u>Total Liabilities</u> <u>Equity</u>	0.63: 1 7,513,456 / 11,840,774	0.73: 1 8,192,312 / 11,176,197
Capital Adequacy Ratio	<u>Equity</u> Total Assets	0.61 11,840,774 / 19,354,230	0.58: 1 11,176,197 / 19,368,509

Income per Share	<u>Net Income</u> Total # of Shares	0.11 681,962 / 6,252,148	0.10 595,838 / 6,226,225

**Current ratio** shows the Group's ability to meet its short-term financial obligation. As of 31 December 2020, the Group has P1.35 worth of current assets for every peso of current liabilities as compared to P1.09 as of 31 December 2019. The Group has sufficient current assets to support its current liabilities as of the period, slightly higher than last year.

**Debt to Equity ratio** indicates the extent of the Group's debt which is covered by shareholders' fund. It reflects the relative position of the equity holders. The higher the ratio, the greater the risk being assumed by the creditors. A lower ratio generally indicates greater long-term financial safety. Compared to 31 December 2019, debt-to-equity ratio was lower.

**Capital Adequacy Ratio** is computed by dividing the Total Stockholders' Equity over Total Assets. It measures the financial strength of the Company. As of 31 December 2020, the Group's Capital Adequacy Ratio was slightly higher at 0.61 compared to same period last year's 0.58.

**Book value per share** measures the recoverable amount in the event of liquidation if assets are realized at book value. As of 31 December 2020, the Group's book value per share of P1.88 was 6.2% higher than as of 31 December 2019.

**Income per share** is calculated by dividing net income by the weighted average number of shares issued and outstanding. As of 31 December 2020, the Group reported a P0.11 income per share which was 10%, higher than last year.

(i) ***Any known trends, demands, commitments, events or uncertainties that will have a material impact on issuer's liability.***

There are no known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Company and its subsidiaries' liquidity increasing or decreasing in any material way.

(ii) ***Events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation***

There are no known events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation.

(iii) ***Material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships with unconsolidated entities or other persons created during the reporting period.***

There are no known off-balance sheet transactions, arrangements, obligations (including contingent obligations), during the period.

(iv) ***Any material commitments for capital expenditures, the general purpose of such commitments, and the expected sources of funds for such expenditures.***

For 2020, the Group's budgeted total capital expenditures was P2.16 billion for projects and spent P 1 billion as of 31 December 2020 for land development, building improvements, and land acquisition. This was financed through internally generated funds and advances.

(v) **Any known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable impact on net sales or revenues or income from continuing operations should be described.**

The COVID-19 crisis and government-mandated CQ are expected to have an impact on net sales or revenues from continuing operations especially for commercial leasing and power segments. With the development and availability of vaccines for COVID-19 in the country, it is hoped that businesses will gradually return to pre-COVID levels.

(vi) **Any significant elements of income or loss that did not arise from the registrant's continuing operations.**

The Group did not recognize income or loss during the period that did not arise from continuing operations.

(vii) **Causes of Any Material Changes from Period to Period of FS which shall include vertical and horizontal analyses of any material item (5%).**

- a. Financial Assets at fair value through other comprehensive income stood at P606.4 million, 5.9% lower than the P644.7 million as of 31 December 2019.
- b. FVPL Investments posted a 5.8% increase mainly due to market value adjustment as of year-end.
- c. Amounts owed by related parties posted at P921.8 million or 16.9% increase from P788.5 million as of 31 December 2019 due to intercompany loans granted to affiliates.
- d. Receivables-net of current portion increased to P728.5 million or 51.7% higher due to installment receivables from lot sales.
- e. Property & equipment – at cost decreased to P27.2 million or 28.3% due to depreciation and amortization during the year.
- f. Software costs decreased by 69.8% to P0.43 million due to depreciation during the year.
- g. Deferred tax assets increased from P24.3 million to P58.2 million due mainly on additional provision for impairment of accounts receivables and lease liability.
- h. Accounts Payable & Accrued Expenses decreased by 38.1% to P1,653.1 million from P2,672.7 million due mainly due to installment obligation to the sellers of URDC shares.
- i. Current portion of deferred rent income increased to P15.60 million due to advance payment of rent by tenants.
- j. Amounts owed to related parties principally consisting of interest-bearing advances and intercompany charges, increased by 15.4% to P2,674.4 million from P2,317.2 million as of 31 December 2019 which was used to fund land acquisitions and development costs.
- k. Slight increase in Total Lease liabilities by 1.0% from P1,733.45 million to P1,751.37 million.
- l. Rental and other deposits-net of current portion and current portion registered at P210.4 million and P492.53 million, lower by 10.3% and 4.9%, respectively due to refund made to tenants.
- m. Deferred income tax liability – net decreased by 11.1% from P125.2 million to P111.3 million due to the impact of adjustment on the recognition of PFRS 16.
- n. Unrealized valuation loss on AFS increased to negative P626.7 million or 6.6% due to the decline in value of the Cyber Bay shares.
- o. Retained Earnings increased to P1,737.7 million or 63.0% increase due to net income during the year.

(viii) **Any seasonal aspects that had a material effect on the financial condition or results of operations.**

There are no known seasonal aspects that had a material effect on the financial condition or results of operations.

**2019 Consolidated Results of Operations versus 2018**

For the year ended 31 December 2019, AyalaLand Logistics Holdings Corp. (“ALLHC” or “the Group”), formerly Prime Orion Philippines, Inc., registered a robust growth with consolidated revenues and net income of P5,345.98 million and P641.4 million, which were 58% and 15% higher versus last year.

Earnings before interest, taxes, depreciation and amortization (EBITDA) margin improved by 4% points to 29% versus last year.

**Business Segments**

The strong performance was driven by higher industrial lots sold and supported by growth in retail electricity supply and leasing businesses with revenues as follow:

Segment	Amount – P' million			Change
	2019	2018	2019 vs 2018	
Real estate sales	1,809.1	785.8	1,023.3	130%
Rental	1,140.9	843.2	297.7	35%
Sale of electricity	2,396.0	1,735.0	661.0	38%
Others	0.0	6.0	(6.0)	(100%)
Total	5,346.0	3,370.0	1,976.0	58%

**Real estate sales.** This segment pertains to sale of industrial lots. In 2019, the Group secured Laguindingan Technopark (62 hectares) and Pampanga Technopark (192 hectares). Driven by the strong demand, revenues significantly increased with lots sold in Laguna, Pampanga and Cavite Technoparks.

**Rental.** This segment covers operations of warehouse, retail and office leasing.

**Retail and office leasing.** The combined revenues of Tutuban Center and South Park amounted to P854.2 million which grew by 25% versus P683.5 million revenue last year. The Group ended with 84K total retail and commercial leasing GLA and maintained its % lease-out at 92%.

**Warehouse leasing.** Total revenues of warehouse grew by 79% to P286.7 million from P159.7 million in 2018. Additional GLA in Laguna and Alvierra help boost the topline. 2019 ended with 97% lease-out rate or 8% points increase from last year.

During the year, the Group launched portion of redeveloped Lepanto warehouse with 11K GLA and Alvierra Warehouse with 12K GLA. It also opened an expansion in Alvierra for 19K GLA and in Laguna for 14K GLA.

**Sale of electricity.** This pertains to retail electricity supply service to industrial park locators and external commercial customers. EBITDA margin is maintained at 3%.

**Expenses**

Consolidated costs of real estate and services costs from rental and sale of electricity amounted to P3,974.8 million in 2019 and P2,625.3 million in 2018 or 50% higher driven by costs for additional industrial land sold and power sale, management fees, and depreciation.

Operating expenses of P292.4 million incurred in 2019 which is higher than last year of P158.4 million mainly driven by set up of provisions in relation to the requirements of the accounting standards.

**Project and Capital Expenditures**

The Group spent P4.6 billion in capital expenditures to support the completion of new projects and aggressive expansion, of which P2.6 billion was spent for land acquisition, P1.0 billion for development costs and P800 million for equity purchase.

### **Financial Condition**

ALLHC's balance sheet remained healthy with enough capacity to undertake its growth plan and meet existing obligations.

Total assets of the Group stood at P19,368.5 million as of 31 December 2019 versus P12,974.4 million last year which mainly increased due to acquisitions of Pampanga Technopark, Laguindingan Technopark and South Park land.

Total liabilities amounted to P8,192.3 million versus P3,100.1 million last year which increased due to obligations and advances made in relation to the Group's investments in land, development and equity purchase.

The impact of adoption of new accounting standard for leases in 2019 resulted to P1,327.0 million right of use asset and P1,733.4 million lease liabilities.

Total Equity registered at P11,176.2 million was 13% higher than the equity of P9,874.2 million last year due to impact of net income, disposal of shares held by a subsidiary, and issuance of shares recognized during the year.

### **Financing Through Loans**

As of 31 December 2019, the Group had no outstanding loans from any financial institution.

### **Prospects for the future**

The Group will continue to reinforce and solidify its vision of energizing and supporting communities and jumpstart development in more non-urban areas. With the addition of new industrial estates in key areas -- Pampanga and Misamis Oriental, it is aligned towards this goal. Furthermore, Tutuban will continue having new mall offerings while South Park is maximizing value of the mall through its transformation into a mixed-use development.

The short-term plan involves increasing gross leasable area in warehousing with expansion in Laguna, Cavite and Porac, Pampanga.

### **Key Variable and Other Qualitative and Quantitative Factors**

<b>Ratio</b>	<b>Formula</b>	<b>31-Dec-2019</b>	<b>31 Dec- 2018</b>
Current Ratio	$\frac{\text{Current Assets}}{\text{Current Liabilities}}$	1.18: 1 6,682,904/5,641,246	2.38: 1 5,320,576/2,240,072
Debt to Equity Ratio	$\frac{\text{Total Liabilities}}{\text{Equity}}$	0.73: 1 8,192,312/ 11,176,197	0.31: 1 3,100,143/9,874,250
Capital Adequacy Ratio	$\frac{\text{Equity}}{\text{Total Assets}}$	0.58: 1 11,176,197/ 19,368,509	0.76: 1 9,874,250/12,974,393
Book Value per Share	$\frac{\text{Equity}}{\text{Total \# of Shares}}$	1.77 11,176,197/ 6,301,592	1.61 9,874,250/6,148,456
Income per Share	$\frac{\text{Net Income}}{\text{Total \# of Shares}}$	0.10 595,838/6,226,225	0.08 441,908/5,350,484

**Current ratio** shows the Group's ability to meet its short-term financial obligation. As of 31 December 2019, the Group has P1.18 worth of current assets for every peso of current liabilities as compared to P2.38 as of 31 December 2018. The Group has sufficient current assets to support its current liabilities as of the period, although the ratio is lower than last year.

**Debt to Equity ratio** indicates the extent of the Group's debt which is covered by shareholders' fund. It reflects the relative position of the equity holders. The higher the ratio, the greater the risk being assumed by the creditors. A lower ratio generally indicates greater long-term financial safety. Compared to 31 December 2018, debt-to-equity ratio was higher.

**Capital Adequacy Ratio** is computed by dividing the Total Stockholders' Equity over Total Assets. It measures the financial strength of the Company. As of 31 December 2019, the Group's Capital Adequacy Ratio was lower at 0.58 compared to same period last year's 0.76.

**Book value per share** measures the recoverable amount in the event of liquidation if assets are realized at book value. As of 31 December 2019, the Group's book value per share of P1.77 was 10.4% higher than as of 31 December 2018.

**Income per share** is calculated by dividing net income by the weighted average number of shares issued and outstanding. As of 31 December 2019, the Group reported a P0.10 income per share which was 15.9%, higher than same period of last year.

**(i) Any known trends, demands, commitments, events or uncertainties that will have a material impact on issuer's liability.**

There are no known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Company and its subsidiaries' liquidity increasing or decreasing in any material way.

**(ii) Events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation**

There are no known events that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation.

**(iii) Material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships with unconsolidated entities or other persons created during the reporting period.**

There are no known off-balance sheet transactions, arrangements, obligations (including contingent obligations), during the period.

**(iv) Any material commitments for capital expenditures, the general purpose of such commitments, and the expected sources of funds for such expenditures.**

For 2019, the Group budgeted total capital expenditures of P4.6 billion million for projects and spent P3.7 billion as of 31 December 2019. This was financed through internally generated funds and advances.

**(v) Any known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable impact on net sales or revenues or income from continuing operations should be described.**

There are no known trends, events or uncertainties that have material impact on net sale/revenues/income from continuing operation.

**(vi) Any significant elements of income or loss that did not arise from the registrant's continuing operations.**

The Group did not recognize income or loss during the period that did not arise from continuing operations.

**(vii) Causes of Any Material Changes from Period to Period of FS which shall include vertical and horizontal analyses of any material item (5%).**

- a. Cash and cash equivalents stood at P177.6 million, 19.3% lower than the P220.1 million as of 31 December 2018. Cash were used to fund for capital expenditures.
- b. Receivables posted a 27% increase mainly due from receivables from Mabalacat industrial lot sales and LTI leasing.
- c. Real estate inventories registered at P2,085.0 million, 61% higher than the P1,289.2 million as of 31 December 2018 driven mainly by more areas for sale in Pampanga and Laguindingan Technopark.
- d. Amounts owed by related parties posted at P788.5 million or 16% decrease from P936.5 million as of 31 December 2018 due to collection to fund for the acquisition of land and development.
- e. Other current assets posted at P977.7 million, 63% higher due to input vat on the acquisition of land and development costs.

- f. Receivables-net of current portion increased to P480.3 million or 968% higher due to installment payments of customers that bought industrial lots in Pampanga Technopark.
- g. Right of use asset amounting to P1,327.0 million was recognized in 2019 to adopt the new accounting standard for leases.
- h. Investment Property increased by 51% to P10,254.5 million due to acquisition of land in Pampanga and Laguindingan Technopark and South Park land.
- i. Plant, property & equipment – at cost decreased to P37.9 million or 10% due to depreciation and amortization during the year.
- j. Software costs decreased by 51% to P1.4 million due to depreciation during the year.
- k. Deferred tax assets increased from P14.2 million to P24.29 million due mainly to adoption of new accounting standards on leases and provision on impairment of accounts receivables.
- l. Other non-current assets decreased by 21% to P548.5 million as of 31 December 2019 from P699.1 million due to reclassification of deferred input vat to current and decrease on advances to suppliers and contractors.
- m. Accounts payable and accrued expenses increased by 87% to P2,773.2 million mainly due to installment obligation to the sellers of land in Pampanga Technopark.
- n. Current portion of deferred rent income decreased by 78% due to realization during the year.
- o. Amounts owed to related parties principally consisting of interest-bearing advances and intercompany charges, increased to P2,317.2 million from P234.3 million as of 31 December 2018 which is used to fund land acquisitions, development costs, and equity purchase.
- p. Rental and other deposits-net of current portion registered at P234.8 million, 54% higher due to increase in rental, security, customer deposits and construction bonds paid by tenants to the Group on leased properties.
- q. Deferred rent income decreased by 33% to P6.9 million due to reclass to realized income.
- r. Deferred tax liability – net decreased by 42% from P215.3 million to P125.2 million due to the impact of PFRS 16 adoption.
- s. Equity reserves increased by 18% to P1,598.2 million due to the acquisition of 20% equity in LTI.
- t. Shares held by a subsidiary was reduced by 89% from P1,279.0 million to P144.4 million due to the sale of shares held by OLI.
- u. Revaluation increment on PPE decreased by 6% due to realized portion of LCI revaluation increment.

**(viii) Any seasonal aspects that had a material effect on the financial condition or results of operations.**

There are no known seasonal aspects that had a material effect on the financial condition or results of operations.

**Item 7. Financial Statements**

The 2021 audited consolidated financial statements and schedules are filed with this report as indicated in the Index to Exhibits.

**Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosures**

1) Information on Independent Accountants and Other Related Matters

- a) The external auditor of the Company is the accounting firm of SyCip Gorres Velayo & Co. (SGV & Co.). The Board, upon the recommendation of its Audit Committee (composed of Mr. Rex Ma. A. Mendoza, Chairman, Atty. Renato O. Marzan and Ms. Cassandra Lianne S. Yap, members), approved the appointment of SGV & Co. as the independent auditor for 2021. The same accounting firm is being recommended for re-appointment.

The appointment of SGV & Co., and the fixing of its remuneration will be presented to the stockholders for approval at the annual stockholders' meeting.

- b) Representatives of SGV & Co. for the current year and for the most recently completed fiscal year are expected to be present at the annual stockholders' meeting. They will have the opportunity to make a statement if they so desire and are expected to be available to answer appropriate questions.

Pursuant to the General Requirements of SRC Rule 68 (3)(b)(iv)(ix) (Qualification and Reports of Independent Auditors), the Corporation appointed SGV & Co. as external auditor, and Mr. Carlo Paolo V. Manalang is the Partner-in-Charge assigned to handle the audit starting 2018.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

There has been no resignation, dismissal or change in the external auditor of the Company for the past two (2) fiscal year. There were no disagreements with external auditor on matters relating to accounting principles or practices or financial disclosures for the same period.

2) External Audit Fees and Services

a) *Audit and Audit-Related Fees*

- (i) The Company paid the following audit and non-audit service fees (inclusive of Value Added Tax), in the past two (2) years:

Audit and Non-Audit Fees:

Year	Audit & Audit Related Fees (Php)	Other Fees (Php)
2021	2,270,000.00	170,240.00*
2020	2,184,000.00	67,200.00^

\* includes SGV fees for the review of the BOI reports of Unity Realty and Development Corporation and Laguna Technopark, Inc. (2019-2021) and validation of votes during the annual stockholders' meeting

^ fees for validation of votes during the annual stockholders' meeting

- (ii) There are no known assurance and related services rendered by the external auditor other than the services stated above for CY 2021 and 2020.

b) *Tax Fees*

There were no tax advisory services rendered by the auditor or any other entity to the Company in 2021.

- c) The Audit Committee performs oversight functions over the Corporation's external auditors as provided in the Company's Manual of Corporate Governance. The Audit Committee, reviews and approves all reports of the external auditors prior to presentation to the Board of Directors for approval. Its functions include review and approval of the proportion of the audit versus the non-audit work to be rendered by the Company's independent auditor to ensure that these are not in conflict with the audit functions of the external auditor. It evaluates and recommends to the Board the appointment of the external auditors of the Company for the ensuing fiscal year.

### PART III- CONTROL AND COMPENSATION INFORMATION

#### Item 9. Directors and Executive Officers of the Registrant

a) Directors and Officers

The incumbent directors of the Company are as follows:

Jose Emmanuel H. Jalandoni  
Felipe U. Yap  
Bernard Vincent O. Dy  
Maria Rowena M. Tomeldan  
Jaime Alfonso E. Zobel de Ayala  
Nathanael C. Go  
Rex Ma. A. Mendoza - Independent director  
Renato O. Marzan - Independent director  
Cassandra Lianne S. Yap- Independent director

All the directors were elected on 21 April 2021 during the annual stockholders' meeting of the Company.

Under the Company's By-laws, the directors serve for a term of one year until the election and acceptance of their qualified successors.

Below are the write-ups (including the position in the Company, nationality and age) and the directorships/officerships of the incumbent directors (as of 31 December 2021). Except as indicated, the directors have held their directorships/officerships listed below for at least five (5) years to the present.

**Jose Emmanuel H. Jalandoni**, Filipino, 54, has served as the Chairman of the Company since April 12, 2018. He was the President of the Company from February 24, 2016 to February 19, 2018. He is a Senior Vice President and a member of the Management Committee of ALI. He is the Group Head of ALI's commercial businesses including malls, offices, hotels, resorts. He is Chairman of AREIT, Inc., a publicly-listed subsidiary of ALI. Mr. Go graduated *magna cum laude* from Georgetown University with a BS degree in Foreign Service and completed his graduate studies in International Political Economy from the University of Warwick as a British Chevening scholar. Mr. Go worked in the Public Affairs practice of Burson Marsteller Beijing, and before that was a senior member of the Policy and Strategy Division of the National Security Council, Philippines.

**Rex Ma. A. Mendoza**, Filipino, 59, has been an Independent Director of the Company since February 26, 2016 and its Lead Independent Director since July 18, 2017. He is the President & CEO of Rampver Financials, a dynamic player in financial services specializing in investments, and one of the biggest distributors of mutual funds in the Philippines. He currently serves as the lead independent director of Globe Telecom, Inc., a publicly listed company and an independent director of the National Reinsurance Corporation of the Philippines and ALI, also publicly listed companies. He is also a director of the Cullinan Group, Esquire Financing, Inc., Mobile Group, Inc., Seven Tall Trees Events Company, Inc., and

TechnoMarine Philippines. He is a member of Bro. Bo Sanchez' Mastermind Group, and is cited by many as one of the best leadership, business strategy, investments, marketing and sales speakers in the country. He is the author of two books, Trailblazing Success and Firing On All Cylinders, both certified national bestsellers. He served as the President & CEO of Philam Life, one of the country's most trusted financial services conglomerates and was Chairman of its affiliates and subsidiaries. He was also Senior Adviser to the Chief Executive Officer of the AIA Group. Prior to this, he was previously Senior Vice President and Chief Marketing and Sales Officer of ALI. He was also Chairman of Ayala Land International Sales, Inc., President of Ayala Land Sales, Inc., and Avida Sales Corporation. He has a Master's Degree in Business Management with distinction from the Asian Institute of Management. He was one of the 10 Outstanding Graduates of his batch at the University of the Philippines where he obtained a BSBA degree with a double major in marketing and finance. He was awarded Most Distinguished Alumnus of the UP Cesar Virata School of Business. He is also a Fellow with Distinction at the Life Management Institute of Atlanta, Georgia, USA, a Registered Financial Planner (RFP) and a four-time member of the Million Dollar Round Table (MDRT). He was a professor of Marketing and Computational Finance at the De La Salle University Graduate School of Business. He taught strategic marketing, services marketing and services strategy. He has served as Chairman of the Marketing Department and was awarded as one of the University's most outstanding professors.

**Renato O. Marzan**, Filipino, 73, has been an Independent Director of the Company since January 13, 2017. He is currently the Chairman of the Board of Directors of UBS Securities Philippines, Inc. (USPI), a wholly-owned subsidiary of UBS AG. He has been an independent director of the USPI since May 2010. He is also a consultant and director in a number of private corporations. He was formerly connected with Ayala Corporation where he retired in December 31, 2008. At the time of his retirement, he was the General Counsel, Managing Director and the Group Head of the Corporate Governance and Legal Affairs Group of the corporation. In such capacity, he exercised direct supervision and oversight over the Legal Division, Office of the Corporate Secretary, the Compliance Unit and the Internal Audit of the corporation. He played an important role in the adoption and implementation of the principles and best practices of good corporate governance in the Ayala Group of Companies. During his career in Ayala, he also served as a director and corporate secretary of a number of companies within the Ayala Group. He graduated *magna cum laude* with a degree of Bachelor of Arts major in Philosophy in 1969, and cum laude with a degree of Bachelor of Laws in 1973, both from San Beda College. Prior to joining Ayala in 1978, he was in the active practice of law.

**Cassandra Lianne S. Yap**, Filipino, 32, has been an Independent Director of the Company since April 13, 2020. She is the Vice President and Corporate Secretary of Zamcore Realty & Development Corp. She is also the President, Chief Operating Officer and Chief Executive Officer of Ferenzo Holdings & Development Corp. and the Executive Vice President of FelCris Hotels & Resorts Corp. She graduated in 2011 with a degree in Psychology from Kwantlen Polytechnic University in British Columbia.

She previously occupied this role in 2009-2011 and acted as Chairperson. Before joining ALI, she took on dual roles in SAP Philippines as Account Manager, handling government accounts, and project manager for SAP Implementation. She served as Assistant Vice President in Coca-Cola Bottlers Philippines, Inc., where she held various IT systems implementation projects. She started her IT career as an IT Instructor in I/Act of SyCip Gorres Velayo & Co. She holds a Bachelor of Arts in Biology and a Bachelor of Science in Business Management from De La Salle University.

Attendance of Directors in Board meetings

The record of attendance of the directors at the meetings of the Board of Directors of the Company (the "Board") for calendar year 2021 is as follows:

Directors	No. of Board Meetings Attended/Held (in 2021 and during the incumbency of the director)	Percent Present
Bernard Vincent O. Dy	6/6	100%
Felipe U. Yap	6/6	100%
Jose Emmanuel H. Jalandoni	6/6	100%
Maria Rowena M. Tomeldan	6/6	100%
Jaime Alfonso E. Zobel de Ayala	6/6	100%
Nathanael C. Go	6/6	100%
Rex Ma. A. Mendoza	6/6	100%
Renato O. Marzan	6/6	100%
Cassandra Lianne S. Yap	6/6	100%

The officers, unless removed by the Board, shall serve as such until their successors are elected or appointed

b) Significant Employees

The Company's entire work force is considered as significant employees. The entire work force is expected to work as a team to attain the Company's objectives. There is no employee who is expected to make individually on his own a significant contribution to the business of the Company.

c) Family Relationships

The independent director, Ms. Cassandra Lianne S. Yap, is the niece of a director, Mr. Felipe U. Yap. Ms. Yap is qualified to be an independent director under Sec. 1.9, Art. III of the Company's Manual on Corporate Governance (revised as of 11 November 2020).

There are no other family relationships (up to fourth civil degree) either by consanguinity or affinity among the abovenamed directors and executive officers.

d) Involvement in Certain Legal Proceedings

The abovementioned directors and executive officers have not been involved in any of the following events or legal proceedings that occurred during the past five (5) years up to this time which are material to an evaluation of the ability and integrity of the said directors and executive officers:

- a. Any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two (2) years prior to that time;
- b. Any conviction by final judgment in a criminal proceeding, domestic or foreign, or being subject to a pending criminal proceeding, domestic or foreign, excluding traffic violations and other minor offenses;
- c. Being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring,

- suspending or otherwise limiting his involvement in any type of business, securities, commodities or banking activities; and
- d. Being found by a domestic or foreign court of competent jurisdiction (in a civil action), the Commission or comparable foreign body, or a domestic or foreign exchange or electronic marketplace or self-regulatory organization, to have violated a securities or commodities law, and the judgment has not been reversed, suspended, or vacated.

The details of material pending legal proceedings for the past five (5) years to which the Company or any of its subsidiaries or affiliates is a party are discussed in Part 1, Item 3 above.

## Item 10. Executive Compensation

### A. General

Directors. Article III Section 11 of the Company's Amended By-laws<sup>1</sup> provide:

11. Compensation of Directors – Directors shall be entitled to receive from the Corporation, pursuant to a resolution of the Board of Directors, fees and other compensation for their services. In no case shall the total yearly compensation of Directors exceed ten percent (10%) of the net income before income tax of the Corporation during the preceding year.

The Personnel and Compensation Committee of the Board of Directors shall have the responsibility of recommending to the Board of Directors the fees and other compensation for directors. In discharging this duty, the committee shall be guided by the objective of ensuring that the level of compensation should fairly pay directors for work required in a company of the Corporation's size and scope. No director shall be involved in deciding his own remuneration during his incumbent term.

No director has been contracted and compensated by the Company for services other than as director.

Officers. Article IV Section 1 of the Company's Amended By-laws provide:

1. Officers, xxx The Board of Directors shall fix the compensation of the officers of the Corporation.

Below is the summary of the aggregate compensation paid or accrued during the last two (2) years and the ensuing fiscal year to the Company's Chief Executive Officer and four (4) other most highly compensated executive officers.

---

<sup>1</sup> Amendments to By-laws approved by the Board of Directors on 11 November 2020; approved by the SEC on 4 March 2021

**Summary Compensation Table**  
Annual Compensation

Name	Calendar Year	Salary (in ₱000s)	Bonus (in ₱000s)	Other Annual Compensation (in ₱000s)
Maria Rowena M. Tomeldan (President/CEO)	2020	-	-	-
	2021	-	-	-
	2022	-	-	-

	2022	-	-	-
CEO and four most highly compensated Executive Officers	2020 Actual	-	-	-
	2021 Actual	-	-	-
	2022 (projected)	-	-	-
All other officers** and directors <sup>∞</sup> as a group unnamed	2020 Actual	3,740.00	-	-
	2021 Actual	4,240.00	-	-
	2022 (projected)	4,320.00	-	-

\* Appointed on 1 February 2021 to replace Ms. Norina Raniel

\*\* Vice President and up; excludes managers

<sup>∞</sup> Compensation consists of per diems; excludes ESOWN Plan shares

The above executive officers are employees of ALI assigned to the Company and their salaries and benefits are paid by ALI. Management fees paid by the Company to ALI cover part of the compensation of the executive officers of ALLHC (i.e., President/CEO, CFO/Treasurer, heads of Human Resources, Industrial Parks Group and Commercial Leasing Group). The per diems of the ALI nominee-directors including that of the President, were paid to the nominating company, ALI. For 2021, the directors received per diems as compensation, the amounts of which were approved by the stockholders in 2017.

The total annual compensation of all directors and senior personnel from managers and up was paid in cash.

**(a) Compensation of Directors**

Section 11 of Article III of the Amended By-Laws provides:

“11. Compensation of Directors – Directors are entitled to receive from the Corporation, pursuant to a resolution of the Board of Directors, fees and other compensation for their services. In no case shall the total yearly compensation of Directors exceed ten percent (10%) of the net income before income tax of the Corporation during the preceding year.

The Personnel and Compensation Committee of the Board of Directors shall have the responsibility of recommending to the Board of Directors the fees and other compensation of directors. In discharging this duty, the committee shall be guided by the objective of ensuring that the level of compensation should fairly pay directors for work required in a company of the Corporation’s size and scope. No director shall be involved in deciding his own remuneration during his incumbent term.

*(As amended at the Regular Meeting of the Board of Directors on 11 November 2020.)”*

i. Standard Arrangement

Members of the Board of Directors receive no compensation except reasonable director’s fee or per diems as fixed by the Board of Directors at the end of the year, subject to approval of the stockholders.

During the annual stockholders' meeting on 13 January 2017, the stockholders approved the resolution fixing the director's per diem of directors starting 2017 as follows:

Board meeting fee per meeting attended	P40,000.00
Committee meeting fee per meeting attended	P30,000.00

The total compensation, consisting of per diems, received by/accrued to each director in 2021 for their attendance in all the meetings of the Board and committees are as follows:

Director	Total Remuneration/ Per Diem
Jose Emmanuel H. Jalandoni*	Php380,000.00
Felipe U. Yap	380,000.00
Bernard Vincent O. Dy*	320,000.00
Maria Rowena M. Tomeldan*	450,000.00
Jaime Alfonso E. Zobel de Ayala*	320,000.00
Nathanael C. Go	320,000.00
Rex Ma. A. Mendoza	740,000.00
Renato O. Marzan	710,000.00
Cassandra Lianne S. Yap	620,000.00

\*Per diems were paid to their nominating company

ii. Other Arrangement

None of the non-executive directors has been contracted and compensated by the Company for services other than those provided as a director. The Company has no arrangement with regard to the compensation of its non-executive directors other than the compensation received as herein stated.

In 2021, the members of the Board who are officers of ALI or are executive officers of the Company were paid, through their nominating company, per diems for Board and committee meetings attended. One of the Company's non-executive directors availed of the stock grant in 2018 under the ESOWN Plan of the Company. The details of the ESOWN Plan are discussed in Item 10 B – Warrants and Options Outstanding below. There were no stock grants after 2018.

(b) **Employment Contracts/Termination of Employment/Change-in Control Arrangements**

The present executive officers of the Company are regular employees of ALI and are covered by their respective engagement/employment contracts with ALI which provide for their functions corresponding to their position/rank.

There are no special terms or compensatory plans or arrangements relative to the resignation, termination of employment of such executive officers. No incumbent executive officer has been granted an ESOWN benefit by the Company.

The Company has no change-in-control arrangements with its executive officers.

B. Options Outstanding

In August 2015, the Board of Directors of the Company approved the Terms and Conditions of its ESOWN Plan covering 250 million common shares of the Company for its directors and employees as of June 30, 2015. The ESOWN Shares were issued in two (2) tranches: (i) Tranche 1 – covering 32 million shares; and (ii) Tranche 2 – covering 218 million shares (First Availment - 43 million shares, and Second Availment- 175 million shares).

Total number of shares subscribed under the ESOWN Plan are as follows: Tranche 1- 29,161,115 shares (excluding 144,485 shares returned to the Plan Pool); Tranche 2- First Availment- 26,629,700 shares; Tranche 2- Second Availment – 103,692,268 shares. Exercise price was P1.00 per share for Tranche 1 and P1.68 per share for Tranche 2. Except for Mr. Felipe U. Yap, no other incumbent director or executive officer of the Company was granted any ESOWN Plan shares.

There were no stock grants after 31 December 2018.

**Item 11. Security Ownership of Certain Beneficial Owners and Management**

i. Security Ownership of Record and Beneficial Owners of more than 5% as of 31 March 2022:

\* Includes share subscriptions under the Employees Stock Ownership (ESOWN) Plan

\*\* Resigned effective February 4, 2022

None of the Company's directors and management owns 2.0% or more of the outstanding capital stock of the Company.

iii. Voting Trust Holders of 5% or More

The Company knows of no persons holding more than 5% of common shares under a voting trust or similar agreement.

<sup>2</sup> Ayala Land, Inc. (ALI) is the parent of the Company

<sup>3</sup> Under the By-laws and the Corporation Code, the ALI Board has the power to decide how ALI's shares are to be voted.

<sup>4</sup> Each beneficial owner of shares through a PCD participant is the beneficial owner to the extent of the number of shares in his account with the PCD Participant. There is no PCD Participant who owns more than 5% of the shares of the Company.

iv. Change in Control of Registrant

No change in control in the Company has occurred since the beginning of its last fiscal year.

**Item 12. Certain Relationships and Related Transactions**

- (1) The Company and its subsidiaries in their normal course of business, have entered into transactions with related parties principally consisting of noninterest-bearing advances, reimbursement of expenses, purchase of real estate property and purchase and sale of shares of stock, construction contracts, marketing, leasing, management and administrative service agreements. As disclosed in Note 17 of the Notes to Consolidated Financial Statements, the Company and the related parties have common stockholders.

The Company negotiates transactions with related parties on an arm's length basis, with due consideration of current market prices at the time of the transactions.

The Company's employees are required to disclose any business or family-related transactions with the Company to ensure that potential conflicts of interest situations are brought to the attention of Management.

There was no transaction during the last two (2) years, without proper disclosure, to which the Company was a party, in which any of the following persons had or is to have a direct or indirect material interest:

- a. Any director or executive officer of the Company;
- b. Any nominee for election as a director;
- c. Any security holder named in Item 4 (d) (i) and (ii) above; and
- d. Any member of the immediate family (including spouse, parents, children, siblings and in-laws) of any of the persons named in the immediately preceding subparagraphs (a) (b) and (c) hereof.

(2) **Ownership Structure and Parent Company**

As of 31 March 2022, ALI owns 70.90% of the total outstanding shares of the Company.

**PART IV- CORPORATE GOVERNANCE**

**Item 13. Corporate Governance**

Compliance with Corporate Governance

In 2017, the Corporation adopted a Manual on Corporate Governance (the "Manual") in compliance with the SEC directive. The Manual was updated in 2019 and 2020.

In 2021, the Company approved the amendment of certain provisions of the Manual. The salient amendments include, among others,

- (i) Inclusion of the mission-vision and core values in the Manual;
- (ii) Indicated that Board should be composed of more than 50% independent and/or non-executive directors;
- (iii) Added being under preventive suspension by the Corporation as another ground for temporary disqualification of the director;
- (iv) Indicated that the chairman shall be separate from the Chief Executive Officer to ensure appropriate balance of power and capacity for independent decision-making;
- (v) Updated qualifications of independent directors;
- (vi) Indicated that non-executive directors will meet twice a year instead of periodically;
- (vii) For the Executive Committee, added requirement that majority of the members be Filipino citizens and statement that all actions of the Executive Committee to be reported to the Board of Directors at the meeting following such action, and shall be subject to revision provided no rights of third parties are affected thereby;
- (viii) For the Personnel and Compensation Committee, provided that the committee to be composed of three (3) members, as far as practicable, majority of whom are independent directors, including the Chairman;
- (ix) Included as part of the function of the Personnel and Compensation Committee the development of a formal and transparent procedure for developing a policy on remuneration of directors and officers which disallow independent directors from receiving options, shares and bonuses;
- (x) Rearranged presentation of the functions of the Audit Committee and added provision that the Internal Audit Group shall support the Audit Committee in the performance of its functions;

- (xi) Creation of Risk Management and Related Party Transactions Committee (RMRPTC) to perform the functions of the Board Risk Oversight Committee and Related Party Transactions Review Committee. The RMRPTC shall be composed of non-executive directors, majority of whom are independent directors and will meet at least twice a year;
- (xii) Provided the functions of the RMRPTC;
- (xiii) Included provision that the Board may appoint such officers as may be necessary;
- (xiv) Updated functions of the President;
- (xv) Updated functions of the Chief Finance Officer, Corporate Secretary;
- (xvi) Updated function of Compliance Officer to include onboarding of new directors;
- (xvii) Updated functions of internal audit;
- (xviii) Added requirement that the Internal Audit Group be headed by a Chief Audit Executive, preferably a Certified Public Accountant and/or Certified Internal Auditor;
- (xix) Updated section on Communication and Information
- (xx) Added provision on trading blackout; and
- (xxi) Review of Manual to be done periodically instead of annually.

The Board also approved the amendment of the Charters of the Board, Personnel and Compensation Committee, and the Executive Committee and the creation of the RMRPTC Charter. The Board also approved updating of the company policies on Insider Trading and Related Party Transactions.

The Board, together with top Management, reviews the Corporation's vision and mission and core values. The Board sets the strategic objectives of the Company and ensures that the implementation of the strategies are in accordance with good governance practices and that internal control mechanism and procedures are in place. To evaluate performance, the Board and the committees conduct an annual self-assessment. The self-assessment forms are collated by the Compliance Officer and the results are reported to the Board and the respective committees. Every three (3) years, the Company will engage an external facilitator for the assessment of the Board's performance as provided in the Manual, starting in 2019.

The Company's website, [www.ayalalandlogistics.com](http://www.ayalalandlogistics.com), is updated regularly and contains the corporate information on the business and management of the Group, company policies, corporate governance reports and disclosures of the Company for the investors, stakeholders and public in general.

There was no material deviation from the Company's Manual. Mr. Felipe U. Yap, 84 years of age, was nominated and elected during the 2021 stockholders' meeting despite a provision in the Manual setting 80 years old as the retirement age for directors. The Corporate Governance and Nomination Committee and the Board approved his nomination in consideration of his qualifications, competence and invaluable contribution to the Company. The Company has complied with the provisions of the Code of Corporate Governance for Publicly-Listed Companies (the "Code") (SEC Memorandum Circular No. 19, Series of 2016).

For the ensuing year, the Company will continue to improve its systems and procedures, and consider holding media briefings depending on the requirements of the Corporation.

## PART V - EXHIBITS AND SCHEDULES

### Item 14. Exhibits and Reports on SEC Form 17-C

- (a) *Exhibits* - See accompanying Index to Exhibits.

The 2021 Audited Consolidated Financial Statements are filed with this report:

The other exhibits, as indicated in the Index to Exhibits are either not applicable to the Company or require no answer.

- (b) *Reports on SEC Form 17-C*

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY  
FOR FINANCIAL STATEMENTS**

The management of AyalaLand Logistics Holdings Corp. (the Company) is responsible for the preparation and fair presentation of the consolidated financial statements including the schedules attached therein for the years ended December 31, 2021, 2020 and 2019, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

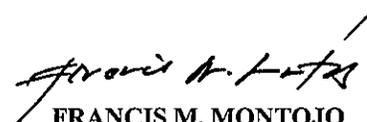

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the consolidated financial statements including the schedules attached therein, and submits the same to the stockholders.

SyCip Gorres Velayo & Co., the independent auditor appointed by the stockholders, has audited the consolidated financial statements of the Company and its subsidiary in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

## INDEPENDENT AUDITOR'S REPORT

The Stockholders and the Board of Directors  
AyalaLand Logistics Holdings Corp.  
3rd Floor Glorietta 5,  
Ayala Center, Makati City

### Opinion

We have audited the consolidated financial statements of AyalaLand Logistics Holdings Corp. (the Parent Company) and its subsidiaries (collectively referred to as “the Group”), which comprise the consolidated statements of financial position as at December 31, 2021 and 2020, and the consolidated statements of income, consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2021, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of AyalaLand Logistics Holdings Corp and Subsidiaries as at December 31, 2021 and 2020, and for each of the three years in the period ended December 31, 2021 are prepared in all material respects, in accordance with Philippine Financial Reporting Standards (PFRSs), as modified by the application of the financial reporting reliefs issued and approved by the Securities and Exchange Commission (SEC), as described in Note 2 to the consolidated financial statements.

### Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter

We draw attention to Note 2 to the consolidated financial statements which indicates that the consolidated financial statements have been prepared in accordance with PFRSs, as modified by the application of the financial reporting reliefs issued and approved by the SEC in response to the COVID-19 pandemic. The impact of the application of the financial reporting reliefs on the 2021 consolidated financial statements are discussed in detail in Note 2. Our opinion is not modified in respect of this matter.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion

thereon, and we do not provide a separate opinion on this matter. For matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report, including in relation to this matter. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matter below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

### ***Provisions and Contingencies***

The Group is involved in certain disputes for which the Group has recognized provisions for probable expenses, which may be incurred, and disclosed relevant information about such contingencies. This matter is important to our audit because the assessment of the potential outcome or liability involves significant management judgment and estimation.

The Group's disclosures about provisions and contingencies are included in Note 29 to the consolidated financial statements.

### ***Audit Response***

We reviewed management's assessment on whether any provisions should be recognized, and the estimation of such amounts and performed inspection of relevant supporting documents. We discussed with management the status of the disputes. We also reviewed the disclosures on provisions in the Group's consolidated financial statements.

### **Other Information**

Management is responsible for Other Information. The Other Information comprises the information included in SEC Form 20 IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2021 but does not include the consolidated financial statements and our auditor's report thereon. The SEC Form 20 IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2021 are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover Other Information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read Other Information identified above when it becomes available and, in doing so, consider whether such information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits, or otherwise appears to be materially misstated.

### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRSs, as modified by the application of financial reporting reliefs issued and approved by the SEC, as described in Note 2 to the consolidated financial statements, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in accordance with PFRSs, as modified by the application of financial reporting reliefs issued and approved by the SEC, as described in Note 2 to the consolidated financial statements.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

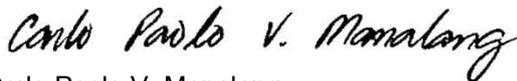

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**1. Corporate and Group Information**

Corporate Information

AyalaLand Logistics Holdings Corp. (ALLHC; the Parent Company) was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on May 19, 1989. The Parent Company's registered office address is 3<sup>rd</sup> Floor Glorietta 5, Ayala Center, Makati City. The Parent Company is a subsidiary of Ayala Land, Inc. (ALI). ALI's parent company is Ayala Corporation (AC). AC is 47.28% owned by Mermac, Inc. and the rest by the public as at December 31, 2021. Both ALI and AC are publicly-listed companies incorporated in the Philippines. The Parent Company is listed in the Philippine Stock Exchange.

ALLHC and its subsidiaries, collectively referred to as "the Group", have principal business interests in holding companies, commercial leasing, industrial lot sales and development, and retail electricity supply (see Note 26).

The accompanying consolidated financial statements of the Group as of December 31, 2021 and 2020, and for the years ended December 31, 2021, 2020 and 2019 were approved by the Board of Directors (BOD) in a meeting dated February 22, 2022.

Group Information

The consolidated financial statements include the accounts of the Parent Company and the following subsidiaries of the Group:

Subsidiaries	Nature of Business	Percentage of Ownership		
		2021	2020	2019
Laguna Technopark, Inc. (LTI)	Real Estate Development	100%	95%	95%
Ecozone Power Management, Inc. (EPMI)	Purchase, Supply and Delivery of Electricity and Cold Storage Operations	100%	95%	95%

Orion Solutions, Inc. (OSI)*	Management Information Technology Consultancy Services	100%	100%	100%

\* Inactive companies approved by their respective BOD for liquidation

All of the entities in the Group are incorporated in the Philippines.

The voting rights held by the Parent Company in its investments in subsidiaries are in proportion to its ownership interest.

#### *LTI*

LTI was incorporated on November 15, 1990 and is based in Laguna. LTI develops industrial parks and leases ready-built factory units and sells industrial lots to local and company locators.

On June 7, 2010, the BOD of LTI approved the setting up of a wholly owned subsidiary, EPMI, primarily to engage in the purchase, supply and delivery of electricity. EPMI was registered with the SEC on August 20, 2010.

In 2021, LTI infused additional capital to EPMI amounting to ₱314.75 million. The additional capital was used for acquisitions of cold storage facilities (see Note 13). Accordingly, EPMI paid documentary stamp tax amounting to ₱3.15 million on the original issuance of shares offset against retained earnings.

On April 30, 2018, ALLHC entered into a Deed of Exchange with ALI whereby ALI agreed to subscribe to 1,225,370,620 additional shares in ALLHC in exchange for ALI's 30,186 shares in LTI, with a fair market value of ₱3,030.75 million. Accordingly, the Group paid documentary stamp tax amounting to ₱12.25 million on the original issuance of shares offset against additional paid-in capital.

The acquisition resulted to LTI becoming a subsidiary of ALLHC. Both ALLHC and LTI are under the common control of ALI. The acquisition was accounted for using the pooling of interests method.

#### *URDC*

URDC owns a property in Pampanga, a prime location for the new industrial park of ALLHC, which caters to light and medium, non-polluting enterprises, from both global and local markets. The development will complement the overall plans of the Group as it envisions Pampanga Technopark to be a world-class industrial township.

On July 19, 2019, the Parent Company acquired from previous individual stockholders their entire outstanding shares of URDC representing 100% ownership.

The Parent Company partially paid the previous individual stockholders amounting to ₱1,184.70 million representing 50% of the total value of the shares. In September 2020, the Parent Company paid the first installment amounting to ₱716.84 million. The Parent Company has settled the remaining balance amounting to ₱477.89 million on September 16, 2021. This is accounted for as acquisition of an asset that does not constitute a business because the Group did not acquire a substantive process that significantly contribute to the ability to create outputs in order to be classified as a business.

The Group allocated the acquisition cost to inventory and investment property based on relative fair values (see Notes 6 and 10).

#### *OLI*

OLI operates commercial building composed of a 5-storey shopping center and a 6-storey business processing outsourcing office with a gross leasable area of 60,000 square meters located along National Road, Alabang, Muntinlupa City.

#### *TPI*

TPI operates the Tutuban Center, a commercial complex located in Manila City. The Tutuban Center, which sits on a 20-hectare property, will be the location of the North-South Railway Project (NSRP) Transfer Station which will interconnect with the LRT 2 West Station (see Note 10).

On April 1, 2015, TPI signed a Memorandum of Understanding (MOU) with the Department of Transportation and Communication (DOTC) (now the Department of Transportation or DOTr) and Philippine National Railways (PNR) to formalize the agreement to cooperate in the finalization and implementation of plans of the North-South Railway Project (NSRP).

*LCVI*

LCVI was a top manufacturer of ceramic floor and wall tiles in the Philippines and has a manufacturing plant in Laguna. In 2012, LCVI suspended its manufacturing operations and started renting out its warehouses in July 2014.

*FPIC*

In March 2017, FPIC surrendered its Certificate of Authority as it was no longer compliant with the net worth requirement of ₱550.00 million of the Insurance Commission (IC) as of December 31, 2016.

On April 20, 2017, the IC issued a Servicing License to FPIC, with authority limited to the following:

- a. accepting contract price payments from the policy holders;
- b. paying or settling claims arising under its non-life coverage; and/or,
- c. such other related services.

On September 7, 2018, the IC approved the Servicing Plan of FPIC. Based on the approved plan, FPIC has until April 19, 2019 to service policies expiring in 2019 and 2020 and to settle outstanding liabilities and obligations of FPIC.

On July 11, 2019, FPIC has submitted to the IC its request for the release of the security deposit. Based on IC Circular Letter No. 2013-35 (Guidelines on the Release of Security Deposit), the following applicability conditions have to be met before such request can be made:

1. The Company has no license to do insurance business; and
2. The Company is not under conservatorship, receivership or liquidation of the IC.

The above two (2) conditions have been met by FPIC.

On November 22, 2019, FPIC has applied for the renewal of its Servicing License with the IC for one year or until December 31, 2020. The said renewal of license was made to conform with one year 'waiting period' for the claimants to file, submit or report to the IC any claim against FPIC. The waiting period will commence from the last publication date of the 'Notice to the Public' regarding FPIC's request for the release of its security deposit.

On January 4, 2021, the Insurance Commission has approved FPIC's request for the termination of the servicing proceedings and withdrawal of the security deposit, subject to the following conditions,

1. FPIC, through its President, shall submit to the Commission a duly Notarized Undertaking and Quit Claim;
2. With respect to FPIC's request for the withdrawal of security deposit, it is worth stressing that though the said fund is exclusively earmarked for the payment of the company's liabilities to its policyholders, as distinguished from its corporate liabilities, the Commission has opined that the same may be applied to the latter, since any excess in the security deposit will in effect convert the same to its corporate assets.
3. The Commission has approved FPIC's withdrawal of security deposit, which shall be less by the value of the company's outstanding liabilities to its policyholders and other creditors, subject to the company's submission of the original or certified true copy of the notarized list of all outstanding liabilities.

FPIC's full compliance to the above conditions will trigger the Commission to proceed in the processing of the said request by publishing the required Notice of Withdrawal, as well as its issuance of the Certificate of Withdrawal, declaring FPIC's insurance business in the Philippines as officially withdrawn.

On May 27, 2021, FPIC received approval from the IC for the release of the security deposit.

*Inactive Companies*

On September 2, 2016, the BOD of OMI and OSI approved and authorized the dissolution and liquidation of OMI and OSI by shortening their corporate term up to December 31, 2016.

On October 20, 2017, the BOD of OIHPI, OBI, LHVHI and TPIHC approved and authorized the dissolution and liquidation of these companies by shortening their corporate term up to December 31, 2017.

*Acquisition of Non-controlling Interest*

On March 19, 2021, ALLHC purchased additional 2,013 LTI shares from non-controlling interests of Mitsubishi Corporation. The transaction was accounted as an equity transaction since there was no change in control. The movements within equity are accounted for as follows:

	Consideration Paid	Carrying value of Non-controlling interests	Difference recognized within Equity
	<i>(In Thousands, except for %)</i>		
5% in MC	₱200.51	₱112.23	₱88.28

On June 10, 2019, ALLHC purchased additional 8,051 LTI shares from ALI for a total consideration of ₱800.00 million, resulting to an increase in ownership in LTI from 75% to 95%. Accordingly, non-controlling interest decreased by ₱553.74 million and equity reserve increased by ₱246.26 million.

*Material Partly-Owned Subsidiaries with Material Economic Ownership Interest*

Information of the subsidiary that have material non-controlling economic interests follows:

LTI

	2021	2020	2019
	<i>(In Thousands, except for %)</i>		
Proportion of equity interests held by non-controlling interest	-%	1.21%	1.09%
Voting rights held by non-controlling interest	-%	5%	5%
Accumulated balances of non-controlling interest	₱-	₱143,033	₱121,597
Net income allocated to non-controlling interest	<b>2,032</b>	21,436	45,581
Comprehensive income allocated to material non-controlling interest	-	21,436	46,412
Dividends paid to non-controlling interest	-	-	-

## 2. Summary of Significant Accounting and Financial Reporting Policies

Basis of Preparation

The consolidated financial statements have been prepared on a historical cost basis, except for the debt and equity financial assets measured at fair value. The consolidated financial statements are presented in Philippine Peso, which is the Parent Company's functional currency. All amounts are rounded off to the nearest thousand (₱1,000), except when otherwise indicated.

The consolidated financial statements provide comparative information in respect of the previous period.

### Statement of Compliance

The consolidated financial statements of the Group have been prepared in accordance with Philippine Financial Reporting Standards (PFRSs), as modified by the application of the financial reporting relief on the accounting for significant financing components as issued and approved by the SEC in response to the COVID-19 pandemic.

The Group has availed of the relief granted by the SEC under Memorandum Circular (MC) No. 34-2020 which further extended the deferral of PIC Q&A 2018-12-D (assessment if the transaction price includes a significant financing component) until December 31, 2023.

The details and the impact of the adoption of the above financial reporting reliefs are discussed in the Adoption of New and Amended Accounting Standards and Interpretations section of Note 2.

PFRSs include Philippine Financial Reporting Standards, Philippine Accounting Standards and Interpretations issued by the Philippine Interpretations Committee (PIC).

### Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Group as of December 31, 2021 and 2020 and for each of the three years in the period ended December 31, 2021.

Subsidiaries are consolidated from the date on which control is transferred to the Group and cease to be consolidated from the date on which control is transferred out of the Group. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the group ceases control over a subsidiary.

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- a. power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee);
- b. exposure, or rights, to variable returns from its involvement with the investee; and
- c. the ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- a. the contractual arrangement with the other vote holders of the investee;
- b. rights arising from other contractual arrangements; and
- c. the Group's voting rights and potential voting rights.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

The financial statements of the subsidiaries are prepared for the same accounting period as the Parent Company using uniform accounting policies. All significant intercompany transactions and balances between and among the Group, including intercompany profits and unrealized profits, are eliminated in the consolidation.

Non-controlling interests represent the portion of profit or loss and net assets in the subsidiaries not held by the Group and are presented separately in the consolidated statement of income, consolidated statement of comprehensive income and within equity in the consolidated statement of financial position, separately from the equity holders of the parent.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity as “Equity reserve” and attributed to the owners of the Parent Company.

If the Group loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, non-controlling interests and other components of equity, while the resultant gain or loss is recognized in profit or loss. Any investment retained is recognized at fair value.

#### Changes in Accounting Policies

##### *Adoption of PIC Q&A 2018-12-E*

In 2021, the Group adopted the provision of PFRS 15 covered by PIC Q&A 2018-12-E on the treatment of land in the calculation of POC. The changes did not have impact on the consolidated financial statements.

##### *Capitalization of borrowing costs in property and equipment and investment properties*

The changes did not have impact on the consolidated financial statements.

##### *Adoption of PIC Q&A 2018-12-H Accounting to Common Usage Service Area (CUSA) Charges*

In 2021, the Group adopted the treatment of Common Usage Service Area (CUSA) charges based on the PIC Q&A 2018-12-H under the modified retrospective approach. The Group assessed itself as principal for CUSA and air-conditioning charges, and as an agent for electricity and water usage. Accordingly, the Group presented the revenue from recoveries of CUSA and air conditioning services and its related costs on a gross basis as part of “Others” revenue and “Cost of rental and other services”, respectively.

The changes above did not have any significant impact on the consolidated statement of cash flows of the Group.

##### *Statement of comprehensive income ended December 31, 2021*

<i>(in thousands)</i>	Amounts prepared under		Increase (Decrease)
	PFRS 15	Previous PFRS	
Others - Revenue	₱299,964	₱-	₱299,964
Cost of rental services	-	(299,964)	(299,964)

#### Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of new standards effective as at January 1, 2021. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Unless otherwise indicated, adoption of these new standards did not have an impact on the consolidated financial statements of the Group.

- Adoption of PIC Q&A 2020-03, Q&A No. 2018-12-D: STEP 3- On the accounting of the difference when the percentage of completion is ahead of the buyer's payment

PIC Q&A 2020-03 was issued by the PIC on September 30, 2020. The latter aims to provide an additional option to the preparers of financial statements to present as receivables, the difference between the POC and the buyer's payment, with the POC being ahead. This PIC Q&A is consistent with the PIC guidance issued to the real estate industry in September 2019.

- Amendments to PFRS 3, *Business Combinations, Definition of a Business*  
The amendments to PFRS 3 clarifies that to be considered a business, an integrated set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output. Furthermore, it clarifies that a business can exist without including all of the inputs and processes needed to create outputs. These amendments may impact future periods should the Group enter into any business combinations.
- Amendments to PFRS 7, *Financial Instruments: Disclosures* and PFRS 9, *Financial Instruments, Interest Rate Benchmark Reform*

The amendments to PFRS 9 provide a number of reliefs, which apply to all hedging relationships that are directly affected by the interest rate benchmark reform. A hedging relationship is affected if the reform gives rise to uncertainties about the timing and or amount of benchmark-based cash flows of the hedged item or the hedging instrument.

- Amendments to PAS 1, *Presentation of Financial Statements*, and PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors, Definition of Material*

The amendments provide a new definition of material that states "information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity."

The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users.

- Conceptual Framework for Financial Reporting issued on March 29, 2018

The Conceptual Framework is not a standard, and none of the concepts contained therein override the concepts or requirements in any standard. The purpose of the Conceptual Framework is to assist the standard-setters in developing standards, to help preparers develop consistent accounting policies where there is no applicable standard in place and to assist all parties to understand and interpret the standards.

The revised Conceptual Framework includes new concepts, provides updated definitions and recognition criteria for assets and liabilities and clarifies some important concepts.

- Amendments to PFRS 16, *COVID-19-related Rent Concessions*

The amendments provide relief to lessees from applying the PFRS 16 requirement on lease modifications to rent concessions arising as a direct consequence of the COVID-19 pandemic. A lessee may elect not to assess whether a rent concession from a lessor is a lease modification if it meets all of the following criteria:

- The rent concession is a direct consequence of COVID-19;
- The change in lease payments results in a revised lease consideration that is substantially the same as, or less than, the lease consideration immediately preceding the change;
- Any reduction in lease payments affects only payments originally due on or before June 30, 2021; and
- There is no substantive change to other terms and conditions of the lease.

A lessee that applies this practical expedient will account for any change in lease payments resulting from the COVID-19 related rent concession in the same way it would account for a change that is not a lease modification, i.e., as a variable lease payment.

The amendments are effective for annual reporting periods beginning on or after June 1, 2020. Early adoption is permitted.

The Group adopted the amendments beginning January 1, 2020. The rent concessions did not have a material impact on the Group as lessees.

#### Future Changes in Accounting Policies

Pronouncements issued but not yet effective are listed below. Unless otherwise indicated, the Group does not expect that the future adoption of the said pronouncements will have a significant impact on its consolidated financial statements. The Group intends to adopt the following pronouncements when they become effective.

#### *Effective beginning on or after January 1, 2021*

- Amendments to PFRS 9, PAS 39, PFRS 7, PFRS 4 and PFRS 16, *Interest Rate Benchmark Reform – Phase 2*

The amendments provide the following temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR):

- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform
- Relief from discontinuing hedging relationships
- Relief from the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component

The Group shall also disclose information about:

- The about the nature and extent of risks to which the entity is exposed arising from financial instruments subject to IBOR reform, and how the entity manages those risks; and
- Their progress in completing the transition to alternative benchmark rates, and how the entity is managing that transition

The amendments are effective for annual reporting periods beginning on or after January 1, 2021 and apply retrospectively, however, the Group is not required to restate prior periods.

*Effective beginning on or after January 1, 2022*

- Amendments to PFRS 3, *Reference to the Conceptual Framework*

The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements. The amendments added an exception to the recognition principle of PFRS 3, *Business Combinations* to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of PAS 37, *Provisions, Contingent Liabilities and Contingent Assets* or Philippine-IFRIC 21, *Levies*, if incurred separately.

At the same time, the amendments add a new paragraph to PFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022 and apply prospectively.

- Amendments to PAS 16, *Plant and Equipment: Proceeds before Intended Use*

The amendments prohibit entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 and must be applied retrospectively to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity first applies the amendment.

The amendments are not expected to have a material impact on the Group.

- Amendments to PAS 37, *Onerous Contracts – Costs of Fulfilling a Contract*

The amendments specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a "directly related cost approach". The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022. The Group will apply these amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments.

- *Annual Improvements to PFRSs 2018-2020 Cycle*

- Amendments to PFRS 1, *First-time Adoption of Philippines Financial Reporting Standards, Subsidiary as a first-time adopter*

The amendment permits a subsidiary that elects to apply paragraph D16(a) of PFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent's date of transition to PFRS. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of PFRS 1.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact on the Group.

*Effective beginning on or after January 1, 2023*

- Amendments to PAS 12, Deferred Tax related to Assets and Liabilities arising from a Single Transactions

The amendments narrow the scope of the initial recognition exception under PAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments also clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognized in the financial statements (and interest expense) or to the related asset component (and interest expense).

An entity applies the amendments to transactions that occur on or after the beginning of the earliest comparative period presented for annual reporting periods on or after January 1, 2023.

- Amendments to PAS 8, Definition of Accounting Estimates

The amendments introduce a new definition of accounting estimates and clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, the amendments clarify that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors.

An entity applies the amendments to changes in accounting policies and changes in accounting estimates that occur on or after January 1, 2023 with earlier adoption permitted. The amendments are not expected to have a material impact on the Group.

- Amendments to PAS 1 and PFRS Practice Statement 2, Disclosure of Accounting Policies

The amendments provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by:

- Replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies, and
- Adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures

The amendments to the Practice Statement provide non-mandatory guidance. Meanwhile, the amendments to PAS 1 are effective for annual periods beginning on or after January 1, 2023. Early application is permitted as long as this fact is disclosed.

The amendments are not expected to have a material impact on the Group.

*Effective beginning on or after January 1, 2024*

- Amendments to PAS 1, Classification of Liabilities as Current or Non-current

The amendments clarify paragraphs 69 to 76 of PAS 1, Presentation of Financial Statements, to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

The amendments are effective for annual reporting periods beginning on or after January 1, 2023 and must be applied retrospectively. However, in November 2021, the International Accounting Standards Board (IASB) tentatively decided to defer the effective date to no earlier than January 1, 2024.

The Group is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

*Effective beginning on or after January 1, 2025*

- PFRS 17, Insurance Contracts

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, *Insurance Contracts*. This new standard on insurance contracts applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

On December 15, 2021, the FRSC amended the mandatory effective date of PFRS 17 from January 1, 2023 to January 1, 2025. This is consistent with Circular Letter No. 2020-62 issued by the Insurance Commission which deferred the implementation of PFRS 17 by two (2) years after its effective date as decided by the IASB.

PFRS 17 is effective for reporting periods beginning on or after January 1, 2025, with comparative figures required. Early application is permitted.

The amendments are not expected to have a material impact on the Group.

*Deferred effectivity*

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial Reporting Standards Council deferred the original effective date of January 1, 2016 of the said amendments until the International Accounting Standards Board (IASB) completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

- *Deferral of Certain Provisions of PIC Q&A 2018-12, PFRS 15 Implementation Issues Affecting the Real Estate Industry (as amended by PIC Q&As 2020-02 and 2020-04)*

On February 14, 2018, the PIC issued PIC Q&A 2018-12 which provides guidance on some PFRS 15 implementation issues affecting the real estate industry. On October 25, 2018 and February 08, 2019, the SEC issued SEC MC No. 14-2018 and SEC MC No. 3-2019, respectively, providing relief to the real estate industry by deferring the application of certain provisions of this PIC Q&A for a period of three years until December 31, 2020. On December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020 which further extended the deferral of certain provisions of this PIC Q&A until December 31, 2023. A summary of the PIC Q&A provisions covered by the SEC deferral and the related deferral period follows:

	<u>Deferral Period</u>
a. Assessing if the transaction price includes a significant financing component as discussed in PIC Q&A 2018-12-D (as amended by PIC Q&A 2020-04)	Until December 31, 2023

As discussed under Changes in Accounting Policies, the Group adopted the provision of PFRS 15 that covered its accounting for CUSA charges as discussed in PIC Q&A 2018-12-H. As allowed under SEC MC No. 34, the Group adopted the change under the modified retrospective approach.

The SEC Memorandum Circulars also provided the mandatory disclosure requirements should an entity decide to avail of any relief. Disclosures should include:

- a. The accounting policies applied.
- b. Discussion of the deferral of the subject implementation issues in the PIC Q&A.
- c. Qualitative discussion of the impact on the financial statements had the concerned application guidelines in the PIC Q&A been adopted.
- d. Should any of the deferral options result into a change in accounting policy (e.g., when an entity excludes land and/or uninstalled materials in the POC calculation under the previous standard but opted to include such components under the relief provided by the circular), such accounting change will have to be accounted for under PAS 8, i.e., retrospectively, together with the corresponding required quantitative disclosures.

In November 2020, the PIC issued the following Q&As which provide additional guidance on the real estate industry issues covered by the above SEC deferrals:

- PIC Q&A 2020-04, which provides additional guidance on determining whether the transaction price includes a significant financing component
- PIC Q&A 2020-02, which provides additional guidance on determining which uninstalled materials should not be included in calculating the POC

After the deferral period, real estate companies would have to adopt PIC Q&A No. 2018-12 and any subsequent amendments thereto retrospectively or as the SEC will later prescribe.

The Group availed of the SEC reliefs to defer the above specific provisions of PIC Q&A No. 2018-12. Had these provisions been adopted, the Group assessed that the impact would have been as follows:

- a. The mismatch between the POC of the real estate projects and right to an amount of consideration based on the schedule of payments provided for in the contract to sell might constitute a significant financing component. The Group has yet to assess if the mismatch constitutes a significant financing component for its contracts to sell but does not expect the provision to have a material impact on the consolidated financial statements.
  - b. The exclusion of land and uninstalled materials in the determination of POC would have the percentage of completion of real estate projects. The Group does not expect this provision to have any impact on the consolidated financial statements as the lots sold by the Group are 100% developed.
- *IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23, Borrowing Cost)*

In March 2019, IFRIC published an Agenda Decision on whether borrowing costs can be capitalized on real estate inventories that are under construction and for which the related revenue is/will be recognized over time under paragraph 35(c) of IFRS 15 (PFRS 15). IFRIC concluded that borrowing costs cannot be capitalized for such real estate inventories as they do not meet the definition of a qualifying asset under Philippine Accounting Standards (PAS) 23, *Borrowing Costs*, considering that these inventories are ready for their intended sale in their current condition.

The Group does not expect the IFRIC Agenda Decision to have a material impact on the consolidation financial statements as the Group does not have pre-selling activities.

On February 11, 2020, the Philippine SEC issued Memorandum Circular No. 4-2020, providing relief to the Real Estate Industry by deferring the mandatory implementation of the above IFRIC Agenda Decision until December 31, 2020. Further, on December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020, which extends the relief on the application of the IFRIC Agenda Decision provided to the Real Estate Industry until December 31, 2023. Effective January 1, 2024, the Real Estate Industry will adopt the IFRIC agenda decision and any subsequent amendments thereto retrospectively or as the SEC will later prescribe. A real estate company may opt not to avail of the deferral and instead comply in full with the requirements of the IFRIC Agenda Decision.

- *Deferral of PIC Q&A 2018-14, Accounting for Cancellation of Real Estate Sales (as amended by PIC Q&A 2020-05)*

On June 27, 2018, PIC Q&A 2018-14 was issued providing guidance on accounting for cancellation of real estate sales. Under SEC MC No. 3-2019, the adoption of PIC Q&A No. 2018-14 was deferred until December 31, 2020. After the deferral period, real estate companies will adopt PIC Q&A No. 2018-14 and any subsequent amendments thereto retrospectively or as the SEC will later prescribe.

On November 11, 2020, PIC Q&A 2020-05 was issued which supersedes PIC Q&A 2018-14. This PIC Q&A adds a new approach where the cancellation is accounted for as a modification of the contract (i.e., from non-cancellable to being cancellable). Under this approach, revenues and related costs previously recognized shall be reversed in the period of cancellation and the inventory shall be reinstated at cost. PIC Q&A 2020-05 will have to be applied prospectively from approval date of the Financial Reporting Standards Council which was November 11, 2020.

The Group is still evaluating the approach to be availed among the existing options.

As prescribed by SEC MC No. 34-2020, for financial reporting periods beginning on or after January 1, 2021, the availment of the above deferral will impact the Group's financial reporting during the period of deferral as follows:

- a. The financial statements are not considered to be in accordance with PFRS and should specify in the "*Basis of Preparation of the Financial Statements*" section of the financial statements that the accounting framework is:

*PFRS, as modified by the application of the following financial reporting reliefs issued and approved by the Securities and Exchange Commission in response to the COVID-19 pandemic*

- b. The Auditor's report will:
  - reflect in the Opinion paragraph that the financial statements are prepared in accordance with the compliance framework described in the notes to the financial statements; and
  - include an Emphasis of Matter paragraph to draw attention to the basis of accounting that has been used in the preparation of the financial statements.

Upon full adoption of the above deferred guidance, the accounting policies will have to be applied using full retrospective approach following the guidance under PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors*.

#### Current versus Noncurrent Classification

The Group presents assets and liabilities in its statement of financial position based on a current and noncurrent classification.

An asset is current when it is:

- a. Expected to be realized or intended to be sold or consumed in normal operating cycle;
- b. Held primarily for the purpose of trading;
- c. Expected to be realized within twelve months after the reporting period; or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- a. It is expected to be settled in normal operating cycle;
- b. It is held primarily for the purpose of trading;
- c. It is due to be settled within twelve months after the reporting period; or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as noncurrent.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

#### Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: (i) in the principal market for the asset or liability, or (ii) in the absence of a principal market, the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For financial assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at each end of the reporting period.

The fair value of financial instruments that are actively traded in organized financial markets is determined by reference to quoted market close prices at the close of business at the end of the reporting period. Financial instruments for which the fair value cannot be reasonably determined are carried at cost less any impairment in value.

For financial instruments where there is no active market, fair value is determined using valuation techniques. Such techniques include comparison to similar investments for which market observable prices exist and discounted cash flow analysis or other valuation models.

For the purpose of fair value disclosures, the Group has determined the classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

### Cash and Cash Equivalents

Cash includes cash on hand and in banks. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash with original maturities of three (3) months or less from dates of placement and that are subject to an insignificant risk of change in value.

### Financial Instruments

#### *Date of recognition*

The Group recognizes a financial asset or a financial liability in the consolidated statement of financial position when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the settlement date.

#### *a. Financial assets*

##### *Initial recognition and measurement*

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. The Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

##### *Subsequent measurement*

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

##### *Financial assets at amortized cost*

This category is the most relevant to the Group. The Group measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Group's financial assets at amortized cost includes cash and cash equivalents, short-term investments, receivables and amounts owed to related parties.

*Disposal of financial assets at amortized cost*

When financial assets at amortized cost are disposed, these are assessed whether the Group is consistent with its objective of collecting contractual cash flows until maturity. In the event that disposals have been concluded as infrequent and insignificant, the financial assets continue to be accounted at amortized cost (see Note 5).

*Financial assets at fair value through OCI (debt instruments)*

The Group measures debt instruments at fair value through OCI if both of the following conditions are met:

- (a) The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and;
- (b) Selling and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognized in profit or loss and computed in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI. Upon derecognition, the cumulative fair value change recognized in OCI is recycled to profit or loss.

The Group's debt instruments at fair value through OCI includes government securities owned by the Group.

*Financial assets designated at fair value through OCI (equity instruments)*

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under PAS 32, *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognized as other income in profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Group's financial assets at fair value through OCI includes investments in quoted and unquoted equity instruments.

*Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the consolidated statement of financial position at fair value with net changes in fair value recognized in profit or loss.

### Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the consolidated statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or,
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Group also recognized an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

### *Impairment of financial assets*

The Group recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from other credit enhancements (e.g. lessee's deposit) that are integral to the contractual terms.

For trade receivables except real estate receivable, the Group applies a simplified approach in calculating ECLs. The Group does not track changes in credit risk, instead, recognizes a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Vintage approach accounts for expected credit losses by calculating the cumulative loss rates of a given real estate receivable pool. It derives the probability of default from the historical data of a homogenous portfolio that share the same origination period. The information on the number of defaults during fixed time intervals of the accounts is utilized to create the probability of default model. It allows the evaluation of the loan activity from its origination period until the end of the contract period. In addition to primary drivers like macroeconomic indicators of qualitative factors such as, but not limited to, forward-looking data on inflation rate was added to the expected loss calculation to reach a forecast supported by both quantitative and qualitative data points.

The probability of default is applied to the estimate of the loss arising on default which is based on the difference between the contractual cash flows due and those that the Group would expect to receive, including from the repossession of the subject real estate property, net of cash outflows. For purposes of calculating loss given default, accounts are segmented based on the type of facility. In calculating the recovery rates, the Group considered collections of cash and/or cash from resale of real estate properties after foreclosure, net of direct costs of obtaining and selling the real estate properties after the default event such as commission and refurbishment. As these are future cash flows, these are discounted back to the time of default using the appropriate effective interest rate, usually being the original effective interest rate (EIR) or an approximation thereof.

The Group considers a financial asset in default generally when contractual payments are 30 days past due for commercial leasing and 90 days past due for real estate and property development or when sales are cancelled supported by a notarized cancellation letter executed by the Group and customer. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group.

For other financial assets such as nontrade receivables, insurance receivables, amounts owed by related parties, refundable deposits and other receivables, ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For cash and cash equivalents and short-term investments, the Group applies the low credit risk simplification. The Group uses the ratings from Standard and Poor's (S&P), Moody's and Fitch to determine whether the debt instrument has significantly increased in credit risk (i.e., no longer low credit risk). The probability of default and loss given defaults are publicly available and are used by the Group to estimate ECLs. It is the Group's policy to measure ECLs on such instruments on a 12-month basis. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL.

The Group's debt instruments at fair value through OCI comprise solely of government securities. The Group considers a debt investment security to have low credit risk when its credit risk rating is equivalent to the globally understood definition of 'investment grade'.

#### *b. Financial liabilities*

##### *Initial recognition and measurement*

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include "Accounts payable and accrued expenses" (other than "Taxes payable" which is covered by other accounting standard), "Amounts owed to related parties", "Subscriptions payable", "Rental and other deposits" and "Lease liabilities".

##### *Subsequent measurement*

The measurement of financial liabilities depends on their classification, as described below:

##### *Financial liabilities at fair value through profit or loss*

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by PFRS 9. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in PFRS 9 are satisfied. The Group has not designated any financial liability as at fair value through profit or loss.

### *Other Financial Liabilities*

This is the category most relevant to the Group and includes liabilities arising from operations.

Other financial liabilities are recognized initially at fair value and are subsequently carried at amortized cost, taking into account the impact of applying the effective interest method of amortization (or accretion) for any related premium, discount and any directly attributable transaction costs. Gains and losses on other financial liabilities are recognized in the consolidated statement of income when the liabilities are derecognized, as well as through the amortization process.

The Group's accounts payable and accrued expenses and rental and others deposits are classified in this category.

### *Derecognition*

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in profit or loss.

### *c. Offsetting of financial instruments*

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

### Real Estate Held for Sale and Development

Real estate held for sale and development is carried at the lower of cost and NRV. NRV is the selling price in the ordinary course of business, less the costs of completion, marketing and distribution. Cost includes acquisition cost of the land plus development and improvement costs.

### Other Current Assets

Other current assets are resources that the Group expects to consume or realize within its operating cycle. These are carried at cost, less any impairment in value. Included under these are creditable withholding taxes (CWTs), input value added tax (VAT), and prepayments.

### *CWTs*

CWTs represent taxes withheld by the Group's customer on sale of goods and services which are claimed against income tax due. The excess over the income tax payable is either carried over in the succeeding period for the same purpose or claimed for refund.

### *VAT*

Revenues, expenses, and assets are recognized net of the amount of VAT, if applicable.

When VAT from sales of goods and/or services (output VAT) exceeds VAT passed on from purchases of goods or services (input VAT), the excess is recognized as payable in the consolidated statement of financial position. When VAT passed on from purchases of goods or services (input VAT) exceeds VAT from sales of goods and/or services (output VAT), the excess is recognized as an asset in the consolidated statement of financial position to the extent of the recoverable amount.

The net amount of VAT recoverable from the taxation authority is included as part of "Other current assets" and Other noncurrent assets" in the consolidated statement of financial position.

### *Prepayments*

Prepayments are expenses paid in advance and recorded as asset before they are utilized. Prepaid expenses are apportioned to expense over the period covered by the payment and charged to the appropriate expense accounts when incurred.

### Investment Properties

The Group's investment properties include properties utilized in its mall operations, commercial building and certain land and land improvements which are held for rentals while the rest of the land is held for capital appreciation.

Investment properties are stated at cost less accumulated depreciation and any accumulated impairment losses. Land is stated at cost less any impairment in value.

Expenditures incurred after the investment property has been put in operation, such as repairs and maintenance costs, are normally charged against income in the period in which the costs are incurred.

Depreciation and amortization of investment properties are computed using the straight-line method over the estimated useful lives of the investment properties as follows:

	<u>Useful life in years</u>
Land improvements	30
Buildings and improvements	7-40
Machineries and equipment	9-25

Leasehold improvements are amortized on a straight-line basis over the estimated useful lives or the term of the lease, whichever is shorter.

The estimated useful lives and the depreciation and amortization method are reviewed periodically to ensure that the period and method of depreciation and amortization are consistent with the expected pattern of economic benefits from items of investment properties.

Investment properties are derecognized when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

Transfers are made to or from investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the deemed cost for subsequent accounting is the fair value at the date of change in use. If owner-occupied property becomes an investment property, the Group accounts for such property in accordance with the policy stated under property and equipment up to the date of change in use.

The Group classifies its buildings and improvements and land and improvements either as investment property or owner-occupied property based on its current intentions where it will be used. When buildings and improvements as well as land and improvements are held for capital appreciation or when management is still undecided as to its future use, it is classified as investment property. Buildings and improvements and land and improvements which are held for rent are classified as investment properties.

### Constructions-in-progress

The Group's constructions-in-progress are carried at cost and transferred to the related investment property account when the construction and related activities to prepare the property for its intended use are complete, and the property is ready for occupation.

### Property and Equipment

Property and equipment are carried at cost, less accumulated depreciation, amortization and any impairment in value. The initial cost of property and equipment consists of its purchase price, including import duties, taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after the property and equipment have been put into operation, such as repairs and maintenance and overhaul costs, are normally charged to operations in the year in which the costs are incurred. In situations where it can be clearly

demonstrated that the expenditures have resulted in an increase in the future economic benefit expected to be obtained from the use of an item of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as an additional cost of property and equipment. Land is stated at cost less any impairment in value.

Depreciation and amortization are calculated on a straight-line basis over the estimated useful life of the property and equipment as follows:

	<u>Useful life in years</u>
Leasehold improvements	3-5
Buildings	30
Machinery and equipment	5-10
Transportation equipment	5
Furniture, fixtures and equipment	3-5

Leasehold improvements are amortized on a straight-line basis over three (3) to five (5) years or the term of the lease, whichever is shorter.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year the asset is derecognized.

The residual values, useful lives and depreciation and amortization method are reviewed and adjusted if appropriate, at each end of the reporting period.

Fully depreciated assets are retained in the accounts until these are no longer in use. When assets are sold or retired, the cost and the related accumulated depreciation and amortization and any impairment in value are derecognized and any gain or loss resulting from their disposal is included in profit or loss.

#### Software Costs

Acquired software license is capitalized on the basis of costs incurred to acquire and bring to use the specific software. Software license is amortized on a straight-line basis over its estimated useful life of three (3) to four (4) years. Costs associated with the development or maintenance of computer software programs are recognized as expense when incurred in profit or loss.

An item of software license is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on de-recognition of the asset is included in profit or loss in the year the items is derecognized.

The Group's capitalized software costs includes purchase price payments for new software and other directly related costs necessary to bring the asset to its intended use.

#### Other Noncurrent Assets

Other noncurrent assets consist of advance rental, deferred acquisition cost, refundable deposits, deferred input VAT, spare parts and supplies and other prepayments that will be consumed twelve (12) months after each end of the reporting period.

#### *Deferred Acquisition Costs*

Costs incurred in relation to the acquisition of insurance contracts such as commissions are deferred and charged to commission expense in proportion to premium revenue recognized.

Subsequent to initial recognition, these costs are amortized using the 24th method where the deferred acquisition cost pertains to the commissions for the last two months of the year. Amortization is charged to profit or loss. The unamortized acquisition costs are shown as "Deferred acquisition cost" under "Other noncurrent assets".

*Advances to suppliers and contractors*

These are carried at cost less impairment losses, if any.

Impairment of Nonfinancial Assets

*Inventories and Real Estate Held for Sale and Development*

The Group recognizes provision for inventory losses when the net realizable values of inventory items become lower than the costs due to obsolescence or other causes. Obsolescence is based on the physical and internal condition of inventory items. Obsolescence is also established when inventory items are no longer marketable. Obsolete goods, when identified, are written down to their net realizable values.

*Investment Properties, Property and Equipment, Software Costs and Right-of-use Assets*

The Group assesses at each end of the reporting period whether there is an indication that investment properties, property and equipment and software costs may be impaired. If any such indication exists and where the carrying values exceed the estimated recoverable amounts, the assets or cash-generating units (CGU) are written down to their estimated recoverable amounts. The estimated recoverable amount of an asset is the greater of fair value less cost to sell and value in use. The fair value less cost to sell is the amount obtainable from the sale of an asset in an arm's-length transaction less the costs of disposal while value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For an asset that does not generate largely independent cash inflows, the estimated recoverable amount is determined for the CGU to which the asset belongs. Impairment losses of continuing operations are recognized in profit or loss in those expense categories consistent with the function of the impaired asset.

Recovery of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the asset no longer exist or have decreased. The recovery is recorded in the consolidated statement of income. However, the increased carrying amount of an asset due to a recovery of an impairment loss is recognized to the extent that it does not exceed the carrying amount that would have been determined had no impairment loss been recognized for that asset in prior years.

*Nonfinancial Other Current and Noncurrent Assets*

The Group first assesses whether there are indications of impairment on nonfinancial other current and noncurrent assets. When indicators exist, the Group estimates the recoverable amount of the asset and recognizes impairment loss in profit or loss to reduce the carrying amount to the recoverable value.

*Recognition and Measurement*

Rental and Other Deposits

Customer rental and other deposits represent payments from tenants on leased properties which are refundable at the end of the lease contract. These are initially measured at fair value and subsequently measured at amortized cost.

Subscriptions Payable

Subscriptions payable pertains to the Group's unpaid subscription of shares of stock of other entities. These are recognized and carried in the books at the original subscription price in which shares of stock will be issued upon payment.

#### Combinations of Entities Under Common Control

Business combinations of entities under common control are accounted for using the pooling of interest method. The pooling of interest method is generally considered to involve the following:

- The assets and liabilities of the combining entities are reflected in the consolidated financial statements at their carrying amounts as of date of acquisition. No adjustments are made to reflect fair values, or recognize any new assets or liabilities, at the date of the combination. The only adjustments that are made are those adjustments to harmonize accounting policies.
- No new goodwill is recognized as a result of the combination. The only goodwill that is recognized is any existing goodwill relating to either of the combining entities. Any difference between the consideration paid or transferred and the equity acquired is reflected within equity.

The financial information in the consolidated financial statements are not restated for periods prior to the combination of the entities under common control as allowed by the Philippine Interpretations Committee (PIC) Q&A No. 2012-01.

#### Asset Acquisitions

If the assets acquired and liabilities assumed in an acquisition transaction do not constitute a business as defined under PFRS 3, the transaction is accounted for as an asset acquisition. The Group identifies and recognizes the individual identifiable assets acquired (including those assets that meet the definition of, and recognition criteria for, intangible assets) and liabilities assumed. The acquisition cost is allocated to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such transaction or event does not give rise to goodwill. Where the Group acquires a controlling interest in an entity that is not a business, but obtains less than 100% of the entity, after it has allocated the cost to the individual assets acquired, it notionally grosses up those assets and recognizes the difference as non-controlling interests.

#### Capital Stock

Common shares are classified as equity.

Incremental costs directly attributable to the issuance of new shares are shown in equity as a deduction, net of tax, from the proceeds. The excess of proceeds from issuance of shares over the par value of shares are credited to "Additional paid-in capital". Subscription receivables pertains to the uncollected portion of the subscribed shares and is presented net against capital stock.

#### Retained Earnings

Retained earnings represent accumulated earnings of the Group.

#### Equity Reserves

Equity reserves pertain to the excess of the cost of business combinations over the net carrying amounts of the assets and liabilities of the acquired companies.

#### Treasury Shares and Shares Held by a Subsidiary

Treasury shares are own shares (ALLHC and subsidiaries) acquired by the Group. These are measured at acquisition cost and presented as deduction against equity. No gain or loss is recognized in profit or loss on the purchase, sale, issuance or cancellation of the Parent Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in additional paid-in capital.

The Parent Company's shares acquired by a subsidiary is presented as "Shares held by a subsidiary" under the equity section.

#### Share-based Payments

The Group has equity-settled, share-based compensation plan with its employees. The Group has an employee stock ownership plan (ESOWN) which allows the grantees to purchase the Group's shares at a discounted price. The Group recognizes stock compensation expense over the holding period. These are accounted for as limited-recourse loan-type share plans. Dividends paid on the awards are treated as installment payment against the exercise price of the options. The cost of

equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognized, together with a corresponding increase in "Equity reserves" in equity, in "Personnel expense" account

#### Other Comprehensive Income (Loss)

Other comprehensive income (loss) comprises items of income and expense that are not recognized in the consolidated statement of income for the year in accordance with PFRS.

#### Revenue Recognition

##### *Revenue from Contract with Customers*

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements, except for the provisioning of water, electricity, air-conditioning and common use service area in its mall retail spaces, wherein it is acting as agent.

The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 3.

##### *Sale of Electricity Revenue*

The Group recognizes revenue from electricity services over time using the output method as the customer receives and consumes the benefit from the performance of the related utility service. As a practical expedient allowed under PFRS 15, the Group recognizes revenue in the amount to which the Group has a right to invoice since the Group bills a fixed amount for every kilowatt hour of electricity delivered. Electricity is billed every month according to the billing cycles of the customer.

##### *Rental*

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms.

##### *Rent Concessions*

Rental concessions are treated as reductions to the rental income granted to lessees and accounted for as variable rent.

##### *Real estate sales*

The Group derives its real estate revenue from sale of industrial lots. Revenue from sale of industrial lots are recognized over time during the development period (or percentage of completion) since based on the terms and conditions of its contract with the customers, the Group's performance does not create an asset with an alternative use and the Group has an enforceable right to payment for performance completed to date.

In measuring the progress of its performance obligation over time, the Group uses the output method. The Group recognizes revenue based on direct measurements of the value to customers of the goods or services transferred to date, relative to the remaining goods or services promised under the contract. Progress is measured using survey of performance completed to date. This is based on the monthly project accomplishment report prepared by the third-party surveyor as approved by the construction manager which integrates the surveys of performance to date of the construction activities for both sub-contracted and those that are fulfilled by the developer itself.

Contract costs include all direct materials and labor costs and those indirect costs related to contract performance. Expected losses on contracts are recognized immediately when it is probable that the total contract costs will exceed total contract revenue. Changes in contract performance, contract conditions and estimated profitability are recognized in the year in which the changes are determined.

#### *Cold Storage Revenue*

The Group recognizes revenue from cold storage services over time using the output method as the customer receives and consumes the benefit from the performance of the related storage service. As a practical expedient allowed under PFRS 15, the Group recognizes revenue in the amount to which the Group has a right to invoice since the Group bills a fixed and variable amount every month.

#### *Insurance Premiums and Commissions - net*

Premiums from short-duration insurance contracts are recognized as revenue over the period of the contracts using the 24th method, except for premiums arising from marine cargo where the provision for unearned premiums pertains to the premiums for the last two months of the year. The portion of the premiums written that relates to the unexpired periods of the policies at financial reporting dates is accounted for as "Reserve for unearned premiums" and shown as part of "Accounts payable and accrued expenses" in the consolidated statement of financial position. The related reinsurance premiums ceded that pertain to the unexpired periods at financial reporting dates are accounted for as "Deferred reinsurance premiums" and shown under "Other noncurrent assets" in the consolidated statement of financial position. The net changes in these accounts between financial reporting dates are charged to or credited against income for the period.

Reinsurance commissions are recognized as revenue over the period of the contracts using the 24th method, except for marine cargo where the deferred reinsurance commission pertains to the premiums for the last two months of the year.

The portion of the commissions that relates to the unexpired periods of the policies at the financial reporting date is accounted for as "Due to reinsurers and ceding companies" and shown as part of "Accounts payable and accrued expenses" in the consolidated statement of financial position.

#### *Interest Income*

For all financial instruments measured at amortized cost and interest-bearing financial assets classified as financial assets at FVOCI and AFS financial assets, interest income is recorded using the EIR, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

#### *Dividend Income*

Dividend income is recognized when the Group's right to receive the payment is established.

#### Cost and Expenses

##### *Cost recognition for real estate sales*

The Group recognizes costs relating to satisfied performance obligations as these are incurred. These include costs of land, land development, professional fees, depreciation, permits and licenses. These costs are allocated to the saleable area, with the portion allocable to the sold area being recognized as costs of sales while the portion allocable to the unsold area being recognized as part of real estate inventories.

##### *Cost of purchased power and services*

Purchased power represents the cost of electricity supplied to contestable customers. This includes generation charges, transmission line fees, capacity fees and systems losses which are recognized in profit or loss when the electricity purchased is consumed.

*Cost of rental services*

Cost of rental services are direct costs incurred in the normal course of the business, are recognized when incurred and generally measured in the amount paid or payable. These comprise cost of rent, utilities, depreciation and others.

*Operating Expenses*

Operating expenses consist of all expenses associated with the development and execution of marketing and promotional activities and expenses incurred in the direction and general administration of day-to-day operations of the Group. These are generally recognized when the service is incurred, or the expense arises.

*Costs to obtain contract*

The incremental costs of obtaining a contract with a customer are recognized as an asset if the Company expects to recover them. The Company has determined that commissions paid to brokers on the sale of completed real estate units are deferred when recovery is reasonably expected and are charged to expense in the period in which the related revenue is recognized as earned. Commission expense is included in the "Cost of real estate sold" account in the statement of income.

Costs incurred prior to obtaining contract with customer are not capitalized but are expensed as incurred.

Earnings Per Share

Basic earnings per share amounts are calculated by dividing net profit for the year attributable to ordinary equity holders of the Parent Company by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the net profit attributable to ordinary equity holders of the Parent Company (after adjusting for interest on any convertible preference shares) by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

Income Tax

*Current Income Tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The income tax rates and income tax laws used to compute the amount are those that are enacted or substantively enacted as at the end of the reporting period.

Current income tax relating to items recognized directly in equity is recognized in equity and not in profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

*Deferred Income Tax*

Deferred income tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the end of the reporting period.

Deferred income tax liabilities are recognized for all taxable temporary differences, except:

- when the deferred income tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward benefits of unused net operating loss carryover (NOLCO) and unused tax credits from excess minimum corporate income tax (MCIT), to the extent that it is probable that sufficient future taxable profits will be available against which the deductible temporary differences, and the carry forward of unused NOLCO and MCIT can be utilized, and except if it arises from initial recognition and those associated with the investments in subsidiaries, associates and joint ventures as discussed above.

The carrying amount of deferred income tax assets is reviewed at each end of the reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred income tax assets are reassessed at each end of the reporting period and are recognized to the extent that it has become probable that sufficient future taxable profits will allow the deferred income tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the income tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on income tax rates (and income tax laws) that have been enacted or substantively enacted at each end of the reporting period.

Deferred income tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred income tax items are recognized in correlation to the underlying transaction either in the profit or loss or directly in equity.

Deferred income tax assets and deferred income tax liabilities are offset if, and only if, a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend to either settle current tax liabilities and assets on a net basis, or to realize the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax assets or liabilities are expected to be settled or recovered. Subsidiaries operating in the Philippines file income tax returns on an individual basis. Thus, the deferred tax assets and deferred tax liabilities are offset on a per entity basis.

#### Retirement Benefits Costs

The Group has a funded, non-contributory defined benefit retirement plan.

The net defined benefit liability or asset is the aggregate of the present value of the defined benefit obligation at the end of the reporting period reduced by the fair value of plan assets (if any), adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The cost of providing benefits under the defined benefit plans is actuarially determined using the projected unit credit method. This method reflects service rendered by employees to the date of valuation and incorporates assumptions concerning the employees' projected salaries.

Defined benefit costs comprise the following:

- Service cost
- Net interest on the net defined benefit liability or asset
- Remeasurements of net defined benefit liability or asset

Service costs which include current service costs, past service costs and gains or losses on non-routine settlements are recognized as retirement benefits costs under "Personnel expenses" in the consolidated statement of income. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuaries.

Net interest on the net defined benefit liability or asset is the change during the period in the net defined benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net defined benefit liability or asset. Net interest on the net defined benefit liability or asset is recognized as "Interest income (expense)" in the consolidated statement of income.

Remeasurements comprising actuarial gains and losses and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the Group, nor can they be paid directly to the Group. Fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations). If the fair value of the plan assets is higher than the present value of the defined benefit obligation, the measurement of the resulting defined benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The Group's right to be reimbursed of some or all of the expenditure required to settle a defined benefit obligation is recognized as a separate asset at fair value when and only when reimbursement is virtually certain.

#### *Employee Leave Entitlement*

Employee entitlements to annual leave are recognized as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly before twelve (12) months after the end of the reporting period is recognized for services rendered by employees up to the end of the reporting period.

#### Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### *Group as a lessee*

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### a) Right-of-use assets

The Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received and estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognized right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term of 20 to 40 years.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in impairment of non-financial assets.

#### Lease liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

#### b) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

#### *Group as a lessor*

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

#### Foreign Currency Translation

Transactions in foreign currencies are initially recorded in Philippine Peso based on the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency exchange rate at the end of the reporting period. All differences arising on settlement or translation of monetary items are taken to the consolidated statement of income. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

#### Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the consolidated statement of income, net of any reimbursement.

#### Contingencies

Contingent liabilities are not recognized in the consolidated financial statements. These are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but are disclosed when an inflow of economic benefit is probable.

#### Segment Reporting

The Group's operating businesses are recognized and managed according to the nature of the products or services offered, with each segment representing a strategic business unit that serves different markets. The BOD is the chief operating decision maker of the Group. Segment assets and liabilities reported are those assets and liabilities included in measures that are used by the BOD.

Segment revenue, expenses and performance include transfers between business segments. The transfers are accounted for at competitive market prices charged to unaffiliated customers for similar products. Such transfers are eliminated in consolidation.

#### Events After the End of the Reporting Period

Post year-end events that provide additional information about the Group's financial position at the end of the reporting period (adjusting events) are reflected in the consolidated financial statements. Post year-end events that are not adjusting events are disclosed in the consolidated financial statements when material.

---

### **3. Significant Accounting Judgments, Estimates and Assumptions**

The preparation of the consolidated financial statements in accordance with PFRS requires the Group to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues and expenses and disclosures, at the end of the reporting period. Future events may occur which will cause the assumptions used in arriving at the estimates to change. The effects of any change in judgments and estimates are reflected in the consolidated financial statements as they become reasonably determinable.

Judgments, estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcome can differ from these estimates.

#### Judgments

In the process of applying the Group's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognized in the consolidated financial statements:

##### *Determining the lease term of contracts with renewal and termination options – Group as lessee*

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The renewal periods for leases of land with longer non-cancellable periods (i.e., 10 to 15 years) are not included as part of the lease term since it is reasonably certain that the Group will exercise the option to renew or not exercise the option to terminate. Renewal or termination of lease is subject to mutual agreement with the lessors.

##### *Business combination*

The Group acquired a group of assets that relate to a line of business of another legal entity. At the time of acquisition, the Group considers whether the acquisition represents the acquisition of a business under PFRS 3. The Group accounts for the acquisition as a business combination where an integrated set of activities is acquired in addition to the properties. The Group concluded that the acquisition included inputs (such as facilities, customers, etc.), substantive processes (storage and maintenance services, and other operational processes), and the ability to produce outputs (storage and leasing revenues). The relevant disclosures are presented in Note 13.

*Assessing Operating Lease Commitments - Group as Lessor*

The Group has entered into commercial property leases on its investment properties portfolio. The Group has determined that it retains all the significant risks and rewards of ownership of these properties which are leased out under operating lease arrangements.

*Assessment Whether Rental Concessions fall under Lease Modification*

In line with the rental relief framework implemented by the government to support businesses and the broader economy due to the impact of COVID-19, the Group waived its right to collect rent and other charges as part of various rent concessions it granted to lessees such as rent payment holiday or rent payment reductions.

The Group applies judgment when assessing whether the rent concessions granted is considered a lease modification under PFRS 16.

In making the judgment, the Group determines whether the rent concessions granted has changed the scope of the lease, or the consideration thereof, that was not part of the original terms and conditions of the lease. The Group assessed that the rent concessions it granted to lessees do not qualify as lease modifications since the term and conditions under the corresponding lease contracts have not been modified by the waiver and therefore, is not a lease modification under PFRS 16.

The rent concession granted by the Group for the years ended December 31, 2021 and 2020 amounted to ₱215.69 and ₱298.90 million, respectively.

*Definition of default and credit-impaired financial assets*

The Group defines a financial instrument as in default, which is fully aligned with the definition of credit-impaired, when it meets one or more of the following criteria:

Quantitative criteria – for trade receivables from real estate sales, the customer receives a notice of cancellation and does not continue the payments. For rental receivables, the customers receive letter of collection.

Qualitative criteria

The customer meets unlikeliness to pay criteria, which indicates the customer is in significant financial difficulty. These are instances where:

- a. The customer is experiencing financial difficulty or is insolvent
- b. The customer is in breach of financial covenant(s)
- c. An active market for that financial assets has disappeared because of financial difficulties
- d. Concessions have been granted by the Group, for economic or contractual reasons relating to the customer's financial difficulty
- e. It is becoming probable that the customer will enter bankruptcy or other financial reorganization

The criteria above have been applied to the financial instruments held by the Group and are consistent with the definition of default used for internal credit risk management purposes. The default definition has been applied consistently throughout the Group's expected loss calculation.

*Sale of real estate receivables*

The Group entered into arrangements with banks wherein it discounted its real estate receivables without recourse. The Group believes that the sales transactions are not more than infrequent. Accordingly, the Group continues to present trade receivables at amortized cost as it remains to hold trade receivables with the objective of collecting contractual cash flows until maturity.

### Estimates and Assumptions

The key estimates and assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes in circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

#### *Leases - Estimating the incremental borrowing rate*

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group 'would have to pay', which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when they need to be adjusted to reflect the terms and conditions of the lease. The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates.

The Group's lease liabilities amounted to ₱1,770.58 million and ₱1,751.37 million as at December 31, 2021 and 2020, respectively (see Note 28).

#### *Provision for expected credit losses of trade and other receivables*

The Group uses a provision matrix to calculate ECLs for trade receivables except for receivables from real estate. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information such as Gross Domestic Product growth rate and inflation rate. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

The Group uses vintage analysis approach to calculate ECLs for real estate receivable. The vintage analysis accounts for expected losses by calculating the cumulative loss rates of a given loan pool. It derives the probability of default from the historical data of a homogenous portfolio that share the same origination period. The information on the number of defaults during fixed time intervals of the accounts is utilized to create the PD model. It allows the evaluation of the loan activity from its origination period until the end of the contract period.

The assessment of the correlation between historical observed default rates, forecast economic conditions (gross domestic product and inflation rate) and ECLs is also significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables is disclosed in Notes 5 and 31.

#### *Estimating Useful Lives of Depreciable Investment Properties and Property and Equipment*

The estimated useful lives used as bases for depreciating and amortizing the Group's investment properties and property and equipment were determined on the basis of management's assessment of the period within which the benefits of these asset items are expected to be realized taking into account actual historical information on the use of such assets as well as industry standards and averages applicable to the Group's assets. The Group estimates the useful lives of its investment properties and property and equipment based on the period over which the assets are expected to be available for use. The estimated useful lives of investment properties and property and equipment are reviewed, at least, annually and are updated if expectations differ from previous estimates due to physical wear and tear and technical or commercial obsolescence on the use of these assets. It is

possible that future results of operations could be materially affected by changes in these estimates brought about by changes in the factors mentioned above. A reduction in the estimated useful lives of these assets increases depreciation and amortization and decreases the carrying value of investment properties and property and equipment.

The carrying value of property and equipment amounted to ₱723.46 million and ₱27.18 million as at December 31, 2021 and 2020, respectively, net of accumulated depreciation, amortization and impairment amounting to ₱84.02 million and ₱67.46 million as at December 31, 2021 and 2020, respectively (see Note 11).

The carrying value of investment properties amounted to ₱9,710.51 million and ₱9,563.42 million as at December 31, 2021 and 2020, respectively (see Note 10).

Information on the estimated useful life of investment properties and property and equipment is included in Note 2.

#### *Determining Retirement Benefits Liability*

The cost of defined retirement obligation as well as the present value of the defined benefit obligation is determined using actuarial valuations. The actuarial valuation involves making various assumptions. These include the determination of the discount rates, future salary increases, mortality rates and future retirement increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, defined benefit obligation are highly sensitive to changes in these assumptions. The assumptions are reviewed at each end of the reporting period.

Current service costs amounted to ₱4.14 million, ₱1.37 million and ₱0.98 million for the years ended December 31, 2021, 2020 and 2019, respectively. As at December 31, 2021 and 2020, net pension assets of the Group amounted to ₱11.82 million and ₱9.69 million, respectively (see Note 24).

In determining the appropriate discount rate, management considers the interest rates of government bonds that are denominated in the currency in which the benefits will be paid, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation. Further details about the assumptions used are provided in Note 24.

#### *Assessing Realizability of Deferred Income Tax Assets*

The Group reviews the carrying amounts of deferred income tax assets at each end of the reporting period and reduces it to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred income tax assets to be utilized. Judgments and estimation are required to determine the amount of deferred income tax assets that can be recognized based upon the likely timing and level of future taxable income together with future tax planning strategies. However, there is no assurance that the Group will generate sufficient future taxable profits to allow all or part of its deferred income tax assets to be utilized.

Deferred income tax assets recognized in the books amounted to ₱605.17 million and ₱596.34 million as at December 31, 2021 and 2020, respectively (see Note 25).

The temporary differences, NOLCO and MCIT for which no deferred income tax assets were recognized, as the management has assessed that it is not probable that sufficient future taxable income will be available for which the benefit of the deferred income tax assets can be utilized, are disclosed in Note 25.

*Assessing and Estimating Contingencies and Provisions*

The Group is involved in certain disputes for which the Group has recognized provisions for probable expenses, which may be incurred, and disclosed relevant information about such contingencies. Total provision for probable losses amounted to nil, ₱5.00 million and ₱240.65 million for the years ended December 31, 2021, 2020 and 2019, respectively. Total reversal of provision for probable losses amounted to ₱5.14, ₱31.00 million and ₱32.28 million for the years ended December 31, 2021, 2020 and 2019, respectively (see Note 29).

---

**4. Cash and Cash Equivalents**

This account consists of:

	<b>2021</b>	2020
	<i>(In Thousands)</i>	
Cash on hand	<b>₱270</b>	₱245
Cash in banks	<b>80,983</b>	177,125
	<b>₱81,253</b>	<b>₱177,370</b>

Cash in banks earn interest at the respective bank deposit rates.

For the years ended December 31, 2021, 2020 and 2019, the interest earned from cash and cash equivalents amounted to ₱0.67 million, ₱3.73 million, and ₱3.55 million, respectively (see Note 23).

---

**5. Receivables**

This account consists of:

	<b>2021</b>	2020
	<i>(In Thousands)</i>	
Trade debtors		
Land sales	<b>₱1,405,980</b>	₱1,302,611
Receivables from tenants	<b>624,114</b>	593,682
Retail electricity	<b>123,041</b>	153,995
Nontrade receivables	<b>120,484</b>	120,017
Insurance receivables	<b>29,305</b>	29,305
Others	<b>276,398</b>	198,739
	<b>2,579,322</b>	2,398,349
Less allowance for expected credit losses	<b>296,720</b>	321,268
	<b>2,282,602</b>	2,077,081
Less noncurrent portion	<b>1,128,026</b>	728,538
	<b>₱1,154,576</b>	<b>₱1,348,543</b>

Receivables from land sales represent amounts arising from sale of industrial lots, which are collectible in monthly installments within two to four years from the date of sale. The Group sold receivables on a without recourse basis to partner mortgage bank, BPI Family Bank, Inc. a related party, amounting to ₱1,373.61 million and ₱718.30 (gross of unamortized discount) in 2021 and 2020, respectively. 2021 receivables were sold at a discount of ₱56.26 million with total net proceeds ₱1,254.65 million while the 2020 receivables were sold at a discount of ₱29.55 million with total net proceeds ₱688.75 million.

Movements in the unamortized discount of the Group's receivables as of December 31, 2021 and 2020 follow:

	2021	2020
	<i>(In Thousands)</i>	
Trade receivables/contract assets at nominal amount	<b>₱2,615,337</b>	₱1,371,589
Less unearned interest:		
Balance at beginning of year	<b>68,978</b>	16,282
Additions during the year	<b>91,592</b>	54,733
Accretion for the year (Note 23)	<b>(16,543)</b>	(2,037)
Unamortized discount on sold receivables	<b>(62,696)</b>	-
Balance at end of year	<b>81,331</b>	68,978
Trade receivables/contract assets at discounted amount	<b>₱2,534,006</b>	₱1,302,611

Receivables from tenants represent the outstanding receivables arising from the lease of warehouse units, mall and office spaces and cold storage operations and are collectible within 30 days from billing date. This includes both the fixed and contingent portion of lease.

Receivables from retail electricity consist of uncollected and unbilled electricity to customers which are consumed after meter reading cut-off dates. The credit term of these receivables is from 9 to 15 days from the date of billing. This account also consists of electricity sales made by the Group to customers traded through Wholesale Electricity Spot Market (WESM).

Nontrade receivables consist mainly of receivables from the government related to expropriation against certain properties of the Group in Laguna. Nontrade receivables are noninterest-bearing and are due and demandable.

Insurance receivables consist of premium receivables from policyholders, insurance agents and reinsurance companies and reinsurance recoverable on paid and unpaid losses from facultative and treaty reinsurers. These accounts are generally on 90 days term.

Other receivables include noninterest-bearing receivables of OLI from Cosco Land Corporation (CLC) which are due and demandable amounting to ₱160.45 million as at December 31, 2021 and 2020. These receivables are collateralized by the shares of stock of Cyber Bay owned by CLC. The receivables from CLC are fully provided with allowance.

On March 25, 2020, Republic Act No. 11469, otherwise known as the Bayanihan to Heal as One Act ("Bayanihan 1 Act") was enacted. Bayanihan 1 Act provides that all covered institutions shall implement a 30-day grace period for all loans with principal and/or interest and lease amortization falling due within the ECQ period without incurring interest on interest, penalties, fees and other charges. Subsequently, on September 11, 2020, Republic Act No. 11494, otherwise known as the Bayanihan to Recover as One Act ("Bayanihan 2 Act"), was enacted. Under the Bayanihan 2 Act, the one-time sixty (60)-day grace period is granted for the payment of all existing, current and outstanding loans falling due, or any part thereof, on or before December 31, 2020, without incurring interest on interest, penalties, interest and other charges.

In 2021 and 2020, the Group, provided reliefs under Bayanihan 1 Act and Bayanihan 2 Act, which offered financial reliefs to its tenants as a response to the effect of the COVID-19 pandemic. These reliefs measures include extension of payment terms.

Based on the Group's assessment, the modifications in the contractual cash flows as a result of the above reliefs are not substantial and therefore do not result in the derecognition of the affected financial assets.

In 2019, the Group wrote-off long outstanding receivables amounting to ₱0.28 million presented as "Write off and other charges" in the consolidated statement of income.

The movements of allowance for expected credit losses on receivables follow:

	Trade debtors	Insurance receivables	Non-trade receivables	Others	Total
	<i>(In Thousands)</i>				
At December 31, 2019	₱75,369	₱14,716	₱39,691	₱167,974	₱297,750

Write-off	-	(5,868)	-	(2,233)	(8,101)
At December 31, 2020	106,988	8,848	39,691	165,741	321,268
Provisions (Note 20)	8,680	20,457	-	-	29,137
Reversal during the year	-	-	(39,691)	-	(39,691)
Write-off	(13,994)	-	-	-	(13,994)
<b>At December 31, 2021</b>	<b>₱101,674</b>	<b>₱29,305</b>	<b>₱-</b>	<b>₱165,741</b>	<b>₱296,720</b>

## 6. Real Estate Held for Sale and Development

The details of this account follow:

	2021	2020
	<i>(In Thousands)</i>	
Land	₱3,437,865	₱3,277,109
Less allowance for impairment losses	39,848	39,848
	<b>₱3,398,017</b>	<b>₱3,237,261</b>

Land consists of parcels of land located in Cavite, Misamis Oriental, Laguna, Batangas, Palawan, Tarlac and Pampanga.

The composition of inventorable costs as at December 31 follows:

	2021	2020
	<i>(In Thousands)</i>	
Land cost	₱2,913,247	₱2,795,955
Construction overhead and other related costs	524,618	481,154
	<b>₱3,437,865</b>	<b>3,277,109</b>

The rollforward analysis of real estate held for sale and development follows:

	2021	2020
	<i>(In Thousands)</i>	
Balance at the beginning of the year	₱3,277,109	₱2,124,899
Acquisition	506,695	207,620
Development costs incurred	685,709	356,672
Cost of real estate sales (Note 22)	(1,031,648)	(561,803)
Transfers from to investment property (Note 10)	-	1,149,721
	<b>3,437,865</b>	<b>3,277,109</b>
Less allowance for impairment loss	39,848	39,848
	<b>₱3,398,017</b>	<b>₱3,237,261</b>

There is no movement in allowance for impairment losses as of December 31, 2021 and 2020.

Lot sales recognized for the years ended December 31, 2021 and 2020 amounted to ₱2,025.86 million and ₱1,275.51 million, respectively (₱1,809.12 million for the year ended December 31, 2019) (see Note 27).

Lot inventories recognized as cost of real estate sales amounted to ₱1,236.56 million and ₱666.76 million for the years ended December 31, 2021 and 2020, respectively (₱1,103.64 million for the year ended December 31, 2019) (see Note 22).

In the third quarter of 2020, approximately 40.76 hectares was made available to the market to encourage more industrial companies to invest, develop and facilitate the economic growth in the region. The change in use resulted to the transfer from investment property to inventory amounting to ₱1,149.72 million.

There are no real estate inventories held as collateral as at December 31, 2021 and 2020.

## 7. Financial Assets at FVOCI

The details of this account follow:

	2021	2020
	<i>(In Thousands)</i>	
Listed equity securities (Note 17)	₱49,568	₱505,912
Quoted debt securities	94,691	100,518
	<b>₱144,259</b>	<b>₱606,430</b>

Financial assets at FVOCI pertain to investments in equity securities and debt instruments which are not held for trading and which the Group has irrevocably designated at FVOCI, as the Group considers these investments to be strategic in nature.

Equity securities include 1,388,101,405 shares of Cyber Bay valued at nil and ₱458.07 million in 2021 and 2020, respectively (see Note 19). In 2021, the shares of Cyber Bay were suspended from trading for an indefinite period and the investment in Cyber Bay was revalued based on net asset values as of reporting date.

Quoted debt securities pertain to government securities owned by the Group. These are reserved investments in accordance with the provisions of the Insurance Commission as security for the benefit of policy holders and creditors of FPIC.

Movements of unrealized valuation gain (losses) on financial assets at FVOCI follows:

	Equity Holders	Non-controlling Interests	Total
	<i>(In Thousands)</i>		
At December 31, 2019	(₱587,704)	(₱160)	(₱587,864)
Fair value changes	(38,097)	3,051	(35,046)
Realized valuation gain transferred from equity to retained earnings	(850)	-	(850)
At December 31, 2020	(626,651)	2,891	(623,760)
Fair value changes	(463,036)	(1,991)	(465,027)
<b>At December 31, 2021</b>	<b>(₱1,089,687)</b>	<b>₱900</b>	<b>(₱1,088,787)</b>

Proceeds from the sale of financial assets at FVOCI amounted to nil, ₱4.20 million and nil for the years ended December 31, 2021, 2020 and 2019, respectively.

The Group made additional investments in equity instruments amounting to nil, ₱1.52 million and ₱1.11 million for the years ended December 31, 2021, 2020 and 2019, respectively.

Interest earned from financial assets at FVOCI amounted to ₱2.60 million, ₱0.11 million and ₱1.96 million for the years ended December 31, 2021, 2020 and 2019, respectively (see Note 23).

Dividend income on financial assets at FVOCI amounted to nil for the years ended December 31, 2021.

## 8. Financial Assets at FVPL

This account pertains to investments in redeemable preferred shares and Unit Investment Trust Fund (UITF) designated as financial assets at FVPL.

Fair value of financial assets at FVPL as at December 31, 2021 and 2020 amounted to ₱4.80 million and ₱4.74 million, respectively, resulting to an unrealized (gain) loss of (₱0.06 million), (₱0.26 million) and ₱0.04 million for the years ended December 31, 2021, 2020 and 2019, respectively.

Dividend income earned from these shares amounted to ₱0.24 million, ₱0.13 million and ₱0.13 million for the years ended December 31, 2021, 2020 and 2019.

## 9. Other Current Assets

This account consists of:

	2021	2020
	<i>(In Thousands)</i>	
Input VAT	<b>₱542,756</b>	₱561,689
CWTs	<b>354,616</b>	293,336
Refundable deposits	<b>63,242</b>	62,844
Prepayments	<b>60,392</b>	54,882
Advances to suppliers and contractors	<b>45,195</b>	1,943
Ice and beverages	<b>4,155</b>	2,593
	<b>1,070,356</b>	977,287
Less allowance for impairment losses	<b>8,953</b>	2,747
	<b>₱1,061,403</b>	₱974,540

Input VAT pertains to VAT passed on from purchases of goods or services which is applied against output VAT. In 2019, the Group wrote-off unutilized input VAT amounting to ₱1.31 million presented as "Write off and other charges" in the consolidated statement of income.

Creditable withholding taxes (CWTs) are available for offset against income tax payable in the future periods. In 2019, the Group wrote-off unutilized CWT amounting to ₱9.71 million presented as "Write off and other charges" in the consolidated statement of income.

Refundable deposits pertain to EPMI's utility deposit for the initial set-up of electricity supply by public utility companies and interest earned from these deposits accrue to the customers of the Company. These deposits earn interest equivalent to the Peso Savings Account Interest rate of Land Bank of the Philippines on the first working day of the year, or other government banks subject to approval of ERC and may be refunded or applied to outstanding bill balance or differential billing upon termination of contract. The said deposits are equivalent to one (1) month estimated monthly billing and shall be adjusted annually to reflect the average billing during a one year period; or to replace any deposit previously applied; or to reflect the increase or decrease in load, or the number of the customers.

Prepayments pertain to prepaid insurance, taxes and licenses and other prepaid expenses that are to be amortized over a period of one (1) year.

Advances to contractors and suppliers pertain to advance payment to service contractors for construction services of the Group's real estate held for sale and development.

Movements in the allowance for impairment losses follow:

	2021	2020
	<i>(In Thousands)</i>	
Balances at beginning of year	<b>₱2,747</b>	₱2,747
Provisions (Note 20)	<b>6,206</b>	-
Balances at end of year	<b>₱8,953</b>	₱2,747

As at December 31, 2019, finished goods inventories were written off amounting to ₱7.07 million presented as "Write off and other charges" in the consolidated statement of income.

## 10. Investment Properties

### TPI

In 2019, TPI demolished a portion of its buildings and leasehold improvements amounting to ₱44.95 million with remaining book value amounting to ₱18.52 million. Loss on retirement was recognized amounting to ₱13.69 million, net of ₱4.83 million allowance for impairment loss (see Note 22).

Investment properties of TPI substantially represent buildings and leasehold improvements on the land leased from PNR which are utilized in the TPI's mall operations and held for rentals.

LCI

In 2019, LCI demolished two (2) buildings amounting to ₱54.91 million with remaining book value amounting to ₱13.29 million. Loss on retirement was recognized amounting to ₱11.84 million, net of ₱1.45 million allowance for impairment loss (see Note 22).

On July 1, 2014, LCI transferred land and improvements and buildings and improvements from property and equipment to investment properties. Prior to the transfer, the land and improvements and building and improvements are stated at their revalued amounts. Upon transfer to investment property, the revalued amounts of the properties at the date of transfer were considered as its deemed costs in accordance with PAS 40, *Investment Property*.

The excess of appraised values over the acquisition costs of the properties is shown under the “Revaluation increment” account in the consolidated statement of financial position and in the consolidated statement of changes in equity. An amount corresponding to the difference between the depreciation based on the revalued carrying amount of the asset and depreciation based on the original cost is transferred annually from “Revaluation increment” to “Retained earnings” account in the consolidated statement of financial position.

Fair Value of Investment Properties

The aggregate fair value of the Group’s investment properties of buildings, land and improvements amounted to ₱20,927.17 million and ₱19,077.24 million as of December 31, 2021 and 2020, respectively. The fair values of the buildings, land and improvements of the Group is determined using income approach method (except URDC where sales comparison approach method has been used) considers rental escalation rate for the minimum rental guaranteed for the remaining life of the buildings and building improvements using the discount rate and terminal capitalization rate ranging from 10% to 11% and 5% to 10%, respectively.

The fair values of the investment properties were determined by independent professionally qualified appraisers. The following table provides the fair value hierarchy of the Group’s investment properties as of December 31, 2021 and 2020:

2021

Observable Inputs	Valuation Technique	Date of Valuation	Total	Fair value measurement using			
				Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	
<i>(In Thousands)</i>							
<b>Land properties</b>							
LCVI	Expected rents and expenses	Income Approach	July 21, 2020	₱1,342,647	₱-	₱-	₱1,342,647
URDC	Comparable selling price	Sales Comparison approach	March 10, 2020	3,562,976	-	-	3,562,976
<b>Building</b>							
OLI	Expected rents and expenses	Income approach	January 28, 2022	9,089,011	-	-	9,089,011
TPI	Expected rents and expenses	Income approach	December 23, 2021	3,171,102	-	-	3,171,102
LCVI	Expected rents and expenses	Income approach	July 21, 2020	996,117	-	-	996,117
LTI	Expected rents and expenses	Income approach	February 5, 2021	2,744,874	-	-	2,744,874

2020

	Observable Inputs	Valuation Technique	Date of Valuation	Total	Fair value measurement using		
					Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
<i>(In Thousands)</i>							
Land properties							
LCVI	Comparable selling price	Income approach	July 21, 2020	₱1,342,647	₱-	₱-	₱1,342,647
URDC	Comparable selling price	Sales Comparison approach	March 10, 2020	3,562,976	-	-	3,562,976
Building							
OLI	Expected rents and expenses	Income approach	February 6, 2021	7,264,359	-	-	7,264,359
TPI	Expected rents and expenses	Income approach	February 23, 2021	3,145,763	-	-	3,145,763
LCVI	Expected rents and expenses	Income approach	July 21, 2020	996,117	-	-	996,117
LTI	Expected rents and expenses	Income approach	February 5, 2021	2,744,874	-	-	2,744,874

The appraised values of building, land and improvements were estimated using the following approach:

Income Approach - the fair value of all investment properties derived through converting anticipated future benefits into current property value.

Sales Comparison Approach - the value of the property that considers the sale of similar or substitute properties and related market data and establishes a value estimate by processes involving comparison. Listings and offerings may also be considered.

The fair value of the Construction-in-progress of the Group is equivalent to the total cost incurred to date in the development and construction of the project amounting to ₱347.94 million and ₱817.03 million as of December 31, 2021 and 2020, respectively.

Revaluation Increment

Movement of revaluation increment follows:

	2021	2020
	<i>(In Thousands)</i>	
Beginning balance	₱196,808	₱203,836
Transfer of realized valuation increment	(7,029)	(7,028)
Balances at end of year	₱189,779	₱196,808

Revaluation increment realized through depreciation and transferred to deficit (net of related tax) amounted to ₱7.03 million in 2021 and 2020.

Consolidated rental revenue from investment properties amounted to ₱781.56 million, ₱851.98 million and ₱1,085.93 million (net of rent concession amounting to ₱215.69 million, ₱298.90 million and nil, respectively) for the years ended December 31, 2021, 2020, and 2019, respectively. Direct operating expenses incurred for investment properties amounted to ₱881.13 million, ₱555.09 million and ₱568.14 million for the years ended December 31, 2021, 2020 and 2019, respectively (see Note 22).

In 2020, the Group recognized gain on sale of investment properties amounting to ₱94.06 million.

Construction in progress pertain to buildings under construction to be leased as retail and warehouse spaces upon completion. The construction period normally ranges from within one year to two years depending on the size of the asset.

In 2020, LTI transferred construction cost of completed projects in Naic, Cavite to buildings and improvements amounting to ₱776.17 million.

For 2021, the Group's budgeted total capital expenditures was ₱3.84 billion for projects and spent ₱2.48 billion as of December 31, 2021 for land development, building improvements, and land acquisition. This was financed through internally generated funds and advances.

The Group's management believes that there were no conditions present in 2021 and 2020 that would significantly reduce the fair value of the investment properties from that determined as stated in table above.

The Group has no restriction on the realizability of its investment properties and no obligation to either purchase, construct or develop or for repairs, maintenance and enhancements.

COVID-19 affected the rental revenue from malls due to the temporary closures during the implementation of the community quarantine. The malls have gradually reopened since the lifting of the enhanced community quarantine (ECQ) on May 16, 2020, subject to safety and protocol standards of the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF). The Group's management is continuously assessing the situation given the pandemic's fluid and evolving nature. Except for the significant impact of COVID-19 pandemic to the Group's mall operations starting March 2020, there were no other trends, events or uncertainties that have had or that are reasonably expected to have a material impact on net sales or revenues or income from continuing operations.

## 11. Property and Equipment

The details of this account follow:

Others	732	8,277
	<b>₱451,743</b>	<b>₱429,118</b>

Deferred input VAT arises from the purchase of capital goods by the Group for amortization for a period of 5 years.

Advances to contractors and suppliers pertain to advance payment to service contractors for various renovation and rehabilitation services of the Group's buildings.

Refundable deposits pertain to deposits made to utility companies, other suppliers and various miscellaneous deposits.

Depreciation expense recognized on software cost amounted to ₱0.45 million, ₱0.99 million and ₱1.49 million for the years 2021, 2020 and 2019, respectively (See Note 20)

In 2019, the Group wrote-off miscellaneous deposits amounting to ₱0.08 million presented as "Write off and other charges" in the consolidated statement of income.

## 13. Business Combinations

### *Acquisition of Cold Storage Operations*

On April 8, 2021, in a Deed of Absolute Sale, the Group purchased a land from MKG Trading Corp. with an area of 11,800 square meters located in the City of Biñan, Laguna, for a consideration amounting to ₱118.94 million, inclusive of VAT.

On the same day, in a Deed of Absolute Sale, the Company also purchased a building from Technofreeze, Inc. with an area of 7,868.02 square meters located in the City of Biñan, Laguna, for a consideration amounting to ₱289.86 million, inclusive of VAT. The Company partially paid 82.75% of the purchase price and the remaining ₱50.00 million was settled on January 15, 2022.

The Company assumed ownership of the following assets (in thousands):

<b>Assets</b>	
Building and improvements	₱258,800
Land	106,200
<b>Cost of acquisition</b>	<b>₱365,000</b>

From the date of acquisition to December 31, 2021, cold storage operations have contributed ₱49.38 million and ₱12.39 million to the consolidated revenue and net income, respectively.

The Group finalized its purchase price allocation of the acquisitions in April 2021.

On December 13, 2021, in a Deed of Absolute Sale, the Group purchased a land and building with an existing equipment from GMV Materials, Inc. with an area of 7,527 and 6,628 square meters, respectively located in the City of Biñan, Laguna, for a consideration amounting to ₱378.12 million, VAT Inclusive.

Of the total consideration of ₱378.12 million, only ₱22.66 million was paid on December 13, 2021, and the remaining ₱355.46 million will be paid on the following terms:

Date	Payment
6/13/2022	₱30,000,000
12/13/2022	65,092,871
12/13/2023	65,092,871
12/13/2024	65,092,871
12/13/2025	65,092,871
12/13/2026	65,092,871

These outstanding balances are included as part of "Accounts payable and Accrued Expenses" (see Note 14) and "Nontrade payable-noncurrent".

The Group assumed ownership of the following assets (in thousands):

<b>Assets</b>	
Building and improvements	₱254,811
Land	82,797
<b>Cost of acquisition</b>	<b>₱337,608</b>

If the combination had taken place at the beginning of the year, contributions to the consolidated revenue and consolidated net income would have an immaterial effect on the consolidated balances of the Group.

For the acquisition in December 2021, for purposes of the provisional purchase price allocation, the assets recognized in the December 31, 2021 consolidated financial statements were based on a provisional assessment of their fair values.

#### 14. Accounts Payable and Accrued Expenses

The details of this account follow:

	2021	2020
	<i>(In Thousands)</i>	
Accrued expenses		
Light and water	<b>₱89,492</b>	₱121,508
Professional and management fees	<b>40,039</b>	61,423
Commissions	<b>72,206</b>	47,597
Rent (Note 28)	<b>9,016</b>	3,107
Contracted services	<b>8,847</b>	19,564
Repairs and maintenance	<b>3,893</b>	13,017
Taxes and licenses	-	11,096
Others	<b>5,313</b>	8,061
	<b>228,806</b>	285,373
Trade payables	<b>786,164</b>	1,046,743
Nontrade payables (Note 13)	<b>333,219</b>	203,707
Retention payables (Note 13)	<b>30,000</b>	32,011
Provisions (Note 29)	<b>29,057</b>	34,192
Dividend payable	<b>1,720</b>	17,500
Others	<b>2,204</b>	33,595
	<b>₱1,411,170</b>	₱1,653,121

Nontrade payables includes current portion of installment payable amounting to ₱65.10 million (Note 13). It also includes taxes and other payables normally settled within one (1) year.

Movements in the unamortized discount of the Group's long-term nontrade payable as of December 31, 2021 follows:

	2021
	<i>(In Thousands)</i>
Balance at beginning of year	₱-
Additions during the year	<b>32,212</b>
Accretion for the year (Note 20)	<b>(558)</b>
Balance at end of year	<b>₱31,654</b>

Retention payable pertain to retentions from the contractors' progress billings which will be released after the expiration of the project's warranty period. The retention serves as security from the contractor should there be defects in the project.

Claims payables pertain to the estimated ultimate cost of incurred but not settled claims as at the reporting period.

The terms and conditions of the above payables are as follows:

- Trade payables are noninterest-bearing and are normally settled on thirty (30) days' term.
- Accrued payables are noninterest-bearing and are normally settled on sixty (60) days' term or due and demandable.
- All other payables are noninterest-bearing and have an average term of one (1) year.

Dividend payable pertains to the unpaid portion of dividend declared attributable to the non-controlling interest of Laguna Technopark, Inc.

## 15. Long-term Debt

The details of this account follow:

### Long-term debt

#### Parent Company

In 2021, the Parent Company availed loan from a local bank amounting to ₱1,290.00 with a term of 10 years and interest rate of 3.27% per annum subject to repricing per annum. The loans were used for working capital requirements. Transaction cost related to the loan amounted to ₱9.67 million.

#### Laguna Technopark, Inc. (LTI)

In 2021, LTI availed loan from a local bank amounting ₱690.00 million to with a term of 10 years and interest rate of 3.27% per annum subject to repricing per annum. The loans were used for working capital requirements. Transaction cost related to the loan amounted to ₱5.18 million.

The rollforward analysis of discount follows:

	<b>2021</b>
Balance at beginning of year	<b>₱-</b>
Additions	<b>14,850</b>
Discount amortization (Note 23)	<b>(147)</b>
Balance at end of year	<b>₱14,703</b>

Interest expense (Note 23) amounted to ₱6.20 million for the year ended December 31, 2021.

These loans require that the Group to comply with certain covenants including, among others, a bank debt to tangible net worth ratio of 3 is to 1 based on the latest audited financial statements of the Parent Company and Laguna Technopark, Inc. As of December 31, 2021, this ratio was complied with by the entities.

## 16. Rental and Other Deposits

The details of this account follow:

	December 31, 2021			December 31, 2020		
	Due within One Year	Beyond One Year	Total	Due within One Year	Beyond One Year	Total
	<i>(In Thousands)</i>					
Security deposits	₱239,149	₱231,511	₱470,660	₱363,325	₱107,795	₱471,120
Rental deposits	68,724	111,351	180,075	73,343	97,192	170,535
Construction bond	39,394	4,158	43,552	31,164	4,158	35,322
Customer deposits	9,427	-	9,427	17,194	-	17,194
Other deposits	13,349	4,887	18,236	7,506	1,278	8,784
	<b>₱370,043</b>	<b>₱351,907</b>	<b>₱721,950</b>	<b>₱492,532</b>	<b>₱210,423</b>	<b>₱702,955</b>

Tenants are required to post security deposits, which shall be refunded, without interest, within sixty (60) days after the expiration of the lease period, deducting the amount of damages to the leased premises, if any. Interest expense from accretion of security deposits amounted to ₱2.10 million, ₱2.10 million and ₱1.65 million for the years ended December 31, 2021, 2020 and 2019, respectively.

Security deposits also include deposits that may be refunded or applied to any outstanding account of the customers at the end of the retail electricity supply term. The duration of these deposits ranges from six months to three years.

Rental deposits are equivalent to tenant's three month's current rent and shall be increased annually or as is when the rental rate increases. These are paid upon signing of the contract of lease or possession of leased premises, whichever comes first and can be applied as payment for rent due for the last three months of the lease.

Construction bond is tenants' payments as security for repairs or any damaged caused to the Group's property arising out of or in connection to any loss, damage, or destruction to the leased premises as a result of the renovation or construction. The construction bond shall be equivalent to tenant's one month's minimum rent and can be applied as payment for outstanding accounts provided that they are in compliance with the construction guidelines and requirements imposed by the Group.

Customer deposits pertain to reservation deposits of the tenants which will form part of the payment of rent upon commencement of lease.

## 17. Equity

The details of the common shares of the Parent Company follows:

### 2021

	Number of Shares	Amount
Authorized, ₱1 par value	7,500,000,000	₱7,500,000,000
Issued	6,158,660,192	₱6,158,660,192
Subscribed	142,931,795	142,931,795
Less subscription receivables		106,274,191
Issued and outstanding		₱6,195,317,796

### 2020

	Number of Shares	Amount
Authorized, ₱1 par value	7,500,000,000	₱7,500,000,000
Issued	6,153,452,772	₱6,153,452,772

Add:				
Additional issuance	3,584,000	₱1.00/share	November 10, 2015	
Additional issuance	1,277,400	₱1.68/share	November 10, 2015	
Additional issuance	346,000	₱1.00/share	May 19, 1989	
December 31, 2021	6,158,660,172			740

#### Retained Earnings

Retained earnings also include undistributed net earnings amounting to ₱4,371.00 million and ₱3,751.00 million as of December 31, 2021 and 2020, respectively, representing accumulated equity in the net earnings of subsidiaries. These are not available for dividend distribution unless declared by the subsidiaries.

In 2020, Laguna Technopark, Inc., the Parent Company's subsidiary, declared cash dividends for a total amount of ₱350.00 million of which ₱17.50 million is attributable to non-controlling interest.

In 2021, URDC declared cash dividends amounting to ₱200 million and appropriated ₱720 million retained earnings for future expansion.

#### Shares held by a subsidiary

On June 27, 2017, OLI acquired 512,480,671 shares of the Parent Company with a cost of ₱1,255.58 million.

On September 9, 2019, OLI sold 215,090,031 shares of the Parent Company to Avida Land Corp. ("Avida"), a related party, with a cost of ₱484.54 million for a total consideration of ₱628.08 million. The realized gain on sale was recorded as additional paid-in capital.

On June 3, 2019, OLI sold 323,886,640 shares of the Parent Company to ALI, a related party with a cost of ₱794.49 million for a total consideration of ₱800.00 million. The realized gain on sale was recorded as additional paid-in capital.

On September 5, 2019, OLI subscribed to 49,444,216 shares of the Parent Company in cash amounting to ₱144.38 million. As of December 31, 2020, the listing of these shares are still pending with the Philippine Stock Exchange.

#### Capital Management

The primary objective of the Group's capital management is to optimize the use and earnings potential of the Group's resources and considering changes in economic conditions and the risk characteristics of the Group's activities.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes as at December 31, 2021 and 2020.

As at December 31, 2021 and 2020, the Group considers the following accounts as capital:

	2021	2020
	<i>(In Thousands)</i>	
Capital stock	₱6,195,318	₱6,184,835
Additional paid-in capital	6,012,271	6,007,133
	<b>₱12,207,589</b>	<b>₱12,191,968</b>

The Group is not subject to externally imposed capital requirements.

## 18. Related Party Transactions

Related party relationship exists when one party has the ability to control, directly or indirectly through one or more intermediaries, the other party or exercise significant influence over the other party in making financial and operating decisions. Such relationship also exists between and/or among entities, which are under common control with the reporting enterprises and its key management personnel, directors or its stockholders. In considering each related party relationship, attention is directed to the substance of the relationship, and not merely the legal form. The Group has an approval requirement and limits on the amount and extent on any related party transactions.

The Parent Company and its subsidiaries, in their normal course of business, have entered into transactions with related parties principally consisting of interest and noninterest-bearing advances with no fixed repayment terms and are due and demandable. These transactions are normally settled in cash.

The assessment of impairment is undertaken at each financial year-end by examining the financial position of the related parties and the market in which the related parties operate. As of December 31, 2021 and 2020, the Group has not recognized any impairment on its amounts owed by related parties.

Account balances with related parties, other than intra-group balances which were eliminated in consolidation, follows:

As at and for the year ended December 31, 2021

### *Amounts owed by related parties*

The following describes the nature of the material transactions of the Group with related parties as of December 31, 2021 and 2020:

- a. Amounts owed by ALI pertains to rental revenue collected by ALI on behalf of OLI.
- b. Amounts owed by related parties are short-term advances made by the Group with interest rate at 1.96% to 3.05 % per annum. Interest income attributable to intercompany loans amounted to ₱31.58 million and ₱32.27 million in 2021 and 2020, respectively.
- c. The Group entered into operating lease agreements with entities under common control or significant influence of the Ultimate Parent, on its investment property portfolio.
- d. The Group has entered into transactions with related parties consisting of advances and reimbursements of expenses. Services rendered to and received from related parties are made at normal market prices and normally settled in cash.
- e. The Group has cash advances to AG Counselors Corp. for the due diligence of a property in Cavite. As of December 31, 2021 and 2020, there was no unliquidated cash advances.
- f. The Group has engaged the services of MDC for the technical due diligence, land development of the property in Cavite, Pampanga and Laguindingan and construction of a facility in Laguna. As of December 31, 2021 and 2020, the total payable to MDC amounted to ₱400.97 million and ₱261.02 million, respectively.
- g. MDC Build Plus is the contractor of the Group's Standard Factory Building 2 in Phase 7, Laguna Technopark. As of December 31, 2021 and 2020, the retention payable of the Group amounted to nil.
- h. Payable to ALI pertains to management fees. This is due and demandable and noninterest bearing.
- i. On August 2, 2020, the Group, through LTI, executed a Deed of Absolute Sale with AC for the purchase of the 624,382 sqm lot located in Laguindingan, Misamis Oriental intended for the currently being developed Laguindingan Technopark project amounting to ₱299.08 million. The 50% of the total purchase price has already been paid in 2020 resulting to a ₱149.54 million payable to AC as of December 31, 2021.

Other transactions with related parties include the following:

- OLI's acquisition of land from Avida (see Note 28).
- The Parent Company entered into a service agreement with Ayalaland Malls, Inc. to provide specialized jobs/services/work to the Group. The term of the agreement shall be 3 years starting November 1, 2016 until October 31, 2019. The service fees arising from the agreement amounted to nil, ₱0.59 million and ₱4.05 million, for the years ended December 31, 2021, 2020 and 2019, respectively.
- The Parent Company, TPI and OLI entered into a master service agreement with Aprisa Business Process Solutions, Inc. to provide data processing services. The agreement is effective from January 1, 2021 until December 31, 2021. The total service fees arising from these agreements amounted to ₱2.80 million and ₱1.96 million, for the years ended December 31, 2021 and 2020, respectively.
- In 2021 and 2020, EPMI recognized sale of electricity to related parties amounting to ₱414.39 million and ₱413.58 million, respectively (see Note 27).

In 2019, the Group wrote-off amounts owed by related parties amounting to ₱0.33 million presented as "Write off and other charges" in the consolidated statement of income.

*Compensation of key management personnel*

The key management personnel of the Group are employees of ALI. As such, the compensation of the said employees is paid by ALI, the necessary disclosures required by PAS 24, *Related Party Disclosure* are included in the financial statements of ALI. Compensation for said employees are billed to the Group and form part of systems cost. Systems cost billed to the Group amounted to ₱44.12 million, ₱47.88 million and ₱53.28 million in 2021, 2020 and 2019, respectively.

Shares Held by a Subsidiary

On June 27, 2017, OLI acquired 512,480,671 shares of the Parent Company with a cost of ₱1,255.58 million.

On September 9, 2019, OLI sold 215,090,031 shares of the Parent Company to Avida Land Corp. (“Avida”), a related party, with a cost of ₱484.54 million for a total consideration of ₱628.08 million. The realized gain on sale was recorded as additional paid-in capital.

On June 3, 2019, OLI sold 323,886,640 shares of the Parent Company to ALI, a related party with a cost of ₱794.49 million for a total consideration of ₱800.00 million. The realized gain on sale was recorded as additional paid-in capital.

On September 5, 2019, OLI subscribed to 49,444,216 shares of the Parent Company in cash amounting to ₱144.38 million. As of December 31, 2021, the listing of these shares is still pending with the Philippine Stock Exchange.

These are presented as Shares held by a subsidiary in the consolidated statements of financial position and statements of changes in equity as at December 31, 2021.

---

**19. Subscription Payable**

As at December 31, 2021 and 2020, the Parent Company has unpaid subscription in Cyber Bay amounting to ₱481.68 million, which is presented as “Subscriptions Payable” in the consolidated statements of financial position. The movement in investment in Cyber Bay under “Financial assets at fair value through other comprehensive income” follows:

	2021	2020
	<i>(In Thousands)</i>	
Beginning balance	₱458,074	₱527,479
Changes in fair value	(458,074)	(69,405)
	₱-	₱458,074

Equity securities include 1,388,101,405 shares of Cyber Bay valued at nil and ₱458.07 million in 2021 and 2020, respectively (see Note 7). In 2021, the shares of Cyber Bay were suspended from trading for an indefinite period and the investment in Cyber Bay was revalued based on net asset values as of reporting date.

*Status of operations of Cyber Bay Corporation*

On April 25, 1995, Central Bay, a wholly-owned subsidiary of Cyber Bay, entered into a Joint Venture Agreement with the Philippine Reclamation Authority (PRA; formerly Public Estates Authority) for the complete and entire reclamation and horizontal development of a portion of the Manila-Cavite Coastal Road and Reclamation Project (the Project) consisting of three partially reclaimed and substantially eroded islands (the Three Islands) along Emilio Aguinaldo Boulevard in Parañaque and Las Piñas, Metro Manila, with a combined total area of 157.8 hectares, another area of 242.2 hectares contiguous to the Three Islands and, at Central Bay’s option as approved by the PRA, an additional 350 hectares, more or less, to regularize the configuration of the reclaimed area.

On March 30, 1999, the PRA and Central Bay executed an Amended Joint Venture Agreement (AJVA) to enhance the Philippine Government's share and benefits from the Project which was approved by the Office of the President of the Philippines on May 28, 1999.

On July 9, 2002, the Supreme Court (SC) (in the case entitled "Francisco Chavez vs. Amari Coastal Bay and Reclamation Corp.") issued a ruling declaring the AJVA null and void.

Accordingly, PRA and Central Bay were permanently enjoined from implementing the AJVA. On July 26, 2002, Central Bay filed a Motion for Reconsideration (MR) of said SC decision. On May 6, 2003, the SC En Banc denied with finality Central Bay's MR. On May 15, 2003, Central Bay filed a Motion for Leave to Admit Second MR. In an En Banc Resolution of the SC dated July 8, 2003, the SC resolved to admit the Second MR of Central Bay.

On November 11, 2003, the SC rendered a 7-7 split decision on Central Bay's Second MR. Because of the new issues raised in the SC's latest resolution that were never tried or heard in the case, Central Bay was constrained to file on December 5, 2003 a Motion for Re-deliberation of the SC's latest resolution which motion was denied with finality by the SC. With the nullification of the AJVA, Central Bay has suspended all Project operations.

On August 10, 2007, in view of the failure by the PRA to comply with its obligations and representations under the AJVA, Cyber Bay and Central Bay have filed their claims for reimbursement of Project expenses in the amount of ₱10.2 billion with the PRA. Cyber Bay and Central Bay provided the PRA with the summary and details of their claims on September 5, 2007.

On July 15, 2008, Cyber Bay sent a follow-up letter to the PRA.

On November 20, 2009, the Cyber Bay sent a letter to the PRA for the payment of approximately ₱13.4 billion. This amount represents all costs, losses, liabilities, and expenses incurred by Central Bay computed as of September 2009 pursuant to the Amended JVA.

In a letter dated February 8, 2010, the PRA, through its former General Manager and CEO, Andrea D. Domingo, acknowledged that of the claims for reimbursement made by Central Bay, PRA was able to verify the total amount of ₱1,004.44 million as the amount due for reimbursement and PRA did not, at that time, find any sufficient basis for the payment of Central Bay's other claims including cost of money, reimbursement of professional and legal fees, interest and bank charges on loan, foreign exchange losses on loans, pre-operating and operating expenses, input tax, and documentary stamp tax. Central Bay then conducted a more thorough internal review of pertinent documents and re-computation of its claims vis-a-vis the findings of PRA.

Thus, on December 13, 2010, Central Bay filed a Petition with the COA to claim for reimbursement with the revised amount due totaling ₱11,528.57 million (down from the initial claim of ₱13,386.97 million) and not merely ₱1,004.44 million as initially determined by the PRA. Considering that PRA has already validated and acknowledged Central Bay's claim for reimbursement in the amount of ₱1,004.44 million, the only issue submitted to the COA is whether or not the other claims of Central Bay which were initially found by PRA to be without sufficient basis are likewise rightful items for reimbursement in light of recognized government accounting standards.

The money claim of ₱1,027.00 million shall be settled through a conveyance of a portion of the PRA reclaimed land to Central Bay's qualified assignee, as previously approved by the stockholders of the Company during its annual stockholders' meeting held on December 22, 2015.

Central Bay and the PRA, as assisted by the Office of the Government Corporate Counsel (OGCC), entered into a Compromise Agreement with the PRA dated October 14, 2016. The Compromise Agreement shall take force and effect upon approval by the Commission on Audit (COA) and the issuance of the COA of an Order of Judgment to dismiss the money claim of Central Bay in the case docketed as COA CP Case No. 2010-350 and shall bar any future claims arising from or in connection with the Amended Joint Venture Agreement dated 30 March 1999.

On November 11, 2016, Central Bay and PRA filed a Joint Motion for Judgment based on the Compromise Agreement before the COA to seek its approval.

On May 23, 2019, the COA rendered a decision rendering the Compromise Agreement as null and void, and partially granting Central Bay's money claims in the total amount of ₱714.94 million (Decision). A Motion for Reconsideration on the Decision was filed with the COA on 25 July 2019.

On July 30, 2020, Central Bay, the wholly owned subsidiary of Cyber Bay, received a notice dated June 8, 2020, that the COA En Banc issued a resolution on January 21, 2020 to deny its Motion for Reconsideration (MR). The MR was filed by Central Bay on July 25, 2019 on the decision declaring the Compromise Agreement with the Philippine Reclamation Authority invalid, and partially granted Central Bay's money claim in the total amount of ₱714.94 million.

On August 19, 2020, Central Bay filed a Petition for Certiorari with G.R No. 252940 to the Supreme Court of the Philippines praying that the COA En Banc resolution be reversed and set aside and that the Compromise Agreement dated October 14, 2016 be approved and adopted.

On September 8, 2020, the Supreme Court En Banc required COA and PRA to comment to the Petition for Certiorari. As at February 22, 2022, Central Bay has yet to receive any submission from COA and PRA.

Equity securities include 1,388,101,405 shares of Cyber Bay valued at nil and ₱458.07 million in 2021 and 2020, respectively (see Note 7). In 2021, the shares of Cyber Bay were suspended from trading for an indefinite period and the investment in Cyber Bay was revalued based on net asset values as of reporting date.

## 20. Operating Expenses

The details of this account follow:

	2021	2020	2019
		<i>(In Thousands)</i>	
Personnel expenses (Notes 21)	<b>₱55,943</b>	₱51,970	₱41,199
Systems costs (Note 17)	<b>44,120</b>	47,877	53,283

	<b>75,806</b>	104,755	50,236
	<b>(₱24,316)</b>	(₱67,990)	₱3,264

#### *Other income*

Other income, net of other charges, includes collection of forfeited deposits and penalty charges, proceeds from disposal of property and equipment and FVOCI, scraps, reversal of accruals and impairment losses and excess CUSA recoveries.

### 24. Retirement Benefits Liability

The Group has a funded, noncontributory retirement plan covering all its regular employees. The plan provides for retirement, separation, disability and death benefits to its members. The normal retirement benefit is based on a percentage of the employees' final monthly salary for every year of credited service.

The latest independent actuarial valuation dated February 10, 2022 was determined using the projected unit credit method in accordance with PAS 19 (R).

The following tables summarize the funded status and amounts recognized in the consolidated statements of financial position, and the components of the net retirement benefit costs recognized in the consolidated statements of income for the retirement plan:

	2021	2020
	<i>(In Thousands)</i>	
Retirement benefits asset:		
Present value of obligation (PVO)	<b>₱8,800</b>	₱13,014
Fair value of plan assets	<b>(20,622)</b>	(22,708)
Overfunded obligation	<b>(₱11,822)</b>	(₱9,694)

	2021	2020	2019
	<i>(In Thousands)</i>		
Retirement benefits costs:			
Current service cost (Note 21)	<b>₱4,136</b>	₱1,367	₱979
Interest cost (income) - net (Note 23)	<b>(96)</b>	(654)	(1,370)
	<b>₱4,040</b>	₱713	(₱391)

Movements in the retirement benefits asset follow:

	2021	2020
	<i>(In Thousands)</i>	
Balances at beginning of year	<b>(₱9,694)</b>	(₱11,767)
Retirement benefits costs	<b>4,040</b>	713
Actuarial loss	<b>(1,770)</b>	1,360
Benefits paid out of own plan	<b>(4,398)</b>	-
Balances at end of year	<b>(₱11,822)</b>	(₱9,694)

Changes in the PVO follows:

	2021	2020
	<i>(In Thousands)</i>	
Balances at beginning of year	<b>₱13,014</b>	₱8,620
Current service cost	<b>4,136</b>	1,367
Interest cost	<b>352</b>	293
Benefits paid	<b>(4,398)</b>	-
Actuarial loss	<b>(4,304)</b>	2,734
Balances at end of year	<b>₱8,800</b>	₱13,014

Changes in fair value of plan assets follows:

	2021	2020
	<i>(In Thousands)</i>	
Balances at beginning of year	<b>₱22,708</b>	₱20,386
Interest income	<b>448</b>	947
Actuarial gain (loss) on plan assets	<b>(2,534)</b>	1,375
Balances at end of year	<b>₱20,622</b>	₱22,708

Changes in remeasurement of retirement benefit plan under other comprehensive income follows:

	2021	2020
	<i>(In Thousands)</i>	
Balances at beginning of year	<b>₱51,458</b>	₱50,507
Impact of CREATE	<b>1,362</b>	-
Actuarial loss (gain) on:		
Return loss (gain) on plan assets	<b>1,900</b>	(963)
Remeasurement loss due to liability assumption changes – economic	<b>(2,222)</b>	929
Remeasurement loss due to liability experience	<b>(1,006)</b>	183
Remeasurement loss (gain) due to liability assumption changes—demographic	<b>-</b>	802
Balances at end of year	<b>₱51,492</b>	₱51,458

The categories of plan assets as a percentage of fair value of the total plan assets follows:

	2021	2020
Cash	0.41%	2.05%
Fixed income	99.73%	97.94%
Others	0.14%	0.01%
	<b>100.00%</b>	<b>100.00%</b>

The plan assets are invested in different financial instruments and do not have any concentration risk. The asset allocation of the plan is set and reviewed from time to time by the Trustee taking into account the membership profile and the liquidity requirements of the plan. This also considers the expected benefit cash flows to be matched with asset durations.

As at December 31, 2021 and 2020, the plan assets do not include any debt or equity instruments nor any property occupied, or other assets of the Group's related parties.

In 2022, the Group expects to contribute to the retirement plan amounting to ₱3.77 million.

The principal assumptions used to determine pension for the Group are as follows:

	2021	2020	2019
Discount rates	4.99% to 5.12%	3.79% to 3.99%	5.15% to 7.40%
Salary increase rate	5.00 to 7.00%	5.00 to 6.00%	5.00% to 7.00%

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the defined benefit obligation as of the end of the reporting period, assuming if all other assumptions were held constant:

	Increase (decrease) in significant assumptions	Increase (decrease) in defined benefit obligation <i>(in thousands)</i>
<b>December 31, 2021</b>		
<b>Discount rate</b>	<b>+1%</b> <b>(1%)</b>	<b>₱7,779</b> <b>9,781</b>
<b>Future salary increases</b>	<b>+1%</b> <b>(1%)</b>	<b>9,819</b> <b>7,730</b>
<b>December 31, 2020</b>		
Discount rate	+1% (1%)	₱9,193 11,907
Future salary increases	+1% (1%)	11,933 9,120

It should be noted that the changes assumed to be reasonably possible at the valuation date are open to subjectivity, and do not consider more complex scenarios in which change other than those assumed may be deemed to be more reasonable.

The following table shows the maturity profile of the Group's defined benefit obligation based on undiscounted benefit payments:

	2021	2020
	<i>(In Thousands)</i>	
Less than 1 year	<b>₱128</b>	₱194
More than 1 year to 5 years	<b>4,445</b>	1,163
More than 5 years to 10 years	<b>9,221</b>	11,366
More than 10 years to 15 years	<b>6,067</b>	8,011
More than 15 years to 20 years	<b>15,195</b>	16,338
More than 20 years	<b>39,598</b>	40,329

The average duration of the defined benefit obligation is 20.48 to 24.00 years and 17.08 to 24.00 years in 2021 and 2020, respectively.

## 25. Income Tax

The details of provision for income tax follow:

	2021	2020	2019
	<i>(In Thousands)</i>		
Current	<b>₱127,793</b>	₱169,623	₱183,462
Final	<b>321</b>	736	993
Deferred	<b>(48,105)</b>	(39,335)	(64,582)
	<b>₱80,009</b>	₱131,024	₱119,873

### Registration with the Philippine Economic Zone Authority (PEZA) and Board of Investments (BOI) Incentives

#### *LTI*

On October 17, 1991, PEZA approved the registration of LTI as a non-pioneer "ecozone developer/operator" of Laguna Technopark Special Economic Zone in Biñan, Laguna. On July 13, 2016, PEZA approved the registration of the LTI as an "ecozone developer/operator" of Cavite Technopark Special Economic Zone in Naic, Cavite.

As a registered ecozone enterprise, LTI is entitled to establish, develop, construct, administer, manage and operate a special export processing zone in accordance with the terms and conditions in the Registration Agreement with PEZA.

LTI pays income tax at the special tax rate of 5% on its gross income earned from sources with the PEZA economic zone in lieu of paying all national and local income taxes. Gross income earned refers to gross sales or gross revenues derived from any business activity, net of returns, and allowances, less cost of sales or direct costs but before any deduction is made for administrative expenses or incidental losses. Income generated from sources outside of the PEZA economic zone shall be subject to regular internal revenue taxes.

#### *URDC*

The Board of Investments issued a certificate of registration dated December 6, 2019 to URDC in accordance with the existing Omnibus Investment Code. The project located in Mabalacat, Pampanga has been granted an Income Tax Holiday (ITH) for a period of four (4) years from the date of commercial operations.

The reconciliation of the statutory income tax rates to the effective income tax rates follows:

	2021	2020	2019
At statutory tax rates	25.0%	30.0%	30.0%
Additions to (reductions in) income taxes resulting from:			
Movements in unrecognized deferred income tax assets	0.6	(6.2)	5.4
Income subject to lower income tax and BOI registered-activities	(26.4)	-	-
Effect of change in tax rate	(2.8)	-	-
Expired NOLCO	-	(0.8)	0.2
Interest income already subjected to final taxes	-	-	0.2
Nondeductible expenses	1.7	3.1	2.3
Provision for impairment losses	1.0	1.3	-
Other nontaxable income	(0.8)	(0.2)	-
At effective tax rates	(1.7%)	22.9%	30.5%

The weighted average of statutory tax rate was 25% in 2021 (2020: 30%; 2019:30%).

Recognized deferred taxes of the Group relate to the tax effects of the following:

	2021	2020
	<i>(In Thousands)</i>	
Deferred income tax asset on:		
Lease liabilities	P525,483	P526,114
Allowance for impairment losses on receivables	35,613	39,220
NOLCO	20,779	-
Remeasurement loss on retirement benefits liability	1,351	380
Others	21,945	30,626
	605,171	596,340
Deferred income tax liability on:		
Right-of-use asset	(358,718)	(378,571)
Revaluation reserve on investment properties	(121,063)	(134,563)
Recovery on insurance	(98,382)	(98,382)
Accrued rent income	(32,921)	(24,749)
Undepreciated capitalized interest	(6,466)	(6,466)
Pension assets	(3,200)	(2,290)
Unrealized gain on valuation of FVOCI	(3,156)	-
Remeasurement gain on retirement	(2,242)	(3,306)
Unrealized gain on foreign exchange	(883)	(1,137)
Others	(668)	-
	(627,699)	(649,464)
	(P22,528)	(P53,124)

Deferred tax assets and deferred tax liabilities are offset on per entity level and the net amount is reported in consolidated statement of financial position as follows:

*Deferred income tax assets – net*

	2021	2020

Republic Act (RA) No.10963 or the Tax Reform for Acceleration and Inclusion Act (TRAIN) was signed into law on December 19, 2017 and took effect January 1, 2018, making the new tax law enacted as of the reporting date. Although the TRAIN changes existing tax law and includes several provisions that will generally affect businesses on a prospective basis, the management assessed that the same will not have any significant impact on the financial statement balances as of the reporting date.

*Corporate Recovery and Tax Incentives for Enterprises Act” or “CREATE”*

President Rodrigo Duterte signed into law on March 26, 2021 the Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act to attract more investments and maintain fiscal prudence and stability in the Philippines. Republic Act (RA) 11534 or the CREATE Act introduces reforms to the corporate income tax and incentives systems. It takes effect 15 days after its complete publication in the Official Gazette or in a newspaper of general circulation or April 11, 2021.

The following are the key changes to the Philippine tax law pursuant to the CREATE Act which have an impact on the Group:

- Effective July 1, 2020, regular corporate income tax (RCIT) rate is reduced from 30% to 25% for domestic and resident foreign corporation. For domestic corporation with net taxable income not exceeding ₱5.00 million and with total assets not exceeding ₱100.00 million (excluding land on which the business entity's office, plant and equipment are situated) during the taxable year, the RCIT rate is reduced to 20%.
- Minimum corporate income tax (MCIT) rate reduced from 2% to 1% of gross income effective July 1, 2020 to June 30, 2023.
- Imposition of improperly accumulated earnings tax (IAET) is repealed.

Deferred income tax assets are recognized only to the extent that taxable income will be available against which the deferred income tax assets can be used. The Group reassesses the unrecognized deferred income tax assets on the following deductible temporary differences, NOLCO and MCIT and recognizes the previously unrecognized deferred income tax assets to the extent that it has become probable that future taxable income would allow the deferred income tax assets to be recovered.

	2021	2020
	<i>(In Thousands)</i>	
NOLCO	<b>₱94,632</b>	₱91,607
Allowance for impairment losses on receivables, other current assets, inventories and others	<b>335,172</b>	228,491
MCIT	<b>1,462</b>	1,894

The Parent Company has incurred NOLCO before taxable year 2021 which can be claimed as deduction from the regular taxable income for the next three (3) to five (5) consecutive taxable years, as follows:

Year Incurred	Availment Period	Amount	NOLCO Applied Previous Year/s	NOLCO Expired	NOLCO Applied Current Year	NOLCO Unapplied
2019	2020-2022	₱7,839	₱-	₱-	₱-	₱7,839
2020	2021-2025	49,157	-	-	-	49,157

*Lot sales*

	<b>2021</b>	2020
	<i>(In Thousands)</i>	
Pampanga	<b>₱1,536,839</b>	₱783,650
Cavite	<b>484,596</b>	320,921
Laguindingan	<b>28,941</b>	162,872
Laguna	<b>2,483</b>	8,068
	<b>₱2,052,859</b>	₱1,275,511

Business Segments

The Group's operating businesses are organized and managed separately according to the nature of services provided and the different markets served, with each segment representing a strategic business unit.

The industry segments where the Parent Company and its subsidiaries operate are as follows:

- Holding Company
- Real estate - commercial leasing and industrial lot sales and development
- Cold storage operations
- Retail electricity supply

The amount of segment assets and liabilities are based on measurement principles that are similar with those used in measuring assets and liabilities in the consolidated statements of financial position which is in accordance with PFRS.

Financial information about the operations of these business segments is summarized as follows:

**December 31, 2021**

	Holding Company	Real Estate and Property Development	Retail and Electricity Supply	Cold Storage Operations	Others	Total	Elimination	Total

### Group as Lessee

#### *TPI*

On August 28, 1990, TPI, through a Deed of Assignment, acquired all the rights, titles, interests and obligations of Gotesco Investment, Inc. on a contract of lease of the land owned by PNR for the Tutuban Terminal and where TPI's mall is located. The contract provided for a payment of a guaranteed minimum annual rental, 12% escalation rate every two (2) years, additional P10 million every two (2) years, plus a certain percentage of gross sales. The lease covers a period of twenty-five (25) years until 2014 and is automatically renewable for another twenty-five (25) years, subject to compliance with the terms and conditions of the lease agreement.

On December 22, 2009, TPI renewed its lease contract with PNR for another twenty-five (25) years beginning September 5, 2014, the end of the original lease agreement.

*LTI*

On August 7, 2017, LTI entered into a Contract of Lease with ALI to lease a parcel of land located in Brgy. Loma, Biñan, Laguna with an area of approximately 54,190 square meters (sqm) primarily for the construction, development and operation of Standard Factory Buildings (SFBs).

The contract provided for a payment of a guaranteed minimum monthly rental with a 10% escalation rate every five (5) years. The lease covers a period of twenty-five (25) years until December 31, 2041 and is renewable, subject to the mutual agreement of the parties and to compliance with the terms and conditions of the lease agreement.

On September 22, 2017, LTI entered into a Contract of Lease with Nuevocentro, Inc., a related party, to lease parcels of land located at the Alviera Industrial Park, Barangay Dolores and Banaba, Porac, Pampanga, with an area of approximately 27,469 sqm primarily for the construction, development and operation of SFBs.

The contract provided for a payment of a guaranteed minimum monthly rental with a 10% escalation rate every five (5) years. The lease covers a period of thirty (30) years until October 31, 2047 and is renewable for another ten (10) years, subject to the mutual agreement of the parties and to compliance with the terms and conditions of the lease agreement.

On November 7, 2017, LTI entered into a Contract of Lease with Alveo Land, Corp., a related party, to lease a parcel of land located in Biñan, Laguna with an area of approximately 82,690 sqm primarily for the construction, development and operation of SFBs.

The contract provided for a payment of a guaranteed minimum monthly rental with a 10% escalation rate every five (5) years. The lease covers a period of twenty-five (25) years until December 31, 2041 and is renewable, subject to the mutual agreement of the parties and to compliance with the terms and conditions of the lease agreement.

On August 1, 2019, LTI entered into a Contract of Lease with Nuevocentro, Inc. to lease a parcel of land located at the Alviera Industrial Park, Barangay Dolores and Banaba, Porac, Pampanga, with an area of approximately 14,163 sqm primarily for the construction, development and operation of SFBs.

The contract provided for a payment of a guaranteed minimum monthly rental with a 10% escalation rate every five (5) years. The lease covers a period of twenty-nine (29) years until October 31, 2047 and is renewable for another ten (10) years, subject to the mutual agreement of the parties and to compliance with the terms and conditions of the lease agreement.

*OLI*

OLI, by Assignment of Lease executed between ALI and Avida Land Corporation on November 29, 2017, assumed a lease agreement with Avida to lease a land located along National Road, Muntinlupa City with an area of approximately 19,311 square meters (sqm) for the construction, development and operation thereon of a commercial retail development for a period of 50 years.

The lease agreement provides for a rental fee equivalent to 1.50% and 1.00% of gross rental income which will be paid on a monthly basis for the first three years for the retail mall portion and office portion. The rates will increase to 8.60% and 4.50% on the fourth year which will be applicable onwards.

On July 5, 2019, Avida Land, Corp. sold to Orion Land, Inc. (OLI) the parcel of land, previously being leased by OLI where the South Park Mall is located in Muntinlupa City, with a purchase price of ₱772.44 million of which ₱10.00 million was paid during the execution date and the remaining ₱607.95 million and ₱154.49 million after six and twelve months, respectively.

#### *Parent Company*

On July 1, 2020, the Parent Company entered into a Contract of Lease with ALI Commercial Logistics Holdings Corporation to lease a building space located at Glorietta 5 Ayala Avenue, Makati with an area of approximately 317.85 sqm primarily for administrative use of the Company. The contract provided for a payment of a guaranteed fixed monthly rental of ₱500 per sqm. The lease covers period covers from July 1, 2020 to December 31, 2023.

#### Group as a Lessor

The Group has entered into commercial property leases on its buildings. These leases have remaining terms of one (1) year to less than five (5) years except for one (1) tenant with lease term of fifteen (15) years. Renewals are subject to the mutual consent of the lessor and the lessee.

Tenants are required to post security deposits, which shall be refunded, without interest, within sixty (60) days after the expiration of the lease period, deducting the amount of damages to the leased premises, if any. The discounted amount of noncurrent security deposits amounted to ₱231.51 million and ₱107.80 million as at December 31, 2021 and 2020, respectively (See Note 15).

Accretion of interest amounted to nil, ₱2.10 million and ₱1.65 million for the years ended December 31, 2021, 2020 and 2019, respectively. The net present value of the Group's security deposits were determined using discount rates ranging from 1.65% to 4.82% and 3.99% to 7.22% as of December 31, 2021 and 2020, respectively.

The Group recognized gross CUSA and air-conditioning charges under "Other" revenue amounting to ₱299.96 million as of December 31, 2021.

The Group recognized deferred rent income amounting to ₱15.54 million and ₱22.13 million as of December 31, 2021 and 2020, respectively, of which the current portion amounted to ₱10.65 million and ₱15.60 million as of December 31, 2021 and 2020, respectively, and noncurrent portion amounted ₱4.89 million and ₱6.54 million as at December 31, 2021 and 2020.

As of December 31, 2021 and 2020, future minimum rentals receivable under non-cancellable operating leases of the Group follows (amounts in thousands):

	<b>2021</b>	<b>2020</b>
Less than one (1) year	<b>₱680,587</b>	₱718,899
More than one (1) year but not more than five (5) years	<b>1,961,820</b>	3,276,534
More than five (5) years	<b>2,598,820</b>	975,498
	<b>5,241,227</b>	₱4,970,931

---

## **29. Provisions and Contingencies**

The Group, in the ordinary course of business, is involved in various legal proceedings and assessments that are either pending decision by the courts or under negotiation. Management and its legal counsels believe that the eventual outcome of these lawsuits or claims will not have a material effect on the consolidated financial statements. It is possible, however, that future results of operations could be materially affected by changes in the estimates or in the effectiveness of the strategies relating to these proceedings.

The rollforward of the provisions follows:

	2021	2020
	<i>(In Thousands)</i>	
Beginning balance	P34,192	P254,196
Provisions	-	5,000
Reversals	(5,135)	(31,000)
Settlement	-	(194,004)
	<b>P29,057</b>	<b>P34,192</b>

The information normally required under PAS 37, *Provisions, Contingent Liabilities and Contingent Assets*, is not disclosed as it may prejudice the outcome of the proceedings.

### 30. Share-based Payments

In 2015, the Group introduced the ESOWN Plan (the Plan) wherein grantees (employees within ALLHC Group) may subscribe in whole or in part to the shares awarded to them based on a discounted market price, but in no case lower than the par value, that was determined at grant date. The grantees will pay for the shares subscribed through installments over a maximum period of ten (10) years. To subscribe, the grantee must be an employee, officer or director of the Group as of June 30, 2015. In case the grantee resigns, unsubscribed shares are cancelled and returned to the plan pool, while the subscription payments may be converted into the equivalent number of shares. In case the grantee is separated, not for cause, but through retrenchment and redundancy, subscribed shares may be paid in full, unsubscribed shares may be subscribed, or payments may be converted into the equivalent number of shares. In case the grantee retires, the grantee may subscribe to the unsubscribed shares anytime within the ten (10)-year period. The plan does not allow sale or assignment of the shares.

The BOD of ALLHC approved the allocation of 32 million shares (first tranche) for ESOWN plan which will be taken from the remaining unissued shares (with grant date in 2016) and the increase in authorized of stock of ALLHC, which was approved by the SEC in July 2016 as discussed in Note 16.

In 2017, notice of grant for the 218 million shares (second tranche of ESOWN plan) was issued to employees for the right to subscribe to the common shares of ALLHC at P1.68 per share.

The availment period for the first tranche and for the second tranche of ESOWN plan is within 30 days from employees' receipt of notice of grant and within 30 days after one year from employees' receipt of notice of grant, respectively.

The fair values of these options are estimated on the date of grant using the Cox-Ross-Rubenstein option pricing model.

The assumptions used to determine the fair value of the stock options are as follows:

	December 31, 2017
Share price at date of grant	P2.12
Risk free interest rate	5.6818%
Annualized volatility	49.68%
Annual dividend yield	0%
Exit rates	
Termination for cause	0%
Voluntary Resignation	0%
Involuntary Separation	7.29%

ESOWN availment in 2018 resulted in increase in capital stock and additional paid-in capital of P6.91 million and P25.17 million, respectively.

### 31. Financial Instruments

#### Fair Value Information

The following tables set forth the carrying values and estimated fair values of the Group's financial assets and liabilities recognized as of December 31, 2021 and 2020:

	December 31, 2021		December 31, 2020	
	Carrying Value	Fair Value	Carrying Value	Fair Value
		<i>(In Thousands)</i>		
<b>Financial Assets at FVPL</b>	<b>₱4,801</b>	<b>₱4,801</b>	₱4,741	₱4,741
<b>Financial Assets at FVOCI</b>				
Quoted equity securities	49,568	49,568	505,912	505,912
Quoted debt securities	94,691	94,691	100,518	100,518
<b>Refundable Deposits</b>	<b>76,552</b>	<b>76,552</b>	76,134	76,134
<b>Receivables – net of current portion</b>	<b>1,128,026</b>	<b>1,115,531</b>	728,538	672,388
	<b>₱1,353,638</b>	<b>₱1,341,143</b>	₱1,415,843	₱1,359,693
<b>Other Financial Liabilities</b>				
Rental and other deposits	₱721,950	₱723,368	₱702,955	₱686,262
Long term debt	1,965,297	1,766,104	–	–
Subscription payable	481,675	481,675	481,675	481,675
	<b>₱3,168,922</b>	<b>₱2,971,147</b>	₱1,184,630	₱1,167,937

The following method and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate such values at December 31, 2021 and 2020 are set out below:

#### *Cash and Cash Equivalents*

The carrying amount of cash and cash equivalents approximates its fair values due to the short-term maturity of this financial instrument.

#### *Receivables - current, Accounts Payable and Accrued Expenses and Amounts owed to and by Related Parties*

The carrying amounts of the current portion of receivables, accounts payable and accrued expenses and amounts owed by related parties approximate their fair values due to their short-term nature.

#### *Refundable Deposits under Other noncurrent assets and Rental and Other Deposits*

The carrying amounts of current portion of rental and other deposits approximates its fair value due to the short-term maturity of this financial instrument. The fair values of noncurrent security deposit recorded under 'Rental and other deposits' and refundable deposits recorded under 'Other noncurrent assets' are determined by discounting future cash flows using the applicable rates of similar types of instruments.

#### *Long term debt*

The fair values of long-term debt are estimated using the discounted cash flow methodology using the Group's current incremental borrowing rates and current yield rates for similar borrowings with maturities consistent with those of the liabilities being valued. The discount rates used ranged from 1.02% to 5.09%.

#### *Financial Assets at FVOCI*

Except for Investment in Cyber Bay equity securities, equity financial assets that are listed are based on their quoted prices published in markets as at December 31, 2021 and 2020. Debt financial assets that are quoted are based on published market prices as at December 31, 2021 and 2020. The fair value of investment in Cyber Bay equity securities is based on the investee's underlying Net Asset Value ("NAV") as of December 31, 2021.

### *Financial Assets at FVPL*

Listed equity securities designated as financial assets at FVPL are based on their quoted prices as at December 31, 2021 and 2020. The fair value of the UITF has been determined based on the net asset values as of reporting date, based on the nature and level of adjustments needed to be made to the NAV and the level of trading in the money market UITF.

### Fair Value Hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation technique:

Quoted FVOCI financial assets amounting to ₱144.26 million and ₱606.43 million as of December 31, 2021 and 2020, respectively, were classified under Level 1. In 2021, investment in Cyber Bay shares were reclassified from Level 1 to Level 3 due to the suspension of trading of these shares.

FVPL amounting to ₱4.80 million and ₱4.74 million as of December 31, 2021, and 2020, respectively were classified under Level 1.

The fair value disclosure of rental and other deposits and refundable deposits as of December 31, 2021, and 2020, were classified under Level 3.

There have been no reclassifications from Level 1 to Level 2 categories in 2021 and 2020.

### Financial Risk Management Objectives, Policies and Capital Management

The Group has various financial instruments such as cash and cash equivalents, receivables, amounts owed by/to related parties, financial assets at FVOCI, FVPL investments, deposits under other noncurrent assets, accounts payable and accrued expenses, rental and other deposits, long term debt and subscriptions payable. The main purpose of these financial instruments is to raise funds and maintain continuity of funding and financial flexibility for the Group. The Group has other financial liabilities such as accounts payable and accrued expenses and rental and other deposits, which arise directly from its operations.

The main risks from the use of financial instruments are liquidity risk, credit risk and equity price risk. The Group's BOD reviews and approves policies for managing these risks as summarized below.

### *Liquidity Risk*

Liquidity risk arises when there is a shortage of funds and the Group as a consequence could not meet its maturing obligations.

In the management of liquidity, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The tables below summarize the maturity profile of the Group's financial liabilities as at December 31, 2021 and 2020 based on contractual undiscounted payments:

### **December 31, 2021**

	On demand	Less than 3 months	3 to 6 months	6 to 12 months	Over 1 year	Total
<i>(In Thousands)</i>						
Accounts payable and accrued expenses	₱1,106,517	₱85,922	₱-	₱122,997	₱95,673	₱1,411,109
Lease liabilities	-	-	-	221,072	1,549,509	1,770,581
Subscription payable	481,675	-	-	-	-	481,675
Rental and other deposits	280,927	19,151	22,089	47,876	351,907	721,950
Long term debt and interest payable	6,205	15,955	16,132	32,619	2,536,418	2,607,329
Amounts owed to related parties	1,594,424	-	-	-	-	1,594,424
	<b>₱3,469,748</b>	<b>₱121,028</b>	<b>₱38,221</b>	<b>₱424,564</b>	<b>₱4,533,507</b>	<b>₱8,587,068</b>

December 31, 2020

	On demand	Less than 3 months	3 to 6 months	6 to 12 months	Over 1 year	Total
<i>(In Thousands)</i>						
Accounts payable and accrued expenses	₱1,296,290	₱100,658	₱-	₱144,092	₱112,081	₱1,653,121
Lease liabilities	-	-	-	81,872	1,653,014	1,734,886
Subscription payable	481,675	-	-	-	-	481,675
Rental and other deposits	373,917	25,490	29,401	63,724	210,423	702,955
Amounts owed to related parties	2,674,433	-	-	-	-	2,674,433
	₱4,826,315	₱126,148	₱29,401	₱289,688	₱1,975,518	₱7,247,070

As at December 31, 2021, the COVID-19 outbreak has no significant impact to the Group's liquidity risk.

***Credit Risk***

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments.

***Trade debtors – real estate receivables***

For real estate receivables, exposure to credit risk is not significant given that title of the real estate property is only transferred to the customer if the consideration had been fully paid. In case of default, after enforcement activities, the Group has the right to cancel the sale and enter into another contract to sell to another customer after certain proceedings (e.g. grace period, referral to legal, cancellation process, reimbursement of previous payments) had been completed. Applying the expected credit risk model did not result in the recognition of an impairment loss for real estate receivables in 2021 and 2020.

***Trade debtors - retail electricity***

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss pattern. The calculation reflects the probability-weighted outcome and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

To mitigate risk for retail electricity, the Group will collect deposits equivalent to ₱151.45 million to secure credit. Also, as a policy after application of collected deposits, disconnection notices are sent 5 days after the bill due date and disconnections are carried out beginning on the 24 hours after receipt of disconnection notice.

Applying the expected credit risk model did not result in the recognition of an impairment loss for trade debtors – retail electricity in 2021 and 2020.

***Trade debtors – receivable from tenants***

Credit risk arising from receivables from tenants of leasing properties is primarily managed through a tenant selection process. Prospective tenants are evaluated on the basis of payment track record and other credit information. In accordance with the provisions of the lease contracts, the lessees are required to deposit with the Group security deposits and advance rentals which helps reduce the Group's credit risk exposure in case of defaults by the tenants. The security deposits are considered in the calculation of impairment as recoveries. For existing tenants, the Group has put in place a monitoring and follow-up system. These are aged and analyzed on a continuous basis to minimize credit risk associated with these receivables. Regular meetings with tenants are also undertaken for further assessment of paying capacity.

Set out below is the information about the credit risk exposure of the Group's trade debtors - receivables from tenants using a provision matrix excluding rental accruals:

	2021				Total
	Current	More than 30 days	More than 60 days	More than 90 days	
	<i>(In Thousands, except for %)</i>				
Expected credit loss rate	10.32%	20.57%	49.16%	15.82%	16.64%
Total gross carrying amount	P53,784	P35,680	P18,850	P502,475	P610,789
Expected credit losses	5,552	7,339	9,267	79,516	101,674
	2020				
	Current	More than 30 days	More than 60 days	More than 90 days	Total
	<i>(In Thousands, except for %)</i>				
Expected credit loss rate	5.22%	6.90%	8.71%	19.70%	18.02%
Total gross carrying amount	P80,327	P39,092	P49,513	P424,750	P593,682
Expected credit losses	5,842	7,723	9,751	83,672	106,988

Generally, "Trade debtors" under "Receivables" receivables are written-off if past due for more than one year and are not subject to enforcement activity.

*Cash in banks and cash equivalents*

Credit risk from balances with banks and financial institutions and related parties is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Group's Board of Directors on an annual basis and may be updated throughout the year subject to approval of the Group's Finance Committee. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments.

*Financial assets at FVOCI – quoted debt securities*

The Group's debt instruments at fair value through OCI comprise solely of government securities. The Group considers a debt investment security to have low credit risk when its credit risk rating is equivalent to the globally understood definition of 'investment grade' and, therefore, are considered to be low credit risk investments. It is the Group's policy to measure ECLs on such instruments on a 12-month basis. Applying the expected credit risk model did not result in the recognition of an impairment loss in 2021 and 2020.

*Insurance receivables, non-trade and other receivables*

Credit risk exposure in respect of all other counterparties is managed by setting standard business terms that are required to be met by all counterparties. An impairment analysis is performed at each reporting date to consider when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full. These receivables are written off when there is no reasonable expectation of recovering the contractual cash flows. Applying the expected credit risk model resulted in the recognition of an impairment loss amounting to P20.46 million and nil in 2021 and 2020, respectively. Total write offs amounted to nil and P5.87 million in 2021 and 2020, respectively (see Note 5).

The Group's maximum exposure to credit risk as of December 31, 2021 and 2020 is equal to the carrying values of its financial assets, except for "Trade debtors" under "Receivables" in the statements of financial position. The details follow:

2021				
	Gross maximum exposure	Fair value of collateral or credit enhancement	Net exposure	Financial effect of collateral or credit enhancement
<i>(In Thousands)</i>				
Cash in banks	P80,983	P12,869	P68,114	P12,869
Trade debtors				
Land sales	1,405,980	2,052,859	-	1,405,980
Retail electricity	123,041	119,124	3,917	119,124
Receivables from tenants	522,440	351,536	170,904	351,536
Nontrade receivables	120,484	-	120,484	-
Others	110,657	-	110,657	-
Financial assets at FVOCI – quoted debt securities	94,691	-	94,691	-
	<b>P2,458,276</b>	<b>P2,536,388</b>	<b>P568,767</b>	<b>P1,889,509</b>
2020				
	Gross maximum exposure	Fair value of collateral or credit enhancement	Net exposure	Financial effect of collateral or credit enhancement
<i>(In Thousands)</i>				
Cash in banks	P177,125	P10,046	P167,079	P10,046
Trade debtors				
Land sales	1,302,611	1,275,511	-	1,275,511
Retail electricity	153,995	151,453	2,542	151,453
Receivables from tenants	387,481	155,580	231,901	155,580
Insurance receivables	29,305	-	29,305	-
Nontrade receivables	280,834	-	97,419	-
Others	244,892	-	244,892	-
Financial assets at FVOCI – quoted debt securities	100,518	-	100,518	-
	<b>P2,676,761</b>	<b>P1,592,590</b>	<b>P873,656</b>	<b>P1,592,590</b>

As at December 31, 2021, the COVID-19 outbreak has no significant impact to the Group's credit risk.

#### *Equity Price Risk*

Equity price risk is the risk that the fair values of equities decrease as the result of change in the levels of equity indices and the value of individual stock. The equity price risk exposure arises from the Group's investment in stocks. Equity investment of the Group is categorized as financial assets at FVOCI.

The Group measures the sensitivity to its equity securities by using Philippine Stock Exchange index fluctuations and its effect to respective share prices.

The Group's policy is to maintain the risk to an acceptable level. Movement of share price is monitored regularly to determine impact on its financial position.

The basic sensitivity analysis assumes that the stock's standard deviation on its historical yield for the past one year provides the basis for reasonably possible change in prices of the stock investment. The Group establishes the relative range of stock investment yields based on historical standard deviation for one year.

The following table demonstrates the sensitivity to reasonable possible change in equity prices, with all other variables held constant:

Change in PSEi index	Effect on equity Increase (decrease)	
	2021	2020
	<i>(In Thousands)</i>	
+5.00%	<b>₱862</b>	₱25,083
(5.00%)	<b>(862)</b>	(25,083)

The impact on the Group's equity already excludes the impact on transactions affecting the consolidated statements of income.

### 32. Notes to Statements of Cash Flows

Changes in the Group's liabilities arising from financing activities follow:

	January 1, 2021	Cash Flows	Non-cash Changes	December 31, 2021
	<i>(In Thousands)</i>			
Amounts owed to related parties	<b>₱2,674,433</b>	<b>(₱1,107,038)</b>	<b>₱27,029</b>	<b>₱1,594,424</b>
Lease liabilities	<b>1,751,372</b>	<b>(132,200)</b>	<b>151,409</b>	<b>1,770,581</b>
<b>Total liabilities from financing activities</b>	<b>₱4,425,805</b>	<b>(₱1,239,238)</b>	<b>₱178,438</b>	<b>₱3,365,005</b>

	January 1, 2020	Cash Flows	Non-cash Changes	December 31, 2020
	<i>(In Thousands)</i>			
Amounts owed to related parties	₱2,317,179	(₱34,976)	₱392,230	₱2,674,433
Lease liabilities	1,733,450	(137,918)	155,840	1,751,372
<b>Total liabilities from financing activities</b>	<b>₱4,050,629</b>	<b>(₱172,894)</b>	<b>₱548,070</b>	<b>₱4,425,805</b>

	January 1, 2019	Cash Flows	Non-cash Changes	December 31, 2019
	<i>(In Thousands)</i>			
Amounts owed to related parties	₱234,268	₱1,927	₱2,080,984	₱2,317,179
Lease liabilities	1,694,120	(149,704)	189,034	1,733,450
<b>Total liabilities from financing activities</b>	<b>₱1,928,388</b>	<b>(₱147,777)</b>	<b>₱2,270,018</b>	<b>₱4,050,629</b>

In 2021, significant non-cash transactions of the Group and the Parent Company pertain to:

- The Group recognized interest expense lodged under "interest expense" (see Note 23) from accretion of discount of long-term payable amounting to ₱23.44 million.
- The Group realized revaluation increment through depreciation and transferred to retained earnings amounting to ₱7.03 million (see Note 10).

### 33. Subsequent Events

On February 4, 2022, the Group acquired a 64,000 sqm ready-built warehouse facility in Sto. Tomas, Batangas. It will carry the brand name "ALogis Sto. Tomas".

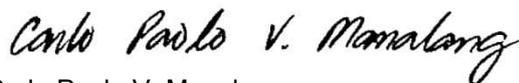

## **INDEPENDENT AUDITOR'S REPORT ON COMPONENTS OF FINANCIAL SOUNDNESS INDICATORS**

The Stockholders and the Board of Directors  
AyalaLand Logistics Holdings Corp.  
3rd Floor Glorietta 5,  
Ayala Center, Makati City

We have audited in accordance with Philippine Standards on Auditing, the consolidated financial statements of AyalaLand Logistics Holdings Corp. and its subsidiaries (collectively referred to as "the Group") as at December 31, 2021 and 2020 and for each of the three years in the period ended December 31, 2021, and have issued our report thereon dated February 22, 2022. Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The Supplementary Schedule on Financial Soundness Indicators, including their definitions, formulas, calculation, and their appropriateness or usefulness to the intended users, are the responsibility of the Group's management. These financial soundness indicators are not measures of operating performance defined by Philippine Financial Reporting Standards (PFRSs), as modified by the application of the financial reporting reliefs issued and approved by the Securities and Exchange Commission (SEC), as described in Note 2 to the consolidated financial statements, and may not be comparable to similarly titled measures presented by other companies. This schedule is presented for the purpose of complying with the Revised Securities Regulation Code Rule 68 issued by the SEC, and is not a required part of the basic consolidated financial statements prepared in accordance with PFRSs, as modified by the application of the financial reporting reliefs issued and approved by the SEC, as described in Note 2 to the consolidated financial statements. The components of these financial soundness indicators have been traced to the Group's consolidated financial statements as at December 31, 2021 and 2020 and for each of the three years in the period ended December 31, 2021 and no material exceptions were noted.

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY  
FOR FINANCIAL STATEMENTS**

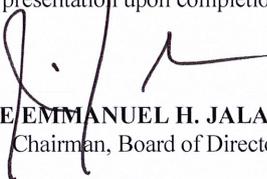

The management of **AYALALAND LOGISTICS HOLDINGS CORP.** is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein for the years ended December 31, 2021 and 2020 in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders.

**SyCip Gorres Velayo & Co.**, the independent auditors appointed by the stockholders, has audited the financial statements of the Company in accordance with Philippine Standards of Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

## INDEPENDENT AUDITOR'S REPORT

The Stockholders and the Board of Directors  
AyalaLand Logistics Holdings Corp.  
3rd Floor Glorietta 5,  
Ayala Center, Makati City

### Opinion

We have audited the financial statements of AyalaLand Logistics Holdings Corp., which comprise the statements of financial position as at December 31, 2021 and 2020, and the statements of income, statements of comprehensive income, statements of changes in equity and statements of cash flows for the years ended December 31, 2021 and 2020, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position as at December 31, 2021 and 2020, and its financial performance and its cash flows for the years ended December 31, 2021 and 2020 in accordance with Philippine Financial Reporting Standards (PFRSs), as modified by the application of the financial reporting reliefs issued and approved by the Securities and Exchange Commission (SEC), as described in Note 2 to the financial statements.

### Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter

We draw attention to Note 2 to the financial statements which indicates that the financial statements have been prepared in accordance with PFRSs, as modified by the application of the financial reporting reliefs issued and approved by the SEC in response to the COVID-19 pandemic. The impact of the application of the financial reporting reliefs on the 2021 financial statements are discussed in detail in Note 2. Our opinion is not modified in respect of this matter

### Responsibilities of Management and Those Charged with Governance for the Parent Company Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRSs, as modified by the application of financial reporting reliefs issued and approved by the SEC, as described in Note 2 to the financial statements, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless management either intends to liquidate the Parent Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Parent Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Parent Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Parent Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in accordance with PFRSs, as modified by the application of financial reporting reliefs issued and approved by the SEC, as described in Note 2 to the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

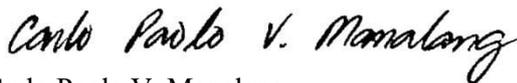

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Report on the Supplementary Information Required under Revenue Regulations 15-2010**

Our audits were conducted for the purpose of forming an opinion on the basic parent company financial statements taken as a whole. The supplementary information required under Revenue Regulations 15-2010 in Note 25 to the parent company financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic parent company financial statements. Such information is the responsibility of the management of Prime Orion Philippines, Inc. The information has been subjected to the auditing procedures applied in our audit of the basic parent company financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic parent company financial statements taken as a whole.

## **NOTES TO PARENT COMPANY FINANCIAL STATEMENTS**

---

### **1. Corporate Information**

AyalaLand Logistics Holdings Corp. (ALLHC; the Parent Company) was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on May 19, 1989 with a corporate life of 50 years. The Parent Company's primary purpose is to acquire by purchase, exchange, assign, donate or otherwise, and to hold, own and use, for investment or otherwise and to sell, assign, transfer, exchange, lease, let, develop, mortgage, pledge, traffic, deal in and with, and otherwise operate, enjoy and dispose of any and all properties of every kind and description and wherever situated, as and to the extent permitted by law, including but not limited to, buildings, tenements, warehouses, factories, edifices and structures and other improvements, and bonds, debentures, promissory notes, shares of capital stock, or other securities and obligations, created, negotiated or issued by any corporation, association, or other entity, domestic or foreign.

The Parent Company's registered office address is at 3rd Floor Glorietta 5, Ayala Center, Makati City. The Parent Company is a subsidiary of Ayala Land, Inc. (ALI). ALI's parent company is Ayala Corporation (AC). AC is 47.87%-owned by Mermac, Inc. and the rest by the public as of December 31, 2021. ALLHC, ALI and AC are publicly-listed companies incorporated in the Philippines.

The accompanying parent company financial statements as of and for the years ended December 31, 2021 and 2020 were approved by the Board of Directors (BOD) on February 22, 2022.

---

### **2. Summary of Significant Accounting and Financial Reporting Policies**

#### Basis of Preparation

The financial statements have been prepared on a historical cost basis, except for the equity financial assets measured at fair value. The financial statements are presented in Philippine Peso, which is the parent company functional currency. All amounts are rounded to the nearest Peso, unless otherwise indicated.

#### Statement of Compliance

The parent company financial statements has been prepared in compliance with Philippine Financial Reporting Standards (PFRSs) which include Philippine Financial Reporting Standards, Philippine Accounting Standards and Interpretations issued by the Philippine Interpretations Committee (PIC).

The Parent Company also prepares and issues consolidated financial statements for the same period as the parent company financial statements presented in compliance with PFRSs, and these are available for public use at the Parent Company's registered address as stated in Note 1.

#### Changes in Accounting Policies

##### *Adoption of PIC Q&A 2018-12-E*

In 2021, the Parent Company adopted the provision of PFRS 15 covered by PIC Q&A 2018-12-E on the treatment of land in the calculation of POC. The changes did not have impact on the financial statements.

*Capitalization of borrowing costs in property and equipment and investment properties*

The changes did not have impact on the financial statements.

*Adoption of PIC Q&A 2018-12-H Accounting to Common Usage Service Area (CUSA) Charges*

In 2021, the Parent Company adopted the treatment of Common Usage Service Area (CUSA) charges based on the PIC Q&A 2018-12-H under the modified retrospective approach. The Parent Company assessed itself as principal for CUSA and air-conditioning charges, and as an agent for electricity and water usage. Accordingly, the Parent Company presented the revenue from recoveries of CUSA and air conditioning services and its related costs on a gross basis as part of “Others” revenue and “Cost of rental and other services”, respectively.

The changes above did not have any significant impact on the statement of cash flows of the Parent Company.

Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of new standards effective as at January 1, 2021. The Parent Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

- Amendments to PFRS 9, PFRS 7, PFRS 4 and PFRS 16, *Interest Rate Benchmark Reform – Phase 2*

The amendments provide the following temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR):

- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform
- Relief from discontinuing hedging relationships
- Relief from the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component

The Parent Company shall also disclose information about:

- The about the nature and extent of risks to which the entity is exposed arising from financial instruments subject to IBOR reform, and how the entity manages those risks; and
- Their progress in completing the transition to alternative benchmark rates, and how the entity is managing that transition

The amendments are effective for annual reporting periods beginning on or after January 1, 2021 and apply retrospectively, however, the Parent Company is not required to restate prior periods.

Future Changes in Accounting Policies

Pronouncements issued but not yet effective are listed below. Unless otherwise indicated, the Parent Company does not expect that the future adoption of the said pronouncements will have a significant impact on its financial statements. The Parent Company intends to adopt the following pronouncements when they become effective.

*Effective beginning on or after January 1, 2021*

- Amendments to PFRS 9, PAS 39, PFRS 7, PFRS 4 and PFRS 16, *Interest Rate Benchmark Reform – Phase 2*

The amendments provide the following temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR):

- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform
- Relief from discontinuing hedging relationships
- Relief from the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component

The Parent Company shall also disclose information about:

- The about the nature and extent of risks to which the entity is exposed arising from financial instruments subject to IBOR reform, and how the entity manages those risks; and
- Their progress in completing the transition to alternative benchmark rates, and how the entity is managing that transition

The amendments are effective for annual reporting periods beginning on or after January 1, 2021 and apply retrospectively, however, the Parent Company is not required to restate prior periods.

*Effective beginning on or after January 1, 2022*

- Amendments to PFRS 3, *Reference to the Conceptual Framework*

The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements. The amendments added an exception to the recognition principle of PFRS 3, *Business Combinations* to avoid the issue of potential ‘day 2’ gains or losses arising for liabilities and contingent liabilities that would be within the scope of PAS 37, *Provisions, Contingent Liabilities and Contingent Assets* or Philippine-IFRIC 21, *Levies*, if incurred separately.

At the same time, the amendments add a new paragraph to PFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022 and apply prospectively.

- Amendments to PAS 16, *Plant and Equipment: Proceeds before Intended Use*

The amendments prohibit entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 and must be applied retrospectively to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity first applies the amendment.

The amendments are not expected to have a material impact on the Parent Company.

- Amendments to PAS 37, *Onerous Contracts – Costs of Fulfilling a Contract*

The amendments specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022. The Parent Company will apply these amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments.

- *Annual Improvements to PFRSs 2018-2020 Cycle*

- Amendments to PFRS 1, *First-time Adoption of Philippines Financial Reporting Standards, Subsidiary as a first-time adopter*

The amendment permits a subsidiary that elects to apply paragraph D16(a) of PFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent’s date of transition to PFRS. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of PFRS 1.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact on the Parent Company.

*Effective beginning on or after January 1, 2023*

- Amendments to PAS 12, Deferred Tax related to Assets and Liabilities arising from a Single Transactions

The amendments narrow the scope of the initial recognition exception under PAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments also clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognized in the financial statements (and interest expense) or to the related asset component (and interest expense).

An entity applies the amendments to transactions that occur on or after the beginning of the earliest comparative period presented for annual reporting periods on or after January 1, 2023.

- Amendments to PAS 8, Definition of Accounting Estimates

The amendments introduce a new definition of accounting estimates and clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, the amendments clarify that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors.

An entity applies the amendments to changes in accounting policies and changes in accounting estimates that occur on or after January 1, 2023 with earlier adoption permitted. The amendments are not expected to have a material impact on the Parent Company.

- Amendments to PAS 1 and PFRS Practice Statement 2, Disclosure of Accounting Policies

The amendments provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by:

- Replacing the requirement for entities to disclose their ‘significant’ accounting policies with a requirement to disclose their ‘material’ accounting policies, and
- Adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures

The amendments to the Practice Statement provide non-mandatory guidance. Meanwhile, the amendments to PAS 1 are effective for annual periods beginning on or after January 1, 2023. Early application is permitted as long as this fact is disclosed.

The amendments are not expected to have a material impact on the Parent Company.

*Effective beginning on or after January 1, 2024*

- Amendments to PAS 1, Classification of Liabilities as Current or Non-current

The amendments clarify paragraphs 69 to 76 of PAS 1, Presentation of Financial Statements, to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

The amendments are effective for annual reporting periods beginning on or after January 1, 2023 and must be applied retrospectively. However, in November 2021, the International Accounting Standards Board (IASB) tentatively decided to defer the effective date to no earlier than January 1, 2024.

The Parent Company is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

*Effective beginning on or after January 1, 2025*

- PFRS 17, Insurance Contracts

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, *Insurance Contracts*. This new standard on insurance contracts applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

On December 15, 2021, the FRSC amended the mandatory effective date of PFRS 17 from January 1, 2023 to January 1, 2025. This is consistent with Circular Letter No. 2020-62 issued by the Insurance Commission which deferred the implementation of PFRS 17 by two (2) years after its effective date as decided by the IASB.

PFRS 17 is effective for reporting periods beginning on or after January 1, 2025, with comparative figures required. Early application is permitted.

The amendments are not expected to have a material impact on the Parent Company.

*Deferred effectivity*

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial Reporting Standards Council deferred the original effective date of January 1, 2016 of the said amendments until the International Accounting Standards Board (IASB) completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

- *Deferral of Certain Provisions of PIC Q&A 2018-12, PFRS 15 Implementation Issues Affecting the Real Estate Industry (as amended by PIC Q&As 2020-02 and 2020-04)*

On February 14, 2018, the PIC issued PIC Q&A 2018-12 which provides guidance on some PFRS 15 implementation issues affecting the real estate industry. On October 25, 2018 and February 08, 2019, the SEC issued SEC MC No. 14-2018 and SEC MC No. 3-2019, respectively, providing relief to the real estate industry by deferring the application of certain provisions of this PIC Q&A for a period of three years until December 31, 2020. On December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020 which further extended the deferral of certain provisions of this PIC Q&A until December 31, 2023. A summary of the PIC Q&A provisions covered by the SEC deferral and the related deferral period follows:

	Deferral Period
a. Assessing if the transaction price includes a significant financing component as discussed in PIC Q&A 2018-12-D (as amended by PIC Q&A 2020-04)	Until December 31, 2023

The SEC Memorandum Circulars also provided the mandatory disclosure requirements should an entity decide to avail of any relief. Disclosures should include:

- The accounting policies applied.
- Discussion of the deferral of the subject implementation issues in the PIC Q&A.
- Qualitative discussion of the impact on the financial statements had the concerned application guidelines in the PIC Q&A been adopted.
- Should any of the deferral options result into a change in accounting policy (e.g., when an entity excludes land and/or uninstalled materials in the POC calculation under the previous standard but opted to include such components under the relief provided by the circular), such accounting change will have to be accounted for under PAS 8, i.e., retrospectively, together with the corresponding required quantitative disclosures.

In November 2020, the PIC issued the following Q&As which provide additional guidance on the real estate industry issues covered by the above SEC deferrals:

- PIC Q&A 2020-04, which provides additional guidance on determining whether the transaction price includes a significant financing component
- PIC Q&A 2020-02, which provides additional guidance on determining which uninstalled materials should not be included in calculating the POC
- *IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23, Borrowing Cost)*

In March 2019, IFRIC published an Agenda Decision on whether borrowing costs can be capitalized on real estate inventories that are under construction and for which the related revenue is/will be recognized over time under paragraph 35(c) of IFRS 15 (PFRS 15). IFRIC concluded that borrowing costs cannot be capitalized for such real estate inventories as they do not meet the definition of a qualifying asset under Philippine Accounting Standards (PAS) 23, *Borrowing Costs*, considering that these inventories are ready for their intended sale in their current condition.

On February 11, 2020, the Philippine SEC issued Memorandum Circular No. 4-2020, providing relief to the Real Estate Industry by deferring the mandatory implementation of the above IFRIC Agenda Decision until December 31, 2020. Further, on December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020, which extends the relief on the application of the IFRIC Agenda Decision provided to the Real Estate Industry until December 31, 2023. Effective January 1, 2024, the Real Estate Industry will adopt the IFRIC agenda decision and any subsequent amendments thereto retrospectively or as the SEC will later prescribe. A real estate company may opt not to avail of the deferral and instead comply in full with the requirements of the IFRIC Agenda Decision.

- *Deferral of PIC Q&A 2018-14, Accounting for Cancellation of Real Estate Sales (as amended by PIC Q&A 2020-05)*

On June 27, 2018, PIC Q&A 2018-14 was issued providing guidance on accounting for cancellation of real estate sales. Under SEC MC No. 3-2019, the adoption of PIC Q&A No. 2018-14 was deferred until December 31, 2020. After the deferral period, real estate companies will adopt PIC Q&A No. 2018-14 and any subsequent amendments thereto retrospectively or as the SEC will later prescribe.

On November 11, 2020, PIC Q&A 2020-05 was issued which supersedes PIC Q&A 2018-14. This PIC Q&A adds a new approach where the cancellation is accounted for as a modification of the contract (i.e., from non-cancellable to being cancellable). Under this approach, revenues and related costs previously recognized shall be reversed in the period of cancellation and the inventory shall be reinstated at cost. PIC Q&A 2020-05 will have to be applied prospectively from approval date of the Financial Reporting Standards Council which was November 11, 2020.

As prescribed by SEC MC No. 34-2020, for financial reporting periods beginning on or after January 1, 2021, the availment of the above deferral will impact the Parent Company's financial reporting during the period of deferral as follows:

- a. The financial statements are not considered to be in accordance with PFRS and should specify in the "*Basis of Preparation of the Financial Statements*" section of the financial statements that the accounting framework is:

*PFRS, as modified by the application of the following financial reporting reliefs issued and approved by the Securities and Exchange Commission in response to the COVID-19 pandemic*

- b. The Auditor's report will:
  - reflect in the Opinion paragraph that the financial statements are prepared in accordance with the compliance framework described in the notes to the financial statements; and
  - include an Emphasis of Matter paragraph to draw attention to the basis of accounting that has been used in the preparation of the financial statements.

Upon full adoption of the above deferred guidance, the accounting policies will have to be applied using full retrospective approach following the guidance under PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors*.

The Parent Company does not expect above deferrals to have a material impact on the financial statements.

## **Summary of Significant Accounting and Financial Reporting Policies**

### Significant Accounting Policies

The significant accounting policies that have been used in the preparation of the parent company financial statements are summarized below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### Current versus Noncurrent Classification

The Parent Company presents assets and liabilities in the parent company statement of financial position based on a current and noncurrent classification.

An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or,
- Cash or cash equivalent, unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as noncurrent.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or,
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as noncurrent.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

### Fair Values of Financial Instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Parent Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Parent Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the parent company financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the parent company financial statements on a recurring basis, the Parent Company determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at each end of the reporting period.

The fair value of financial instruments that are actively traded in organized financial markets is determined by reference to quoted market close prices at the close of business at the end of the reporting period.

For financial instruments where there is no active market, fair value is determined using valuation techniques. Such techniques include comparison to similar investments for which market observable prices exist and discounted cash flow analysis or other valuation models. Financial instruments for which the fair value cannot be reliably determined are carried at cost less any impairment in value.

For the purpose of fair value disclosures, the Parent Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

#### Cash

Cash includes cash on hand and in banks.

#### Financial Instruments

##### *Date of recognition*

The Parent Company recognizes a financial asset or a financial liability in the statement of financial position when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the settlement date.

##### *Financial assets*

##### *Initial recognition and measurement*

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Parent Company's business model for managing them. The Parent Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Parent Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

*Subsequent measurement*

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

*Financial assets at amortized cost (debt instruments)*

This category is the most relevant to the Parent Company. The Parent Company measures financial assets at amortized cost if both of the following conditions are met:

The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Parent Company's financial assets at amortized cost includes cash and cash equivalents, receivables, refundable deposits and amounts owed by related parties.

*Financial assets designated at fair value through OCI (equity instruments)*

Upon initial recognition, the Parent Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under PAS 32, *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognized as other income in profit or loss when the right of payment has been established, except when the Parent Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Parent Company's financial assets at fair value through OCI includes investments in quoted equity instruments.

*Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the parent company statement of financial position at fair value with net changes in fair value recognized in profit or loss.

*Impairment of financial assets*

The Parent Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Parent Company expects to receive, discounted at an approximation of the original effective interest rate.

For financial assets such as receivables, refundable deposits and amounts owed by related parties, ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The probability of default is applied to the estimate of the loss arising on default which is based on the difference between the contractual cash flows due and those that the Parent Company would expect to receive. As these are future cash flows, these are discounted back to the time of default using the appropriate effective interest rate, usually being the original effective interest rate (EIR) or an approximation thereof.

The Parent Company considers a financial asset in default generally when contractual payments are 30 days past due. However, in certain cases, the Parent Company may also consider a financial asset to be in default when internal or external information indicates that the Parent Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Parent Company.

For cash, the Parent Company applies the low credit risk simplification. The probability of default and loss given defaults are publicly available and are considered to be low credit risk investments. It is the Parent Company's policy to measure ECLs on such instruments on a 12-month basis. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL.

### *Financial liabilities*

#### *Initial recognition and measurement*

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

#### *Subsequent measurement*

The measurement of financial liabilities depends on their classification, as described below:

#### *Financial liabilities at fair value through profit or loss*

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Parent Company that are not designated as hedging instruments in hedge relationships as defined by PFRS 9. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in PFRS 9 are satisfied. The Parent Company has not designated any financial liability as at fair value through profit or loss.

#### *Other financial liabilities*

This is the category most relevant to the Parent Company and includes liabilities arising from operations.

Other financial liabilities are recognized initially at fair value and are subsequently carried at amortized cost, taking into account the impact of applying the effective interest method of amortization (or accretion) for any related premium, discount and any directly attributable transaction costs. Gains and losses on other financial liabilities are recognized in the statement of income when the liabilities are derecognized, as well as through the amortization process.

The Parent Company's other financial liabilities include "Accounts payable and accrued expenses" (other than "Taxes payable" which is covered by other accounting standard), "Amounts owed to related parties" and "Subscriptions payable".

#### *Derecognition of Financial Instruments*

##### *Financial Assets*

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the rights to receive cash flows from the asset have expired;
- the Parent Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) has transferred substantially all the risks and rewards of the asset; or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Parent Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained all the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the asset is recognized to the extent of the Parent Company's continuing involvement in the asset. In that case, the Parent Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Parent Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Parent Company could be required to repay.

#### *Financial Liabilities*

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired.

Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the parent company statement of income.

#### *Offsetting of Financial Instruments*

Financial assets and financial liabilities are only offset and the net amount reported in the parent company statement of financial position if, and only if, there is a currently enforceable right to set off the recognized amounts and the Parent Company intends to either settle on a net basis, or to realize the asset and settle the liabilities simultaneously.

#### Prepayments and Other Current Assets

Prepayments and other current assets are resources that the Parent Company expects to consume or realize within its operating cycle. These are carried at cost, less any impairment in value. Included under these are creditable withholding taxes (CWTs), input value-added tax (VAT), and prepayments.

#### *CWTs*

CWTs represent taxes withheld by the Parent Company's customer on sale of goods and services which are claimed against income tax due. The excess over the income tax payable is either carried over in the succeeding period for the same purpose or claimed for refund.

#### *VAT*

Revenues, expenses, and assets are recognized net of the amount of VAT, if applicable.

When VAT from sales of goods and/or services (output VAT) exceeds VAT passed on from purchases of goods or services (input VAT), the excess is recognized as payable in the parent company statement of financial position. When VAT passed on from purchases of goods or services (input VAT) exceeds VAT from sales of goods and/or services (output VAT), the excess is recognized as an asset in the parent company statement of financial position to the extent of the recoverable amount.

#### *Prepayments*

Prepayments are expenses paid in advance and recorded as asset before they are utilized. Prepaid expenses are apportioned to expense over the period covered by the payment and charged to the appropriate expense accounts when incurred.

### Investments in Subsidiaries

The Parent Company's investment in subsidiaries is accounted for using the cost method of accounting. A subsidiary is an entity over which the Parent Company has the power to govern the financial and operating policies generally accompanying a shareholding of more than half of the voting rights.

Under the cost method, investment is recognized at cost. Income from the investment is recognized only to the extent that the investor receives distributions from accumulated profits of the subsidiary and associate arising after the date of acquisition. Distributions received in excess of such profits are regarded as a recovery of investment and are recognized as a reduction of the cost of the investment.

The reporting dates of the subsidiaries and the Company are identical and the investees' accounting policies conform to those used by the Company for like transactions and events in similar circumstances.

### Property and Equipment

Property and equipment are carried at cost, net of accumulated depreciation and amortization and any impairment in value. The initial cost of property and equipment consists of its purchase price, including import duties, taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after the property and equipment have been put into operation, such as repairs and maintenance, are normally charged to operations in the year in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as an additional cost of property and equipment.

Depreciation and amortization are calculated on a straight-line basis over the estimated useful lives of the property and equipment as follows:

	Useful life in years
Furniture, fixtures and office equipment	2-5
Leasehold improvements	3-5

Leasehold improvements are amortized on a straight-line basis over their estimated useful lives or the term of the lease, whichever is shorter.

The useful lives and depreciation and amortization methods are reviewed periodically to ensure that the periods and methods of depreciation and amortization are consistent with the expected pattern of economic benefits from items of property and equipment, at each end of the reporting period.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the parent company statement of income in the year the asset is derecognized.

Fully depreciated assets are retained in the accounts until these are no longer in use. When assets are sold or retired, the cost and the related accumulated depreciation and amortization and any impairment in value are derecognized and any gain or loss resulting from their disposal is included in the parent company statement of income.

#### Software Costs

Acquired software license is capitalized on the basis of costs incurred to acquire and bring to use the specific software. Software license is amortized on a straight-line basis over its estimated useful life of four (4) years. Costs associated with the development or maintenance of computer software programs are recognized as expense when incurred in the parent company statement of income.

An item of software license is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset is included in the parent company statement of income in the year the item is derecognized.

The Parent Company's capitalized software costs includes purchase price payments for new software and other directly related costs necessary to bring the asset to use.

#### Other Noncurrent Assets

The Parent Company's other noncurrent assets are mainly composed of refundable deposits. Refundable deposits are classified as current when it is probable to be realized within one (1) year from the end of the reporting period. Otherwise, these are classified as noncurrent assets.

#### Impairment of Non-financial Assets

The Parent Company assesses at each end of the reporting period whether there is an indication that investment in subsidiaries, property and equipment and software costs may be impaired. If any such indication exists and where the carrying values exceed the estimated recoverable amounts, the assets or cash-generating units (CGU) are written down to their estimated recoverable amounts. The estimated recoverable amount of an asset is the greater of fair value less cost to sell and value in use. The fair value less cost to sell is the amount obtainable from the sale of an asset in an arm's-length transaction less the costs of disposal while value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For an asset that does not generate largely independent cash inflows, the estimated recoverable amount is determined for the CGU to which the asset belongs. Impairment losses of continuing operations are recognized in the parent company statement of income in those expense categories consistent with the function of the impaired asset.

Recovery of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the asset no longer exist or have decreased. The recovery is recorded in the parent company statement of income. However, the increased carrying amount of an asset due to a recovery of an impairment loss is recognized to the extent it does not exceed the carrying amount that would have been determined had no impairment loss been recognized for that asset in prior years.

#### *Investment in Subsidiaries*

The Parent Company assesses at each end of the reporting period whether there is any indication that the investments in subsidiaries is impaired. If this is the case, the Parent Company calculates the amount of impairment as being the difference between the fair value of the investments and the acquisition cost and recognizes the amount in the parent company statement of income.

#### Subscriptions Payable

Subscriptions payable pertains to the Parent Company's unpaid subscription of shares of stock of other entities.

These are recognized and carried in the books at the original subscription price in which shares of stock will be issued upon payment.

#### Paid-in Capital

Common shares are classified as equity and are measured at par value.

Incremental costs directly attributable to the issuance of new shares are shown in equity as a deduction from the proceeds. The excess of proceeds from issuance of shares over the par value of shares are credited to "Additional paid-in capital".

Subscriptions receivable pertains to the uncollected portion of the subscribed shares. This is presented as a deduction against common shares.

#### Deficit

Deficit represents accumulated losses of the Parent Company and any adjustments arising from application of new accounting standards, policies, or correction of errors applied retrospectively, plus dividends declared.

#### Share-based Payments

The Parent Company has equity-settled, share-based compensation plan with its employees. The Parent Company has an employee stock ownership plan (ESOWN) which allows the grantees to purchase the Parent Company's shares at a discounted price. The Parent Company recognizes stock compensation expense over the holding period. These are accounted for as limited-recourse loan-type share plans. Dividends paid on the awards are treated as installment payment against the exercise price of the options. The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognized, together with a corresponding increase in "Equity reserves" in equity, in "Personnel expense" account.

#### Other Comprehensive Income (Loss)

Other comprehensive income (loss) comprises items of income and expense that are not recognized in the parent company statement of income for the year in accordance with PFRS.

#### Revenue Recognition

Revenue from contracts with customers is recognized when the control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Parent Company expects to be entitled in exchange for those goods or services. The Parent Company has generally concluded that it is the principal in its revenue arrangements.

The specific recognition criteria described below must also be met before revenue is recognized:

#### *Recoveries*

Recoveries represents share in expenses incurred by the Parent Company charges to subsidiaries and is recognized when earned.

#### *Dividend Income*

Dividend income is recognized when the Parent Company's right to receive the payment is established.

### *Interest Income*

For all financial instruments measured at amortized cost, interest income or expense is recorded using the EIR, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

### Expense Recognition

Operating expenses consist of all expenses incurred in the direction and general administration of day-to-day operations of the Parent Company. These are generally recognized when the service is incurred or the expense arises.

### Basic Earnings (Loss) Per Share

Earnings (loss) per share is computed by dividing the net income (loss) for the year by the weighted average number of common shares issued and outstanding during the year. The weighted average number of common shares issued and outstanding during the period and for all years presented are adjusted for events, other than the conversion of potential common shares, that have changed the number of common shares outstanding, without a corresponding change in resources.

### Retirement Benefit Costs

The Parent Company has a non-contributory defined benefit retirement plan.

The net defined benefit liability or asset is the aggregate of the present value of the defined benefit obligation at the end of the reporting period reduced by the fair value of plan assets (if any), adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The cost of providing benefits under the defined benefit plans is actuarially determined using the projected unit credit method. This method reflects service rendered by employees to the date of valuation and incorporates assumptions concerning the employees' projected salaries.

Defined benefit costs comprise the following:

- Service cost
- Net interest on the net defined benefit liability or asset
- Remeasurements of net defined benefit liability or asset

Service costs which include current service costs, past service costs and gains or losses on non-routine settlements are recognized as "Retirement benefits costs" under personnel costs in the parent company statement of income. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuaries.

Net interest on the net defined benefit liability or asset is the change during the period in the net defined benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net defined benefit liability or asset. Net interest on the net defined benefit liability or asset is recognized as "Interest income (expense)" in the parent company statement of income.

Remeasurements comprising actuarial gains and losses, return on plan assets and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to the parent company statement of income in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the Parent Company, nor can they be paid directly to the Parent Company. Fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations). If the fair value of the plan assets is higher than the present value of the defined benefit obligation, the measurement of the resulting defined benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The Parent Company's right to be reimbursed of some or all of the expenditure required to settle a defined benefit obligation is recognized as a separate asset at fair value when and only when reimbursement is virtually certain.

#### *Employee Leave Entitlement*

Employee entitlements to annual leave are recognized as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly before twelve (12) months after the end of the reporting period is recognized for services rendered by employees up to the end of the reporting period.

#### Leases

The Parent Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### *Parent Company as a lessee*

The Parent Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognized as expense on a straight-line basis over the lease term.

#### Income Tax

##### *Current Income Tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The income tax rates and income tax laws used to compute the amount are those that are enacted or substantively enacted as at the end of the reporting period.

Current income tax relating to items recognized directly in equity is recognized in equity and not in profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

##### *Deferred Income Tax*

Deferred income tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the end of the reporting period.

Deferred income tax liabilities are recognized for all taxable temporary differences. Deferred income tax assets are recognized for all deductible temporary differences, carry forward benefits of unused net operating loss carryover (NOLCO) and unused tax credits from excess minimum corporate income tax (MCIT), to the extent that it is probable that sufficient future taxable profits will be available against which the deductible temporary differences, and the carry forward of unused NOLCO and MCIT can be utilized, and except if it arises from initial recognition and those associated with the investments in subsidiaries, associates and joint ventures as discussed above.

The carrying amount of deferred income tax assets is reviewed at each end of the reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred income tax assets are reassessed at each end of the reporting period and are recognized to the extent that it has become probable that sufficient future taxable profits will allow the deferred income tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the income tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on income tax rates (and income tax laws) that have been enacted or substantively enacted at each end of the reporting period.

Deferred income tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred income tax items are recognized in correlation to the underlying transaction either in the statement of comprehensive income or directly in equity.

Deferred income tax assets and deferred income tax liabilities are offset if, and only if, a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend to either settle current tax liabilities and assets on a net basis, or to realize the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax assets or liabilities are expected to be settled or recovered.

#### Provisions

Provisions are recognized when the Parent Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Parent Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the parent company statement of income, net of any reimbursement.

#### Contingencies

Contingent liabilities are not recognized in the parent company financial statements. These are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the parent company financial statements but are disclosed in the parent company financial statements when an inflow of economic benefit is probable.

#### Events after the Reporting Period

Post year-end events that provide additional information about the Parent Company's financial position at the end of the reporting period (adjusting events) are reflected in the parent company financial statements. Post year-end events that are not adjusting events are disclosed in the parent company financial statements when material.

---

### 3. Summary of Significant Accounting Judgments, Estimates and Assumptions

The preparation of the parent company financial statements in accordance with PFRS requires the Parent Company to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and disclosures of contingent assets and contingent liabilities, at the end of the reporting period. Future events may occur which will cause the assumptions used in arriving at the estimates to change. The effects of any change in judgments and estimates are reflected in the parent company financial statements as they become reasonably determinable.

Judgments, estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcome can differ from these estimates.

#### Estimates and Assumptions

The key estimates and assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below. The Parent Company based its assumptions and estimates on parameters available when the parent company financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes in circumstances arising beyond the control of the Parent Company. Such changes are reflected in the assumptions when they occur.

#### *Provision for expected credit losses (ECLs) of receivables and amounts owed by related parties*

For dividend receivable amounts owed by related parties, ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

There was no provision for expected credit losses on receivables for the year ended December 31, 2021 and 2020. The carrying value of receivables amounted to ₱200.71 million and ₱333.19 million as at December 31, 2021 and 2020, respectively, net of allowance for expected credit losses amounting to ₱23.61 million (see Note 5).

There was no provision for expected credit losses on amounts owed by related parties for the year ended December 31, 2021 and 2020. The carrying value of amounts owed by related parties amounted to ₱333.78 million and ₱314.32 million, net of allowance for expected credit losses amounting to nil as at December 31, 2021 and 2020 (see Note 14).

#### *Estimating Allowances for Impairment Losses on Investments in Subsidiaries*

The Parent Company reviews investments in subsidiaries for impairment. This includes considering certain indicators of impairment such as the following:

- Significant or prolonged decline in the fair value of the asset;
- Increase in market interest rates or other market rates of return on investments which are likely to affect the discount rate used in calculating the asset's value in use and decrease the asset's recoverable amount materially;
- Significant changes with an adverse effect that have taken place in the technological market, economic or legal environment; and
- Significant changes in the manner of use of the acquired assets or the strategy for overall business.

An impairment loss shall be recognized if, and only if, the recoverable amount of an asset is less than its carrying amount. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

Estimating the recoverable value of investment in subsidiaries and an associate entails the determination of future cash flows expected to be generated from the continued use and ultimate disposition of such assets requiring the Parent Company to make estimates and assumptions that can materially affect its parent company financial statements. Future events could cause the Parent Company to conclude that the investments are impaired. Any resulting impairment loss could have a material adverse impact on the parent company statement of financial position and parent company statement of income.

There was no provision for impairment losses on investment in subsidiaries and an associate recognized for the years ended December 31, 2021 and 2020.

As at December 31, 2021 and 2020, investments in subsidiaries amounted to ₱14,319.35 million and ₱14,118.90 million, net of allowance for impairment losses amounting to ₱2,534.71 million as at December 31, 2021 and 2020. (see Note 9).

#### *Determining Retirement Benefits Liability*

The cost of defined retirement obligation as well as the present value of the defined benefit obligation is determined using actuarial valuations. The actuarial valuation involves making various assumptions. These include the determination of the discount rates, future salary increases, mortality rates and future retirement increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, defined benefit obligation are highly sensitive to changes in these assumptions. These assumptions are reviewed at each end of the reporting period. As at December 31, 2021 and 2020, the net pension assets of the Parent Company amounted to ₱11.93 million and ₱2.45 million, respectively. Retirement benefit costs amounted to ₱1.50 million and ₱0.81 million for the years ended December 31, 2021 and 2020, respectively (see Note 18).

In determining the appropriate discount rate, management considers the interest rates of government bonds that are denominated in the currency in which the benefits will be paid, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation.

Further details about the assumptions used are provided in Note 18.

#### *Assessing Realizability of Deferred Income Tax Assets*

The Parent Company reviews the carrying amounts of deferred income tax assets at each end of the reporting period and reduces deferred income tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilized. Judgments and estimation are required to determine the amount of deferred income tax assets that can be recognized based upon the likely timing and level of future taxable income together with future tax planning strategies. However, there is no assurance that the Parent Company will generate sufficient taxable profit to allow all or part of its deferred income tax assets to be utilized.

Temporary differences, NOLCO and MCIT for which no deferred income tax assets were recognized (as the management has assessed that it is not probable that sufficient taxable income will be available for which the benefit of the deferred income tax assets can be utilized) are disclosed in Note 19.

*Estimating Fair Value of Options under the ESOWN*

The Parent Company initially measures the cost of equity-settled transactions using Cox-Ross-Rubenstein option pricing model to determine the fair value of the option at date of grant. Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the volatility and dividend yield and making assumptions about them. See Note 22 for further details on the ESOWN, including the assumptions used in the valuation.

---

#### 4. Cash

This account consists of:

	2021	2020
Cash on hand	<b>₱20,000</b>	₱20,000
Cash in banks	<b>13,185,532</b>	19,245,624
	<b>₱13,205,532</b>	₱19,265,624

Interest income earned from cash in bank amounted to ₱0.04 million and ₱0.06 million in 2021 and 2020, respectively.

---

#### 5. Receivables

This account consists of:

	2021	2020
Dividend receivables (Notes 9 and 14)	<b>₱200,000,000</b>	₱332,500,000
Advances to third party (Note 15)	<b>23,610,224</b>	23,610,224
Advances to officers and employees	<b>20,800</b>	-
Others	<b>689,360</b>	689,360
	<b>224,320,384</b>	356,799,584
Less allowance for expected credit losses (Note 15)	<b>23,610,224</b>	23,610,224
	<b>₱200,710,160</b>	₱333,189,360

Dividend receivables pertain to the dividend income declared in 2021 and 2020 by the Parent Company's subsidiaries, Unity Realty Development Corp. (URDC) and Laguna Technopark, Inc. (LTI), respectively.

Advances to officers and employees represent advances for travel and other expenses arising in the ordinary course of business. These are noninterest-bearing and are recoverable through expense liquidation within twelve (12) months from grant date.

Allowance for impairment losses pertains to advances to Cyber Bay Corporation (Cyber Bay) presented as "Advances to third party".

## 6. Financial Assets at FVPL

As at December 31, 2021, the Parent Company has invested in 5,000 redeemable preferred shares with cost of ₱2.52 million, designated as financial assets at FVPL upon initial recognition. Fair value of financial assets at FVPL as at December 31, 2021 and 2020 amounted to ₱2.61 million and ₱2.58 million, respectively, resulting to an unrealized gain of ₱0.04 million and gain of ₱0.08 million for the years ended December 31, 2021 and 2020, respectively. The unrealized loss is lodged under 'Other income (charges) - net in the parent company statement of income.

Dividend income earned from these shares amounted to nil and ₱0.13 million in 2021 and 2020, respectively.

## 7. Financial Assets at FVOCI

Financial assets at FVOCI include investments in listed companies and club shares amounting to ₱5.00 million and ₱463.07 million as of December 31, 2021 and 2020, respectively. These are not held for trading and the Parent Company has irrevocably designated at FVOCI, as the Parent Company considers these investments to be strategic in nature.

Listed equity securities include 1,388,101,404 shares of Cyber Bay valued at nil and ₱458.07 million as at December 31, 2021 and 2020, respectively (see Note 15).

Movements of unrealized loss on financial assets at FVOCI follows:

	2021	2020
Balance at the beginning of the year	(₱678,091,176)	(₱606,936,105)
Realized valuation gain transferred to retained earnings	-	(850,000)
Unrealized valuation losses	(458,073,463)	(70,305,071)
	<b>(1,136,164,639)</b>	<b>(₱678,091,176)</b>

There was no sale of financial assets at FVOCI as at December 31, 2021 and 2020.

## 8. Other Assets

### Other Current Assets

This account consists of:

	2021	2020
Creditable withholding taxes (CWT)	₱41,586,821	₱35,220,834
Input VAT	25,797,292	25,544,990
Prepayments	177,089	153,275
	<b>67,561,202</b>	60,919,099
Less allowance for impairment losses	216,634	216,634
	<b>₱67,344,568</b>	<b>₱60,702,465</b>

CWTs are available for offset against income tax payable in the future periods.

Input VAT pertains to VAT passed on from purchases of goods or services which is applied against output VAT.

Prepayments pertain to prepaid dues and prepaid software subscription license fees, which are amortized over a period of 12 months.

Allowance for impairment losses pertains to input VAT and CWT. With the foregoing level of allowance for impairment losses, management believes that the Parent Company has sufficient allowance to cover any losses that the Parent Company may incur from the non-realization of input VAT and CWT.

#### Other Noncurrent Assets

This account consists of:

	2021	2020
Deposits	₱1,183,006	₱1,183,006
Software cost	–	87,554
Others	80,500	80,500
	<b>₱1,263,506</b>	<b>₱1,351,060</b>

Depreciation expense recognized on software cost amounted to ₱0.09 million and ₱0.10 million for the year ended December 31, 2021 and 2020, respectively. No additions in 2021 and 2020.

## 9. Investments in Subsidiaries

The details of this account follow:

	2021		2020	
	Percentage of Ownership	Amount	Percentage of Ownership	Amount
Acquisition costs:				
Subsidiaries:

		<b>2,534,713,694</b>		<b>2,534,713,694</b>
		<b>₱14,319,346,315</b>		<b>₱14,118,897,662</b>

*Unity Realty Development Corp. (URDC)*

On July 19, 2019, in a Deed of Absolute Sale, the Parent Company purchased from previous individual stockholders their entire outstanding shares of URDC representing 100% ownership amounting to ₱2,343.21 million.

On July 17, 2020, the Parent Company has collected the dividend receivable from URDC amounting to ₱300.00 million.

On December 29, 2021, the Parent Company recognized dividend income amounting to ₱200.00 million received from URDC and the amount is recognized as “Dividend receivables” lodged under “Receivables” in the parent company statement of financial position (see Note 5).

*Laguna Technopark, Inc. (LTI)*

LTI was incorporated on November 15, 1990 and is based in Laguna. LTI develops industrial parks, leases ready-built factory units and sells industrial lots.

On December 28, 2020, the Parent Company recognized dividend income amounting to ₱332.50 million received from Laguna Technopark Inc. and the amount is recognized as “Dividend receivables” lodged under “Receivables” in the parent company statement of financial position (see Note 5).

On March 19, 2021, ALLHC purchased the remaining 2,013 LTI shares from Mitsubishi Corporation for a total consideration amounting to ₱200.51 million.

*Orion Land Inc. (OLI)*

OLI operates commercial building composed of a 5-storey shopping center and a 6-storey business processing outsourcing office with a gross leasable area of 60,000 square meters located along National Road, Alabang, Muntinlupa City.

On March 9, 2021, the Parent Company recognized dividend income amounting to ₱460.00 million received from OLI.

*FLT Prime Insurance Corp. (FPIC)*

In March 2017, FPIC surrendered its Certificate of Authority as it was no longer compliant with the net worth requirement of ₱550.00 million of the Insurance Commission (IC) as of December 31, 2016.

On April 20, 2017, the IC issued a Servicing License to FPIC, with authority limited to the following:

- a. accepting contract price payments from the policyholders;
- b. paying or settling claims arising under its non-life coverage; and/or,
- c. such other related services.

On September 7, 2018, the IC approved the Servicing Plan of FPIC. Based on the approved plan, FPIC has until April 19, 2019 to service policies expiring in 2019 and 2020 and to settle outstanding liabilities and obligations of FPIC.

On July 11, 2019, FPIC has submitted to the IC its request for the release of the security deposit. Based on IC Circular Letter No. 2013-35 (Guidelines on the Release of Security Deposit), the following applicability conditions have to be met before such request can be made:

- a. The Company has no license to do insurance business; and
- b. The Company is not under conservatorship, receivership or liquidation of the IC.

The above two (2) conditions have met by FPIC.

On November 22, 2019, FPIC has applied for the renewal of its Servicing License with the IC for one year or until December 31, 2020. The said renewal of license was made to conform with one year 'waiting period' for the claimants to file, submit or report to the IC any claim against FPIC. The waiting period will commence from the last publication date of the 'Notice to the Public' regarding FPIC's request for the release of its security deposit.

On January 4, 2021, the Insurance Commission has approved FPIC's request for the termination of the servicing proceedings and withdrawal of the security deposit, subject to the following conditions,

1. FPIC, through its President, shall submit to the Commission a duly Notarized Undertaking and Quit Claim;
2. With respect to FPIC's request for the withdrawal of security deposit, it is worth stressing that though the said fund is exclusively earmarked for the payment of the company's liabilities to its policyholders, as distinguished from its corporate liabilities, the Commission has opined that the same may be applied to the latter, since any excess in the security deposit will in effect convert the same to its corporate assets.
3. The Commission has approved FPIC's withdrawal of security deposit, which shall be less by the value of the company's outstanding liabilities to its policyholders and other creditors, subject to the company's submission of the original or certified true copy of the notarized list of all outstanding liabilities.

FPIC's full compliance to the above conditions will trigger the Commission to proceed in the processing of the said request by publishing the required Notice of Withdrawal, as well as its issuance of the Certificate of Withdrawal, declaring FPIC's insurance business in the Philippines as officially withdrawn.

On May 27, 2021, FPIC received approval from the IC for the release of the security deposit.

#### *Other subsidiaries*

On September 2, 2016, the BOD of OMI and OSI approved and authorized the dissolution and liquidation of OMI and OSI by shortening their corporate term up to December 31, 2016.

On October 20, 2017, the BOD of OIHPI approved and authorized the dissolution and liquidation by shortening the corporate term up to December 31, 2017.

Allowance for impairment losses on investments in subsidiaries amounted to ₱2,534.71 million as at December 31, 2021 and 2020.

## 10. Property and Equipment

The rollforward analyses of this account follow:

### 2021

	Furniture, Fixtures and Office Equipment	Leasehold Improvements	Total
<b>Cost</b>			
Beginning balance	₱4,886,480	₱2,095,753	₱6,982,233
Additions	573,302	105,554	678,856
Ending balance	5,459,782	2,201,307	7,661,089
<b>Accumulated depreciation and amortization</b>			
Beginning balance	4,137,251	1,308,029	5,445,280
Depreciation (Note 16)	147,000	458,229	605,229
Ending balance	4,284,251	1,766,258	6,050,509
<b>Net book value</b>	<b>₱1,175,531</b>	<b>₱435,049</b>	<b>₱1,610,580</b>

### 2020

	Furniture, Fixtures and Office Equipment	Leasehold Improvements	Total
<b>Cost</b>			
Beginning balance	₱4,753,683	₱1,845,082	₱6,598,765
Additions	132,797	250,671	383,468

Ending balance	4,137,251	1,308,029	5,445,280
<b>Net book value</b>	<b>₱749,229</b>	<b>₱787,724</b>	<b>₱1,536,953</b>

## 11. Accounts Payable and Accrued Expenses

This account consists of:

	2021	2020
Accounts payable	₱20,567,854	₱14,493,189
Purchase price payable	-	454,798,102
Accrued expenses and others		
Interest (Note 12)	4,042,348	-
Professional and management fees	1,490,000	3,091,054
Salaries and benefits	183,287	229,543
Contracted services	-	532,913
Light and water	-	236,854
Others	-	4,672,111
	<b>₱26,283,489</b>	<b>₱478,053,766</b>

Accounts payable - current portion and accrued expenses are noninterest bearing and are generally settled within one (1) year.

Purchase price payable - current pertains to purchase price on the acquisition of URDC payable.

For the acquisition of URDC on July 19, 2019, purchase price payable - noncurrent was fully settled during the year. The fair value of the noncurrent portion of purchase price payable is based on the discounted value of future cash flows using the applicable rates for similar type of instruments. The discount rate used is 4.82% as of date of acquisition. The Company incurred interest expense amounting to ₱23.44 million and ₱20.21 million in 2021 and 2020, respectively from the accretion of discount recognized.

## 12. Long Term Debt

In 2021, the Parent Company availed loan from a local bank amounting to ₱1,290.00 with a term of 10 years and interest rate of 3.27% per annum subject to repricing per annum. The loans were used for working capital requirements. Transaction cost related to the loan amounted to ₱9.67 million.

The rollforward analysis of discount follows:

<b>Principal</b>	
Availment	₱1,290,000,000
<b>Unamortized discount</b>	
Addition	9,675,000
Discount amortization	(95,690)
Balance at end of year	9,579,310
	<u>₱1,280,420,690</u>

Interest expense amounted to ₱4.04 million for the year ended December 31, 2021. These loans require that the Parent Company to comply with certain covenants including, among others, permit a debt and tangible net worth ratio to exceed 3 is to 1 based on the latest audited financial statements of the Parent Company. As of December 31, 2021, this ratio was complied with by the Parent Company.

## 13. Equity

The details of common shares follow:

	2021		2020	
	Number of Shares	Amount	Number of Shares	Amount
Authorized, ₱1 par value	7,500,000,000	₱7,500,000,000	7,500,000,000	₱7,500,000,000
Issued	6,158,660,172	₱6,158,660,172	6,153,452,772	₱6,153,452,772
Subscribed	142,931,815	142,931,815	148,139,215	148,139,215
Less subscription receivables		106,274,191		116,757,453
Issued and outstanding		<u>₱6,195,317,796</u>		<u>₱6,184,834,534</u>

In 2020, the issued and subscribed capital and additional paid-in capital increased by ₱11.53 million and ₱7.67 million, respectively, arising from the collection of subscription receivables from issued shares and ESOWN subscription. This collection resulted to the issuance of stock certificates.

In 2021, the issued and subscribed capital and additional paid-in capital increased by ₱10.48 million and ₱8.54 million, respectively, arising from the collection of subscription receivables from issued shares and ESOWN subscription. This collection resulted to the issuance of stock certificates.

The Parent Company's track record of capital stock follows:

	Number of shares registered	Issue/offer price	Date of approval	Number of holders as of year end
January 1, 2019	4,513,228,698			801
Add:				
Additional issuance	49,444,216	₱2.92/share	September 9, 2019

### Capital Management

The primary objective of the Parent Company's capital management is to optimize the use and earnings potential of the Parent Company's resources and considering changes in economic conditions and the risk characteristics of the Parent Company's activities.

The Parent Company manages its capital structure and makes adjustments to it in light of changes in economic conditions. To maintain or adjust the capital structure, the Parent Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes as at December 31, 2021 and 2020.

The Parent Company considers the following accounts as capital:

	2021	2020
Capital stock	<b>₱6,195,317,796</b>	₱6,184,834,534
Additional paid-in capital	<b>5,877,181,728</b>	5,868,642,545
	<b>₱12,072,499,524</b>	₱12,053,477,079

The Parent Company is not subject to externally imposed capital requirements.

## 14. Related Party Transactions

Related party relationship exists when one party has the ability to control, directly or indirectly through one or more intermediaries, the other party or exercise significant influence over the other party in making financial and operating decisions. Such relationship also exists between and/or among entities, which are under common control with the reporting enterprises and its key management personnel, directors or its stockholders. In considering each related party relationship, attention is directed to the substance of the relationship, and not merely the legal form. Except as otherwise indicated, the outstanding accounts with related parties shall be settled in cash and made at terms and prices agreed upon by the parties.

In the ordinary course of business, the Parent Company has transactions with related parties.

Significant transactions with related parties follow:

The following describes the nature of the material transactions of the Parent Company with related parties as of December 31, 2021 and 2020:

- a. In 2021, the Parent Company have interest-bearing short-term loans receivables from related party with 1.96% interest per annum. The transactions are made at terms agreed upon by the parties. There have been no guarantees provided or received for any related party receivables or payables and are generally unsecured. The Parent Company earned interest income from receivable from affiliates amounting to ₱2,173, (nil in 2020).
- b. The Parent Company has interest-bearing short-term loans from related parties with 2.58% to 3.05% interest per annum. The Parent Company recognized interest expense from amounts owed to related parties amounting to ₱27.64 million and ₱48.47 million in 2021 and 2020, respectively
- c. The Parent Company has entered into transactions with related parties consisting of advances and reimbursements of expenses. Services rendered to and received from related parties are made at normal market prices and normally settled in cash.
- d. Payable to ALI pertains to the advances for operating expenses and charges made by ALI. This is due and demandable and noninterest bearing.

Other transactions with related parties include the following:

- The Parent Company obtained a loan from OLI amounting to ₱660.00 million for the purchase of 20% interest in LTI on June 10, 2019 (see Note 9).
- The Parent Company entered into a service agreement with Ayalaland Malls, Inc. (ALMI) to provide specialized jobs/services/work to the Parent Company. The term of the agreements shall be for three (3) years starting November 1, 2016 until October 31, 2019 and renewable annually. In 2021 and 2020, the expenses recognized for the service agreements with ALMI amounted to ₱0.17 million and ₱0.59 million, respectively (see Note 16).

#### Compensation of Key Management Personnel

The key management personnel of the Parent Company are employees of ALI. As such, the compensation of the said employees is paid by ALI, the necessary disclosures required by PAS 24, *Related Party Disclosure* are included in the financial statements of ALI. Compensation for said employees are billed to the Parent Company and form part of systems cost.

In 2021 and 2020, the Parent Company incurred systems cost amounted to ₱11.89 million and ₱13.33 million, respectively (see Note 16). The Parent Company also recognized corresponding recoveries from systems costs and other expenses from its subsidiaries amounted to ₱57.13 million and ₱64.99 million, respectively.

The Parent Company also incurred director's fee amounting to ₱4.24 and ₱3.74 million in 2021 and 2020, respectively (see Note 16).

## 15. Subscriptions Payable

As at December 31, 2021 and 2020, the Parent Company has unpaid subscription in Cyber Bay amounting to ₱481.68 million, which is presented as “Subscriptions Payable” in the statements of financial position. The movement in investment in Cyber Bay under “Financial assets at fair value through other comprehensive income” follows:

	2021	2020
Beginning balance	₱458,073,463	₱527,478,533
Changes in fair value	(458,073,463)	(69,405,070)
	₱-	₱458,073,463

Equity securities include 1,388,101,405 shares of Cyber Bay valued at nil and ₱458.07 million in 2021 and 2020, respectively (see Note 7). In 2021, the shares of Cyber Bay were suspended from trading for an indefinite period and the investment in Cyber Bay was revalued based on net asset values as of reporting date.

### *Status of operations of Cyber Bay Corporation*

On April 25, 1995, Central Bay, a wholly-owned subsidiary of Cyber Bay, entered into a Joint Venture Agreement with the Philippine Reclamation Authority (PRA; formerly Public Estates Authority) for the complete and entire reclamation and horizontal development of a portion of the Manila-Cavite Coastal Road and Reclamation Project (the Project) consisting of three partially reclaimed and substantially eroded islands (the Three Islands) along Emilio Aguinaldo Boulevard in Parañaque and Las Piñas, Metro Manila, with a combined total area of 157.8 hectares, another area of 242.2 hectares contiguous to the Three Islands and, at Central Bay’s option as approved by the PRA, an additional 350 hectares, more or less, to regularize the configuration of the reclaimed area.

On March 30, 1999, the PRA and Central Bay executed an Amended Joint Venture Agreement (AJVA) to enhance the Philippine Government’s share and benefits from the Project which was approved by the Office of the President of the Philippines on May 28, 1999.

On July 9, 2002, the Supreme Court (SC) (in the case entitled “Francisco Chavez vs. Amari Coastal Bay and Reclamation Corp.”) issued a ruling declaring the AJVA null and void.

Accordingly, PRA and Central Bay were permanently enjoined from implementing the AJVA. On July 26, 2002, Central Bay filed a Motion for Reconsideration (MR) of said SC decision. On May 6, 2003, the SC En Banc denied with finality Central Bay’s MR. On May 15, 2003, Central Bay filed a Motion for Leave to Admit Second MR. In an En Banc Resolution of the SC dated July 8, 2003, the SC resolved to admit the Second MR of Central Bay.

On November 11, 2003, the SC rendered a 7-7 split decision on Central Bay’s Second MR. Because of the new issues raised in the SC’s latest resolution that were never tried or heard in the case, Central Bay was constrained to file on December 5, 2003 a Motion for Re-deliberation of the SC’s latest resolution which motion was denied with finality by the SC. With the nullification of the AJVA, Central Bay has suspended all Project operations.

On August 10, 2007, in view of the failure by the PRA to comply with its obligations and representations under the AJVA, Cyber Bay and Central Bay have filed their claims for reimbursement of Project expenses in the amount of ₱10.2 billion with the PRA. Cyber Bay and Central Bay provided the PRA with the summary and details of their claims on September 5, 2007.

On July 15, 2008, Cyber Bay sent a follow-up letter to the PRA.

On November 20, 2009, the Cyber Bay sent a letter to the PRA for the payment of approximately ₱13.4 billion. This amount represents all costs, losses, liabilities, and expenses incurred by Central Bay computed as of September 2009 pursuant to the Amended JVA.

In a letter dated February 8, 2010, the PRA, through its former General Manager and CEO, Andrea D. Domingo, acknowledged that of the claims for reimbursement made by Central Bay, PRA was able to verify the total amount of ₱1,004.44 million as the amount due for reimbursement and PRA did not, at that time, find any sufficient basis for the payment of Central Bay's other claims including cost of money, reimbursement of professional and legal fees, interest and bank charges on loan, foreign exchange losses on loans, pre-operating and operating expenses, input tax, and documentary stamp tax. Central Bay then conducted a more thorough internal review of pertinent documents and re-computation of its claims vis-a-vis the findings of PRA.

Thus, on December 13, 2010, Central Bay filed a Petition with the Commission on Audit (COA) to claim for reimbursement with the revised amount due totaling ₱11,528.57 million (down from the initial claim of ₱13,386.97 million) and not merely ₱1,004.44 million as initially determined by the PRA. Considering that PRA has already validated and acknowledged Central Bay's claim for reimbursement in the amount of ₱1,004.44 million, the only issue submitted to the COA is whether or not the other claims of Central Bay which were initially found by PRA to be without sufficient basis are likewise rightful items for reimbursement in light of recognized government accounting standards.

The money claim of ₱1,027.00 million shall be settled through a conveyance of a portion of the PRA reclaimed land to Central Bay's qualified assignee, as previously approved by the stockholders of Cyber Bay during its annual stockholders' meeting held on December 22, 2015.

Central Bay and the PRA, as assisted by the Office of the Government Corporate Counsel (OGCC), entered into a Compromise Agreement with the PRA dated October 14, 2016. The Compromise Agreement shall take force and effect upon approval and issuance by the COA of an Order of Judgment to dismiss the money claim of Central Bay in the case docketed as COA CP Case No. 2010-350 and shall bar any future claims arising from or in connection with the Amended Joint Venture Agreement dated March 30, 1999.

On November 11, 2016, Central Bay and PRA filed a Joint Motion for Judgment based on the Compromise Agreement before the COA to seek its approval.

On May 23, 2019, the COA rendered a decision rendering the Compromise Agreement as null and void, and partially granting Central Bay's money claims in the total amount of ₱714.94 million (Decision). A Motion for Reconsideration on the Decision was filed with the COA on July 25, 2019.

On July 30, 2020, Central Bay, received a notice dated June 8, 2020, that the COA En Banc issued a resolution on January 21, 2020 to deny its Motion for Reconsideration (MR). The MR was filed by Central Bay on July 25, 2019 on the decision declaring the Compromise Agreement with the Philippine Reclamation Authority invalid, and partially granted Central Bay's money claim in the total amount of ₱714.94 million.

On August 19, 2020, Central Bay filed a Petition for Certiorari with G.R No. 252940 to the Supreme Court of the Philippines praying that the COA En Banc resolution be reversed and set aside and that the Compromise Agreement dated October 14, 2016 be approved and adopted.

On September 8, 2020, the Supreme Court En Banc required COA and PRA to comment to the Petition for Certiorari. As at February 22, 2022, Central Bay has yet to receive any submission from COA and PRA.

#### OLI

As at December 31, 2021 and 2020, the Parent Company has unpaid subscription in OLI amounting to ₱613.06 million, which is presented as “Subscriptions Payable” in the parent company statements of financial position.

---

### 16. Expenses

This account consists of:

	2021	2020
Personnel cost (Note 17)	<b>₱22,133,785</b>	₱21,466,549
Taxes and licenses	<b>12,399,400</b>	11,283,136
Systems costs (Note 14)	<b>11,891,742</b>	13,329,487
Professional fees	<b>8,550,591</b>	14,282,748
Director’s fee (Note 14)	<b>4,240,000</b>	3,740,000
Contracted services	<b>3,499,586</b>	2,180,187

	<b>₱22,133,785</b>	₱21,466,549

---

### 18. Retirement Benefits Liability

The Parent Company has a funded, noncontributory retirement plan covering all its regular qualified employees. The plan provides for retirement, separation, disability and death benefits to its members. The normal retirement benefit is based on a percentage of the employees’ final monthly salary for every year of credited service.

The latest independent actuarial valuation of the plan was as of December 31, 2021 using the projected unit credit method in accordance with PAS 19 Revised.

The following tables summarize the funded status and amounts recognized in the parent company statements of financial position, and the components of the retirement benefit expense recognized in the parent company statements of income for the retirement plan:

Retirement benefits liability:

	2021	2020
Present value of obligation (PVO)	(P8,693,025)	(P9,108,204)
Fair value of plan assets	20,622,604	11,561,725
	<b>P11,929,579</b>	<b>P2,453,521</b>

Retirement benefits costs:

	2021	2020
Current service cost (Note 17)	P1,596,777	P1,061,440
Interest income - net	(95,932)	(247,610)
	<b>P1,500,845</b>	<b>P813,830</b>

Movements in the pension liabilities (assets) follows:

	2021	2020
Beginning balance	(P2,453,521)	(P4,982,093)
Retirement benefits costs	1,500,845	813,830
Actuarial loss - net	(2,051,980)	1,714,742
Net acquired liability due to employee transfer	(8,924,923)	-
	<b>(P11,929,579)</b>	<b>(P2,453,521)</b>

Changes in the PVO follows:

	2021	2020
Beginning balance	P9,108,204	P5,313,054
Current service cost	1,596,777	1,061,440
Interest cost	352,336	257,164
Actuarial loss	(3,086,132)	2,476,546
Net acquired liability due to employee transfer	721,840	-
	<b>P8,693,025</b>	<b>P9,108,204</b>

Changes in fair value of plan assets follows:

	2021	2020
Beginning balance	P11,561,725	P10,295,147
Interest income	448,268	504,774
Actuarial gain (loss) on plan assets	(1,034,152)	761,804
Net acquired assets due to employee transfer	9,646,763	-
	<b>P20,622,604</b>	<b>P11,561,725</b>

Changes in remeasurement of retirement benefit plan under other comprehensive income follows:

	2021	2020
Balances at beginning of year	(P43,656,187)	(P42,455,868)
Actuarial gain (loss)		
Remeasurement gain (loss) on plan assets	(775,614)	533,263
Remeasurement gain due to liability experience	1,308,632	(155,331)
Remeasurement gain due to liability assumption changes - demographic	-	(801,999)
Remeasurement gain due to liability assumption changes - economic	1,005,967	(776,252)
Net acquired liability due to employee Transfer	-	-
<b>Balances at end of year</b>	<b>(P42,117,202)</b>	<b>(P43,656,187)</b>

The categories of plan assets as a percentage of fair value of the total plan assets follows:

	2021	2020
Cash	0.41%	2.05%
Fixed income	99.73%	97.94%
Others	-0.14%	0.01%
	<b>100.00%</b>	<b>100.00%</b>

The plan assets are invested in different financial instruments and do not have any concentration risk. The asset allocation of the plan is set and reviewed from time to time by the Trustee taking into account the membership profile and the liquidity requirements of the plan. This also considers the expected benefit cash flows to be matched with asset durations.

As of December 31, 2021 and 2020, the plan assets do not include any equity instruments nor any property occupied, or other assets of the Parent Company's related parties.

The cost of defined benefit pension plans as well as the present value of the defined benefit obligation is determined using actuarial valuations. The actuarial valuation involves making various assumptions.

The principal assumptions used in determining retirement benefits costs and retirement benefits liability for the defined benefit plan are shown below:

	2021	2020
Discount rate	5.12%	3.91%
Salary increase rate	5.00%	5.00%
Mortality rate	2017 PICM Table	2017 PICM Table
Disability rate	1952 Disability Study, Period 2, Benefit 5	1952 Disability Study, Period 2, Benefit 5
Employee turnover rate	A scale ranging from 17% at age 18 to 0% at age 60	A scale ranging from 17% at age 18 to 0% at age 60

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the defined benefit obligation as of the end of the reporting period, assuming if all other assumptions were held constant:

		Increase (decrease) in significant assumptions	Increase (decrease) in defined benefit obligation
2021	Discount rate	+1%	(P914,481)
		-1%	1,088,444
	Future salary increases	+1%	1,126,151
		-1%	(962,836)
2020	Discount rate	+1%	(P1,050,518)
		-1%	1,268,505
	Future salary increases	+1%	1,290,663
		-1%	(1,089,469)

The Parent Company's funding policy is based on the recommendation of the actuary. The Parent Company does not expect to contribute to the retirement fund in 2021.

Shown below is the maturity profile analysis of the undiscounted benefit payments as at December 31, 2021:

	Expected Benefit Payment		Total
	Normal Retirement	Other than Normal Retirement	
Less than one year	P-	P128,300	P128,300
More than one year to five years	3,536,891	908,077	4,444,968
More than five years to 10 years	4,627,528	4,593,098	9,220,626
More than 10 years to 15 years	-	6,067,087	6,067,087
More than 15 years to 20 years	7,458,397	7,737,068	15,195,465
More than 20 years	25,947,127	13,651,106	39,598,233

The average duration of the defined benefit obligation is 20.24 year and 20.33 years in 2021 and 2020, respectively.

## 19. Income Tax

The details of provision for (benefit from) income tax follow:

	2021	2020
Current	P243,312	P1,461,859
Deferred	(24,630,173)	7,055,163
	(P24,386,861)	P8,517,022

The provision for current income tax in 2021 and 2020 pertains to MCIT.

The reconciliation of provision for (benefit from) income tax computed at the statutory tax rate to the provision for income tax as shown in the parent company statements of income follows:

	2021	2020
Income at statutory income tax rates	<b>₱149,108,475</b>	₱78,979,189
Additions to (reductions in) income tax resulting from:		
Movement on unrecognized deferred income tax assets	<b>(19,597,062)</b>	15,873,023
Discount on purchase price payable	<b>5,859,114</b>	7,030,937
Unamortized discount on long term debt	<b>2,394,828</b>	-
Transfer of pension asset/liability	<b>2,231,231</b>	-
Effect in changes of tax rate	<b>973,763</b>	-
Nondeductible expenses	<b>2,475</b>	6,583,889
Interest income subject to final tax	<b>(9,899)</b>	(17,608)
Nontaxable income	<b>(165,349,786)</b>	(99,932,408)
	<b>(₱24,386,861)</b>	₱8,517,022

Deferred tax assets and deferred tax liabilities are offset and the component of net deferred income tax assets reported in the statement of financial position as follows:

	2021	2020
Deferred income tax assets on:		
Lease liabilities	<b>₱919,697</b>	₱1,624,810
NOLCO	<b>21,658,925</b>	-
Deferred income tax liabilities on:		
Discount on purchase price payable	-	(7,030,937)
Discount on purchase price payable	<b>(2,394,828)</b>	-
Right-of-use asset	<b>(916,131)</b>	(1,649,036)
Pension asset	<b>(3,185,853)</b>	(980,206)
	<b>₱16,081,808</b>	(₱8,035,369)

The Parent Company did not recognize deferred income tax assets on the following temporary differences, NOLCO and MCIT because management believes that it may not be probable that sufficient future taxable income will be available to allow part of the deferred income tax assets to be utilized.

	2021	2020
Allowance for impairment losses on:		
Investments in subsidiaries and an associate	<b>₱2,534,713,694</b>	₱2,534,713,694
Receivables	<b>23,610,224</b>	23,610,224
Prepayments and other current assets	<b>192,820</b>	216,634
NOLCO	<b>52,170,963</b>	131,024,731
MCIT	<b>2,350,645</b>	2,219,561
Loss on financial assets at FVPL	<b>27,500</b>	62,500

As of December 31, 2021, the Parent Company's NOLCO which can be claimed as deduction from the regular taxable income for the next three to five consecutive taxable years, as follows:

Year Incurred	Availment Period	Amount	NOLCO Applied Previous Year/s	NOLCO Expired	NOLCO Applied Current Year	NOLCO Unapplied
2018	2019-2021	₱30,816,552	₱-	(₱30,816,552)	₱-	₱-
2019	2020-2022	52,170,964	-	-	-	52,170,964
2020	2021-2025	48,037,215	-	-	-	48,037,215
2021	2022-2026	38,598,484	-	-	-	38,598,484
		₱169,623,215	₱-	(₱30,816,552)	₱-	₱138,806,663

As at December 31, 2021, the Parent Company has MCIT that can be used against payment of regular income tax as follows:

Year Incurred	Amount	Applied/Expired	Balance	Expiry Date
2021	₱608,777	₱-	₱608,777	2024
2020	1,096,394	-	1,096,394	2023
2019	645,474	-	645,474	2022
2018	477,693	(477,693)	-	2021
	₱2,828,338	(₱477,693)	₱2,350,645	

*Corporate Recovery and Tax Incentives for Enterprises Act” or “CREATE”*

President Rodrigo Duterte signed into law on March 26, 2021 the Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act to attract more investments and maintain fiscal prudence and stability in the Philippines. Republic Act (RA) 11534 or the CREATE Act introduces reforms to the corporate income tax and incentives systems. It takes effect 15 days after its complete publication in the Official Gazette or in a newspaper of general circulation or April 11, 2021.

The following are the key changes to the Philippine tax law pursuant to the CREATE Act which have an impact on the Group:

- Effective July 1, 2020, regular corporate income tax (RCIT) rate is reduced from 30% to 25% for domestic and resident foreign corporation. For domestic corporation with net taxable income not exceeding ₱5.00 million and with total assets not exceeding ₱100.00 million (excluding land on which the business entity's office, plant and equipment are situated) during the taxable year, the RCIT rate is reduced to 20%.
- Minimum corporate income tax (MCIT) rate reduced from 2% to 1% of gross income effective July 1, 2020 to June 30, 2023.
- Imposition of improperly accumulated earnings tax (IAET) is repealed.

## 20. Lease Commitments

On July 1, 2020, the Parent Company entered into a Contract of Lease with ALI Commercial Center, Inc. to lease a building space located at Glorietta 5 Ayala Avenue, Makati City with an area of approximately 317.85 sqm primarily for administrative use of the Company. The contract provided for a payment of a guaranteed fixed monthly rental of ₱500 per sqm. The lease covers period covers from July 1, 2020 to December 31, 2023.

Set out below are the carrying amounts of right-of-use assets recognized and the movements as of and for the period December 31, 2021:

	2021	2020
<b>Cost</b>		
At January 1	₱6,260,230	₱-
Additions	-	6,260,230
At December 31	<b>6,260,230</b>	6,260,230
<b>Accumulated depreciation and amortization</b>		
At January 1	763,443	-
Depreciation (Note 16)	1,832,262	763,443
At December 31	<b>2,595,705</b>	763,443
<b>Net Book Value</b>	<b>₱3,664,525</b>	₱5,496,787

Set out below are the carrying amounts of lease liabilities and the movements as of and for the period December 31, 2021:

	2021	2020
Balance at January 1	₱5,416,033	₱-
Additions	-	6,260,230
Accretion of interest	169,854	109,352
Payments	(1,907,101)	(953,549)
Balance at December 31	<b>(₱3,678,786)</b>	₱5,416,033

The maturity analysis of undiscounted lease payments follows:

	2021	2020
Within one (1) year	₱1,907,100	₱1,907,100
More than one (1) year but not more than five (5) years	1,907,100	3,814,200
	<b>₱3,814,200</b>	₱5,721,300

The following are the amounts recognized in profit or loss:

	2021	2020
Depreciation expense for right-of-use assets (Note 16)	₱1,832,262	₱763,443
Interest expense on lease liabilities	169,854	109,352
Common usage area	495,513	-
Rent concession	(1,177,839)	(476,775)
	<b>₱1,319,790</b>	₱396,020

## 21. Earnings Per Share

Earnings per share are computed by dividing the net income for the year by the weighted average number of issued and outstanding shares of common stock during the year.

	2021	2020
Net income	<b>₱620,820,760</b>	₱254,746,941
Weighted average number of issued and outstanding shares of common stock	<b>6,252,147,771</b>	6,252,147,771
Earnings per share	<b>₱0.099</b>	₱0.041

## 22. Share-based Payments

In 2015, the Parent Company introduced the ESOWN Plan (the Plan) wherein grantees (employees within ALLHC Group) may subscribe in whole or in part to the shares awarded to them based on a discounted market price, but in no case lower than the par value, that was determined at grant date. The grantees will pay for the shares subscribed through installments over a maximum period of ten (10) years. To subscribe, the grantee must be an employee, officer or director of the Group as of June 30, 2015. In case the grantee resigns, unsubscribed shares are cancelled and returned to the plan pool, while the subscription payments may be converted into the equivalent number of shares. In case the grantee is separated, not for cause, but through retrenchment and redundancy, subscribed shares may be paid in full, unsubscribed shares may be subscribed, or payments may be converted into the equivalent number of shares. In case the grantee retires, the grantee may subscribe to the unsubscribed shares anytime within the ten (10)-year period. The plan does not allow sale or assignment of the shares.

The BOD of ALLHC approved the allocation of 32,000,000 shares (first tranche) for ESOWN plan which will be taken from the remaining unissued shares (with grant date in 2016) and the increase in authorized of stock of ALLHC, which was approved by the SEC in July 2016.

In 2017, notice of grant for the 218,000,000 shares (second tranche of ESOWN plan) was issued to employees for the right to subscribe to the common shares of ALLHC at ₱1.68 per share.

The fair values of these options are estimated on the date of grant using the Cox-Ross-Rubenstein option pricing model.

The assumptions used to determine the fair value of the stock options in 2017 are as follows:

Share price at date of grant	₱2.12
Risk free interest rate	5.6818%
Annualized volatility	49.68%
Annual dividend yield	0%
Exit rates	
Termination for cause	0%
Voluntary Resignation	0%
Involuntary Separation	7.29%

No share-based expense recognized for the year ended December 31, 2021 and 2020.

## 23. Financial Instruments

### Fair Value Information

The following method and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate such values as at December 31, 2021 and 2020 are set out below:

	31-Dec-21		31-Dec-20	
	Carrying Value	Fair Value	Carrying Value	Fair Value
<b>Financial Assets at FVPL</b>	<b>₱2,610,000</b>	<b>₱2,610,000</b>	₱2,575,000	2,575,000
<b>Financial Assets at FVOCI</b>				
Quoted equity securities	5,000,000	5,000,000	463,073,463	463,073,463
	<b>7,610,000</b>	<b>7,610,000</b>	465,648,463	465,648,463
<b>Other Financial Liabilities</b>				
Long term debt	1,280,420,690	1,150,643,697	–	–
Accounts payable - noncurrent portion	–	–	454,798,102	472,651,558
Subscription payable	1,094,732,918	–	1,094,732,918	1,094,732,918
	<b>₱2,375,153,608</b>	<b>₱1,150,643,697</b>	₱1,549,531,020	₱1,567,384,476

### *Financial Assets at FVPL*

Listed equity securities designated as financial assets at FVPL are based on their quoted prices as at December 31, 2021 and 2020. The fair value of the UITF has been determined based on the net asset values as of reporting date.

### *Financial Assets at FVOCI*

Equity financial assets that are listed are based on their quoted prices published in markets as at December 31, 2021 and 2020.

### *Long term debt*

The fair values of long-term debt are estimated using the discounted cash flow methodology using the Parent Company's current incremental borrowing rates and current yield rates for similar borrowings with maturities consistent with those of the liabilities being valued. The discount rates used ranged from 1.02% to 5.09%.

### *Accounts payable - noncurrent portion*

The fair value of the noncurrent portion of accounts payable is based on the discounted value of future cash flows using the applicable rates for similar type of instruments. The discount rate used is 1.54% as of December 31, 2020. Purchase price payable was fully settled during the year.

### *Long term debt*

The fair values of long-term debt are estimated using the discounted cash flow methodology using the Company's current incremental borrowing rates and current yield rates for similar borrowings with maturities consistent with those of the liabilities being valued. The discount rates used ranged from 1.02% to 4.82%

### *Subscriptions payable*

The carrying amounts of these financial instruments are all subject to normal credit terms which approximate their fair values.

### Fair Value Hierarchy

The Parent Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation technique:

Listed FVOCI financial assets amounting to ₱5.00 million and ₱463.07 million as of December 31, 2021, and 2020, respectively, were classified under Level 1.

FVPL amounting to ₱2.61 million and ₱2.58 million as of December 31, 2021 and 2020, respectively were classified under Level 2.

The fair value of the purchase price payable - noncurrent portion amounting to nil and ₱473.00 million as of December 31, 2021, and 2020, respectively, was classified under Level 3. This is based on the discounted value of future cash flows using the applicable rates for similar type of instruments. The discount rate used is 1.54% as of December 31, 2020.

The fair value long term debt was classified under Level 3. This is based on the discounted value of future cash flows using the applicable rates for similar type of instruments. The discount rates used ranged from 1.02% to 4.82%.

There have been no reclassifications from Level 1 to Level 2 categories in 2021 and 2020.

### Financial Risk Management Objectives and Policies and Capital Management

The Parent Company has various financial instruments such as cash and cash equivalents, receivables, amounts owed by/to related parties, financial assets at FVPL, financial assets at FVOCI, deposits (included under “Other noncurrent assets”) and accounts payable and accrued expenses, and subscription payable. The main purpose of these financial instruments is to raise funds and maintain continuity of funding and financial flexibility for the Parent Company. The Parent Company has other financial liabilities such as accounts payable and accrued expenses which arise directly from its operations.

The main risks from the use of financial instruments are liquidity risk, credit risk and equity price risk. The Parent Company’s BOD reviews and approves policies for managing these risks as summarized below.

#### *Liquidity Risk*

Liquidity risk arises when there is a shortage of funds and the Parent Company as a consequence could not meet its maturing obligations.

In the management of liquidity, the Parent Company monitors and maintains a level of cash and cash equivalents deemed adequate to finance the Parent Company’s operations and mitigate the effects of fluctuations in cash flows.

The tables below summarize the maturity profile of the Parent Company's financial assets and financial liabilities, and lease liability as at December 31, 2021 and 2020 based on contractual undiscounted payments:

## 2021

	On demand	Less than 3 months	3 to 12 months	1 to 5 years	Total
<i>Financial assets at amortized costs:</i>					
Cash and cash equivalents*	₱13,185,532	₱-	₱-	₱-	₱13,185,532

Lease liability	-	476,775	1,430,325	3,814,200	5,721,300
	<b>₱2,233,746,221</b>	<b>₱476,775</b>	<b>₱479,323,575</b>	<b>₱1,098,547,118</b>	<b>₱3,812,093,689</b>

\*Excluding cash on hand amounting to ₱20,000.

## Credit Risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Parent Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments.

The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for customer with similar loss patterns. Generally, receivables are written off if past due for more than one year and are not subject to enforcement activity.

The tables below show the aging analyses of past due but not impaired receivables per class that the Parent Company held as of December 31, 2021 and 2020. A financial asset is past due when a counterparty has failed to make payment when contractually due.

**2021**

	Neither past due nor impaired	Past due but not impaired				Impaired	Total
		Less than 30 days	31 to 60 days	61 to 90 days	More than 90 days		
<i>Loans and Receivables:</i>							
Cash and cash equivalents	₱13,185,532	₱-	₱-	₱-	₱-	₱-	₱13,185,532
Receivables	200,710,160	-	-	-	-	23,610,224	224,320,384
Amounts owed by related parties	333,784,154	-	-	-	-	-	333,784,154
Deposits (included under "other noncurrent assets")	1,183,006	-	-	-	-	-	1,183,006
	<b>₱548,862,852</b>	<b>₱-</b>	<b>₱-</b>	<b>₱-</b>	<b>₱-</b>	<b>₱23,610,224</b>	<b>₱572,473,076</b>

**2020**

	Neither past due nor impaired	Past due but not impaired				Impaired	Total
		Less than 30 days	31 to 60 days	61 to 90 days	More than 90 days		
<i>Loans and Receivables:</i>							
Cash and cash equivalents	₱19,245,624	₱-	₱-	₱-	₱-	₱-	₱19,245,624
Receivables	333,189,360	-	-	-	-	23,610,224	356,799,584
Amounts owed by related parties	314,315,026	-	-	-	-	-	314,315,026
Deposits (included under "other noncurrent assets")	1,183,006	-	-	-	-	-	1,183,006
	<b>₱667,933,016</b>	<b>₱-</b>	<b>₱-</b>	<b>₱-</b>	<b>₱-</b>	<b>₱23,610,224</b>	<b>₱691,543,240</b>

The credit quality of the financial assets was determined as follows:

Cash and cash equivalents, financial assets at FVPL, financial assets at FVOCI - based on the nature of the counterparty;

Receivables - high grade pertains to receivables with no default in payment; medium grade pertains to receivables with up to 3 defaults in payment; and low grade pertains to receivables with more than 3 defaults in payment;

The non-listed financial assets at FVOCI are unrated.

*Equity Price Risk*

Equity price risk is the risk that the fair values of equities decrease as the result of change in the levels of equity indices and the values of individual stock. The equity price risk exposure arises from the Parent Company's investment in stocks. The equity investments of the Parent Company are categorized as financial assets held at FVOCI.

The basic sensitivity analysis assumes that the stock's standard deviation on its historical yield for the past one year provides the basis for reasonably possible change in prices of the stock investments. The Parent Company measures the sensitivity of its financial assets held at FVOCI by using PSE index fluctuations and its effect to respective share prices.

The following table demonstrates the sensitivity to a reasonably possible change in equity price, with all other variables held constant:

		Change in Equity Price Index	Effect on Equity
<b>2021</b>	<b>Upper Limit</b>	<b>5.00%</b>	<b>₱-</b>
	<b>Lower Limit</b>	<b>(5.00%)</b>	<b>-</b>
2020	Upper Limit	5.00%	₱24,285,955
	Lower Limit	(5.00%)	(24,285,955)

The impact on the Parent Company's equity already excludes the impact on transactions affecting the profit and loss.

#### 24. Note to Statements of Cash Flows

Changes in the Parent Company's liabilities arising from financing activities follow:

	January 1, 2021	Cash Flows	Non-cash Changes	December 31, 2021
Amounts owed to related parties	₱2,217,038,195	(₱1,382,313,927	₱37,283,245	₱872,007,513
Long term debt	-	1,280,325,000	95,690	1,280,420,690
Lease liabilities	5,416,033	(1,907,101)	169,854	3,678,787
	<b>₱2,222,454,228</b>	<b>(₱103,896,028)</b>	<b>₱37,548,789</b>	<b>₱2,156,106,989</b>

	January 1, 2020	Cash Flows	Non-cash Changes	December 31, 2020
Amounts owed to related parties	₱1,758,549,412	₱410,019,835	₱ 48,468,948	₱2,217,038,195
Lease liabilities	6,260,230	(953,549)	109,352	5,416,033
	<b>₱1,764,809,642</b>	<b>₱409,066,286</b>	<b>₱48,578,300</b>	<b>₱2,222,454,228</b>

The non-cash transactions pertain to:

- The Parent Company transferred from equity reserve to additional paid-in capital and investment in subsidiaries amounting to ₱3.46 million and ₱0.06 million, respectively, for the fully paid portion of ESOWN receivables.
- There was transfer of present value of obligation (PVO) and plan assets during the year amounting to ₱0.72 million and ₱9.65 million, respectively.

#### 25. Supplementary Tax Information Under Revenue Regulations 15-2010

The Parent Company reported and/or paid the following types of taxes during the year:

##### VAT

The Parent Company's sales are subject to output VAT and purchases from other VAT-registered individuals or corporations are subject to input VAT. The VAT rate is 12%.

##### a. Output VAT

	Net Sales/ Receipts	Output VAT
